NO. 160

TRUSTY TRAVELLERS!

OUR TRUNKS

Are good travellers. You can always trust them.

They are no better than the same Trunks sold by anyone else.
The advantage in buying from us is that of price and large choosing chances.
Our stock is as large as most other stocks put together.
Large buying and large selling mean a small buying price and a small selling price.

We have selected a line of

Trunks

AND

Bags

Which we know are capable of giving the highest satisfaction.
Workmanship and materials are of the best.
Stout canvas covers, strong boxes, strong supports.
Our best Trunks are fitted with Corbin Locks, the best lock made.
Our prices are 10 per cent. to 20 per cent. cheaper than anyone else.

OAK HALL,
C. H. THOMAS & CO.

Vacation Days are KODAK Days

Picture taking will add immensely to the pleasure of your vacation.

KODAKS \$5 to \$108
BROWNIE CAMERAS \$1 to \$9

C. Fred. Chestnut,
Apothecary,
Queen st., - - Fredericton, N. B.

Watches AND Chains

Either Ladies' or Gent's sizes

Very large variety to choose from.
Every Watch guaranteed.
See our special Chataline Watch at \$6 00

F. E. BLACKMER, 222 QUEEN ST.

TESTING NEW ROUTE.

If Trial is Satisfactory Trans-Atlantic Mails May Hereafter be Landed at North Sydney.

CRUISER CANADA OFF TO MEET THE VIRGINIAN.

And I. C. R. Ready to Make Record Run to Montreal.

North Sydney, N. S., July 11.—(Special)—The Cruiser Canada left port at 11 a. m., today and it is expected that she will pick up the Allan turbine Virginian, by wireless telegraph this evening or tomorrow morning, and that she will return tomorrow afternoon to North Sydney.
On arriving here the Canada will dock at the I. C. R. terminus wharf, where a special mail train will be waiting. The train will have a clear road to Montreal, and the Intercolonial people here believe they will beat the steamer's time to Rimouski by at least 24 hours.
The Virginian, which is also fitted with wireless system, will first report from Cape Race and from there to the Canada when an objective point will be agreed upon at which the transference of mails will be made.
Contrary to expectations, passengers will be taken on the trip although no first class fares will be accepted.
Andrew Allan, of Montreal, and General Manager Pottinger, arrived here today.
Mr. Allan has been offered, through Mayor Hackett and has accepted the freedom of the city while here.
Nothing has been left undone which might help to contribute to the success of the test, and it is confidently expected that it will allow of no other conclusion but that North Sydney will be chosen as the fast Atlantic mail service terminus.
Everything is in readiness, so far as the I. C. R. is concerned, and every employee as well as the management is doing everything possible towards ensuring a successful run.
The special train comprises two Pullmans, baggage cars, dining car, first class car and colonist sleeper.
Orders were received last night to spike all sidings and spurs this afternoon, so as to avoid the possibility of a turned switch.
Road-masters and sectionmen have gone over the whole road very carefully and have seen to it that the road bed is in first class condition.

HIS LIFE FOR A FRIEND.

Denver Man's Sacrifice to Save Another From Death.

TRAGEDY AT A MEXICAN MINE.

New York, July 11.—(Special)—A despatch to the Herald says: Rather than see his chum, Arnold Lawson, only son of Thomas Lawson, of Boston, killed, Gilbert Johnson, of Denver, sacrificed his own life.
The tragedy occurred Wednesday at the Tom Lawson Mine, Vriquet, Mex., but the news has only reached Denver.
The manager of the mine was paying some off extra men. Among them was Jesus Rocha, who demanded \$3 more. The manager refused, angry words passed, and the two men were soon engaged in a quarrel. Suddenly the Mexican drew a long knife on Lawson, and Johnson ran to the manager's assistance. The Mexican aimed a blow, but young Lawson pulled the manager out of the way.
The Mexican, wild with rage, tried to stab Lawson. Johnson attempted to disarm the man. Just as the Mexican's arm raised to strike Lawson, Johnson attempted to catch his wrist, but missed, and the knife was plunged into his breast.
Rocha was overpowered, disarmed and taken out of the way of the angry miners, who it is said, would have lynched him.
A doctor was summoned, but Johnson died before he arrived.
Johnson was chief engineer of the mine.

DEAD AT MUSQUASH.

Prominent Citizen Passed to His Rest Last Night.

St. John, July 11.—(Special)—George Rose, an aged and respected resident of Musquash Harbor, died last night, aged 64.
He was born at Portsmouth, England, where his father served with the 72nd Highlanders.
Deceased was a prominent Orangeman and at one time a member of the St. John city council. He leaves a widow, seven sons and three daughters. The funeral will take place tomorrow.

ASSASSINATED.

Moscow's Chief of Police Shot Down—The Murderer Arrested.

Moscow, July 11.—(Special)—Major General Count Shvaloff, Prefect of Police here, formerly attached to the Ministry of the Interior was as-

sassinated this morning while receiving petitions.
One of the petitioners drew a revolver, fired three times, and the prefect fell dead.
The assassin was arrested.

LIGHTNING STRUCK TEN.

Bolt Descended on Group Seeking Shelter Under a Tree.

New York, July 11.—(Special)—Ten persons were rendered unconscious yesterday by a stroke of lightning in Prospect Park, Brooklyn.
The park tennis lawn was crowded with players when a sudden thunderstorm drove all to shelter. John Lomis, his wife and two children, and James Haithwaite and five members of his family, found protection from the rain under a tree. They had scarcely done so when a bolt struck the tree, splitting the trunk down to the roots and hurling those beneath it to the ground, where they lay motionless and apparently dead.
The spectacle precipitated a panic among the hundreds of persons huddled together under other trees, and,

regardless of the torrents of rain, all fled toward the nearest exits from the park. Ambulances were soon on the spot, and the injured persons were quickly restored to consciousness. Some were severely burned, and all were suffering from the effects of the shock. Two of the injured were able to go to their homes, and the rest were taken to the hospital. All of them are expected to recover.

JAPS IN CONTROL.

Their Enemy made Hasty Flight from Garrisons of Sakhalin.

Tokio, July 11.—(Special)—The navy department has received the following report from Admiral Katatak: "Two cruisers and four torpedo boats left Karasakosh July 10th, with soldiers on board for the purpose of occupying Cape Note. Some bombardsment the place was taken.
The lighthouse buildings were left undestroyed.
Four prisoners were taken."
Sipinhai, Manchuria, July 11.—The news of the mutiny in the Black Sea reached the Russian army through the Japanese who fired night shells charged with proclamations conveying the information into the Russian advanced posts, scattering the proclamation broadcast.
Rain is falling in torrents and all activity at the front has ceased.

Tokio, July 10, 2 p. m.—The following report has been received from the Japanese army headquarters on Sakhalin Island: "Our army without much resistance occupied Korsakovsk early on July 8. The enemy burned the town and retired to positions eight miles north, where they resumed resistance. "We dislodged them and are now in pursuit.
"At 11 a. m. on July 8 the enemy had retreated to a point 22 miles north of Korsakovsk.
"We captured two 12 centimetre guns, two 12 pounders and also an amount of ammunition.
"We suffered no loss."

MONTREAL STOCK MARKET.

Montreal, July 11.—(Special)—The stock market quotations this morning were:
Dominion Coal, 81½, 81, 81.
Dom. I. & S., 24, 23½, 23½.
Dom. I. & S. pfd., 72½, 72½, 72½.
N. S. Steel, 55, 54.
C. P. R., 154½, 152, 151.
Twin City, 115.
Montreal Power, 93½, 92, 91½.
Rich. & Ontario Navigation, 71½, 71½.

A TERRIBLE DISASTER.

Thirty-nine Russian Miners Given up as Lost.

Dortmund, Prussia, July 11.—A fire has broken out in the Borussia coal mine, caused by the careless handling of a lamp by boys. The lamp exploded, igniting the timber of the shaft, which burned rapidly. Two hundred and fifty miners escaped through an air shaft, but thirty-nine were cut off, and their death is regarded as a certainty.
The work of rescue is attended with great danger, owing to the escape of poisonous gases, and six of the rescuers are reported missing.
The ground over the mine is sinking rapidly with the sound like that of thunder. The supporting timbers of the mine are being burned away. Great crowds of women and children are standing around the mine in a drenching rain, hoping for the rescue of a father or a brother.

LARGEST PILGRIMAGE YET.

The Boston Globe says. The pilgrimage to leave Boston at noon July 17 for St. Ann de Beaupre will it is said, be the largest that has been made up for some time, many having signified their intention of joining the party at nearly every station until St. John is reached. Many Bostonians are taking advantage of the pilgrimage with its reduced rates to make a tour of the beautiful cities of Montreal, Quebec and St. John, Rev. Father Ryan, of St. Marys, N. B., who is the spiritual director of it, having arranged the programme so that in addition to the spiritual privileges, the trip will be given to visit points of interest in Quebec and make side excursions to different places to continue to Montreal or to sail down the Saguenay river. Applications for berths should be made direct to Rev. J. J. Ryan, St. Marys Ferry, N. B., and not to the railway office.

LORD ROBERTS CRITICAL.

Says British Army is Not up to the Standard.

London, July 11.—Field Marshal Lord Roberts created a sensation in the house of lords last evening, when in a lengthy and well considered speech he deliberately expressed his opinion as a practical soldier, that the military force of Great Britain was inadequate, imperfectly trained and totally unfit to uphold Great Britain as a first class power. Lord Roberts did not blame the government, which, he said, was actuated by a national feeling, but he scathingly attacked the people of England who, he said, showed no national feeling towards the military until danger arose.
The speech was delivered in connection with a motion introduced by the Earl of Wemyss and Marne (Conservative), traversing Premier Balfour's statement regarding the necessity of keeping up sufficient land force to repel any possible invasion. Lord Roberts said the lessons of the South African war had been forgotten. He declared emphatically that the choice lay between conscription or some practical system of universal training and that only by such means would it be possible for Great Britain to possess armed forces organized and trained to meet the demands of the Empire in the event of war.

Lord Lansdowne, the foreign minister, defended Premier Balfour. The government decided not to oppose the motion of the Earl of Wemyss and Marne, which was passed without a division.

MARYSVILLE NEWS.

July 10.—The hot weather of the past three or four days has caused the water to fall in the Nashwaak very rapidly and there are only a few logs in the pond to saw. Rain is very much needed.
James Inch has been confined to his home the past week suffering from lumbago.
Ernest Tarley is having his residence fixed up in first class style, with stained glass windows in the front and new steps erected, and when finished it will be very handsome.
The weather was awfully hot in the cotton mill Saturday in some of the departments, it being 98 in the shade, while the engine room was about 150.
There is to be a strawberry festival next Friday evening under the auspices of the Free Baptist Church, the proceeds to go towards the building fund.
Mrs. Wm. Foss and family have gone to Newcastle, Queens County, to spend a few days.
Rev. Mr. Thomas, the new minister preached at both services in the Methodist church yesterday and was very much enjoyed.
A jolly crowd of ladies drove up to Mr. French's farm last Friday afternoon and enjoyed the very pleasant day in a real old picnic style. They had supper under the pines.
A large number of young people drove to Springhill last evening, where they intend camping for a few days.
Marysville was well represented at the Orangemen's church service in Fredericton Sunday afternoon. The Prentice Boys especially turned out strongly.

FANCY CARPET FOR A KING.
Shah of Persia Sends Edward a Gorgeous Gift.

London, July 11.—Never outside fairyland, says The Daily Chronicle, has been seen a carpet so wonderful as that which King Edward received, as a present from the Shah of Persia, as a token of his appreciation of the affectionate hospitality extended to him on the occasion of his last visit to England.
When this marvellous production of Persian artists was spread out before his Majesty at Buckingham Palace he must have been reminded of some of the scenes depicted in the "Arabian Nights."
The secret was well kept, and it was not until the arrival of the Ambassador at the palace that any information could be gained as to the contents of the great packing case over which he kept vigilant guard.
The special Ambassador was also the bearer of an autograph letter from the Shah and of a present from Queen Alexandra. The reception was in full state. Royal carriages were sent to convey the Ambassador and his suite from the Persian Legation to the Palace.
When a St. John Globe reporter met Mr. Robert A. Courtney on the street Monday he said: "I can tell you of a record that I doubt any man in St. John can beat." When asked to what he referred Mr. Courtney replied that he had entered on his fifty first year in one employ. It was, he said, in May, 1855, that he first started work with Alex. Gibson and he had been with the firm ever since. The Globe assured Mr. Courtney that he looked and seemed active enough to round out at least another quarter of a century.
About 264,000 acres of land in Germany are devoted to grape culture.
