GREAT ENANGELISTIC CAMPAIGN.

Dr. Torrey Returns from a Four Years Trip and Reports Wonderful Success.

New York, Dec. 9.—(Special)—Rev. R. A. Torrey, the Evangelist who has been conducting a four years' world wide revival, returned with his family yesterday on the Baltic.

His fellow worker, Singing Evangelist Alexander, will soon join him here. The evangelists have visited China, Japan, Australia and Great Britain.

"I cannot give the number of attendants at our meetings," said Dr. Torrey, "but I have just received a cablegram that the number of those registered in the different churches after our services, is 102,000, including 82,000 in Great Britain. In London 17,000 were converted. The evangelists will begin a revival at Toronto on December 31st, after which they will open a three months' campaign in Philadelphia.

THREW AWAY RICHES.

Returned Sealer with His Companions in Ignorance, Wasted Valuable Substance.

Seattle, Dec. 9.—(Special)—George Schaer, who has just returned from Alaska, has discovered that he and his companions grooved boats, oars, masts and everything else that needed it, with ambergris, worth twenty dollars an ounce, and threw away more than they used, in the belief that it was ordinary grease.

Schaer saved five ounces in a pickle bottle for future use, and the bottle was dropped into his bag forgotten. Yesterday, curiosity to know what the stuff was, led Schaer to show it to a druggist, who offered him \$75 for the contents of the bottle. Schaer says he found the stuff in great quantities in Arctic waters, but never dreamed of its great value.

EVERYBODY IS HAPPY.

The Quarrel in the Courts Between "Frenzied Finance" Lawson and a Newspaper Proprietor is at an End.

Boston, Dec. 9.—(Special)—The Suffolk County jury today returned "No Bill" against Thomas W. Lawson, who has been held for that body by the municipal court on a charge of criminal libel, preferred by Clarence W. Baron, proprietor of a financial newspaper.

The grand jury also returned no indictment against Mr. Baron, against whom it is understood Lawson offered evidence before the grand

jury in connection with the criminal libel complaint.

The action of the jury puts an end to the controversy between Lawson and Baron so far as the criminal courts are concerned.

Baron's charge was based upon an article referring to him published in a magazine alleged to have been written by Lawson.

Lawson's complaint was founded upon statements in Baron's newspaper.

bled to DEATH.

United States Senator Succumbed to Hemorrhage Induced by Teeth Pulling.

Portland, Ore., Dec. 9.—United States Senator John H. Mitchell died at the Good Samaritan Hospital in this city yesterday from complications which followed the removal of four teeth at a dental office in the morning.

A hemorrhage unusually severe followed the removal of the teeth, and the flow of blood could not be stopped. The senator's condition soon became alarming, and it was determined to remove him to the hospital.

Four physicians worked over him and temporarily stopped the hemorrhage, but the relief was of short duration, and again the blood began to flow intermittently, continuing all the evening and through the night.

After daylight the senator's condition grew worse, and pronounced indications of mortification became evident, especially in the ankles, knees and hips. Several hours before death the action of the heart at times became almost imperceptible, and the breath came in short spasms. As the end approached the symptoms became more and more pronounced, death ensuing at 11.40 o'clock.

THE PRESTON CASE.

St. John, Dec. 9.—(Special)—The Preston case was continued in the police court this morning.

The witnesses were Dr. Scammell, Dr. Berryman, Mrs. Clarke and Miss Reynolds.

The evidence was the same as at the inquest, and there were no new developments.

Horace W. Lyons, the engineer of the pilot locomotive of the Montreal express train, which ran into the rear end of a local train near Lincoln on the Boston & Maine railroad Nov. 26, the accident resulting in the death of seventeen persons, was discharged from custody by the Middlesex, Mass., county jury, for which body he had been held on the charge of manslaughter.

BOOT AND SHOE FACTORY.

A number of our leading capitalists propose starting a boot and shoe factory in the building formerly occupied by Simmons & Lowell on the bank of the river below government house. The capital will be \$10,000. It is expected the amount will be subscribed in a few days, and as soon as the memorandum of incorporation can be filed with the provincial secretary, arrangements will be made to start business. We understand that Mr. H. G. C. Ketchum, Ald. M. Richey, Ald. Simmons, the Messrs. J. A. and Wesley Vanwart, and other prominent gentlemen will be connected with the new enterprise. The J. P. deserves the credit of starting his factory. (Unfortunately for the J. P. and for the city the enterprise was not carried forward.)

CALL ACCEPTED.

We are pleased to be able to announce that Rev. A. J. Mowatt of Windsor, N. S., has accepted a call to St. Paul's church, and may be expected here the first of the coming month.

PHOTOGRAPHIC VIEWS.

We know of no better way of familiarizing the people with our province than by means of such an exhibition as was given in the city hall Tuesday evening, when Mr. George T. Taylor showed on a screen fifteen feet square his splendid transparencies of New Brunswick scenery to a large and select audience who were highly pleased with the entertainment. Mr. Edward Jack described the scenes as they were shown to the audience. The light used was manipulated by Mr. John Babbitt. It was very bright and steady and the audience had no reason to complain of any deficiency.

SIR LEONARD TILLEY'S WELCOME.

Sir Leonard Tilley had every reason to be satisfied with his reception by the citizens of Fredericton, and the terms of the address, presented to him on Monday night. When Sir Leonard came on the platform of the city hall he was accompanied by Governor Chandler, Judge Fisher, Judge A. R. Wetmore, Hon. J. J. Fraser, premier, Dr. Rand, Mayor Gregory, Police Magistrate Marsh, E. L. Wetmore, Q. C., C. H. B. Fisher and others. E. L. Wetmore presided and presented the address, which was signed by himself, J. S. Beck, C. H. B. Fisher and A. D. Yerxa. The address was handsomely engrossed by A. G. Beckwith, C. E. Sir Leonard's reply was well adapted to a mixed political audience. (It may be explained that Sir Leonard the previous year had been sworn in finance minister in the new Conservative government, or-

ganized after the defeat of the Mackenzie administration, and that shortly before his advent to that position he had concluded his first term as governor of New Brunswick.)

ACCIDENT.

As the sleigh containing the press representatives who accompanied Sir Leonard Tilley on his inspection of our manufacturing was descending from St. Marys to the river, one of the runners, striking in a snag, snapped short off, precipitating the precious freight into the snow, and slightly injuring Mr. R. A. Payoe, of the St. John Sun, and the Farmer representative.

SAD-DROWNING ACCIDENT.

The river in front of St. Mary's ferry was the scene of a sad drowning accident on Saturday evening, in which George Parks, chairman for Isaac Peabody, Douglas, was the unfortunate victim. Parks was returning home with his milkcart from the city, at eight o'clock, and on reaching the landing at St. Marys left his team to return to the ice to get his skates from a lad to whom he had loaned them. To reach the crowd he had to pass a long opening in the ice, and in the darkness he walked into it and was drowned, although every effort was made to save him. The body was recovered on Sunday, and buried by the Orange body on Monday.

TEA MEETING.

On Tuesday evening a large number of people were entertained by the W. C. T. U. and the Reform Club at a tea meeting at which speeches were made by Mr. George J. Bliss, Mr. L. Estabrooks and Rev.
