HAD FUN BUT NO FISH.

Messrs. R. T. Mack and James A. Bell, local nimrods of some repute, returned on Saturday from a very enjoyable fishing trip on the headwaters of the Southwest Miramichi. While they did not succeed in actually landing any fish they managed to hook several big fellows, which afterwards escaped and they had no lack of excitement. They saw moose almost daily and on one occasion while Mr. Bell was doing a little reconnoitering on his own account he came suddenly upon a she bear and cub. The half mile which separated Mr. Bell from the camp was covered in record time. Mr. Mack returned to the spot later on to have a peep at the bear, but could find nothing more formidable than a field mouse.

ANOTHER IDEAL TOUR.

To the Pacific Coast and the Lewis & Clark Exposition.

On August 28th, the second and last of Bowler's personally conducted tours to the Pacific Coast will start from Portland and Boston, the two sections joining in Montreal, where a Special Train will be taken for the entire journey. This will indeed be a "trip of a life time," as been declared by the entire party

which started with Mr. Bowler on July 5th. The members of that party cannot say enough as to the generous treatment received. The excellent dining car service was much appreciated, and the excellent routes and side trips called for pronounced enthusiasm from one and all. All are loud in their praises of the service which they received and declare that they will always recommend Bowler's Tours as the "Ideal Tours." You may verify this statement by consulting any one of the July party. Any interested in the August tour should make their reservations at once.

PLEASE REMEMBER

1st—That this store is not "cheap" in the sense of being trashy. We value reputation even more than profit. The goods we sell must be thoroughly reliable.

2nd—That it is the time of year when we rummage through the stocks and clear out all odds and ends. That's the why and wherefore of many exceptional bargains.

3rd—That we insist on selling all goods in their season, and carry nothing over. If a thing lags for one season we mark it down. If one price won't sell it, another will.
