A PERPLEXING CASE.

The two colored boys, Gorman and Nash, now in jail for placing obstructions on the I. C. R. track, will be brought before Col. Marsh for sentence tomorrow. On account of the youth and ignorance of the accused it is scarcely likely that they will be sent to the penitentiary.

AN OLD FRIEND.

Lieut. Col. Dunbar Back from a Successful Course at Aldershot.

The following item is taken from The Standard, Montreal's new weekly paper:

"Quebec society is delighted with the return from England of two of its popular military sons in the persons of Lieut. Col. J. S. Dunbar and Lieut. Col. Fages, who have recently passed their examinations on a tactical fitness course at Aldershot. Their new certificates qualify to command. Out of twenty officers presenting themselves, Lieut. Col. Dunbar came out first. Lieut. Col. Dunbar, who is a son of Mr. James Dunbar, K. C., crown prosecutor, has been in England since the early part of August, and while there was attached to the Royal Irish Regiment and to the X Battery of the Royal Horse Artillery. He took part in the artillery manoeuvres at Fransch and the cavalry manoeuvres at St. Margaret's. He was Lieut. Col. Roy's predecessor as D. O. C. of the Quebec district.

(Col. Dunbar was for a time acting D. O. C. of New Brunswick and has many warm friends in this city.)

A CLEVER PREACHER.

Rev. Gordon Dickie of St. Stephen, Ministered Satisfactorily at St. Paul's Church.

Rev. Gordon Dickie, pastor of the St. Stephen Presbyterian church, who occupied the pulpit of St. Paul's church at both services Sunday, exchanging pulpits with Rev. Willard Macdonald, made a very favorable impression on his hearers. Mr. Dickie is a young man, son of a well known Nova Scotia clergyman, is a graduate of Dalhousie University and Pine Hill College, and enjoyed a couple of years' study in Germany before taking up the work of the ministry in which he promises to achieve great prominence and success. He succeeded Rev. M. Morton a year ago at St. Stephen, coming from North Sydney, and had previously declined a call from St. Andrew's church, St. John. During his stay in the city he was a guest at St. Paul's Messie and today he visited the University. He leaves for home this evening.

CLOSED AT LAST.

Saturday's Cold Snap Has Put an End to River Navigation.

It looks as if navigation in this vicinity was now closed for certain. The cold snap, which set in on Saturday night caused a great deal of ice to form in the river, and last night put the finishing touches upon it. With the exception of an open space below the draw of the highway bridge, the river is now sealed over from shore to shore. It froze in patch work style, and a good rain storm to smooth things over will be necessary before the skating amounts to much. There are patches of smooth ice along the Gibson shore and a party of small boys were out yesterday afternoon enjoying a spin. The river last season froze over on the night of the 13th of November and in the year previous on the 19th.

IN NEW QUARTERS.

Mr. F. S. West, purchasing agent for the national transcontinental railway, returned from St. John on Saturday evening. He expects to remove with his family to Rothesay about the end of the present week. Mr. West says that District Engineer Dunn and his staff are comfortably housed in their new offices in the Pugsley building. Quite extensive alterations have been made for their benefit.
