DOMESTIC HELP PROBLEM.

Salvation Army Offering to Help Canadians Solve It-- Important Meeting at Charlottetown.

Charlottetown, Nov. 14.—(Special)—A meeting of all persons interested in procuring domestic help from England, will be held here tomorrow, when Prof. Hawley of the Salvation Army, will outline a plan, whereby a widely felt need may be met. A sufficient number of applications are handed in. The help will be brought from England shortly after the steamers quit the St. Lawrence route and begin plying to St. John. The domestics will be personally selected by the Army's officers in England. Each will be required to pay in advance one third of the pas-

sage money, the army advancing two thirds, this latter two thirds to be repaid the Army by the applicant when the domestic enters his or her service, he or she in turn to be repaid by monthly installments, not exceeding one half the servant's wages. This plan is part of a general movement to promote the migration of these classes to Canada taking up homesteads in the West, and positions of farm help and domestic positions of farm help and domestic in the older provinces. The Army has placed 3,000 since last spring, and next season will bring out a much larger number.

"THE BEACHES" BURNED.

Hotel Building Formerly Run at Richibucto by E. E. Phair Destroyed Early This Morning.

Richibucto, N. B., Nov. 14.—(Special)—The large building known as "the Beaches", formerly used as a summer hotel, was burned to the ground about three o'clock this morning. Mr. Black, owner of the building, together with other men had been working in the building Saturday. It is thought the fire caught from a defective flue. Several wagons stored there for the winter were destroyed. There was no insurance.

The building was put up about eighteen years ago by E. E. Phair, of Fredericton, at a cost of some thousand of dollars for tourist travel, but it was not heavy enough to make the venture pay so it was abandoned.

The building was taken over from Henry O'Leary by the Merchants' Bank for non-payment of a debt of \$4,500. About eight years ago the bank sold it at auction and it was bid in by Black for \$1,000.

WITH DISTINGUISHED HONORS.

The Remains of Y. M. C. A. Founder Laid to Rest in St. Paul's Cathedral.

London, Nov. 14.—(Special)—The body of founder and president of the Young Men's Christian Association, Sir George Williams, who died November 6, was buried beneath the dome of St. Paul's Cathedral today in the presence of an immense throng of mourners including a hundred ministers of various denominations, and nearly a thousand delegates from British and Foreign branches of the Young Men's Christian Association and other organizations with which

Sir George was connected, the Lord Mayor and Sheriffs. The general public filled the rest of the Cathedral and the service was celebrated by Archdeacon Sinclair and a full choir. The funeral procession through the streets was very impressive. Two hundred and thirty carriages followed the hearse. Sympathetic cable despatches were received from Prince Oscar Bernadotte, James Stokes, of New York, and hosts of others while wreaths were sent from all parts of the world.

AN EXCITING EXPERIENCE.

Two American Ladies went up in a Balloon at Paris-- Traveled at Breakneck Speed.

New York, Nov. 14.—(Special)—A cable despatch to the Herald from Paris says: "Two American women, whose names are withheld for the present, had the thrilling exploit of being piloted through the air by a noted Paris aeronaut, M. Jacques Faure.

The ascension was made on Saturday last, and no sooner had the balloon risen than the wind freshened to a hurricane.

The balloon hurried along a hundred kilometres (62 miles) an hour, and at four o'clock was going over the

department of Pas de Calais at undiminished speed.

As the country was flat and almost bare, there was every prospect of the balloon being carried out to sea. Just before arriving at the coast, Faure sighted a line of trees and pulled open the valve.

The balloon caught the natural barrier with a jolt which threw the occupants to the ground. No one was seriously injured, but the balloon was demolished. One hundred and ninety-two kilometres (120 miles) had been covered in an hour and forty-five minutes.

The reception was made on the occasion of his being appointed chaplain of the auxiliary.

BURNED TO DEATH.

Victoria, B. C., Nov. 14.—(Special)—The little daughter of Premier Peters of P. E. I., was burned to death here yesterday. (The victim may possibly be a daughter of Hon. Fred Peters, ex-premier of P. E. I., now a resident of Victoria.)

ST. ANDREW'S SOCIETY.

Annual Meeting and Election of Officers--The Burns Memorial--St. Andrew's Day.

The annual meeting of the Fredericton Society of St. Andrew was held at the Queen Hotel last evening, and proved most successful and enjoyable. Mr. O. S. Crockett, M. P., the president, occupied the chair, and there was a very large attendance.

The president submitted a report for the Burns memorial committee, showing that upwards of three thousand dollars has been collected towards the proposed monument. The committee was authorized by the unanimous vote of the society to at once let the contract for the erection of the Burns monument, and it is hoped to have it unveiled on the 25th of next July, which will be the anniversary of the death of Scotland's immortal bard.

Treasurer Tennant in his report showed the finances of the society to be in a healthy condition.

The following officers were elected for the ensuing year:

President, O. S. Crockett, M. P.
1st Vice-President, A. S. Murray.
2nd Vice-President, Dr. A. M. Scott.

Chaplain, Robt. Watson.
Secretary, A. S. McFarlane.
Treas. James Tennant.
Piper, Daniel Hossack.

Marshalls, Wm. Minto and Jas. Pringle.

Committee of Charity, J. D. McDonald, D. McCatherine, and P. M. McDonald.

Mr. Crockett expressed a wish to retire from the office of president, having occupied it for four years, but a majority of the members were anxious that he should remain until the Burns' monument undertaking was carried through and he finally consented to continue in office for another year.

Mr. James Tennant, who is one of the oldest, most popular and active members of the society, starts on his twenty-third year as treasurer.

It was decided to celebrate St. Andrew's day by holding a dinner and a committee composed of the officers of the society was appointed to make arrangements.

The following were elected to membership in the society: Henry Braithwaite, John Neill, J. Stewart, Neill, C. H. Fowler, Henry Anderson and H. C. Christie.

At the conclusion of the regular business of the meeting an impromptu program of songs, recitation, speeches, etc., was carried out, to the great enjoyment of all present.

PLEADED GUILTY.

Colored Boys Charged With Attempted Train Wrecking

THROW THEMSELVES ON THE MERCY OF COL. MARSH'S COURT.

In the police court this afternoon the two colored boys, Harry Nash and Joseph Gorman, pleaded guilty to the charge of placing obstructions on the I. C. R. track, near Nashua Bridge, and were committed until Tuesday next for sentence.

The boys, through their parents, who were present in court, consented to be tried by Col. Marsh, and on being arraigned pleaded guilty to the charge.

Mr. J. H. Barry, K. C., who appeared for the Crown, asked the boys if they could read or write, and both answered in the negative. The Nash boy gave his age as twelve years, and Gorman said he was thirteen. The latter stated that he had only attended school three weeks in his life, while his companion said he had never been at school.

The boys' fathers were asked by Mr. Barry why they had not sent

their sons to school, and their reply was that colored children got a very poor show in the school in their neighborhood.

Col. Marsh said he found himself in a rather difficult position. Under the law he could send the boys to penitentiary for life, but he would hardly care to do that.

Mr. Barry said the offence was a very serious one, and the safety of the travelling public would have to be considered. He promised to communicate with the I. C. R. authorities and obtain their opinion in regard to the case.

Col. Marsh announced that he would pass sentence next Tuesday and remand the accused to jail in the meantime.

The mothers of the boys were in court with their husbands and shed tears copiously during the proceedings.

U. N. B. NOTES.

Subject for the Next Debate--Basket Ball Outlook.

The University, Nov. 14.—On Saturday evening, Nov. 18th, the following question will be discussed by the debating society:

"Resolved, that England owes more to her statesmen than to her military leaders. Mr. Clark, '09, will uphold the affirmative, while Mr. Mavor, '09 will lead the negative. This question is doglike in its nature and it is quite probable that many sweeping statements will be made by speakers on either side. The most difficult problem will be to discriminate between the services rendered those Englishmen who were both statesmen and military commanders, such as Alfred, Edward III, Cromwell, Wellington and a score of others. However, the obvious complexity of the question will undoubtedly contribute considerably to the manifestation of great interest.

Our basket ball committee, whose duty it shall be to draw up the league teams and arrange for all basket ball games for '05 and '06, consists of the following: Fred Squires, '06, chairman; Ken Dunphy, '07, Willie McNaughton, '08 and Joe Dever, '09.

The prospects for basket ball are exceedingly good. Mr. Barker is the only man of last year's team who is missing, and we have every reason to believe that Captain McBeth will have no difficulty in getting a team this year that will be as creditable to the University as last year's team, and maintain the high standing which Captain Barker and his illustrious team established.

Another matter which is the subject of much conversation about the college halls, is the Intercollegiate Debate. Our prospects are admirable and our opponents in this year's contest are powerful men. Our contest will be with Acadia University, which has not as yet suffered a defeat by any maritime college in the league. The debate will be contested
