

NEW STYLES

For Fall Business.

We've stocked every department with all that is new and novel, especially for Exhibition business. We want to show our visitors that right here in this Capital city there is at least one store that carries a sweller line of

MEN'S GOODS

Than any in the province and equal to any in Canada. The very latest Hats and Caps are here. The swellest Neckwear, Gloves, Shirts, Collars, etc., all of the kind to give you that well dressed feeling, and make you feel that you're just as well as the next fellow. Whatever fixings you want for the Fair come here and get the very latest.

Religious Measure in Montreal.

Dr. J. Everist Cathell, a clergyman of Des Moines, Ia., was spending a few days in Montreal while off on a holiday. He visited the different churches and in one of them noticed an odd arrangement of the pews. Wishing to understand the reason, he looked around for the sexton. No one was about except a workman in the rear of the church. Approaching him, Dr. Cathell said: "My man, I am an American clergyman and have found much of interest in these Canadian churches. But there is something here that I do not understand. Can you tell me if this is a 'high church' or not?" The workman considered the question seriously for a moment and then replied:

"I never heard that question asked before, sir, but I believe it is thirty-five feet to the ridgepole."—Lippincott's.

The Indians of Canada.

The Indian population in Canada last year, according to figures from the Indian Department report, numbered 107,978, a net decrease of 253 as compared with the year 1903. The report points out that it is a fallacy to suppose that the Indians are a dying race, doomed to extinction before the advance of civilization. Facts and statistics fail to support this view. In every province except British Columbia the birth rate exceeds the death rate.

Novel Sport in England.

A feature of village life in the district of Tunbridge Wells, says an English newspaper, is the promotion of clubs for sparrow and rat shooting during the winter months. The members hold monthly meetings when "bags" are counted and points awarded for prizes. Remarkable success has attended the clubs this winter. The Hartfield Club's record for the past month was 685 sparrows and 348 rats, while the Penhurst Club brought in 896 heads and tails, making a total of 4,722 for the season.

Deep Diamond Mines.

Prof. Henry Miers, in lecturing to a London audience recently, said that there was no knowledge of the depth to which the South African diamond mines could be worked. The deeper they go the richer they become. Work can be carried on now to a depth of 2,500 feet. It is thought that it might be continued to a depth of 5,000 or even 10,000 feet, if the engineering difficulties could be overcome.

State Owned Hotels.

Western Australia is probably the only part of the British Empire that has carried Socialism to the length of building and managing state hotels. From the annual report and balance sheet recently presented to the local Parliament it appears that state drinks are 25 cents a glass. There was a loss of \$4,250 on the house account, which apparently means the boarding branch of the business, but on the operations as a whole there was a profit of \$2,600.

EXHIBITION RACES.

Two Great Contests at the Trotting Park This Afternoon.

There is a big crowd in attendance at the races this afternoon, and exciting contests in the 2.19 and 2.28 classes are looked for.

The track is in good condition and there is a large field of horses in both classes.

Tomorrow afternoon the great free-for-all and 2.35 classes will be pulled off. Sinassie, 2.08½, is easily the favorite in the free-for-all, but Czarina has many admirers. The new track record made on Saturday by Lady Patton is very likely to be lowered a few seconds tomorrow.

The list of entries for tomorrow is as follows:

2.35 CLASS.—PURSE \$300.
Lady Patton, Springhill Stables, N. S., 2.21.
Betty Chimes, Thomas Hayes, St. John, none.

I. C. R. CHANGES.

W. F. Taylor Appointed General Storekeeper, and G. R. Palmer Has New Position.

Moncton, Sept. 26.—(Special.)—Mr. C. R. Palmer, for several years general storekeeper of the Intercolonial Railway, was notified yesterday afternoon that he had been transferred to the inspectorship of requisitions, vacated by the promotion of Mr. I. Burrill to the I. C. R. paymastership.

Mr. W. Frank Taylor, formerly of the Albert Manufacturing Company, Hillsboro, has been appointed general storekeeper of the Intercolonial Railway as successor to Mr. Palmer. Mr. Taylor has accepted the appointment, and assumed the duties of his new office this morning.

Mr. Taylor is by past experience, well qualified for his new position, and has had an extensive commercial training. His qualifications for the position are generally recognized and his appointment will be popular with his host of friends in both political parties.

LOST IN THE WOODS.

Perilous Adventure of a Moncton Boy.

Moncton, Sept. 26.—After wandering in the woods, miles from the city, seven year old Lee Metcalfe, son of Michael E. Metcalfe of the city electric light station, was found yesterday morning by a farmer living several miles from the city. It is presumed that he was out in the woods on Saturday night, all day Sunday and Sunday night.

On Saturday morning two young sons of Metcalfe, Lee, aged seven, and Harold, aged nine, got a team at Humphrey's livery stable, saying that their father wanted it. They were given the team and promptly drove out to the country district beyond Moncton, known as the Mountain, where they had dinner with a relative. Saturday afternoon came, and their parents became anxious. Learning that the boys had a team, several persons started out to find them. A couple of boys located the team and frightened the children by telling them that they were going to be arrested and they separated and ran into the woods. The team was brought back to Moncton, and on Saturday evening the oldest boy was found near the city. All night, all Sunday and all that night parties searched for the younger lad, but he was not found until Monday.

Sealed Tenders addressed to the undersigned, and endorsed "Tender for Indian Head Breakwater," will be received at this office until Saturday, October 14th, 1905, inclusively, for the construction of a breakwater at Indian Head, Summerside Harbor, Prince County, P. E. I., according to a plan and specification to be seen at the office of J. B. Hegan, Esq., Resident Engineer, Charlottetown, P. E. I., on application to the Postmaster of Summerside, P. E. I., and at the Department of Public Works, Ottawa.

Tenders will not be considered unless made on the printed form supplied, and signed with the actual signatures of tenderers.

An accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for fifteen thousand dollars, (\$15,000.00), must accompany each tender. The cheque will be forfeited if the party tendering declines the contract or fail to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By Order,
FRED GELINAS,
Secretary.
