BIG BATTLE WITH STORM.

Trip on Lake Superior in a Canoe.

Port Arthur, Sept. 22.—John Nicholson performed a heroic deed in the dead of night, when, with a wounded man in a canoe, he braved the Lake Superior storm and safely landed his living but helpless cargo at the dock.

Tuesday evening Robert Martin, employed in Nicholson's camp, some twenty miles down the shore, missed his aim with an axe which he was using to cut wood. The axe penetrated his foot, causing a severe injury. Nicholson made a ligature of ropes and, placing the injured man in a canoe, rigged it with oars and started out in a severe wind and storm, which was rolling the waters into mountainous waves. After battling with the storm for five or six hours he arrived safely, and had his charge conveyed to the hospital.

A braver or more humane act is not recorded in the annals of Thunder Bay, where acts of heroism are not uncommon.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, 75c.

Exclusive of the polar regions there remains unexplored, it is estimated about one-fiftieth of the land surface of the globe. Fifteen years ago the unknown portions were about one-eighth of the earth's total.
