Editor.

DAILY HERALD.

MONDAY, NOVEMBER 20, 1905.

THE PRESS ASSOCIATION.

It is the fashion these days for all classes of toilers to organize, and the pressmen of New Brunswick, one of the hardest worked professions, propose following the popular example. They will meet at the Parliament Buildings in this city on Thursday afternoon and there should be a good attendance to accomplish so worthy an object. Some twenty or more years ago there was at New Brunswick Press Association organized through the efforts of Mr. C. H. Lagrin, and while not much practical work was accomplished, the members of the profession enjoyed some very pleasant excursions, and became better acquainted with each other. The number in the profession in this province has largely increased since then; there were only six daily newspapers in New Brunswick at that time; there are nine now, two of the additions being in Fredericton, and there has been a great improvement in the entire press of the province, which in enterprise, intelligence and respectability will compare most favorably with that of any other province in Canada.

AN EDITOR'S PICTURE.

Editor Scott of the St. John Sun, has had his picture taken and a copy of it appears in the Times and Telegraph with a record of his life and work.

Mr. Scott it appears was born near Parrsboro, N. S., which province has produced many bright men, and is fifty-four years old. For the last twenty years he has edited the Sun, and although offered "sits" in other and larger cities has declined them all.

Mr. Scott is a good looking man as well as an accomplished journalist, but if he goes over to the Liberals when the Sun changes its political allegiance, he will have to sit for another picture, and then can be produced together the two pictures of the distinguished editor, as they do in the medical advertisements. "Before and after taking."

Mr. Scott has rather a severe look in the present picture, but in his next, after having embraced Liberal principles, he is expected to look cheerful and happy. The picture published now, must have been taken immediately after the announcement of the Alberta election returns, and before Mr. Scott heard for certain that the Sun and he would become Liberal.

It appears that during his visit to New York Prince Louis of Battenberg received many threatening letters and that he sought the protection of the police from the thugs who would have done him bodily harm. The prince spent three months in Canada and no police protection was necessary. The most dangerous weapons levelled at him in this country, and from which he did not escape altogether unscathed, were the eyes of beautiful Canadian women and the cameras of amateur photographers. The prince with his crack squadron left New York today for Gibraltar, and when he gets back to London he will have lots of nice things to tell his uncle, the King about his good time in Canada and the United States.

When Geo. B. Cox, the republican boss of Cincinnati, heard the recent election returns of that city and Ohio, destroying his political power, he announced his retirement from politics. Our own Mr. Bennett in Alberta has followed the same course. It is very considerate for discredited politicians to announce their retirement after the people have almost unanimously condemned them.

King Alfonso of Spain, has been industriously wife-hunting for months and at last, it is said has found a young lady to listen to his proposals. She is Princess Eva of Battenberg, only daughter of Princess Beatrice, and sister of Prince Alexander of Battenberg, who recently visited Fredericton.

Governor-elect Guild, of Massachusetts, has shown a wise discretion in the choice of a private secretary. He has selected Mr. Gattney, a distinguished journalist of the Boston Herald staff, a gentleman who has a wide experience of public men and things at Boston and Washington.

Somebody recently started the story that Sir Thomas Lipton, who is a bachelor, had been secretly married years ago, but the sporting baronet denies the report in these words:

"There are two great regrets of my life. One is that I never yet lifted the America's Cup, and the other is that I have not been married, secretly or otherwise."

It looks now as if the St. John River is sealed up tight for the winter, and the craft operating on its expansive bosom escaped none too soon. It would certainly cause a sensation were a steamer to arrive here on Dec. 15, as happened in 1847 as detailed in The Herald on Saturday, but no such thing is likely this year at least.

A mineral spring water company with a view to cheap advertising, gave away two carloads of their product today at St. John. There was not much of a rush for the water, but if the same quantity of stimulants had been offered free in our sister city, what a struggle there would have been to secure a sample.

Mr. R. L. Borden has just discovered that some bye-elections are in progress in Canada, and will arise from the luxuriance of his seven thousand dollar salary long enough to address a meeting each in North York and Wentworth. Mr. Foster does not seem to be taking part in these contests.

In Australia a lady has been admitted to the bar, and on being sworn in was congratulated by the Chief Justice. In New Brunswick the bench has raised objections to admitting Miss French, and it is likely she will have to appeal to the legislature.

Prince Charles of Denmark, grandson of King Christian of Denmark, son-in-law of King Edward and nephew of Queen Alexandra, is now King of Norway, by the vote of the people expressed at the polls and by the unanimous voice of the parliament of the country.

UNIVERSITY OF N. B.

Successful Y. M. C. A. Meeting--
Saturday Evening's Debate.

The University, Nov. 20th.

The regular meeting of the College Y. M. C. A. held yesterday afternoon at four p. m., was a great success. There was much good music and singing; in fact everything was carried into effect so nicely that we may well look upon it as the most successful meetings held this year. Rev. J. H. Macdonald delivered an excellent address on the "Scientific Aspect of Faith" which was listened to very attentively and enjoyed most thoroughly.

The debate which took place on Saturday evening, in which Mr. Clark, '09 contended that England owes more to her statesmen than to her military commanders, was very interesting indeed. Mr. Mavor '06 led the negative side of the question, and made a very creditable showing. Mr. Anderson '06 presided as judge and in concluding his remarks found considerable difficulty in deciding upon the respective merits of all the speakers. However, he awarded the decision to Mr. Mavor. The University Debating Society announce that the subject for the intercollegiate debate to be held in this city in February or March will be: "Resolved that the political union of the United States and Canada would be more beneficial to Canada than her present relations with Great Britain."

A note of explanation is attached, saying it is assumed for the purposes of the debate that such a union would be satisfactory to each country.

The sides and speakers have not yet been selected.

BOWEN--MANZER.

Daughter of a Well Known Marysville Citizen Wedded at Jersey City.

Jersey City Journal.—A pretty wedding took place on Thursday, Nov. 9, at the home of Mr. and Mrs. Frederick Fontaine, 508 West Side Avenue, when Miss Mary Priscilla Manzer and Frank Lee Bowen were married. Rev. E. W. Fulper, pastor of the Church of Our Saviour, performing the ceremony.

Mr. and Mrs. Bowen sailed Saturday on the steamship City of Atlanta for Palm Beach, Fla., where they will spend their honeymoon at the former home of Mrs. Fontaine. A coincidence of interest at this wedding was that all the guests had visited Florida and they gave many reminiscences of their trip.

Among those who intend to return to the South this winter are: Mr. and Mrs. Fontaine, Mr. and Mrs. Allan and family, formerly from the Seminole Winter Park; Captain Geo. Wallace, Captain William Stevenson, Dr. Charles Singleton, Captain and Mrs. Lauther, parents of Mrs. Fontaine, will entertain Mr. and Mrs. Bowen on their arrival at Palm Beach.

(The bride is a daughter of Mr. B. H. Manzer, a well known citizen of

Marysville, and Mr. Bowen is from Duluth, Minn. At present and for the past five years he has been employed by Millionaire Douglas as electrical engineer for his yacht, The Lotus, which cruises off the Florida coast in winter and on Sarance Lake in summer.)

BITS OF NEWS.

The shipping companies doing winter port business at St. John are bringing 300 laborers from Montreal, consequent on the high figures asked by St. John laborers.

With a few simple plays of the straight, old fashioned style of football, Yale gave Princeton a 23 to 4 beating, the worst in many years, on the Yale field, Saturday.

For the third consecutive time the Harvard football eleven Saturday failed to defeat the Dartmouth College team, the score being a tie, 6 to 6. The game was played at Cambridge.

Fred Northrup has been committed for trial at St. John for manslaughter, in having caused the death of Charles O'Regan in a boxing bout. In making the committal Police Magistrate Richie censured Chief of Police Clarke for permitting the fight to proceed.

Mr. A. F. McFarren, Conservative M. P. for North Perth, who has returned from a three weeks' sojourn in the Northwest, does not look for a Haultain victory in Saskatchewan. "I cannot hold out," he says, any encouragement in the way of a victory for Hon. Mr. Haultain.

Now that the stay of Prince Louis of Battenberg in New York is ended, the fact is allowed to become known that the prince received numerous anonymous letters threatening his life, and that he deemed them serious enough to call them to the attention of the police department and also ask protection.

Two cars of the Springfield & Hartford trolley line collided head on at a curve in Long Meadow four miles below Springfield, Mass., Sunday afternoon. Motorman G. A. Charon of Springfield, received injuries from which he died two hours later, and about thirty passengers were injured, some of them seriously.

The German torpedo boat "S126" was in collision Saturday night near Buick, with the small German cruiser Undine. The torpedo boat sank and one officer and thirty-two of her seamen are missing. The accident occurred in the midst of a driving snow storm, and the night was very dark. The torpedo boat sank in four minutes.

During the Michigan-Wisconsin football game at Ann Arbor Saturday afternoon a grand stand collapsed, falling from fifteen to sixteen feet, 600 persons going down in the crash. The stand fell gradually and it was due to this fact that not more than six of the occupants were seriously injured. The football players assisted in the rescues, then proceeded with the game.

Among the Allan line steamer Parisian's passengers to arrive at Halifax Sunday were Robert Finley of P. E. I., and Charles Grant of Pictou, N. S. They have been members of the crew of the Japanese fishing schooner Hokusei, which was captured during the war by the Russian cruisers Rossia and Grossmali in Sea of Japan. The men were in prison three months in Pauza, where through the representation of the Canadian government through the British authorities they were released and given transportation to London. They have a tale of cruelty by Russian soldiers and of hardships endured at the hands of their captors.

Pilot Lachance, who was in charge of the Allan liner Bavarian when she ran ashore on Wye Rock, gave evidence Saturday. He stated that after the accident the officer or engineer who was in charge of the engines, declared that he had by mistake steered contrary to the orders that he, (witness) had given. He said that in his pilotage he had always used the gas buoy on St. Margaret's Shoal as one of the leading lights, as also the gas buoy on Crosse Isle. He stated that the blue book called "Lights and Buoys on the St. Lawrence River" is misleading in many of its descriptions and details.

MARRIED.

At the F. R. Parsonage, Gibson, on the St. Lawrence, by Rev. J. C. Wilson, Lawrence A. Rideout of Lower St. Mary's to Miss Mary Jane Harris of Beaver Dam.
