

Events of a Day

THE WEATHER.

The weather probes today say: Moderate to fresh westerly winds, fair and milder today and on Thursday.

BAND CONCERT.

The Fredericton Brass Band will give their annual concert at the Opera House about the middle of January.

WILKINS—GRANDAME.

Alfred Wilkins, of Stanley, and Miss Marie Grandame, of Douglas, were united in marriage by Rev. Dr. Rogers at the Methodist parsonage this afternoon.

BANNER FEED.

G. T. Whopley has just received a carload of Banner Feed, the cheapest and best corn and oat feed made.

GOVERNMENT MEETING.

The local government held a short session this morning with all the members present, and transacted a lot of routine business. A meeting of the board of education is being held this afternoon.

THE BRIDGE ARBITRATION.

Commissioner Thomas Lawson is here today concluding the investigation of the contractors claims in connection with the Huctonche and Kingston bridges. Mr. A. R. Copp, M. P. Q., is counsel for the government and Mr. J. H. Parry, K. C., represents the contractors. The commissioners will submit a report to the government at an early date.

THE WOOD MARKET.

The excellent condition of the roads for sleighing is giving the country residents chance to get their wood hauled into market. There were a number of loads lined up at the upper side of the city hall this morning and brought good prices. Dry wood cut in stove lengths, brought \$2.50 a half cord. Soft wood sold at \$3 a two horse load, and furnace wood brought \$4.50.

DEATH AT MARYSVILLE.

Mr. Burton N. Tucker, who has been employed at Gibson's shingle mill at Marysville for a number of years past, died last night after a week's illness from pneumonia. He was thirty-one years of age and is survived by a widow and two children. The deceased was a member of Epiphany L. O. E., and the funeral will be held at two o'clock on Thursday under the auspices of that organization. Undertaker George W. Adams has charge of the arrangements.

CROWN LAND SALE.

Mr. T. A. Sullivan of Bonny River, purchased at auction at the crown land office yesterday, eight acres of land on McDougall's Lake, Charlotte county. It is his intention to utilize a portion of the land by erecting a number of camps for American sportsmen. Mr. Sullivan already owns a number of sporting camps at Bonny River, and accommodates a great many American parties during the summer and fall. He says that the fifty dollar license on deer interfered somewhat with his trade during the past season, and compelled him to close a number of his camps.

A MILD CASE.

Dr. Fisher, chairman of the Provincial Board of Health, and Dr. McNeill, of the York county board, visited the Harris house at McAdam Tuesday accompanied by Dr. Young, of Vancouver (Me.) Board of Health, and Dr. Butler, the attending physician. All agreed that Harris is suffering from varioloid, or smallpox of a mild type. Harris, who is twenty-two years old, and unmarried, is a C. P. R. fireman running to St. John. His case is not considered serious. The schools opened again today. The Maine authorities may establish at Vancouver a vaccinating station.

THE MOOSE CASE.

The case of John Carlon of Dumfries, charged with killing a moose without a license, was continued in the police court yesterday. The evidence of Messrs. Roy Hagerman and John F. Allen was taken, after which the case was postponed until the 13th. Mr. Allen swore that he had issued Carlon a license on November 5th, and had dated it back to October 19th. Hagerman swore that Carlon admitted to him that he had shot a moose in October. As it seems to be the fashion in most country districts to take out a license after the game has been killed, the outcome of this case is awaited with considerable interest. It is said that other prosecutions are likely to follow.

UNIVERSITY SENATE.

The Annual Meeting Being held at the Educational Office.

The annual meeting of the University senate was held in the Educational Office this morning. Those present were Dr. Inch, Chancellor Harrison, Premier Tweedie, Judge Barker, Judge McLeod, Hon. G. F. Hill, W. A. Park, Inspector Bridges and Registrar Coy. Chancellor Harrison submitted his

annual report on the University, which was adopted and ordered to be sent to the legislature.

The financial statement of Registrar McCoy, duly audited, was also presented and adopted.

The gymnasium committee made a report, and recommended among other things that a dressing room be fitted up at the gymnasium. No action was taken in regard to the matter.

The annual conference between the senate and the faculty of the University is being held this afternoon.

THAT HOCKEY DISPUTE.

Glace Bay Gazette Says that no Offer Was Made to Fredericton Players and Hands Out a Roast.

Referring to the story of the Fredericton Gleaner that Glace Bay has held out inducements to three Fredericton hockey players to play there this winter, The Glace Bay Gazette says:

"The facts of the case are simply these:

"McManamin, who has done fairly well since coming to Glace Bay, heard that two of his chums were out of work in Fredericton and wrote to them, saying that he could get work for them here. He did this off his own bat. He never consulted with the Glace Bay A. A. A. about the matter. He never mentioned it to the G. B. A. A. He was probably interested in having these men come because he expected to be in the hockey team and wanted to see a good team. But he could no more have offered \$15 a week or a pinch joy than he could have offered the presidency of a life insurance company. Whatever McManamin earns in this town he earns entirely apart from his ability as a baseball, football or hockey player. Whatever anybody else earns in this town that we have known of with the possible exception of the food inspector, is on the same basis.

To one of the letters McManamin says that he got a reply stating that the writer would come to Glace Bay for \$15 a week. This is where the \$15 a week comes in. McManamin did not reply to this letter. He did not know of any place where the writer could earn \$15 a week in Glace Bay, and he certainly did know that the hockey playing of the writer would be worth nothing to him here. Another of the men to whom The Gleaner probably has reference has already been in Glace Bay. While here he tried to get a job, and on leaving asked McManamin to keep his eye open for a chance for him as he was not doing much in Fredericton. McManamin promised to do so. This is exactly what any young man would do for a friend.

"It may interest The Gleaner to know that if Glace Bay were going in for professional or semi-professional hockey, it would not appeal to Fredericton for men. For with all due reference to the feelings of our New Brunswick friends, we do not believe that New Brunswick ever had a team that could hold its own with the winners of the Cape Breton League. Something better than Fredericton material would be required to life the Cruise cup."

PERSONAL MENTION.

UPPER MAUGERVILLE NOTES.

Dec. 5.—The Central Telephone Co., which is building a line from Chipman to Fredericton, have their poles erected through this place, and are now within three miles of the latter place. They expect to reach the city limits about the end of this week.

The Sons of Temperance of this place drove to Gibson on Tuesday evening last and paid a fraternal visit to the Royal Templars of that

place. A most enjoyable evening was spent. Our local lodge is in a flourishing condition.

Sneak thieves are prowling around the neighborhood at present. During the past week they have visited a number of places, stealing butter and other produce. The boys have an eye on them, however, and there will be something doing when they are rounded up.

The many friends of Mr. Albert Treadwell will be pleased to learn that he has recovered from his recent illness.

Mrs. Ashley Dykeman is visiting her sister, Miss Annie Thompson, at St. Mary's.

Mr. A. L. Treadwell has returned home from a trip to the far west, and will probably remain here for the winter. Our friend is very popular, especially with the ladies, and all will welcome him back.

THE NEW RECTOR.

Rev. Mr. Cowie, the new rector of St. Ann's Church, will take up his duties here about the 1st of February. He will occupy Mrs. W. P. Phair's cottage on St. John Street until the 1st of May.

Bishop McKim, of the Protestant Episcopal mission in Tokio, says that Christianity as an influence in Japan today is fully one hundred times its statistical strength, and that this is because its fruits cannot be matched or approached by Shintoism or Buddhism.
