DAILY HERALD.

MONDAY, JULY 10, 1905.

A HINT FOR MR. LENNOX.

Sunbury and Queen's people will welcome the visit of Mr. Lennox, an Ontario Conservative M. P., who is Mr. Wilmet's guest, and will talk to the Orangemen at Cole's Island on the twelfth, but we beg of Mr. Lennox not to say much about the school question. We are getting along nicely in New Brunswick with our schools. We have the best in Canada, and they lose nothing in efficiency by the compromise of many years standing arranged between those who were responsible for the inauguration of our free school system.

We are not concerned over the fight that has been on at Ottawa, but we recognize that the system that has been such a success in this province, avoiding all sectarian friction, is in reality the kind in force in the west with like satisfactory results.

Let Mr. Lennox in his twelfth of July speech adjure politics, especially the school question and everybody will be glad to see him again. It would be better for Ontario politicians, it would make them braver in their views, if more of them visited the Maritime Provinces and learned what a forceful, intelligent crowd of people and what a fine country we have down this way.

OPEE THEM UP.

The city council can render their constituents splendid service by opening up new streets and extending old ones through vacant lands.

There is a brisker demand for building lots in Fredericton than there has been for fifty years and the land is available at both ends of the city and in its rear if new streets are opened up and the present ones extended wherever possible.

Let the aldermen get down to work in this connection and not let the present season pass without practical work. The city is proving fast and its development will be retarded if the council is not equal to its duty.

MR. McDOUGALL'S RESIGNATION.

Mr. J. Lorn McDougall, auditor general of Canada, since the days of Alexander McKenzie has resigned his position at Ottawa, and will enjoy a generous superannuation allowance.

Mr. McDougall who was before his appointment a Liberal member of Parliament, has rendered Canada good service, but in recent years grew rather crotchety, and fault finding, seeming to have the idea that all the functions of parliament rested with him. He is 60 years old, enjoyed a \$4,000 salary, and has been 27 years in the service.

THE SESSIONAL INDEMNITY.

The proposal to increase the sessional indemnity of members from \$1,500 to \$2,000 is a reasonable one, but to make it \$2,500 would be a little stiff. Politicians cannot afford to spend half the year at Ottawa for \$1,500 and stand the expenses of elections. The members are entitled to fair pay and the country will not kick much if the indemnity is placed at \$2,000. It will be snap for the senators whose duties are extremely light, and enjoy vacation about half the parliamentary term.

Lest the aldermen who so nobly voted \$250 to secure another analysis of Fredericton water, have forgotten that plenty of information is already available on that subject, the Herald today reproduces the report of Professor Harrison of the Guelph Agricultural College and Professor Shutt of Ottawa. There is also on file in the civic records the reports of Dr. Mason and Professor Jack for which the city paid \$700, and yet in the face of all this the aldermen propose another analysis—a piece of folly and extravagance that cannot be defended on any ground.

Toronto Globe:—Hon. Geo. E. Foster declares that the Conservative Government spent eighteen years in laying the foundation for the present prosperity. If it took them eighteen years to lay the foundation, how long would it have taken them to complete the superstructure?

W. E. Perry, the teller of the De-funct Bank of Yarmouth, indicted for

theft from the institution and whose trial was fixed for October will never appear before an earthly court, having died on Saturday.

For the first time since the war opened Japanese troops have set forth on Russian soil and planted their flag in the Czar's dominions. The despatches tell of the Japs seizing a port in the Island of Sakhalin and the whole island is practically in the possession of the victors. The incident is important from the standpoint of the peace negotiators, and will help Japan to impose her own terms in the settlement.

A serious blow overtook the prosperous village of Albert, Albert County, when twenty-eight buildings involving a loss of \$40,000 and the turning of many people homeless into the street were destroyed by fire. A strong wind was blowing at the time, and as there was no fire apparatus at hand the people simply had to helplessly watch their property go up in smoke.

The members of parliament who have been at Ottawa since early last winter are rushing the business forward now and may get through this week. The hot weather hastens their desire to be free to return home.

Hot enough for you now? This summer promises to be a real, old fashioned one, and the warm weather of the past few days has given a great impetus to vegetation of all kinds. Crops are looking well and farmers are not grumbling except at the great variety of bugs that are attacking the root crops.

BITS OF NEWS.

Items of Interest Culled from Our Exchanges and Other Sources.

Auditor General McDougall has resigned his position at Ottawa.

General Supt. Price of the I. C. R. is critically ill at his home in Moncton.

Twenty-eight buildings were consumed in the fire at Albert, Albert Co., Friday, and the loss is put at \$40,000.

Rev. E. Wicher of St. Stephen's Presbyterian church of St. John, has accepted a professorship in the Presbyterian Theological Seminary at San Francisco.

Miss May Sutton of Pasadena, Cal., on Saturday, beat Miss K. Douglass, the British champion, by 2-0 and thus becomes British as well as American tennis lady champion. The scores were 6-3, 6-4.

A conservative caucus will be held at Ottawa Tuesday morning to consider among other things the increase of sessional indemnity by five hundred dollars. A liberal conference will take up the proposition and endorse it with Laurier's assent.

The three-masted schooner Sarah C. Smith, of Boston, some laden, was sunk off Portland harbor Saturday, by the steamer Governor Dingley, on her trip from Boston. No one was lost or injured, and the steamer was not damaged. The collision occurred in a dense fog.

A storm Saturday evening at Campbellton, was one of the most severe that visited that section of the country for some time. Lightning struck the house of Henry McIntyre, splintering a considerable portion of the clapboards on the eastern side and breaking several windows.

While being taken to the police station at New York Sunday, on a charge of assault, Emile Gendron, forty-two years old, was shot and killed in Seventh avenue by Bertha Claiat, a young woman with whom he is said to have been living for six years.

A basket of potatoes, in each one of which was imbedded a \$5 gold piece was presented at Cleveland to Rev. Dr. Charles A. Eaton of the Euclid avenue Baptist church of which John D. Rockefeller is a member. Mr. Rockefeller attended the presentation and is said to have been the donor.

Eight men were blown to pieces and two others injured by the premature explosion of a blast of powder on the Pennsylvania R. R. improvements near New Cumberland Sunday morning. The accident occurred directly across the Susquehanna river from the scene of the Pennsylvania R. R. wreck on May 11, in which 23 persons were killed and many others injured.

SCHRIEBER RETIRES.

And Will be Succeeded as Deputy Minister of Railways by M. J. Butler.

Ottawa, July 10.—The Dominion government have had for some time past under consideration the appointment of an engineer to examine the terminals and locations in connection with the Transcontinental Railway from Moncton to Port Simpson on the Pacific Coast.

The decision has been reached that an engineer of eminence and experience is necessary for this work. A portion of his time must be taken up

in visiting the terminals, and locations along the line. If this is not done the department of railways and government, who are after all responsible for the work, would have to take the reort of the Transcontinental and Grand Trunk Pacific engineers without question. There would be no means of checking or verifying them.

It is understood that Collingwood Schrieber, the present deputy, has been offered and accepted the position of consulting engineer to the department and will report to the minister direct.

He will deal specially with the matters already referred to. This change will necessitate the appointment of a new deputy minister and chief engineer of the departments. M. J. Butler, who recently resigned from the position of assistant engineer to the National Transcontinental Railway, will be appointed deputy minister of railways and chief engineer of canals. Mr. Butler's grasp of the Transcontinental Railway work has demonstrated that he is in every way qualified for the position.

He has been connected with some of the largest enterprises in Canada; one of the latest was the building of the Montreal locomotive works, and as a railway and canal engineer he has few equals.

Mr. Butler is a man of good business qualities, systematic methods and a disciplinarian, all of which will be a great advantage to him in dealing with the I. C. R., as well as filling the office of deputy head generally. The government and the minister of railways are desirous of Mr. Schrieber continuing as consulting engineer of the department, and he has consented to do so.

These changes will be officially carried out in a few days.

Homelike homes are not the exclusive property of homely women.

A LAW

To Regulate Public Health and to Prevent Nuisances.

(L. S.)
(SGD.) G. J. McNALLY, Mayor.

Be it enacted by the mayor, aldermen and commonalty of the City of Fredericton as follows:

1. The law passed and enacted on the sixth day of October, A. D. 1903 intituled "A law to regulate public health and prevent nuisances" is hereby repealed and the following enacted in lieu thereof:

2. No person shall spit on the sidewalk of any public street, avenue or square, or place in the said City of Fredericton, or in the passageway, stairway or entrance of any building used by the public, or any room, hall, building or place to which the public resort within the City of Fredericton.

3. Any person convicted of a breach of any of the provisions of this bye-law shall forfeit and pay, at the discretion of the convicting magistrate, a penalty not exceeding the sum of TWENTY DOLLARS, to be recovered and enforced in the manner prescribed for the recovery of fines and penalties by "The Summary Convictions Act," Chapter 123 of the Consolidated Statutes of New Brunswick, 1903.

Passed and enacted this fourth day of July, A. D. 1905.

J. W. McCREADY, City Clerk.

July 7, d41.

Free to You!

On

THURSDAY, FRIDAY and
SATURDAY,

6th, 7th and 8th.

we will serve you with the

McLaren's Jelly Powder

WITH CREAM,

from a little refrigerator, cooling, refreshing and appetising.

This Jelly will be displayed in many tasty ways and served perfectly free. It is the only jelly that will not give a gluey odor when hot water is poured on it.

Come, see, taste and you will be convinced that McLaren's Jelly Powder, Extracts and Baking Powder are perfection.

INTERCOLONIAL RAILWAY

TENDER FOR BUILDINGS.

Sealed tenders, addressed to the undersigned, and marked on the outside "Tender for station, McIntyre's Lake," will be received up to and including

WEDNESDAY, the 11 day of July, 1905, for the construction of a Station Building and a Combined Freight and Baggage Building at McIntyre's Lake, N. S.

Plans and specifications may be seen at the Stations Master's office at McIntyre's Lake, N. S., and at the office of the Engineer of Maintenance, Moncton, N. B., where forms of tender may be obtained.

All the conditions of the specification must be complied with.

D. POTTINGER,
Railway Office, General Manager.
Moncton, N. B.,
June 23rd, 1905.

June 27, d101.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Supplying Coal for the Dominion Buildings," will be received at this office until Tuesday, August 8, 1905, inclusively, for the supply of Coal for the Public Buildings throughout the Dominion.

Combined specification and form of tender can be obtained on application to this office.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract when called upon to do so, or if he fails to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,

FRED GELINAS,

Department of Public Works,
Ottawa, June 26, 1905.

Newspapers inserting this advertisement without authority from the Department, will not be paid for it.
June 30, d31.
