DAILY HERALD.

SATURDAY, OCTOBER 7, 1905.

POLITICS IN THE WEST.

Mr. Haultain and Mr. Bennett, the Tory leaders in Saskatchewan and Alberta, having recognized the fact that they could not hope to succeed in the provincial elections with the support of the Tory party alone, are seeking to divide the people on the issue of provincial rights, but the Liberals will stand to their guns and leave both gentlemen in the cool shades of opposition. As Mr. C. E. A. Simonds who is the Tory candidate in Leduc, wrote a friend in this city a few months ago: "The Liberals are likely to be predominant in the west for some years to come."

The western provinces have every reason to be satisfied with Laurier and his Liberal advisers. They have made the west what it is today, a bustling hustling country with a development and advance that commands the admiration of the world.

When the Tory party was driven from power in 1896, the west was suffering from dry rot. Immigration was practically at a stand still, railway building languished, the mining and other industries were but indifferently worked, and the people despaired of their country and its prospects, but all this changed now, through the energetic and successful policy of the Laurier government.

It would be a poor return to the premier and his colleagues if the new provinces turned around on the first opportunity offered, and voted non-confidence in the Liberal party whose leaders in Alberta and Saskatchewan in the provincial elections are the close friends and allies of the federal administration. They will not do any such thing, and we look for rattling Liberal victories in the west whenever the elections are called on.

The effort of Messrs. Haultain and Bennett to crawl in on the question of provincial rights is too absurd to seriously engage the attention of the people. Most people feel assured that the new provinces have been accorded very generous terms, financial and otherwise, on entering the confederation, and we believe the electors of Alberta and Saskatchewan are prepared to express their full confidence in the terms of the autonomy bills, including the educational clause, which guarantees to all classes fair and equitable treatment. This question, with others involved, has already been pronounced upon in Edmonton, where Hon. Mr. Oliver was returned by acclamation after taking office in the Laurier government.

THE INCREASE JUSTIFIED.

When the amendment to the game law, raising the non-resident hunting license fee to \$50 was passed by the legislature, there were some people who prophesied that the increase would shut out a large number of sportsmen, and as a consequence, the revenue was not likely to increase, the guides would not be as much employed as under the former figure, and other disastrous consequences from a financial point of view would be added to the undesirable results.

The big game hunting season is now sufficiently advanced to enable judgment in the matter to be expressed, and the outlook is that fully as many sportsmen are taking to the woods as in former years, when the rate was only \$30. The Messrs. Emaek Bros. of this city, who are in close touch with sportsmen, and who receive and mount most of the moose heads captured in the north country, declare that their business this season, so far, is quite up to last year's and from the newspaper reports it is evident that Mr. Carnall, the St. John taxidermist, is receiving quite as many heads as usual.

The receipts from game licenses also show that there has been practically no falling off in the number of outside sportsmen who take advantage of the splendid facilities offered them in the New Brunswick wilds, so that the dire predictions of some people as to the mistake the government was making in raising the price for a non-resident license are not being fulfilled.

With the information already at hand the Herald feels that it can congratulate Surveyor General Sweeney and the government on having raised the license fee, thereby increasing the provincial revenue, without handicapping the wealthy sportsmen who come to New Brunswick to enjoy hunting the lordly moose in a country which for big

game is not surpassed by any other place in America.

Baptist and Free Baptist clergymen and laymen of New Brunswick will meet in St. John next week to put the finishing touches on the union of those two bodies, and the event will be formally consummated on Tuesday. The honor of becoming president of the first convention of the united bodies hereafter to be known as the "United Baptists," is one that will, no doubt, be largely sought.

Sun.—Congratulations are due to Fredericton and Sussex. Both of them have had excellent exhibitions, and both seem to have avoided a defeat.

SPENCER STAR COURSE.

Attractive Entertainments to be Offered Under the Auspices of Y.M.C.A.

A splendid opportunity will be given the people of Fredericton and vicinity to hear a series of high class entertainments during the winter months at a nominal cost by the presentation of the Spencer Star Course, the first of which will be given on Friday evening, Nov. 2nd, and one each month thereafter until the course is completed. There are five in the series as given below:

Friday evening, Nov. 3rd, 1905, The Schbert Male Quartette, and Lodge Reader.

Tuesday evening, Dec. 5th 1905, A. W. Hawks, The Laughing Philosopher.

Tuesday evening, Jan. 9th, 1906, The Boston Concert Company.

Tuesday evening, Feb'y. 13th, 1906 Edwin P. Elliott, in David Harum.

Tuesday evening, March 9th, 1906, Valentine Abt, America's Greatest Harpist and Company.

The fact that this course is promoted by Mr. F. G. Spencer of St. John, is sufficient guarantee of the quality of the entertainments. They are to be given under the auspices of the Y. M. C. A. of this city, and the purchasers of tickets will not only secure admissions to first class entertainments, but will also incidentally give financial help to a local institution, the sole purpose of which is to help the young men of the city. The book of five tickets for the course sells for one dollar, and the tickets are transferable. Reserved seats will cost twenty-five cents additional for each evening and can be procured at McMurray's four days previous to each event by exchanging the course ticket for a coupon ticket. Single reserved seats when available, 75 cents, but will not be sold until the day before the entertainment, thus giving subscribers 3 days exclusive access to the plan.

Tickets are now on sale, and are meeting with a ready response. They may be procured from the general secretary at the Y. M. C. A. rooms, from the solicitors or from any of the directors of the association.

One of the members of the Boston Concert Co., which is to be here on Jan. 9th, is Miss Alice Helene Wetmore, formerly of Moncton. Miss Wetmore has many warm friends in Fredericton who will be delighted to hear her again. Miss Wetmore's singing has won encomiums from "The Boston Home Journal," "Boston Times," the "Johnstown, Pa., Democrat," and other well known journals.

MR. McLATCHY TALKS.

Restigouche M. P. P. Says He Knows Nothing About Being Appointed Judge.

Moncton Transcript.—Mr. H. F. McLatchy, M. P. P., of Campbellton, who was in the city yesterday, told The Transcript that he knew nothing about him being appointed for judgeship. The Tories, he said, were very kind to him, and would give him almost anything, if he would retire from public life. Mr. McLatchy says that he is feeling very comfortable in his present position, and is not seeking for the retirement of Judge Wilkinson or any other man. He is looking after the interests of the people of Restigouche and practicing his legal profession and that keeps him quite busy. Mr. McLatchy paid a high compliment to Hon. F. J. Sweeney, the present surveyor general, and he says that Mr. Sweeney is very popular among the north lumbermen. Mr. McLatchy is the gentleman who in 1900 took the stump against Mr. John McAllister (the then Tory M. P.). He followed Mr. McAllister throughout the campaign, from one end of the country to the other and the result was that Mr. McAllister was badly defeated by Mr. James Reid, the present M. P., who defeated Mr. McAllister by a large majority in the town of Campbellton, where Mr. McLatchy resides. At the last provincial general elections Mr. McLatchy opposed Mr. W. Albert Mott, who had deserted the government and joined the Hazen party to assist in defeating Premier Tweedie. Mr. McLatchy defeated Mr. Mott by a rousing majority and today he is one of the most valued members of the local Liberal government. He is a forcible and eloquent speaker, a good lawyer and a man of sound judgment in legal affairs, and would make a good judge. Mr. McLatchy is a member of the law firm of Murray & McLatchy, and the firm have a very lucrative practice. Mr. McLatchy is well known in Moncton, being an Albert County boy. He has been in our city very often in his younger days. He is a brother of Rev. E. B. McLatchy, pastor of the United Baptist Church in this city.

HOT RACE AT SUSSEX.

But Phoebe W. Beat General Fiske—Time Not Remarkable.

Sussex, Oct. 7.—At sharp 2 o'clock yesterday afternoon the match race between Phoebe W. and Gen. Fiske was called. The weather at this hour was unfavorable for fast time. A high wind, very cold, with a light shower is what the speeders finished the first heat in.

Gen. Fiske drew the pole, which he kept until the last half, when Phoebe commenced to gain and at the last quarter he took the pole, finishing about a length ahead. Time, 2.17. In the second heat, which was exciting, Gen. Fiske took the pole at the first quarter, which he kept and finished about a length ahead. Time, 2.18.

By this time things were getting very exciting as each horse now had a heat.

In the third heat Gen. Fiske had the pole, but Phoebe took it from him on the back stretch of the last half. This was almost an even heat, Phoebe sticking his nose under the wire only a few inches ahead of the General. Time, 2.21.

At the close of this heat Driver Holmes was called and cautioned by the judges for supposed holding his horse. His reply to the judges was: "Gentlemen, I will just sit on and ride, and at the end of the race I will take the money."

In the fourth and last heat Phoebe had the pole and kept it. The first half there were only a few inches between the horses at the wire. But Phoebe finished and won the race by half a length. This heat was most exciting, and the race was for blood. There was considerable of the whip in evidence by both drivers. Time, 2.21.

A PROSPEROUS CITY.

Great Building Boom at Vancouver Surpasses All Records.

Vancouver World.—Buildings to the total value of \$613,910 have been authorized by the building department of the city during the month of September. This establishes a new record for the department and Inspector McSpadden is happy. The large total was brought about by the issuance of the permit for the postoffice, which was given this morning. It makes another record, the amount, \$500,000, being the largest permit for a single structure ever passing through the department. Inspector McSpadden reports that there are buildings to the value of \$250,000 of which he has actual knowledge, which will shortly be added to the list for the year. He is confident the buildings for the year will come near the three million mark as against the two million mark of last year. At the same time it is to be noticed that there has been no unusual boom but the advance has been a steady one, indicating that it is based on a good knowledge of local conditions.

A BAD RECORD.

A Defaulting Mayor and M. P. P.

Victoria, B. C., Oct. 7.—In connection with the sensational climax in the British Columbia career of John Houston, mayor of Nelson City, and its champion in the provincial halls of parliament, it is worthy of note that not only has he anticipated his salary as mayor of Nelson, and it is stated by those most interested, left the Tribune Company involved to the extent of \$5000, but he has also overdrawn his sessional indemnity as a member of the local legislature. Although his absence during last session was more marked than his presence within the chamber of wisdom and eloquence, yet he cashed in advance the entire amount of sessional indemnity, in a manner not contemplated by the law, and regarding which it might be interesting to have an explanation from the astute finance minister.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Take Hall's Family Pills for Constipation.

Harry Smith was arrested by I. C. R. Officer Dryden Friday on the charge of stealing \$36 from the ticket office at Point du Chene September 22. Smith is the man who escaped from a constable while being taken to Dorchester some time ago on the charge of stealing a watch from a sea captain at Shediac. He was brought to Moncton to stand preliminary examination.

SEEMS LIKE A DREAM

Or an illusion doesn't it? It really does, for the old gentlemen never before in his life saw such a display of spectacles.

Spectacles for the Old Folks

We make as much a specialty of as for those who are younger. They fit perfectly. The lenses are ground to suit each particular pair of eyes, and they are beautifully and artistically finished. It's wonderful how cheap they are.
