NO FORT FOR ST. JOHN.

Dominion Government Decides That Other Places Have More Pressing Claims.

Ottawa, Aug. 14.—(Special)—After considering the advisability of putting up a fort in the harbor of St. John, your correspondent understands that the military authorities have definitely included to postpone that enterprise for the present. The growing value of the shipping

of St. John is fully recognized but a report made by the minister of Militia is that other points are of even more pressing consequence. The St. John project accordingly, without being in any sense finally abandoned, stands over for the present.

SCHWAB AND CARNEGIE.

Latter's Armour Plate Plant May Make Goods for Russia.

New York, Aug. 14.—(Special)—A Braddock Pa., despatch to the Times says:—Charles M. Schwab, while at Braddock to attend the funeral of a relative, Thomas M. Wagner, told friends that he would sail for Europe Tuesday and would visit Andrew Carnegie at Skibo Castle. It is known that Mr. Schwab will take with him some famous engineers and that he is going abroad for the purpose of closing his deal with Russia. The fact that he is to call on Mr. Carnegie has given rise to a report that the immense Carnegie armour plate may be used to manufacture for Russia. Mr. Carnegie had a great personal pride in his name and this more than anything else it is thought, is responsible for his being consulted in regard to the Russian contract.

SOME MATTERS OF TRADE.

New Mexican Tariff Increases Not Serious to Canada—Malt May be Sent to England.

Ottawa, Aug. 14.—(Special)—The trade and commerce department has received from A. W. Joshi, Canadian agent in Mexico, a comparison of duties between the tariff and new one which goes into force in that country, Sept. first. There are some substantial increases, but the majority of them are not large. Information received here as to the prospects of opening up a trade with Great Britain in Canadian malt is not encouraging. The great obstacle is the transportation, which must be done in air-tight tanks. However, some English firms are willing to experiment with Canadian malt. Those in the business however, think there is a great opening for Canadian barley.

A HEARTY SENDOFF.

French Flagship Exchanged Salutes With Nelson's Victory.

Portsmouth, England, Aug. 14.—(Special)—The French fleet left for Brest today amidst great demonstrations of good will.

Farewell salutes were exchanged between Vice Admiral Caillard's flagship, the Massonia, and Lord Nelson's flagship, the Victory.

THE PEACE CONFERENCE.

Portsmouth, N. H., Aug. 14.—(Special)—Nothing was heard from the peace conference this morning. It met at nine-thirty as usual, but up to two o'clock no word of what was going on was given out.

Tokio, Aug. 14.—The Japanese press this morning are pessimistic over the outcome of the peace conference.

The papers generally expect a rupture for which Russia will be to blame.

MONTREAL STOCK MARKET.

Montreal, Aug. 14.—(Special)—The stock market quotations this morning were as follows: Dominion Coal, 78, 77. Dominion Iron & Steel, 234, 224. Dominion Iron & Steel pfd., 74, 74. Nova Scotia Steel, 66, 66. C. P. R., 159, 160. Twin City, 110. Montreal Power, 90, 90. Rich. & Ontario Navigation, 72, 74.

INVITED TO CANADA.

Ottawa, Aug. 14.—(Special)—Hon. R. W. Scott has invited Baron Komura to visit Canada after the peace conference. Komura will come if his engagements permit.

SEVERE ELECTRIC STORM

Serious Damage and Some Deaths in New York.

New York, Aug. 13.—Widespread damage was caused by a thunderstorm of unusual violence, that accompanied by a high wind and a deluge of rain, burst over New York and vicinity today.

A boat house at the foot of West was struck by lightning and Miss Jeanette Freer, aged 20 years, was instantly killed. A dozen other persons were rendered unconscious but revived.

A Western Avenue trolley car, carrying nearly a hundred passengers bound for Mount Vernon, was struck at 170th street. The detonation that accompanied the shock participated a panic among the passengers.

Fourteen persons, almost all women, were injured, nine of them so seriously that they had to be removed to a hospital. After the bolt struck the car continued at high speed and most of those hurt received their injuries by jumping or being pushed from the platforms.

In the harbor the storm was cyclonic in its fury and many small boats were capsized.

Five hundred immigrants were in danger for an hour, when two barges on which they were broke away from the dock at Ellis Island and were blown down the bay, pitching and rolling in the heavy sea. Three tugs grappled the barges and succeeded in holding them until the storm subsided.

At Fort George the machinery of the big ferris wheel stopped just as the storm broke and nearly a hundred panic stricken men, women and children were held aloft for fully an hour exposed to the full fury of the wind and rain.

One death and three cases of prostration resulted from the heat.

CANADIAN BOAT WON.

Charlotte, N. Y., Aug. 14.—(Special)—The second race for Canada's cup today resulted in a victory for Temeraire, the Canadian yacht.

HIS FAREWELL SERMON.

Rev. Father McDermott's Late Parishoners at Oromocto Presented Him With an Appreciative Address and a Purse of Money.

Rev. Father McDermott, who for the past nine years has administered to the spiritual wants of the Roman Catholic congregation at Oromocto, and who has lately been transferred to Sussex, preached his farewell sermon to the people of Oromocto yesterday.

A large congregation was present, doors. At the conclusion of the service Mr. Holley Rutledge on behalf of the congregation, presented the reverend gentleman with a well purse at the same time reading the following address which was prepared by Mr. F. T. D. McElroy.

To Rev. Father McDermott:

Dear and Reverend Father.—Owing to your appointment to another pastorate charge your labors in this place are about drawing to a close.

We the members of your church at Oromocto, desire to express our respect for you and our hearty appreciation of the good work both spiritual and temporal which you have done among us during the nine years we have had the privilege of enjoying your ministrations.

We have been moved by a deep sense of gratitude at your earnest and untiring labors for our spiritual welfare and the deep interest you have taken in our temporal success. These efforts have done much to strengthen the bond which exists between priest and people and your good work in our midst will never be forgotten by us.

An impress of your devoted care and handiwork is evidenced every where in our parish and all point to the fact that the gifts and talents of a high order with which God has blessed you were well used in our behalf.

Now that you are about to take your departure we hope that the weightier responsibilities of your parish at Sussex will not prevent you remembering with solicitude and affection your former parishioners at Oromocto.

We would therefore ask you, Reverend Father, to accept these expressions of our sincere gratitude accompanied by this purse, not because of their inherent value but as a small token of our appreciation of your zealous spiritual labors for the salvation of our souls.

In conclusion we earnestly invoke Almighty God to enlighten, guide and assist you to wisely direct and govern the people committed to your future care and rest assured that wherever your future path of duty may lie you will always have the prayers and best wishes of your old parishioners at Oromocto.

"Farewell"—a word that must and shall be a sound that makes us linger—yet "Farewell."

Signed on behalf of the congregation of St. Vincent de Paul's church, Oromocto, Aug. 13, 1905, Felix McGarr, Alex. Burnett, F. T. D. McElroy, John Rutledge and Sarsfield J. Logue.

The purse which contained a substantial amount was collected by Misses Bridgetta Rutledge and Martina Logue.

Father McDermott made a suitable reply referring to the pleasant relations which had always existed between himself and the congregation of St. Vincent de Paul's church.

Rev. Father Carleton of St. John, has been appointed to the parishes of Petersville, Gagetown, Oromocto and Fredericton Junction, in Father McDermott's place.

THE ABERDEEN MILL FIRE.

Donald Fraser and Sons Had Insurance Amounting to \$35,000.

HAVE NOT YET DECIDED TO REBUILD THE MILL.

Mr. Donald Fraser, Jr., returned on Saturday evening from a trip to Plaster Rock in response to a message informing him of the destruction by fire of the Aberdeen mills and lumber yard. He has not yet had time to prepare a statement of the amount of lumber destroyed, but thinks it will be considerably less than stated by some of the newspapers.

Without consulting the books of the concern, he thought that roughly speaking about four million feet of lumber had been destroyed. In the course of a day or two he would be able to tell the exact amount. He did not think the total loss would exceed \$100,000.

Asked by the Herald representative if the concern would be likely to rebuild, Mr. Fraser replied that it was impossible to answer that question at present. Personally he was in favor of rebuilding, as his home was in Fredericton and he liked the place very much. It must be remembered, however, that he was only one member of the concern, and the others would certainly not be anxious to rebuild here. "All the lumber that we manufacture in Fredericton," said Mr. Fraser, "is brought right past our own mills, so you see it will be possible for us to get along without rebuilding in Fredericton. We will shortly have a new mill at Baker Brook, which will handle our lumber cut in that vicinity, and our mill at Plaster Rock can be made to take

care of our Tobique cut. The Caban mill, of course, does the work further up the river."

Mr. Fraser intimated that it was not the intention of the concern to seek any favors from the city, but he also said they would not think of rebuilding here without providing some system of fire protection. He thought the firm had been of some benefit to the city, and if the city council had any proposition to submit to them in regard to rebuilding they would certainly be most pleased to hear it.

The amount of insurance on the mill and machinery is given at \$15,000 and the lumber was insured for \$20,000, making a total of \$35,000.

The insurance is divided as follows: Phoenix of London (lumber) \$14,000 Home of New York (lumber) 6,000 Phoenix of London (mill) 5,000 North British and Mercantile (mill) 3,000 Atlas (mill) 3,000 Queen (mill) 2,000 British American (mill) 2,000

Total \$35,000

A considerable quantity of lumber probably about two million feet, was saved, and the value of this will, of course be deducted from the amount of insurance.

Representatives of the several companies interested are expected here tomorrow to adjust the losses.

INTERNATIONAL FOOTBALL

A Picked English Team to Tour America This Autumn.

New York, Aug. 14.—(Special)—On top of the announcement that the tour of the International Association football club of England to the United States and Canada, has been declared off, comes news that a picked English team association of players will visit this country in the fall. This team will be under the management of G. H. Murray, of London, and will include such well known players as Charles Kirkpatrick, Dr. Roose, Victor Fitchie, P. Hornsfield,

the Farmfield brothers, Fred Mills and G. B. Fry.

It is the intention of the visiting team to play games in Quebec, Montreal, Ottawa, Peterboro, Toronto, Winnipeg, Chicago, Boston, New York and Philadelphia.

LADY BORDEN ILL.

Lady Borden wife of the Minister of Militia, has been suffering from a severe illness during the past week at Canning, N. S., and her condition is still critical. She, together with Sir Frederick and the Misses Borden, were to have left on twenty-fifth of this month for the Pacific Coast, but, at matters now stand, the date of the trip is uncertain.

Miss Kittle Walsh of St. John, is visiting the Misses Rowan Lincoln.
