In Solid Gold, Gold Filled, Silver and Nickel at moderate prices.

F. E. BLACKMER,

280 Queen St., directly opposite Officers' Quarters.

## BIG FAIR IN FULL SWING.

Formally Opened This Afternoon by Lieutenant Governor Snowball.

THE BEST EXHIBITION FREDERICTON HAS EVER SEEN.

Splendid Display of Farm Products and Live Stock.

GLORIOUS WEATHER MARKS THE OPENING CEREMONY.

The Fredericton exhibition was formally opened by His Honor the Lt. Governor at three o'clock this afternoon under conditions favorable in the extreme.

The weather, which has been drizzly and threatening all the week, got on its good behavior during the night, and today was all that the most enthusiastic friend of the exhibition could have hoped for. It was real Fredericton autumn weather, bright, clear, mild and pleasant.

The city is practically in holiday attire for the week, although the citizens, especially the business men, are not in a holiday mood just now. This is their harvest time and they have set their sails to catch the welcome breeze which is expected to come their way during the next six days.

Many visitors for the exhibition arrived last night and this morning, and the hotels are all doing a rushing business. The proprietors have made arrangements to handle a big crowd and are confident of their ability to house all that come along. The hackmen are also out for business, and many private rigs have been brought into use. Ten cents is the fare to the exhibition grounds and at that rate it is about as cheap to ride as to walk.

A wonderful transformation has taken place since yesterday. Exhibits of all kinds have been pouring in thick and fast and Superintendent Robinson and his staff have had a busy time getting them stowed away in their proper places. A large force of men worked steadily the greater part of the night, getting the booths in the main building in shape and it was not until today before the work was completed. The interior of the spacious building has been artistically decorated with flags, bunting and evergreen boughs and with the many attractive booths, with these decorations and bright banners, presents a gorgeous appearance.

### THE OPENING CEREMONY.

The crowds began to mend their way to the exhibition grounds as early as one o'clock this afternoon, although the formal opening, was announced to take place at three. Amusement hall where the ceremony took place, was well filled with an expectant throng long before that time, while many others were scattered about the buildings and grounds taking in the many attractions.

His Honor the Lieutenant Governor, arrived from Chatham by the noon train and put up at the Queen Hotel, where Premier Tweedie, Hon. L. P. Farris and Solicitor General Jones, are also staying. At 2.30, his advisers were waited upon by Mayor McNally and members of the city council and officers of the local militia in uniform, and escorted by them to the exhibition building.

The president of the agricultural society, Mr. John A. Campbell, M. P., and members of the executive, met the distinguished party at the entrance to the main building and escorted them to the stage of Amusement hall. The crowd which had assembled in the hall, included many prominent citizens who were present on invitation.

The entrance of the Lieutenant Governor and party was the signal for a hearty outburst of applause. When it had subsided, President Campbell called the gathering to order, and presented His Honor with the following address:

### ADDRESS TO HIS HONOR.

A Hearty Greeting Extended by the Agricultural Society.

the gathering to order, presented the Lieutenant Governor with the following address, which he read:

To the Honourable, Jabez Bunting Snowball, D. C. L.; LL. D.; Lieutenant Governor of New Brunswick.

May it Please Your Honor:—In welcoming yourself and the members of your Government on this, the opening day of our 1905 Agricultural Fair and Exhibition, this society

desires me to express their high appreciation of the honour conferred upon the efforts we have made to foster, encourage and develop the varied agricultural interests of our province. Our greeting is made the more hearty for the reason that in welcoming you, Sir, as our Lieutenant Governor, we are at the same time welcoming a practical farmer, of our own province, who is now and has for many years, been closely identified with those interests which we represent, and one who, since his elevation to the highest office in this province in the gift of our beloved Sovereign, has done so much for the advancement of our common interests. Permit me therefore, on behalf of Agricultural Society No. 34, to extend to your Honour a most loyal and a most hearty welcome.

Our society, as indeed every person interested in the progress of agriculture in this province, is well aware of the increasing attention given by yourself and your government towards the advancement of this, the greatest industry of the country, and following the teachings promulgated by your Government, the aim of our Society, in affording the farmers and manufacturers of the Maritime Provinces, an opportunity to display their products in friendly competition, has been to provide the greater encouragement to those branches best adapted to this country as well as most profitable to the producer.

Exhibitions should be educational. In the formation of our Prize Lists, (towards which your Government has generously contributed); in the growing and classification of subjects; and in the arrangement of the exhibits shown, our Society has endeavored to place such an object lesson before the patrons of this Exhibition as shall command attention and study and result in profit to the careful observer.

The entertainment and amusement of our visitors also has not been overlooked. In the buildings and up on the grounds ample provision has been made for the healthy recreation and enjoyment of everybody.

In conclusion I thank your Honor and the members of your Government for your attendance here today, and also for the progressive spirit you have always manifested in promoting any effort on our part to advance the agricultural interests of this province.

JOHN A. CAMPBELL,  
President Agricultural Society,  
No. 34.

Fredericton, Sept. 21st, 1905.

His Honor the Lieutenant Governor replied in eloquent terms and heartily congratulated the agricultural society on the excellence of the exhibition. He concluded by declaring the exhibition open.

Brief but pithy addresses were also delivered by Premier Tweedie, Hon. Mr. Farris and the solicitor general. At the conclusion of the ceremony, His Honor and party were escorted about the buildings and grounds by President Campbell. They also witnessed Diavola's wonderful loop-the-loop exhibition.

### A GREAT SHOW.

The exhibition is by long odds the best held in Fredericton, and those competent to judge, declare that it will compare favorably with any of the big fairs held in Eastern Canada in recent years. "I am just from the Halifax exhibition," said an exhibitor to the Herald this morning, "and I can say unhesitatingly that their exhibition does not begin to compare with yours. The agricultural society and citizens of Fredericton have reason to be proud of their fair."

Space will only permit a casual glance at the various features of the big show today. Every department is full up, and the extent and character of the exhibits are beyond all praise. The large building, formerly used for carriages, is this year given over entirely to farm produce. The display of roots and vegetables is magnificent, and it is doubtful if its equal has been seen at a fair in Canada this year. The task before the judges of selecting the best will be a difficult one.

The main building is given over to trade and industrial exhibits, fruit and dairy produce, etc., and presents a magnificent sight. John

## YORK COUNTY TEACHERS.

Convention Opened at the High School Building—Dr. Inch's Address.

The York County Teachers' Institute met in convention in the assembly hall of the High school building at ten o'clock this morning, with about one hundred and fifty teachers in attendance. The president, Mr. F. A. Good of this city, occupied the chair, and delivered the opening address, which was most attentively listened to and heartily applauded.

Dr. Inch chief superintendent of education, delivered an informal address, which was listened to with great attention by the assembled teachers. He welcomed them to the beautiful city of Fredericton with its educational and other attractions and spoke some words of encouragement to them at the same time giving some valuable words of advice.

The chief superintendent said he some times envied the teachers who taught in the country districts, where their influence for good was liable to be much greater than that of the individual teacher in a city who was

one of a large body. He referred to the chances there was for self improvement in the country.

Speaking of the teachers' salaries, Dr. Inch said that this was a matter to be dealt with by the legislature and at the school meetings. He said the teachers should at the same time consider the higher and nobler aims of the profession.

Referring to the number of teachers who were leaving the profession for other lines of work, the doctor compared the advantages of a teacher's life as regards work, hours of labor and vacations, as well as the higher aims and influences with that of a stenographer or in the nursing profession. He encouraged the teachers to live up to the high ideals of the profession and referred to the great men in the different ages of history, who had been teachers and of the influence for good which they had exerted.

## ATTEMPTED SUICIDE.

St. John Man Slashed his Throat with a Razor and is in a Critical Condition.

St. John, Sept. 21.—(Special).—John Hughes, aged 59 years, made an attempt at suicide at his home on Hilyard street, at five o'clock this morning. He had been ill eight months from palsy and was despondent.

He took a razor and made a gash in his throat.

Drs. Pratt and Sheffield were called and sewed the wound up and Hughes was removed to the hospital where he is in a critical condition.

Hughes had threatened suicide different times. He has a wife, two daughters and three sons, two residing in St. John and one in Toronto.

Bebbington & Son and Miss Ada Schleyer, each have a large display of plants and flowers near the main entrance, which add much to the attractiveness of the place. Mr. Abram Alward, is also showing a splendid collection of plants and flowers.

Among the most attractive trade booths all those of McMurray & Co., pianos and organs, F. B. Edgcombe, dry goods and furs, J. S. Neill, stoves and ranges, Hewson Woolen Milling Company of Amherst, clothes and tweeds, Cowan & Company, chocolate and cocoa, McManus & Co., boots and shoes, W. H. Johnson, pianos and organs, Oxford Manufacturing Company, clothes and tweeds, Estey and Hagerman Ltd., farm implements and furs, Perham & Stewart, electrical supplies, J. F. VanBuskirk, cream separators, D. Magee Sons, furs and Singer Sewing Machine Company.

The fancy work department occupies the whole gallery space on the upper side of the building, and the display is a magnificent one. There is a great deal of point lace work this year, and it is calling forth many favorable comments from the visitors.

The live stock exhibit promises to be tables on the ground floor, and it certainly reflects credit upon New Brunswick. The apple collection is a particularly good one, and there is also a good display of plums.

The dairy exhibit will compare favorably with previous years. It is in charge of Dairy Supts. Mitchell and Daigle.

The live stock exhibit promises to be a very large one, although it is not yet complete. A number of animals entered for the show have been exhibited at Halifax this week, and will arrive here by special train over the I. C. R. at noon tomorrow. The cattle include short-horns, Jerseys, Holsteins, Guernseys, Polled Norfolks, Durhams, Ayrshires, Herefords, etc. There are also many excellent horses, sheep and pigs shown.

Mr. Charles F. Rogers of Woodstock, is on hand with twenty head of pure bred Yorkshire pigs, and is bound to capture a good share of the prize money.

Mr. George E. Fisher, of Chatham, is showing the Clydesdale stallion Garrair, the property of Northumberland Agricultural Society No. 9. Garrair holds the silver cup awarded at St. John last year, and if he wins it this year it becomes the property of the society. Mr. Fisher is also showing three splendid head of Ayrshire cattle.

Mr. Donald Jones, of Kintore, is on deck with a splendid display of vegetables and garden produce. He also has a number of pure bred sheep.

### SPECIAL ATTRACTIONS.

The ground space this year is about all taken up and the number of cheap side shows is surprisingly large. There are the usual freaks of nature, real and imaginary, and lots of ways to get rid of a dime. The loop-the-loop and chasm leaping exhibitions by Diavola and Leonida, are the star outdoor attractions, and are promise to be great drawing cards. Each is to give two exhibitions nightly. Be on hand at seven

o'clock and see Diavola perform. The Fredericton Brass Band has been engaged for the six days of the exhibition and it will give two concerts daily, afternoon and evening. They paraded from the Queen Hotel to the grounds at two o'clock this afternoon.

The vaudeville features have been chosen with great care, and promise to be a great attraction. Two performances will be given daily in the amusement hall.

The big Fredericton exhibition is now in full swing, and all that is wanted is fine weather to make it a glorious success.

A strong force of special constables has been engaged to protect the property of exhibitors and maintain order on the grounds. Policeman George Rideout is chief of the force on the grounds, and Constable Hawthorn has charge inside of the buildings.

Caterer Lindsay is prepared to serve meals in the spacious dining hall on the third floor of the main building and also on the grounds. He is splendidly equipped for the work and is determined that there shall be no chance for fault finding with the catering arrangements this year.

The military escort to the Lieutenant Governor, was composed of Col. Chipman, Capt. McLeod, Capt. Grey, Major Hawthorn, Capt. Murray, Capt. Babbitt of the 71st, and Mayor Bridges of the A. M. S. The civic delegation was composed of Mayor McNally, Alds. Chestnut, Edwards, Harbour, Everett, McKenzie, Randolph, Stockford, Mitchell, and McGinn.

## A YARMOUTH MAN.

Appointed Paymaster on the Inter-colonial.

Moncton, Sept. 21.—(Special).—Isaac L. Burill, formerly of Yarmouth N. S., and for the last eighteen months employed on the I. C. R. in another capacity, has been appointed to the position of paymaster on the I. C. R., vice A. E. Trites, deceased.

Other chances are likely. The rumor is revived that W. F. Taylor of Hillsboro, will be appointed general store-keeper in place of C. B. Palmer, who will be appointed inspector of stationery, the position recently held by Burill.

Chas. C. Weldon has been appointed chief clerk of the audit office.

Miss Kitty Edwards returned last night from a pleasant visit with friends in Halifax.

Premier Tweedie is here for the exhibition and is stopping at the Queen.

Lieut. Governor Snowball arrived from Chatham today and is a guest at the Queen.
