Peep Into the World of Base Ball, Racing, Golf Bowling and Athletic Sports Generally.

BASE BALL.

Boston, Nov. 2.—Frank V. Dunn, an aspirant for the presidential berth of the Boston National Club, announced Thursday morning that he would own a league team in Boston next year whether or not Conant and Soden sell out to him their shares which include all but one, in the National League club of this city.

"I see a grand opportunity to make a piece of money and don't intend to let the chance slip through my hands," said Mr. Dunn. "For two years only do I expect to own the club, for I am on the inside of a deal whereby there will be but one major league, beginning probably in 1908."

"There will be but one club in Boston, and, of course, that will be the American."

In Chicago there will be but one club and the National will be the one to remain, while in New York and St. Louis it will also be the dropping of the American League clubs. The Athletics will be the lucky team in Philadelphia, Pittsburgh, Cincinnati and Cleveland will make up the remainder of the circuit and there will have the grandest league ever known.

"I have known of this reorganization for months, and that is just why I am trying to buy the Boston Nationals. When this deal goes through I am confident that I will be offered thousands of dollars more to close up the National League park, sell the players and become myself an owner in the local American League club."

Mr. Dunn stated positively that he had the money ready to make good his part of the deal, but that there were certain points to be carried up. He wanted to know what assurance he could have that he would be elected a member of the National League if he took the club. He was told that if he took the club as the Boston Baseball Association his purchase would carry with it undoubted membership in the National League. Mr. Dunn, under the laws of the State of Maine, with a capitalization of \$450,000, however, has incorporated the Boston National Baseball Club, whereas the capitalization of the Boston Baseball Association is \$15,000. Apparently this point was not cleared up at yesterday's meeting.

THE RING.

GOSSIP OF THE FIGHTERS.

San Francisco, Nov. 2.—The news that Fitzsimmons is to enter the ring again, will not create surprise among San Francisco sports. Fitzsimmons, like other pugilists who have had sufficient ring experience enough to blossom forth as foot-fight favorites, rarely forget to issue regularly challenges to men, who for want of theatrical offers are forced to continue fighting. As a rule these challenges while on the go unnoticed. They are simply regarded as press notices for the particular show the challenger is attached to.

Recently, however, it dawned upon people that the Cornishman was beginning to yell wolf in earnest. His dramatic company failed to attract shakels to the box office, and Fitzsimmons stated, with great frankness, that it looked as though he would have to take another whirl at the fighting game.

About the time that Fitzsimmons was winding up his theatrical ventures in Chicago, Jack O'Brien scored his victory over Al Kaufman in this city. Fitz had been dickered with Marvin Hart of Kentucky for a match, but he quickly turned his attention to O'Brien on learning how Jack had acquitted himself with the newest of the native sons.

Fitzsimmons had been "talking fight" over the telegraph wires for several days. Yesterday an agent of his wired O'Brien that Fitzsimmons would be ready to enter the ring within ten weeks if O'Brien cared to sign articles and that O'Brien's wishes would be respected in the matter of dividing the purse.

O'Brien's reply was as follows: "Will fight Fitzsimmons inside of two months, winner seventy-five, loser twenty-five, before best club in California. Achieving greatest desire in battling for heavyweight championship."

"JACK O'BRIEN."

Meanwhile Coffroth and Fitzsimmons appear to have drifted together in New York and the arranging of the match is the result.

It remains to be seen whether Fitzsimmons will go through with the contract. It will be remembered that he "strained off" when preparing himself for George Gardner in this city a couple of years ago, and was a pretty scraggy looking Fitzsimmons when he toed the scratch. He had not boxed many rounds before it developed that he was both foot-sore and rusty in the hinges, and if Gardner had had a fair share of fighting spirit that night the sporting press would have had to chronicle the passing of Fitzsimmons.

Since that Fitzsimmons signed to meet Mike Schreck in Salt Lake district. One day he ceased training and went away to New York, claiming that he had broken camp because he found the Salt Lake promoters were dickered with their forfeit money. The Salt Lakers told a different story. They said that Fitzsimmons discovered after a few days of training that his frame couldn't stand the strain of bag punching and road work, and he wisely flew the coop.

One thing is evident. Fitzsimmons is regarded as a great big conundrum

by fight-goers the world over. Men that are younger than he have passed the game up years ago, but no one ever seems to argue that Fitzsimmons is too old to fight. There is always the suspicion that he has "one battle left in him," and in all probability his affair with O'Brien will be taken seriously.

The New York dispatch says that Coffroth has signed the men to box in San Francisco in December. This certainly looks as though Coffroth has had some assurance that he will receive the permit for the month named.

THE TURF.

STOLEN HORSE APPEARS ON TRACK.

New York, Nov. 1.—The horse Cartiered at the Jamaica track today by act, which was withdrawn from the last race yesterday, was positively identified. J. J. McCafferty, as the horse Freckman, stolen from the Oakland track, California, last February, and which had never appeared until yesterday. The horse was painted on the head and hind legs and after he was washed several horsemen identified him. Freckman was entered in the sixth race as a five-year-old maiden. A big killing was planned with him and he would probably have won as he worked one mile in 1.41 and the field which was to meet was an ordinary one, the race being for maidens three years and upwards.

Diamond, carrying top weight, 118 pounds, easily won the Gowanus stakes by a half length from the favorite Monet, with Fustan third. Two favorites won.

Summary: First, selling, 6 furlongs—Platoon, 100 Schaffner, 5 to 1, won; Brush Up, 100, Sewell, 2 to 1, second; Wergency, 105, B. Smith, 5 to 1, third. Time 1.13.

Second race, selling, 1 mile and a sixteenth—Jack Young, 105, Schaffner, 6 to 1, won; Hippocrates, 108, Miller, 4 to 1, second; Athlete, 105, Nottor, 3 to 1, third. Time 1.48.

Third, 1 mile and a furlong—Miss Crawford, 105, W. Knapp, 2 to 1, won; Atwin, 122, B. Smith, 4 to 1, second; Novena, 92, Miller, 8 to 1, third. Time 1.53 1-5.

Fourth race, the Gowanus stakes, selling, 6 furlongs—Diamond, 118, Martin, 11 to 5, won; Monet, 108, Sewell, 3 to 5, second; Fustan, 105, O'Connell, 10 to 1, third. Time 1.18 4-5.

Fifth race, selling, 1 mile and a sixteenth—Lord Badge, 108, W. W. Knapp, 11 to 10, won; Consuelo II, 90, Gardner, 20 to 1, second; Gold Fleer, 104, B. Smith, 8 to 1, third. Time 1.48 4-5.

A WORLD'S TROTTER RECORD. Philadelphia, Nov. 1.—Ed. Bryan, the bay gelding trotter owned by W. Robinson, yesterday broke the world's two-mile record, which has stood for forty years. The time was 4.45. The best previous record was 4.56, made by Dexter, br. g., by Rysdayke-Hambletonian, on Long Island, Oct. 27, 1865. Yesterday's performance was considered remarkable by horsemen who saw the event, as Dexter's time was made to a skeleton wagon while Ed. Bryan's record was made to a bicycle-wheeled road wagon. The average time of the quarters was 35 3-8 seconds. Time by quarters: 35 1/2, 1.12, 1.49, 2.24, 3.00, 3.34, 4.10, 4.45.

MR. COWAN'S SALE.

Mr. J. R. Cowan, proprietor of the Springhill stables, was in Halifax Thursday, and in chatting with a Recorder reporter, said that he intends to dispose of a number of his horses at auction to be held at Springhill track, about the middle of this month. He will offer Carina, 2.12, Parker L., 2.20, Dewey Guy, 2.23, and a number of stallions, brood mares, colts, and fillies, including about 20 head. He is selling those named with records, because he has others in their classes, and is disposing of the others; he is following the example of stables in large cities. It was suggested to him that he might obtain large prices at the New York horse sale, but apart from the duty, he was desirous that the horses should remain in the provinces, and he intends this as the first of an annual dispersal sale which he intends to hold.

BASKET BALL.

NEW RULES FOR BASKET BALL.

Basket ball enthusiasts believe that the amendments made this year to the rules of basket ball will result in making the game much faster. Instead of allowing the man who makes attempts at goals from fouls to approach within 15 feet of the basket, he must now remain 20 feet distant from it, and stories of games won by throwing of fouls will be scarce this year unless the number of field baskets thrown by the competing clubs is very close.

The players will have less fear of being penalized when the probability of the foul being thrown is so much more remote, and in consequence will play faster and harder.

The other changes in the rules are of minor importance, most of them merely making plainer certain ambiguities. A "dribble" is declared to be a play "in which the player advances more than two steps while running or bouncing the ball against one or both hands, one or more times, without the assistance of another player."

The rule forbidding three men from touching the ball at the same time is also made plainer by the statement that "if two players of the same team first touch the ball, no foul shall be called so long as they

"I'm Well

Because of Liquezone," is a Tale Told Everywhere.

In almost every hamlet—every neighborhood—there are living examples of what Liquezone can do. Wherever you are, you need not go far to find some one who has been helped by it.

Talk to some of those cured ones; perhaps your own friends are among them. Ask if they advise you to try Liquezone. Or let us buy you a bottle, and learn its power for yourself. If you need help, please don't wait longer; don't stay sick. Let us show to you—as we have to millions—what Liquezone can do.

What Liquezone Is.

The virtues of Liquezone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germicide.

Contact with Liquezone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquezone is not only harmless, but helpful in the extreme. That is its main distinction. Common germicides are poison when taken internally. That is why medicine has been so helpless in a germ disease. Liquezone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

We purchased the American rights to Liquezone after thousands of tests had

been made with it. Its power had been proved, again and again, in the most difficult germ diseases. Then we offered to supply the first bottle free in every disease that required it. And over one million dollars have been spent to announce and fulfill this offer.

The result is that 11,000,000 bottles have been used, mostly in the past two years. Today there are countless cured ones, scattered everywhere, to tell what Liquezone has done.

But so many others need it that this offer is published still. In late years, science has traced scores of diseases to germ attacks. Old remedies do not apply to them. We wish to show those sick ones—at our cost—what Liquezone can do.

Where It Applies.

These are the diseases in which Liquezone has been most employed. In these it is the most rapid, the most reliable. In all of these troubles we supply the first bottle free. And in all—no matter how difficult—we offer each user a two months' further test without the risk of a penny.

Asthma, Anemia, Gout, Gonorrhea, Hay Fever, Influenza, La Grippe, Leucorrhea, Malaria, Neuralgia, Piles, Quinsy, Rheumatism, Scrofula, Syphilis, Skin Diseases, Tuberculosis, Tumors, Ucers, Throat Troubles, Abcesses, Anemia, Blood Poison, Bowel Troubles, Coughs, Colds, Consumption, Contagious Diseases, Cancer, Catarrh, Dysentery, Diarrhea, Dyspepsia, Dandruff, Eczema, Erysipelas, Fevers, Gall Stones, Gravel, Hemorrhoids, Indigestion, Kidney Troubles, Liver Troubles, Stomach Troubles, Women's Diseases, Fever, Inflammation, or catarrh—impure or poisoned blood—usually indicate a germ attack. In nervous debility Liquezone acts as a vitalizer, accomplishing remarkable results.

50c. Bottle Free.

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it today, for it places you under no obligations whatever.

Liquezone costs 50c. and \$1.

A WIFE'S SUICIDE.

Her Jealous Husband Committed Suicide in Her Presence a Short Time Ago.

Niagara Falls, Ont., Nov. 4.—The sequel to the suicide of Jesse Cass last July came at an early hour Tuesday morning, when his wife took her life in exactly the same manner.

Cass was a Hamilton plumber and his wife was a Kentucky girl named Katie Johnson. They met in this city when Cass was employed by the Provincial Natural Gas Company. After their marriage they lived at the St. Charles Hotel at Niagara Falls, N. Y., but Cass worked in Hamilton most of the time. He became jealous of his wife and drank carbolic acid in her presence, with fatal results. She showed great grief and said she would follow him. For a long time she was watched but she made no attempt to take her life and the vigilance of her friends relaxed. At 4 o'clock Tuesday morning she carried out her threat drinking carbolic acid and dying in a short time. She was twenty-eight years old.

PURITY

and freshness are absolutely necessary qualities of the drugs you use if they are to be of the service required. This applies with few exceptions to toilet preparations also.

YOU CAN DEPEND ON

every article we sell as being of standard quality and full strength. To household remedies of proven value we give particular attention and our prescription department has but one motto: "Absolute fidelity and accuracy." And low prices are a feature of every department.

Alonzo Staples

York Street Drug Store.

Our 8th Annual Fall Stock Reducing Sale

BEGINS THIS SATURDAY, Nov. 4

We've gone through our entire stock of this season's goods, and have marked down every line to near cost and under. We have overbought ourselves in many lines, particularly in

Ladies', Misses' and Children's

Ready-to-Wear Garments.

These goods must be cleared out at this sale. We have gone to the big expense of the printing of a complete list of what will be offered at this sale. If you are interested in getting better values for your money than you can get elsewhere send or call in for our special price list, as we don't intend to throw any into the doorways. In every department we offer extraordinary values, particularly in our "Bargain Department." Your friends who will participate in the early stage of this sale will show you the bargains they have got. This is a genuine stock reducing sale. Everything on sale is truthfully described and offered to keen cash buyers precisely as advertised, or money back, for the asking. "Watch the crowds."
