

Doctors Said That Lumps and External Swellings Would Turn to Running Sores.

Mrs. Jacob Kaehler, Zurich,
Ont., says that

Burdock Blood Bitters Saved Her from Many Years of Suffering.

She writes:—"Now imagine how joyous and great was my surprise when a friend of mine told me that Burdock Blood Bitters would cure me, so that the lumps and external swellings, which the doctors told me would turn to running sores, would disappear. I took her advice, and can say that I have no doubt but that Burdock Blood Bitters has saved me from years of suffering. It is with the greatest of pleasure and with a thankful heart that I give this testimonial, knowing that Burdock Blood Bitters has done so much for me, and you are at perfect liberty to use this for the benefit of others similarly afflicted."

Burdock Blood Bitters is the best blood medicine on the market to-day, and is composed entirely of roots, herbs, barks and berries.

Suspicious Livery Stable Keeper Gave
Young Bangor Man the Surprise
Of His Life.

Bangor Daily News: Many friends of a certain Bangor young man are having much fun at his expense. This young man hired a horse from a certain livery stable not many days ago and invited a young lady to accompany him for a sleigh-ride. He telephoned for the horse, which in due time was left at his door. The young man was to return the horse to the stable promptly at 5.30 in the afternoon. Long before that hour, however, the stable keeper became alarmed thinking that as he was not acquainted with the young man who hired the outfit that it was a scheme to steal it.

The owner of the horse accordingly notified the police in a town not many miles from Bangor and through which the couple were to drive, to hold up the party and wait until he arrived. The policeman at once scented a hideous crime, so accordingly stopped the sleigh as it was passing. Of course the young man was mad. But what did that matter? He was held up, and the officer was simply doing his duty. The owner finally appeared having meanwhile become satisfied as to the identity of the young man. The young man, although not satisfied at the way he had been used, was forced to do the next best thing after expressing a wish that no one should learn of the affair.

If any one should ask you, tell them you know nothing about it.

Savings Tied Up.

The spread eagle announcements and specious methods of the York County Loan Company which appear to captivate so many unthinking people in Canada do not so easily appeal to persons who think or who possess experience. For example, commenting on a recent article of the Monetary Times upon this much vaunted concern, the Owen Sound Sun says, editorially: "It has long been a source of regret to Owen Sound business men that so many people deposit their hard earned savings with outside loan companies and societies of which they know little or nothing, which spend little money in town and make most of their investments in some other locality. Experience has shown that few of these companies turn out to be anything but a disappointment in matter of returns, sometimes trying to palm off a piano or life insurance policy in place of hard cash. This company, (the York County Loan Company) claims to have 1,500 shareholders in Owen Sound most of whom pay in small amount every week. They employ a number of solicitors and collectors here. It is peculiar that they can employ such a staff to make such paltry collections, in addition to their regular staff of accountants, while the chartered banks cannot afford to do so, although handling amounts hundreds of times larger. The company has its funds tied up principally in real estate and not in mortgages. The best managed companies of this class have as little real estate on their hands as possible. With branches of four of the leading chartered banks in Canada and two local institutions of good standing right here in town there is little excuse

for the individual who puts his money in outside concerns who have nothing at stake in Owen Sound." — Monetary Times.

HUGS THE BRIDE AND HORSE RUNS AWAY.

Happy Wedding Trip Spoiled When Bridegroom Got Too Busy to Hold Them.

Washington, N. J., Jan. 7.—The fashionable social event of the season in Knowlton township was the wedding of Jay J. Harting and Miss Minnie Danfield on New Year's day. It was a red and green affair, and the guests, who came from all parts of the township, says that it was the most elaborate marriage that has been celebrated there.

Everything was lovely until the moment arrived when the happy couple took their departure amid a shower of rice and old shoes. Life's stormy journey began then. Buddled up in comfortable robes, the newly married couple started in a sleigh for the Lackawanna station at Portland.

Just what happened cannot be told, because the loving couple won't tell. The bridegroom says he neglected the reins and his friends say that he had the lines wrapped around the whip-socket.

At any rate, the horse took advantage of the interesting situation and ran away. The bride failed to be comforted by the reassuring words of the bridegroom, and with a scream leaped out of the sleigh. A broken shoulder of the bride stopped the wedding trip and physicians are busy now endeavoring to prevent a postponement of the reception to be given by the bridegroom's parents next Saturday evening.

SIR WILFRED LAURIER.

And Senator Fairbanks Will Meet Concerning Joint High Commission.

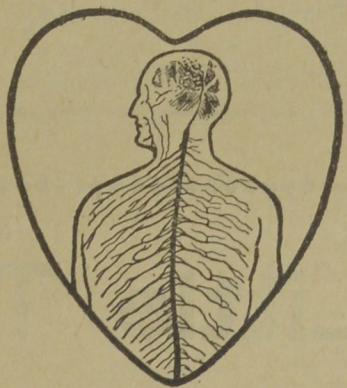

Washington, D. C., Jan. 6.—Arrangements are being made for a meeting between Senator Fairbanks and Sir Wilfred Laurier of the Dominion of Canada, in the hope of arriving at a decision as to whether the Canadian joint high commission shall meet again this winter.

For the past few weeks correspondence upon the matter has been passing between Senator Fairbanks and Premier Laurier and it has been concluded that the subject may best be discussed in a personal interview between the two men. The interview will probably be held within the next two weeks in either Boston or New York.

Mr. Fairbanks continues to urge that there shall be another meeting of the commission. He is anxious that all the work shall be concluded before March 4, next, when he leaves the senate to assume the Vice-presidency. Thus far he has received nothing in the nature of a cordial response from any Canadian member of the commission, but at the interview which he will hold with Sir Wilfred he hopes to induce the Canadian membership to consent to the final meeting to dispose of all the pending questions.

Cost is so cheap that it is her own fault if even the poorest girl has not a gold figure.
