A BEAUTIFUL LINE OF

Friendship,

Engagement and

Wedding Rings

Don't forget our removal to 290 Queen st., opposite
the Officers' Quarters.

F. E. BLACKMER.

THE DEADLY TYPHOON.

Resulted in Large Loss of Life and Property in the Philippines.

Manila, Sept. 29.—(Special.)—Reports now coming in from the places along the path of the recent typhoon on the Luzon Islands and the southern Islands, indicate the great loss of life and property.

In waters surrounding Samar and other islands, many coasting vessels and inland transports were wrecked. The coast guard cutter Leyte is a complete wreck and eleven Americans and twenty-four natives were drowned.

At the town of Sonsogan fifteen natives were drowned.

The loss to hemp plantations is es-

timated at \$1,000,000.

The army transport Juan Rodriguez is ashore at Legaspi.

In the interior of the Island of Samar, thousands of natives are homeless and the same report comes from many other smaller islands. Army posts for the soldiers on the island have been destroyed.

The civil and military authorities are rushing aid to the suffering people in the form of supplies of food and shelter.

Owing to the destruction of the telegraph system reports from other points are very meagre.

HAD VERY NARROW ESCAPE.

I. C. R. Employee Collapsed on Track in Front of Moving Train—Driver's Prompt Action Saved Life.

Moncton, Sept. 29.—(Special.)—The I. C. R. men at work this morning witnessed the thrilling escape of a fellow workman on the Main Street crossing.

The man was walking along the track, unmindful of the Shediac express due at Moncton at 6.45.

It is usual for men to walk along the track on their way to work, and the driver naturally supposed that he would get off the track as usual before the train reached him.

The employee in question, however, remained on the track until the train was very close. The driver saw that the man was likely to be struck and

blew the whistle and applied the air brakes.

The sound of the whistle so close, so alarmed the man ahead, that he collapsed on the track, and it was with the greatest difficulty that the train was brought to a standstill before he was run over.

The train was stopped within a few feet of the man and those who witnessed his miraculous escape breathed easier.

Driver H. Barton was at the throttle, and his presence of mind and quick application of the brakes saved the I. C. R. employee's life.

SPORT THAT WAS DEADLY

Fatal Accident at a Charivari Near New Hamburg, Ontario.

Tavistock, Ont., Sept. 29.—(Special.)—On Thursday a crowd of young men gathered at the home of Mr. Weagater, 17th concession of East Zorra, to charivari his daughter and her husband, who were married in the afternoon.

A very few minutes after the demonstration commenced one of the crowd, John Hauch, a young man 21 years of age, fell to the ground and within a few minutes was dead, killed by a bullet, which entered his left shoulder and no doubt reached his heart.

It is supposed that the bullet was from a revolver in the hands of one of his companions, and the shooting was undoubtedly an accident, as the whole affair was being conducted very good naturedly.

The young man was employed on one of the neighboring farms, and was a son of John Hauch, near Petersburg, Ont.

CHARLOTTETOWN EXPO.

Attendance Fell Nearly 10,000 Short of Fredericton Figures.

Charlottetown, Sept. 29.—(Special.)—The exhibition closed today, the total attendance being fifteen thousand, which is about up to last year.

Today there was a parade of prize winning animals in front of the grand stand. The finish of the horse races and auction sale of stock were the main features.

The attendance yesterday was seven thousand, the best of the four days.

A HUNTING RECORD.

Shediac, Sept. 29.—(Special.)—Dr. E. A. Smith and E. A. Roberts, of Shediac, made a record capture of a large moose yesterday afternoon.

They left home at three o'clock and at six had their moose, which was shot at Smith's Meadows. His antlers measured fifty-five inches.

A FRENCH COLONY.

Winnipeg, Sept. 29.—(Special.)—An effort is being made for the establishment of a French colony of 10,000 is company called the Societe de la Colonie de la Colombe Britannique, which has been operating extensively in the mines in the Atlin district of British Columbia. The managing director, John de la Mar, is now on his way to Ottawa to ask for Federal aid in securing land. It is proposed to locate the colony just north of Edmonton, or in the northern part of Saskatchewan.

HONOR FOR GEN. BOOTH.

London, Sept. 29.—(Special.)—The corporation of the City of London has unanimously resolved to confer the freedom of the city on General Booth, of the Salvation Army, in recognition of his great work for the moral and social elevation of the people.

This is regarded as a unique recognition by the city which is accustomed to bestow the freedom only on members of royal families, military and naval heroes or statesmen of marked prominence.

MONTREAL STOCK MARKET.

Montreal, Sept. 29.—(Special.)—The stock market quotations this morning were as follows:

Dominion Coal, 77 1/2, 77 1/2, 78 1/2.
Dominion Iron and Steel, 23 1/2, 25 1/2, 25 1/2.
Nova Scotia Steel, 65 1/2, 64 1/2, 64 1/2.
C. P. R., 174 1/2, 173 1/2, 175 1/2.
Twin City, 117, 117, 117.
Montreal Power, 95 1/2, 95 1/2, 95 1/2.
Rich. & Ont. Nav., —, —, —.

A BAD MEMORY.

Moncton, Sept. 29.—(Special.)—Mr. Robb, a tailor of Amherst, arrived here last night looking for a man employed by him who borrowed thirty dollars and an overcoat last Tuesday to attend the funeral of a relative near Salisbury, but who failed to return the coat or money. No trace of the man could be got here, and Mr. Robb proceeded to St. John to make search there.

SPORTSMEN RETURNING HOME.

A Party of Seven Came in by the I. C. R. at Noon.

A NEW YORK SPORTSMAN HAD AN EXCITING EXPERIENCE.

A party of seven American sportsmen who have been hunting big game at various points along the I. C. R. since the season opened two weeks ago, returned to the city at noon today. They brought with them the heads and hides of four moose, one caribou, two deer and a bear.

Mr. Carl Pickhart, who has been hunting on the Dungarvon, with Mr. Norris Manderville as guide, was the most fortunate of the lot. His total bag was a moose, with an antler spread of fifty inches, one caribou, two deer and a bear. The moose, which was an exceptionally large one, was shot at close quarters. He was only seven feet away when the first shot was fired and although the bullet struck in a vital spot it failed to check his onward rush. Two more shots were fired in quick succession the last taking effect in the shoulder, and causing the big animal to turn from his course. When he made the turn he was only four feet from the hunter and was so badly wounded that he went down a few moments later, after he had travelled about thirty feet. Mr. Pickhart does not think the animal intended to attack him, but was somewhat crazed by his wounds and was going it blindly. He says that in all his experiences he never had such an exciting time with game, and he would not care to have it repeated.

Mr. F. L. Janny, of Philadelphia, returned today from a hunting trip on the Dungarvon, with Mr. J. Ronald McDonald of Blackville as guide. He secured a moose with an antler spread of forty-three inches.

Another party that returned today was composed of Mr. Henry Disston of Philadelphia, and Mr. Warham Whitney of New York. They hunted on the headwaters of the Little South-west with Mr. Charles B. Love of Keswick Ridge, as guide. Each brought out with them the head of a good sized moose. Mr. Disston was accompanied into the woods by his two servants and says that the game warden at Boiestown compelled him to take out non-resident licenses for both of them at a cost of \$100. The men did not come with the intention of hunting, and, as a matter of fact, did not hunt while in the woods. He was perfectly willing to take out camping licenses for them, but thinks the fee that he was compelled to pay was altogether too steep, and it is his intention to apply for a refund.

Count Thebaud of St. Andrews, and Messrs. L. A. Thebaud and R. D. Foote, of Morrisburg, Pa., returned today from a hunting trip to the Little River Country. They saw a number of moose, but did not have the good fortune to shoot one.

A VIGOROUS PROTEST.

Against the Wilful Destruction of Shade Trees by Men Who Run Telephone and Electric Light Wires.

To the Editor of the Herald,

Sir,—The Local Improvement Association of this city with the means at its disposal, has certainly done much to improve the appearance of our city. It is not only on account of the widespread interest which it has awakened among our citizens in the beautifying of Fredericton.

The city council has made small grants to the Association's funds, and no money has been more wisely expended, but on account of the free hand which the council gives to telephone and telegraph companies to cut and disfigure the shade trees of the city the effect of the work of the association is largely neutralized.

What is the use of planting trees year after year, if when they have grown to any size and happen to be in the way of the running of wires through the city they are to be cut and haggled until they are an eyesore instead of a thing of beauty? It takes years to mature a tree, but any axe man can lay it low in twenty minutes. It would appear from what has occurred on the streets that the city council has given over the trees of our city to the tender mercies of the telephone and electric light people. On some streets the trees have been terribly disfigured, and in our opinion unnecessarily. It does not take a very large space to let a telephone wire through, but according to the conduct of the employees of these companies it is necessary to cut away the half of the top of the tree for that purpose.

This matter came up before the council when Mr. T. C. Allen was mayor, and if I am not mistaken, a resolution was passed to the effect that when ever it was necessary to cut any of the shade trees of the city to allow for the erection of poles in and the running of wires through the city, it should only be done under the supervision of the roadmaster. If such a resolution was passed it is certainly the duty of the council to see that it is carried out. If the roadmaster cannot or will not attend to this duty some man should be appointed who would see that the terms of the resolution are carried out.

Not only in this city is this outrage carried on. The telephone company now seeking to enter the city along the Woodstock Road have wrought sore havoc among the trees along the highway, so much so that strangers have remarked it and wondered that it was allowed.

Men of enterprise who are giving us telephone communication, electric light and other conveniences of the age are entitled to every opportunity to carry on their work, but their employees should not be allowed for that purpose to do with private and public property as they please.

Fredericton, Sept. 29,

Sheriff Hatfield of Kings Co., died Thursday at his home near Norton, aged sixty years. He had been sheriff ten years, and was an efficient and popular officer.

SCARED BY AN AUTO.

Horse Owned by E. G. Hoben Met a Tragic Death.

A valuable Judge Wilkes colt owned by Mr. E. G. Hoben, groomer, met a tragic death at the corner of Queen and Westmorland streets this afternoon. The animal was attached to the delivery wagon and was standing in front of Mr. James Hodge's store on Queen street when an automobile came along and frightened it. A boy named Hayward Seales was in charge of the rig and when he saw the auto coming he sprang into the wagon and endeavored to hold the horse. One of the reins, however, got caught between the animal's hind legs and this handicapped the boy in his efforts to keep it in check.

The animal tore up Queen Street and turned out Westmorland so violently that the wagon was overturned and badly smashed, and the frightened steed was thrown down with such force that its neck was broken. Death ensued almost instantly. The boy was thrown out of the carriage to the sidewalk and received a bad shaking up, and came within an ace of being crushed by a barrel of flour which rolled out of the wagon.

ANNUAL MEETING.

McFarlane-Neill Manufacturing Company Had Prosperous Year.

The annual meeting of the McFarlane-Neill Manufacturing Company was held at the company's office, St. Mary's, this afternoon. A satisfactory report on the year's operations was submitted by the directors and the usual dividend was declared. Mr. J. S. Neill, Mr. Walter McFarlane, Mr. P. L. Morrison, Mr. J. A. Winslow, and Mr. M. A. Tweeddale, were elected directors and at a subsequent meeting of the board the following officers were chosen: President J. S. Neill, vice-president, Mr. McFarlane; manager M. A. Tweeddale.

MR. HANSON'S PURCHASE.

Moncton, Sept. 29.—(Special.)—A. E. Hanson of Fredericton, has purchased the Jones' lot, corner of Main and Botsford Streets, here, for \$5000.

The corner is one of the best business sites in the city.

BIG SILVER NUGGET.

Cobalt, Ont., Sept. 29.—(Special.)—The third monster silver nugget has been found at the Timmings mines. It weighs 160 pounds. Mining managers are having difficulty in stopping the stealing of silver.

Valuable Work.—Do you know, she said, "that your volume of poems has become quite indispensable in our house?"

"Indeed?" he responded, with a pleased look.

"Yes, Mamma says she wouldn't be without them. She threatens to read them whenever the children are naughty."
