UNITED STATES ELECTIONS.

Some Important Contests Closed at the Polls Today.

THREE NEW YORK MAYORALTY CANDIDATES ALL CONFIDENT OF SUCCESS.

WORK AT THE POLLS COMMENCED EARLY AND WAS VIGOROUS.

New York, Nov. 7.—(Special)—Election day dawned clear and crisp with every indication of an enormous vote being polled, the greater part very early in the day.

The polls opened at six o'clock at nearly every precinct with hundreds of voters already in line. There was practically no cessation between the formal closing of the canvass and the opening of the voting booths. Many "Night-Before" meetings extended into the small hours of the morning and the final shout had scarcely died away when the rumbling carriages on which voters were borne here and there aroused the city.

The morning papers are filled with minute directions about voting split tickets, and the advice is timely as there is a prospect of an unusually large number of ballots unintentionally invalidated by voters.

Republicans, members of the municipal ownership league, supporters of District Attorney Jerome's independent candidacy all directed the fights against Tammany, but without losing sight of individual interests until the wholesale "scratching" of ballots became inevitable.

The exposure by Jerome last night of an alleged plot by which 600,000 cards were to have been distributed among the voters, ostensibly illustrating how to vote for Jerome on a split ticket, but which directions if followed would invalidate the ticket, served to increase the fear that in the confusion of tickets and candidates many votes will be thrown out as illegal.

Today's situation is unique in the in the possibility the defeat of the democratic ticket, opposed by two straight strong party tickets. Heretofore only a fusion has been able to jeopardize democratic success, and should Tammany go down to defeat today victory for the municipal ownership league or republican ticket will be unprecedented.

Betting may be summed up as follows: George B. McClellan (demo.) for mayor, 2 to 1 in his favor; Wm. R. Hearst, (M. O. L.), for mayor, 2 to 1 against; Wm. Ivins, (Rep.), for mayor, 5 to 1 against; Wm. T. Jerome, (Ind.), for district attorney, 2 to 1 in his favor.

The development of interest in the morning was the publication of a significant statement by Arthur Brisbane, one of Hearst's editorial writers who declared his employer was looking for greater things than the mayoralty of New York.

Mr. Brisbane said: "Mr. Hearst built for greater things even than the mayoralty of this city, and he is going to get them. This country is hard up for rich, intelligent and powerful men."

Today elections were held in six of the larger cities of the United States and in seven states.

In Massachusetts, Rhode Island, Pennsylvania, Maryland, Ohio, Nebraska,

raska, New York, Indianapolis and Chicago the prohibitionists have a ticket; the socialists in Massachusetts, Rhode Island, Pennsylvania, Ohio, Nebraska, Virginia, New York and Chicago; the socialist labor party in Massachusetts, Rhode Island, Ohio, Pennsylvania, Virginia, New York and Indianapolis; the municipal ownership party in New York, and the American party in Salt Lake.

New York, Nov. 7.—An almost unprecedented degree of uncertainty regarding the result of the final conflict at the polls today marked the close of what has been in many respects the most interesting political campaign ever waged in the city of New York.

This is due to the complications arising from the appearance in the field of a new and formidable element represented by the Municipal Ownership League, which, under the leadership of Wm. Randolph Hearst has carried on a campaign marked by extraordinary vigor and has developed a degree of strength that has been the subject of much amazement.

Last night the managers of the three mayoralty candidates declared themselves to be absolutely assured of victory. Of betting on the result there has been considerably less than in former years, due apparently to the general feeling of uncertainty and to the indications that the result may be very close. In Wall Street yesterday afternoon the odds ended 2 to 1 on McClellan, at which price a prominent broker offered to wager \$100,000 to \$50,000. The same broker placed a bet of \$25,000 to \$10,000 on the mayor. Bets on Ivins ruled about 1 to 6 and on Hearst 1 to 24. Odds on the re-election of William Travers Jerome as district attorney of New York County were 2 to 1. Many large sums were wagered by supporters of the district attorney whose canvass has been one of the most spectacular features of the campaign.

Philadelphia, Nov. 7.—The day towards which Philadelphia has been looking for six months to decide whether the municipal affairs of the city shall continue to be conducted as they have been in the past or whether a new order of things shall be obtained, finds the situation so tense that no Philadelphia will be surprised if the peace of the city is seriously disturbed. Matters reached a critical stage yesterday when the mayor of the city and the sheriff of the county, both of whom are leaders in their respective parties, issued antagonistic proclamations, swearing to uphold the law and protect the citizens against the illegal acts of the opposing side.

For the moment the question of majorities has been lost sight of. Backing up his proclamation, the mayor swore in about 1,000 special policemen for election day. The sheriff says he will not appoint deputies and that the peace of the city rests with the mayor.

representative. The company employs about 22,000 hands.

The land purchased was handed over at \$6.50 per acre. It is the intention of the society to establish a large colony in the north of Saskatchewan. The delegates have more than \$6,000,000 to invest in Northwest lands.

COMMITTED FOR TRIAL.

Charlottetown, Nov. 7.—(Special)—John Allan McDonald was tried before stipendiary Inman yesterday at Georgetown on the charge of stabbing his son who was murdered during a potato digging frolic Thanksgiving evening on Pisquid Road, and was sent up to the supreme court.

BOILESTOWN.

Nov. 6.—We had a small snow storm Saturday.

The I. C. R. railway is laying water pipes from Burnt Land Brook, to the station, the power which is to be used is a steam engine which will provide fire protection for town.

We are glad to hear that Roy Smith of Parker's Ridge, is improving under the skillful treatment of Dr. Chapman.

What insect frequents district schools? The spelling bee.

PRINCE'S VISIT COST CITY \$150.

The Accounts Paid at the Monthly Committee Meeting of Council.

MR. RICHEY WANTS COMPENSATION FOR INJURIES RECEIVED TO A HORSE.

The city council met in committee last evening with Mayor McNally in the chair, and transacted quite a lot of business. The bills in connection with the entertainment of Prince Louis of Battenberg were submitted and totalled \$150. Of the amount \$35 was paid out for the illuminated address, and a similar amount was expended for the decorating. Smaller amounts were paid out for flowers, bunting, the services of the orchestra, etc.

An account from Mr. John Macpherson, amounting to \$30, being his charge for three barouches to convey the mayor and aldermen to the opening of the exhibition, was held over for further consideration. Another account from Mr. Macpherson for \$20, for the use of a barouche during the Prince's visit, was also held over.

A communication was read from Dr. Ross, secretary of the Union Telephone Company, in reply to one from the city clerk enclosing a copy of a resolution adopted by the council at the last meeting. The company, it seems, does not care to lease from the city, but prefer to erect

poles at their own expense and lease the same to the city. The communication stated that the wires had been strung from Hawkshaw to the outskirts of the city, and that instruments would be installed in the near future. No action was taken in regard to the communication.

A letter was read from Mr. George W. Allen, K. C., solicitor for Mr. M. S. L. Richey, claiming compensation for the latter for injuries sustained by his horse in colliding with a barbed wire fence, illegally erected at the foot of the old burying ground. No action was taken in regard to the matter.

A communication from the secretary of the board of health asking that the cross sewers leading to the river be thoroughly flushed, was ordered to be referred to the roadmaster.

Ald. Hanlon stated that he had been offered a piano for the opera house and he thought that it would be a good plan to purchase it. He was authorized to examine the instrument and report to the council. Ald. Hanlon was also authorized to purchase a new flag for the city hall.

IDENTITY FULLY ESTABLISHED.

Head Found in Boston Harbor that of the Murdered Susan Geary.

ANOTHER CHAPTER IN THE BOSTON MURDER MYSTERY.

Boston, Nov. 7.—The identification yesterday of the head which was recovered in a leather bag from the bottom of the harbor as that of Miss Susanna A. Geary, removed all doubt as to her being the victim of the dress suit case tragedy. The mother and sister of the chorus girl, after serving themselves for the ordeal, declared the face to be that of Susie.

The authorities, sure of their ground as far as the identification is concerned, continued yesterday the accumulation of evidence against the four men who are being held for the crime, and also kept up the search for Mary S. Dean, for whom a warrant has been granted in connection with the case.

It was expected that what material the police had collected would be presented at the initial session of the November grand jury yesterday, but after a consultation with the police officials, District Attorney Sughrue decided to wait a few days. There will be no session of the grand jury until after election day, but possibly the case will be taken up Wednesday. The police are anxious to obtain the extradition of Louis W. Crawford and William Howard, now being held by the New York authorities, and unless an indictment is returned against them in a few days, the authorities will ask for a bench warrant on which to base requisition papers from Governor Douglas.

What new evidence the police may have obtained they kept carefully concealed. Morris Nathan, the girl's lover, still remained in the hospital, although it was announced that he had sufficiently recovered from the state of collapse which

followed his arrest in Pittsburg, to be arraigned in court.

At a late hour last night it was reported that the police had obtained a clue to the whereabouts of Mrs. Dean, and that her appearance was expected to-day.

Dr. Percy D. McLeod, of the Back Bay district, who was arrested last Friday night, was not in the city yesterday. He will be arraigned in the municipal court next Friday.

SAY DEFENCE TO BE DENIAL.
(Boston Herald, Nov. 6).

Dr. Percy D. McLeod, after consultation with his counsel Saturday night, decided to stay at his Back Bay home until the matter is disposed of. There he denied himself yesterday to all except some old patients and some of whom called to express their sympathy.

Later in the day he had a consultation with Charles H. Innes, his counsel, and then went to his home.

Mr. Innes, on the other hand, had a very busy day of it. His actions would lead to the belief that McLeod intends to make a hard fight for his liberty and his reputation, and while he said last night that he had not told a soul what his defence will be, it is understood that it will be a general denial, setting up that at the time when he is alleged to have been operating on the girl he was engaged elsewhere. This will make it necessary for the state to substantiate the statements of Crawford and Howard, something friends of Dr. McLeod think it will be unable to do.

VICTORIA HOSPITAL.

Matters Dealt With at the Monthly Meeting of the Trustee Board.

The monthly meeting of the Victoria Hospital Trustees was held yesterday afternoon with Senator Thompson in the chair. The other gentlemen present were Messrs. Willard, Kitchen, J. T. Sharkey, A. H. F. Randolph, Dr. G. C. Vanwart, Mayor McNally and Secretary Sampson.

A communication from the medical staff, was read by the secretary showing that Dr. Vanwart had been appointed a trustee in room of Dr. Bridges whose term of office had expired. The chairman in a few appropriate remarks cordially welcomed the new member of the board.

Dr. Vanwart was appointed a member of all standing committees with which

his predecessor had been connected. The matron presented her monthly report, showing that the work at the hospital had gone along smoothly.

The secretary reported that liberal collections had been received during the month from St. Dunstan's church and also from the Free Baptist church.

It was decided to invite tenders from the druggists of the city for two years supply of drugs and medicines to commence on January 1st.

A committee composed of Dr. Vanwart and Mr. M. Tennant was appointed to confer with the matron in regard to some needed improvements in the different wards and submit a report at the next meeting.

It was reported by the matron that a bill for the treatment of an Indian named Dedham had been submitted by Indian Commissioner Ferrell.

In reference to the legacy of \$2,000 in securities willed to the hospital by the late Mrs. Medley, it was decided by the board to convert the same into cash.
