A GRAND TRUNK LINE

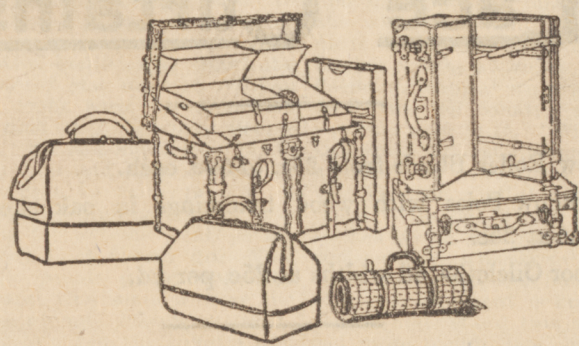

IS OURS

We have given particular attention to TRUNKS and BAGS for some years back.

The experience gained in that line has taught us how to buy Trunks and Bags and how to buy them.

This means that we are to-day buying Trunks and Bags to the very best advantage.

It also means that we are able to sell at much lower prices than smaller dealers.

A Solid Leather Suit Case For \$4.50

Is a striking example of up-to-date merchandising. Yet it is only one of such purse savers in our stock.

An Oiled Canvas Suit Case For \$1.90

For those who wish a cheap case yet one strong and durable. If there is anything you want in Trunks and Bags and can't get it anywhere else come here.

OAK HALL,
C. H. THOMAS & CO.

G. T. P. DELEGATES RETURN.

Well Pleased With Their Mission to Ottawa.

WERE MOST KINDLY TREATED BY THE GOVERNMENT.

Warden Scott Congratulated by Sir Wilfred on His Address.

The members of the Grand Trunk Pacific delegation, composed of Senator Thompson, Mayor McNally, W. T. Whitehead, M. P. P., Alds. Hanlon and Chestnut, and Warden Scott, returned from Ottawa by the noon train today. Coun. Grosvenor stopped off at McAdam Junction and Coun. Robinson at Harvey.

Interviewed by the Herald members of the delegation expressed themselves as being delegated with

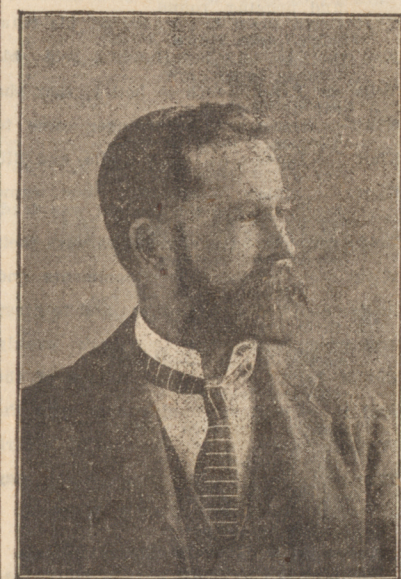

the New Brunswick government, and account of the valuable lumber lands in that section, which they feared would be destroyed by a railway.

Mr. W. T. Whitehead, M. P. P., said that the New Brunswick Railway Company, felt that there extensive lumbering interests would be jeopardized, if the central route was adopted.

Mayor Jones and Mr. Calder spoke very ably on behalf of the town of Woodstock, and Mayor McNally advanced strong arguments on behalf of Fredericton.

Coun. Grosvenor was spokesman for the York county delegation, but the Veteran Warden Scott, by special request presented his views. He told how the pioneer settlers, his father among the number, had gone into the virgin forest along the valley of St. John, and hewed out homes for themselves and families. They were without railway connection to the present day, and he thought the time had arrived when something should be done for them. As a practical lumberman, Warden Scott was able to tell the government how the lumber lands of the western part of York county had deteriorated since a railway was constructed through them.

When Warden Scott had concluded his remarks, Sir Wilfred arose, and grasping his hand most cordially remarked: "Warden Scott, it will give me great pleasure to have you hear

their faint to the Dominion Capital, and also with the very kindly manner in which they were treated by Sir Wilfred Laurier and the members of the Dominion Cabinet.

The delegation along with that from Carleton county met a committee of the Cabinet by appointment yesterday forenoon, and urged in the strongest possible manner the adoption of the valley route for the G. T. P.

and according to the Fredericton delegates, made a very able presentation of the case.

the whistle of the locomotive in the Parish of Dumfries."

The ministers listened to the plea very attentively and Sir Wilfred replied for the government in a non-committal manner. He admitted the force of the statements made by the New Brunswick people, and said their appeal was legitimate. But the government would have to investigate further before making a decision. He said the reports of the engineers would have much weight upon the ministers.

It is needless to say that Sir Wilfred's "Sunny Ways" quite captivated the delegation.

The outcome of the pilgrimage will not be known for several weeks, but the delegates are satisfied that they at least succeeded in making out a good case for the valley route.

A Grand Trunk Pacific engineer named Wood, attended the conference at the request of Mr. Charles M. Hays, the G. T. P. president, and at its conclusion frankly told the delegates that they had made a convert of him.

NOVEL ADVERTISING METHOD.

New York, July 26.—(Special.)—Plans have been completed for an effort by an exportation company of this city to extend American commerce to foreign countries. A floating exposition will be equipped and sent on a tour of the world. "The American Floating Exposition," as it will be called, will start from New York in January, 1906. It will carry a large number of samples of various merchandise of American manufacture, the samples to be displayed

in each of the ports where stops will be made. Space will be allotted to each house having salesmen on the ship.

The trip will require fifteen months and over 60,000 miles will be covered. It will include Europe, Australia, South America, Central America and West Indies.

The steamer will carry a surgeon and a competent interpreter of German, French and Spanish.

EXCITEMENT AT HALIFAX.

Sackville, July 26.—(Special.)—Some excitement was caused this morning by the arrest of two men, Armstrong and Donnelly, said to belong to Moncton, on the charge of having stolen a lady's satchel containing \$7 and tickets from No. 1 express this morning.

The men were put off at Calhoun's, having no money to pay their fare. Policeman Dryden of Moncton, came to Sackville on No. 24 this morning, and found that the men had hired a team from Rayworth's livery stable, and were driving around the town.

The men were located at the lower part of the town, but Dryden was unable to secure them. Armstrong made a vicious assault upon him.

The men abandoned the team, ran for Westcock, where they were shortly afterwards captured by Dryden, George Lawrence and John Card.

The prisoners were handcuffed and taken to Moncton on No. 25. Four dollars was found in the sock of Donnelly. Both men are exceedingly tough looking and Armstrong recently served a term in Dorchester penitentiary.
