THE TRACK RECORD BROKEN.

Horse Races on Saturday the Best Ever Seen Here.

LADY PATTON COVERED A MILE IN FAST TIME OF 2.17 1-2.

And Won the 2.40 Race in Straight Heats.

S JACK CAPTURED THE 25 CLASS WITH WILL BE SURE SECOND

The directors of the Fredericton Park Association have every reason to feel gratified at the success of the first of their three days' race meeting at the driving park on Saturday afternoon. It was the best afternoon's sport that Fredericton has seen for many a day, and the eighteen hundred odd spectators who attended went away well satisfied.

It was an ideal day for the races. The weather was fine and cool, the track was as near perfect as it is possible to make it, and everything passed off without a hitch. Included in the large gathering of interested spectators were many prominent horsemen from different parts of the maritime provinces, and there was a big gathering of town people which goes to show that horse racing has lost none of its old time popularity in this vicinity.

There were two events pulled off on Saturday, the two-forty and two-fifty-five classes, and the spectators saw two well contested races. Lady Patton of the Springhill stables captured the two-forty race in straight heats her fastest time being 2.17 1/2, which was the best made during the afternoon. She also clipped a quarter second from the track record of 2.17 1/2 made by Iuna two years ago. In this event there were seventeen entries, and seven starters, but only four of them survived the first heat, the distance flag, shutting out the other three.

The two-fifty-five event was one of the most hotly contested ever seen on the Fredericton track, though strange to say the time was slower than in the two-forty class. It was won by the bay gelding sleepy Jack of New Glasgow, a son of Israel in one of the greatest races ever seen on the maritime track. The big stallion Will Be Sure, of the Springhill Stables, who has made a great name for himself this year, fought hard for first place, having captured the first two heats in favor of Will Be Sure. Kremont did splendid work in this heat and had no difficulty in beating out Miss Antic and Louise M, although the two Nova Scotia pacers proved too tough a proposition for her. The time of this heat by quarters was 36 1/4, 1.11 1/4, 1.46 1/4, 2.22.

The third heat witnessed a spirited contest between Sleepy Jack and Will Be Sure for first place. Sleepy Jack kept right on the leader's wheel, until the home stretch was entered, when to the delight of the spectators, he shot ahead and captured the heat by a small margin. Kremont finished third, but was set back by the judges to fourth place for running. Miss Antic continued to act badly and the close of this heat, the driver was given permission to draw her. The time for the heat was 36, 1.10, 1.45 1/4, 2.20 1/4.

In the fourth heat Sleepy Jack had the pole and managed to secure a very good lead right from the start. Will Be Sure held second place until after the first quarter was passed and then had to give way to Kremont. When the back stretch was reached the latter had worked up along side of the leader, and might have passed him, but for an unfortunate break. She succeeded in holding her position, however, during the second lap, and Sleepy Jack had to move lively to keep out of her way. When the home stretch was reached it looked as if the little mare had the heat for sure, but she went into air, a few yards from the wire and Sleepy Jack finished first, with Kremont second and Will Be Sure third. The time was 37 1/4, 1.13 1/4, 1.49 and 2.23 1/4.

Excitement ran high among the spectators when the horses lined up for the final heat. Sleepy Jack and his colored driver, Tom Holmes, seemed to be the favorites with the crowd, although it was generally conceded that Will Be Sure had more than a fighting chance. After scoring once the horses were sent away, with Sleepy Jack at the pole. Louise M. broke soon after the start and dropped some distance behind the others before she could be set right. Sleepy Jack was able to keep the lead, although several times both Will Be Sure and Kremont pushed him hard. The heat was won by Sleepy Jack without a break, and the time by quarters was 35 1/4, 1.11 1/4, 1.47, and 2.22 1/4.

The third and final heat was made quite an exciting by an accident to Brown Dick, on the upper turn. His sulky collided with that of Daisy Wilkes, and both Brown Dick and his driver, Charles Gallagher, of Woodstock, turned a complete somersault in the air and landed very heavily. Mr. Gallagher is a man of weight and it is most remarkable that he was able to escape without serious injury. He succeeded in stopping the horse, and climbing into the sulky finished the race. His plucky conduct called forth a round of applause from the spectators. The heat was won easily by Lady Patton with Etta Mac second and Daisy Wilkes third. The winner's time by quarters was 35 1/4, 1.08 1/4, 1.44 and 2.18 1/4. The judges decided that the accident which befell Mr. Gallagher was unavoidable, and allowed him to take fourth money.

2.25 CLASS.

The starters in the two-fifty-five class were the trotters, Kremont, 2.24 1/4 and Louise M. 2.24 1/4, of this city, and the pacers Will Be Sure, Miss Antic, and Sleepy Jack. Kremont drew the pole with Will Be Sure second, Sleepy Jack, third, Miss Antic fourth, and Louise M. fifth. After scoring several times the horses were sent away well together and kept their relative positions until the quarter pole was reached, when Will Be Sure took the lead from Kremont, and was able to keep it for the balance of the heat. Miss Antic broke badly several times and had all she could do to keep up with the two trotters. Sleepy Jack kept close on Will Be Sure's sulky nearly all through and made a very pretty race. Kremont finished a good third. The winner's time by quarters was 35 1/4, 1.10 1/4, 1.45 and 2.20 1/4.

The second heat witnessed a great struggle for supremacy between Will Be Sure and Sleepy Jack. Scarcely a length separated them at any time, and they finished almost neck and neck, although the judges decided in favor of Will Be Sure. Kremont did splendid work in this heat and had no difficulty in beating out Miss Antic and Louise M, although the two Nova Scotia pacers proved too tough a proposition for her. The time of this heat by quarters was 36 1/4, 1.11 1/4, 1.46 1/4, 2.22.

The third heat witnessed a spirited contest between Sleepy Jack and Will Be Sure for first place. Sleepy Jack kept right on the leader's wheel, until the home stretch was entered, when to the delight of the spectators, he shot ahead and captured the heat by a small margin. Kremont finished third, but was set back by the judges to fourth place for running. Miss Antic continued to act badly and the close of this heat, the driver was given permission to draw her. The time for the heat was 36, 1.10, 1.45 1/4, 2.20 1/4.

In the fourth heat Sleepy Jack had the pole and managed to secure a very good lead right from the start. Will Be Sure held second place until after the first quarter was passed and then had to give way to Kremont. When the back stretch was reached the latter had worked up along side of the leader, and might have passed him, but for an unfortunate break. She succeeded in holding her position, however, during the second lap, and Sleepy Jack had to move lively to keep out of her way. When the home stretch was reached it looked as if the little mare had the heat for sure, but she went into air, a few yards from the wire and Sleepy Jack finished first, with Kremont second and Will Be Sure third. The time was 37 1/4, 1.13 1/4, 1.49 and 2.23 1/4.

PRIZE WINNERS AT THE FAIR.

A Large Number of Awards Made on Saturday--Judging of Horses.

THE ATTENDANCE.

	1903	1905
First day,	1,273	1,502
Second day,	4,984	4,255
Third day,	9,258	6,994
Fourth day,	4,409	
Fifth day,	4,120	
Sixth day,	1,571	
Total,	25,615	

Saturday was another big day at the exhibition the paid admissions running up to the respectable total of 6994. This is over 2000 short of the attendance on the third day two years ago, but it must be remembered that on that occasion the exhibition opened on Monday, and closed on Saturday and the Saturday attendance was only fifteen hundred. The total paid admissions to date is about thirteen thousand, which is fully up to the estimate made by the officials. With fine weather for the remaining three days the management are confident of securing another seventeen thousand, paid admissions or sufficient to bring the attendance up to thirty thousand.

SEEN ON THE GROUNDS.

One of the best known and popular farmers at the exhibition this year is Mr. John B. Barton of Welsford, who is showing a splendid array of live stock including a herd of thirteen Holsteins of high standard, thirteen sheep, three large Yorkshire pigs, several, barred Plymouth Rock fowls and some White Embden geese. The exhibit is a very creditable one.

Mr. James H. McKeen of Armstrong's Corner, Queen St., is showing an excellent lot of Jerseys, some Cotswolds sheep and a flock of single comb brown leghorn fowl. On Saturday more starlings side shows were added to the midway. The strong woman who gives several exhibitions each day is worth seeing. The photo tent does a rushing business while the African dodger is kept busy, getting out of the road of the balls who are hurled at his woolly head continuously.

Several people were heard to remark that they never saw so many cripples at any Fair before. At almost every turn one is to be found begging for the purpose of getting a new limb and trying to work in the sympathy of the people.

One of the most obliging officials of the exhibition staff is Mr. Andrew D. MacPherson, the popular and esteemed assistant secretary, who is always willing to give any information required and never seems to tire in his efforts to please everybody.

Contractor Judson Barker is one of the busiest men in the building and is continually on the go at something. He and his staff are at it day and night.

The Union Blend Tea exhibit and the Red Shield coffee exhibit are both attracting a great deal of attention and are continually surrounded by eager men and women and children anxious of a cup of either one or the other which they are distributing free.

The Halifax Optical Company exhibit on the main floor is worthy of a visit by all especially those who need their eyes tested. Notice the Twentieth Century Ophthalmometer. The exhibit of the Halifax Jewelry Co., on the left gallery is a very interesting one. This concern carry a five thousand dollar stock.

The Campbell axe exhibit opposite the main entrance is a very interesting display.

The two excellent displays of wood mantels by the Howe Woodworking Co., of St. John, on the main floor, are attracting a great deal of attention and the beautiful mirrors shown and the excellent workmanship of the mantels are worthy of inspection. Ask to see the photographs.

The Rose Blend tea booth on the direct left of the main entrance is a very busy place and the several young ladies who are serving tea are kept hustling from morning until night. Mr. J. J. McGaffigan is in charge.

Of the local exhibits that of Mr. C. W. Hall, is very much admired and people wanting souvenir cards should call at Mr. Hall's booth and examine his goods on display.

Saturday evening when "Diavola" was in the act of looping the loop a lady in the crowd was heard to remark, "I don't believe he is a real man, it is only a moving picture." Marysville was well represented at the exhibition Saturday all the mills being down, everybody took in the Fair.

Mr. E. B. Elderkin, a leading farmer of Amherst, and president of the Maritime Stock Breeders' Association, was among the visitors to the exhibition on Saturday. To a Herald representative he said: "I

am delighted with your exhibition and wish to heartily congratulate the people of Fredericton on the enterprise they have shown. I am doubtful if any other city in Canada of the same population, could have carried out such an undertaking. You have my very best wishes for fine weather and a record breaking attendance.

A MUCH ADMIRER EXHIBIT. In the centre of the building, on the main floor, is the excellent exhibit of the Hewson Woollen Mills, Ltd., of Amherst, Nova Scotia, and it is certainly a very tasteful and handsome display, nicely arranged, showing, as it does, 125 different designs of tweeds. Although this company's mills at Amherst have only been in operation a little over two years, they find a wonderful increase in their already extensive business, and last year were compelled to greatly enlarge their mill which is now the largest in the province and their exports are world wide.

The exhibit is in charge of Mr. C. O. Thompson, who is the right man in the right place, and is always ready and willing to explain anything in reference to the manufacture of the goods they make.

All visitors at the fair should make a call at this excellent booth and see the wonderful display and examine the goods on exhibition.

A POPULAR EXHIBIT.

Probably the finest exhibit of its kind ever shown here is that of the well known Cowan Company, the cocoa and chocolate manufacturers of Toronto.

It is decidedly one of the best displays in the main building and the artistic manner in which it is designed is well worth the emulation of others. Seldom indeed has the writer heard so many flattering opinions expressed towards any exhibit and the unanimous opinion is that this company again takes the lead, not only in the lines they manufacture, but in the excellency of the manner in which they display them. It is a most interesting sight to see the large crowds which continuously surround this exhibit and the admirable way in which it is conducted. The obliging and interesting way of the up to date attendants and the attention which is given to each one is most consider able.

Not only has this company been supplying a hot cup of their famous cocoa to all who desire it, but samples of chocolate and artistic souvenirs have been most generously distributed. We are confident such an enterprising exhibit should do much to further increase the large business this company now has in the Maritime Provinces.
