MARTIAL LAW AT TOKIO.

Unruly Mobs Continue to Resent Peace Terms.

MUNICIPAL COUNCIL PASSES RESOLUTION DENOUNCING TREATY.

Tokio, Sept. 8.—(Special)—Last night's disorders were particularly serious. Thirteen cars and one railway kiosk were destroyed.

Thirty persons were wounded during the clashes with the police, and many others were slightly wounded by stones or in the crushes of the crowds.

The disturbance in the Kanda district of the proved serious. The crowd first threatened to burn the Russian Cathedral, but the sergeant of the guard cleverly prevailed upon them to desist, telling the crowd that if the Cathedral were destroyed he and his guard would commit suicide.

The crowd agreed not to touch the Cathedral. There was considerable disorder and noise in the district but there was no destruction of property and no serious clashes between the mob and the police.

Demonstrations against metropolitan police headquarters continued un-

til midnight, and crowds swarmed around the jail and hooted and threatened.

The newspapers generally assert that the police authorities are withdrawing the street patrols and leaving the city unprotected. The soldiers are proving more effective than the police in handling the mobs. The soldiers are popular with the crowds who generally obey orders.

Accompanying the ordinance declaring martial law, an urgency ordinance increasing restriction of the press and giving authority for the suspension of any paper guilty of increasing the excitement, has been issued. Under this ordinance the government has suspended the publication of Miyako, Yurozo and Niroki.

The Tokyo municipality has passed a resolution denouncing the peace terms and favoring an abandonment of the peace treaty.

The municipal authorities had planned a mass meeting at Hibaya Park today but on account of the danger of disorders they voluntarily cancelled the meeting.

AN ITALIAN HORROR.

Earthquake Shocks Have Swallowed Up Whole Villages

AND HUNDREDS OF LIVES ARE REPORTED LOST.

Catanzaro, Calabria, Italy, Sept. 8.—(Special)—A violent earthquake at 3.55 o'clock this morning, caused widespread destruction. The towns of Calabria and Martirano were almost entirely destroyed.

At Monte Leone Di Calabria several persons were killed outright and many were injured by the collapse of a prison there.

The Pizzo district is said to be almost entirely destroyed.

Locally the shocks lasted eighteen seconds. The walls of a hospital here collapsed and some of the patients were injured. The inhabitants were panic stricken in their houses.

Houses at Ste. Facon have been wrecked by the earthquake, and it is feared that a hundred persons are under the ruins.

The villages of Piscopio and Tripami have been destroyed.

Grave news, also, continues to arrive from Pizzo, Monte Leone, Calabria and Martirano, have been almost destroyed, and there were numerous victims. It was hoped that the district of Nicastro had escaped, but it has been seriously affected.

At Martirano all buildings collapsed, including the barracks of the gendarmes, and six hundred men have thus far been taken from the ruins.

At Ste. Facon all the houses have fallen and it is feared that a hundred people are under the ruins.

The villages of Piscopio and Tripami are destroyed. Soldiers are helping to succor the people.

Rome, Sept. 8.—Light earthquake shocks are reported to have occurred at Castellamare, Naples and Florence.

New York, Sept. 8.—(Special)—While trying to save his two children one son and one daughter, both under ten years of age, from fire, in a crowded tenement building, at east 71st Street early today, Antoine Colletto and both children were suffocated by smoke.

The body of the father was found lying in the hallway on the fifth floor with the children clasped in his arms, where he had fallen in an

effort to reach the window where the firemen were taking others down their ladders.

Colletto had already helped to carry his invalid wife to the roof, where she escaped to an adjoining building.

Twenty four Italian families, numbering 190 persons, were in the building, and were asleep, when the fire broke out.

METHODISTS IN SESSION.

Clergymen and Laymen of Fredericton District, Met at Burton for Transaction of Business.

Burton, Sept. 6.—The financial district meeting of the Methodist church for this section of the province was held at Burton on Tuesday.

The ministers present were: J. A. Rogers, D. D., and J. J. Colter, S. T. B., Fredericton; W. B. Thomas, Marysville; James Crisp, Gibson; Edmund Ramsay, Nashwaak; J. A. Ives, Stanley; J. K. King, Boiestown; M. R. Knight, B. A., Keswick; W. R. Pepper, Sheffield; A. C. Bell, S. T. B., Grand Lake; W. J. Kirby, Gagetown. The following laymen were elected by the respective quarterly boards as representatives:

Fredericton.—Dr. Inch, Dr. Scott, J. J. Weddall, W. B. Coulthard, Marysville, Alfred Rowley, Gibson, Wallace Burpee, Nashwaak, William Munro, Boiestown, Dr. Chapman, Keswick, Thomas Meek, Sheffield, W. H. Harrison, Grand Lake, E. F. Gale, Gagetown, M. E. A. Burpee. These were not all present.

The first session opened at ten-thirty a. m., Rev. James Crisp, chairman of district in the chair, Rev. M. R. Knight, Sect'y.

After singing, and reading of scriptures by secretary, Revs. J. J. Colter and W. H. Harrison led in prayer. The roll was called and the usual business of the meeting was taken up. Inquiry was made into the financial condition of the various churches in the district. The estimated receipts for the dependant circuits were

agreed upon and a corresponding grant recommended. The receipts were as follows: Stanley \$315, Boiestown, \$395, Keswick, \$410, Sheffield \$480, Grand Lake \$400, Gagetown \$420. The afternoon session opened at 2 o'clock after singing, Rev. J. K. King led in prayer. Arrangements were made for holding missionary, educational, and sustentation fund anniversaries.

Under the following requirements of the discipline, "To inquire into the state of religion in the district, and devise means for the promotion of the spiritual interests of the church," a lengthy discussion took place which was made very interesting and profitable by the fact of almost all present, ministers and laymen, taking part in the same.

The evening session was in the interest of the missionary work. The following programme was carried out: Chairman of District occupied the chair. After singing Hymn 108, Rev. J. W. Kirby read Is. 35, and Rev. M. R. Knight led in prayer. Addresses were delivered by Rev. W. B. Thomas, A. M. Scott, Ph. D., and Rev. J. A. Rogers, D. D. These addresses although very dissimilar were all very interesting and listened to with marked attention. At the close of the meeting a hearty and unanimous vote of thanks was tendered the kind friends at Burton for the right royal manner in which they had entertained the delegates. The delegates returned to their respective homes on Wednesday morning feeling that a very profitable and enjoyable meeting had been held.

ATTACK ON ORONHYATEKHA.

Forester Delegate at Quebec Reflects on Doctor's Management of Order's Business Interests.

Montreal, Sept. 8.—At the convention of the Independent Order of Foresters at Joliette yesterday a sensation was caused by Delegate A. W. Blouin of Montreal, who, in a carefully prepared statement, made an attack on the administration of Dr. Oronhyatekha, claiming that the supreme chief rangan had made bad investments with the funds of the order.

He reproved him particularly with the investment in the Union Trust, and the tax imposed on the members for the orphanage at Desoronto. The Temple building at Toronto he also declared had cost the order \$834,106, and after having returned 75 per cent. in 1900, 79 per cent. in 1902, and 89 per cent. in 1903, it gave today only 80c. on \$100. On the other hand, the government cannot recognize today under the law a property of more than \$350,000. The Temple building, while returning only one per cent. per annum, had cost the order more than \$800,000.

Delegate Blouin also declared that from Dec. 31, 1904, the supreme chief rangan had paid the deposits of \$437,743 in the general funds of the order with money taken from the mortuary fund. The R. O. F., Mr. Blouin also declared, had bought

lands in the Northwest which it resold to members, who desired to settle in that part of the country, only it sold them at profit.

There was some, Blouin said, that compared the administration of the I. O. F. with that of the Equitable of New York, but he said that he made no reflection upon the value and stability of the order, which was very strong, despite the conduct of Dr. Oronhyatekha, only, if he had done well up to now, there was no reason why he should not be asked if he could do still better. It was for that reason that he wished to protest strongly against the administration of the supreme chief rangan.

Dr. Oronhyatekha, who was apparently much chagrined by the attack, complained that he had not been given notice of Delegate Blouin's intention to bring such a matter up, but Blouin claimed to have given notice at a previous session.

The supreme chief rangan did not enter into the details of the charge, but contented himself with denying Blouin's competence to deal with the financial matters in question, and ridiculing his statements.

The supreme chief rangan subsequently left the convention to return to Toronto.

REMARKABLE RECORD.

St. Albans, Vt., Sept. 8.—No fewer than eight suicides have taken place in the Ricard family of Highgate Gore, the latest being that of Charles Ricard, in Franklin, Aug. 30. The suicide mania has extended down through four generations.

Some fifty years ago there lived in Highgate Gore two brothers, Mark and John Ricard, well to do and respected. Mark was the father of two sons, Jeremy and David. Mark committed suicide by hanging in the orchard forty years or so ago.

Ten or fifteen years later his son David killed himself in the same fashion, and later Jeremy, a Congregational deacon took paris green.

Of old John Ricard's five sons, Holmes Ricard is the only one alive today.

Not long after trying to hang himself twice, cut his throat.

His brother Peter cut not only his throat but the arteries and veins in his ankles.

Lot, another brother, died a natural death, but the death of John, Jr., in Massachusetts, while not definitely known to have been the result of his own hand, was considered so.

Now Charles Ricard, grandson of the original John, has hanged himself in his Franklin orchard, while four years ago his son Wilbur, great grandson of John, drowned himself.

Praise among women, like gold and precious stones, owes its value chiefly to its scarcity.
