FIRE CHIEF KILLED.

Hamilton, Ont., April 6.—A. W. Latchison, chief of the Hamilton fire department, was killed yesterday. He and Fireman Britton were driving to a fire, when to avoid a collision, he made a quick turn. Another fire wagon pitched into his buggy and he was thrown ten feet over great guns at the side of the Sir John A. Macdonald monument. He fell on his shoulder and head. He was rushed to the city hospital, where he died at noon.

ABSOLUTE AND UNEQUIVOCAL

Was Laurier's Denial that He Had Any Knowledge of
Papal Delegate Coquetting with Manitoba
Government.

FOR ESTABLISHMENT OF SEPARATE SCHOOLS AS PRICE OF BOUND-
ARY EXTENSION.

Mgr. Sbaretti Also Acquits Premier of the Accusation Against Him.

Ottawa, April 6.—Sir Wilfrid Laurier yesterday in parliament made a sweeping denial of any connection with Mgr. Sbaretti's proposal to the Manitoba government, that if that province established separate schools, the federal government would extend its boundaries. Before the order of the day was called Sir Wilfrid Laurier rose to present further correspondence in reference to the extension of the boundaries of Manitoba.

LAURIER'S STATEMENT.

Sir Wilfrid Laurier said: "I desire at this moment to call the attention of the house to a statement which was published this morning in the newspapers of this city, and which I understand has been published in all the press of Canada.

This statement is made by Mr. Rogers, a member of the Manitoba government, concerning the action taken by myself and by my colleagues upon an application made some time ago by the government of the province of Manitoba under instructions from the legislature of that province, for an extension of its boundaries.

"I may say at once that it will be my duty so far as the action of the government is concerned in this matter to give the statement a direct, absolute and categorical denial. (Loud cheers.)

A SWEEPING DENIAL.

"Before I proceed any further I may say at once, referring to the whole tenor of this document, in so far as there is a charge that there was an understanding between Mgr. Sbaretti and myself to have the school question considered in connection with the extension of the boundaries of Manitoba, there is not a shadow or a tithe of truth in it. (Loud cheers.) Mr. Rogers says: 'It is certainly idle for any person to assume that Monsignor Sbaretti, occupying the position he does, would presume to make the suggestion of terms and conditions which he did without the full knowledge and consent of Sir Wilfrid Laurier and his colleagues.'

"I assert that if Mgr. Sbaretti did press Mr. Rogers to make the suggestions of terms and conditions, stating that it was with my knowledge, he states something which is not in accordance with truth. (Applause.) If that has taken place, it has taken place wholly without my knowledge and without my participation, and I never heard of it in any way until last Saturday, when the matter was brought to my notice by a telegram from The Toronto Globe.

"According to Mr. Rogers' statement it appears that Mr. Rogers and Mr. Colin Campbell, who were the delegates of the Manitoba government, had a conference with Mgr. Sbaretti, the papal ablegate. There has been a rumor in the press—not in the press but at all events about the corridor of this House—that this conference had been brought about by means of one of my colleagues. I have to say to the House and I have the authority of my colleagues for this, that there never was any conference brought about by him between the delegates and Mgr. Sbaretti and I have to make this further statement that neither myself nor any of my colleagues were intermediaries between Mgr. Sbaretti and the delegates of Manitoba. If there has been such a conference, how it came about I cannot say. Perhaps Mgr. Sbaretti may have had previous communication with these gentlemen. I do not know. Perhaps he knew them and perhaps that is the reason why he called upon them to have a conference. At all events it is no concern of mine, I know nothing and I never knew anything of it until this day, nor did the government. (Cheers.)

"What conversation took place between the papal ablegate, Mr. Rogers and Mr. Colin Campbell I do not know. This is a question, perhaps, as to which there may be something later on; I do not know. But I take the statement as I find it here and upon this statement I have the right to make some comments which may throw some light perhaps on what has taken place. Mr. Rogers says that the ablegate made this remark: 'This invitation was accepted and his excellency then presented the following memorandum, remarking that if we would place this on the statute book of our province it would gladly facilitate an early settlement of our mission, the fixing of our boundaries, which would be extended to the shores of Hudson Bay.' As to that I have no reason to make any comment, to which I know absolutely nothing. Then Mr. Rogers goes on to say: 'His excellency further added that our failure to act in the past had prejudiced our claim for extension westward.'

"Well, sir, I cannot conceive how the papal ablegate, or anyone else, could have stated that the failure of the province of Manitoba to amend the school act prevented the extension of its boundaries westward, and that if such had been done it would have facilitated this extension. I

cannot conceive how it is possible that such a statement of opinion could have been made, considering the fact that since the month of July 1896, when we came into office, up to the month of January, 1905, we never received from the government of Manitoba a communication asking for the extension of the boundaries of that province. (Cheers.)

SBARETTI'S STATEMENT.

Acquits Laurier and Government of all Knowledge of Negotiations.

Ottawa, April 6.—Monsignor Sbaretti has handed out for publication the following statement:

"I think that it is my duty to declare that the press report of a conference with the Manitoba delegates is not altogether exact, and that it is given in such a way as to give a false impression on the minds of the people.

"These are the facts: 'Taking occasion of the presence in Ottawa of Hon. Mr. Campbell, the attorney general of Manitoba, whom I had met in a friendly way more than a year ago, I invited him to come and see me. I never met Hon. Mr. Rogers, nor did I have any communication with him. On the evening before his departure for the west, Feb. 23, Mr. Campbell came, and I asked him if something could be done to improve the conditions of the Catholics of his province with respect to education. I pointed out that in the cities of Winnipeg and Brandon, for instance, the Catholics were paying double taxes.

"I urged my request, on the ground of fairness and justice, and, referring to his mission to Ottawa, I remarked that from the point of view of the Manitoba government some action on these lines would be politically expedient, and would facilitate the accomplishment of his object, inasmuch as Catholics in any territory which might be annexed to Manitoba would naturally object to losing the right they had to separate schools, and to be subjected to the educational condition which existed in Manitoba.

"Mr. Campbell then asked me what would be my desire in this respect. I then gave him the memorandum which has already appeared in the press.

"This is the sum and substance of my interview with Mr. Campbell. The federal government had absolutely no knowledge of it. It was a private conversation and simply intended to express a suggestion and a desire that the condition of the Catholics, in the respect I have mentioned, would be improved.

"Any other assumption or interpretation is altogether unfounded. I think my right of speaking to Mr. Campbell in a private way and on my own responsibility cannot be disputed."
