

Sunlight Soap does not harden or shrink woollens

It is injurious chemicals and adulterations in common soaps that destroy your clothes. It is adulterations that harden your woollens and the excess alkali that destroys and shrinks them.

Sunlight Soap

contains no adulteration or excess alkali. It is just pure saponified fats and oils. That is why it cleanses your clothes perfectly in hard or soft water and does not injure them.

All dealers are authorized to return your purchase money if you find any cause for complaint.

west. Miramichi, embracing an area of 160,000 acres, which I understand has lately passed into the hands of an American syndicate, at a price of upwards of \$600,000. The timber growth is much the same as on Mr. Gibson's property.

SURVEYS OF TIMBER LINES.

No timber lands can be properly managed without a system of carefully prepared surveys and block timber lines, as well as accurate maps. Generally speaking the crown lands are blocked off into areas of six square miles, the lines running astronomically north, south, and east and west, 2 1/2 miles each way. On some rivers, blocks are laid off 5 miles each way, and in Restigouche country the blocks are as small as 1,000 acres. The practice is to run the base lines 5 miles apart and large expenditures have in this way been made by the government. The subdivisions of the licenses are surveyed after first getting an order from the Crown Land office, accompanied by a plan, showing in detail previous lines run, while the crown contains a description of the lines to be surveyed. All these surveys have been made by blazing lines through the forests with the ordinary compass. The system is open to considerable objection, but it is found practically to satisfy those whose interests are involved.

VALUERS OF TIMBER LANDS.

My experience would warrant the statement that timber lands have doubled in value within the last ten years.

For the right to cut on Crown Lands, not including stumpage, fairly good timber lands would be worth \$200 per square mile, and first class lands \$500 and over a square mile, according to location. The price of soil right lands has probably increased in the same proportion, prices ranging from two to five dollars per acre, although some properties have lately been sold much above these figures and running as high as ten dollars per acre.

Contracted Bad Cold. Doctor Said, Serious!

Wanted To Send Him Three Hundred Miles To The Winnipeg Hospital.

Bottle and a Half of
Dr. Wood's Norway Pine Syrup
Cured.

Read what Mrs. A. G. Wheeler, Waseca, Man., has to say about it:—"Please let me thank you for the great good that both my husband and my children have received from Dr. Wood's Norway Pine Syrup. One night when my husband came home from work he had contracted a very bad cold. He became so bad that he had to go to bed and send for the doctor. When the doctor came he pronounced it a very serious case, and wanted me to send him to the Winnipeg Hospital. This I would not do, as it is about 800 miles to Winnipeg. I decided to try Dr. Wood's Norway Pine Syrup and got four bottles of it. He only took one and a half bottles before he was all right again and only lost a few days' work. I always keep it in the house for the children. Even the baby, seven months old, takes it and seems to like it, and as for myself I do not know what I would do without it. I think that every good housekeeper should keep a bottle on hand, for I know it will save many a doctor bill."

for prime black spruce, easy of access and comparatively free from fire danger.

In summing up this paper, which has already grown to too great a length, I would recommend,

1st. More effectual means for the protection from fires.

2nd. The separation of the timber lands from agricultural lands.

3rd. A carefully selected corps of permanently employed foresters.

4th. Restrictions as to the cutting of undersized lumber.

Perhaps I may be expected to add reforestation, and while much can be said about tree planting, I am of the opinion our efforts, at present will be better met by a more efficient preservation of our forests, and more careful cutting of the standing timber. New Brunswick has yet a noble heritage in her forests. Let us then work together to preserve this heritage so that we ourselves and future generations may reap the benefits which nature has so lavishly bestowed.

In conclusion, again, let us not forget the old Scotch saying, "Be aye stickin' in a tree; it'll be growin' when ye're sleepin'."

Do the right thing when sore chest and tickling throat warn you that an all-winter cold threaten. Use the staunch old remedy, Perry Davis' Painkiller, and get rid of the pest in twenty-four hours. 25 and 50 cents.

GOOD WORDS FOR MR. MURRAY.

Newcastle Advocate.—Of late we have heard a good deal about Mr. Robert Murray of Chatham. Embodied in the general criticism was an assertion that Mr. Murray was not popular. Now, we should like to ask those who made this assertion, what Mr. Murray has or has not done to deserve unpopularity? In private life he has always been a clean, respectable man; in public life he has been capable and honest; and that is the most we can say of any man. We believe that Mr. Murray will make a good representative of this county in the local legislature.

MARCONI'S WEDDING.

Great Crowds Flock to See Wireless Telegraphy Wizard.

London, March 17.—The marriage of Guglielmo Marconi to the Hon. Beatrice O'Brien, half sister to Lord Inchiquin, took place yesterday at St. George's church, Hanover square. Signor Marconi's mother and brother, the latter being best man, came from Italy for the ceremony. Lord Inchiquin gave away the bride, who was attended by four bridesmaids. The couple afterwards started on their honeymoon, which will be spent in Ireland.

They expect to sail for New York March 25th. Later they will be the guests of King Victor Emmanuel, and Queen Helena at the quinal.

The crowds which collected outside the church were so dense that traffic had to be stopped.

And Found Her Matrimonial Fate.

St. John Lady's Romance.

On Saturday of this week a young Scotch lady who has been a temporary resident of St. John will leave for the great Canadian northwest, where she will be married to a prosperous Canadian farmer. The young lady in question is Miss Mary Pillendrick, a native of Scotland who has only been out in Canada about nine months, and has since been employed by Mr. Adam Shand, the local florist at his green house, Coldbrook. There are traces of a romance in the case, and the facts as the Globe learns them are as follows:

An advertisement appeared in a Montreal paper recently for a wife, and requested all applicants to write to Mr. J. Knowlton, who had a farm out in Alberta.

Miss Pillendrick answered the notice, and as a result correspondence was started and kept up. The bride to be didn't say anything further about the question in question, but if she had any doubts they were allayed by enquiry from a gentleman, now in the city, who came from the same place as Mr. Knowlton. His eulogy of the gentleman in question settled the question, and now the young Scotchwoman will leave on Saturday for the great west, where she will be married to Mr. Knowlton, he having forwarded the necessary wherewithal to defray the expenses of the journey.

There was a run on the Houlton Savings Bank one day last week, and \$25,000 was withdrawn by excited depositors. The merchants and business men did not share in the panic, and the other two banks in the town offered their support to the Savings Bank, which, fortunately, was not required. This run is supposed to have been started by the injudicious remarks of a preacher named J. T. Moore, speaking in Lincolnton on the evening of February 14. Most of the money withdrawn had since been replaced in the bank.

Thousands upon thousands of the best known people in Canada have greatly benefited by the use of Allen's Lung Balsam. It cures deep-seated coughs and colds, as well as all cases of croup, quinsy, bronchitis and similar affections.

Many names are mentioned for the Newcastle, N. B., mayoralty notably among which are two of the present members of the board of aldermen, viz., Ald. Armstrong and Ald. Russell. Another name prominently mentioned is Mr. S. W. Miller. There are many people also who would like to see Mr. J. D. Creaghan run, and perhaps he can be persuaded to do so. Mayor Brown will not likely re-offer. Newcastle Advocate.

Eleven years of constant use in Blythe, Ont., is Dr. H. J. Milne's experience with "the D & L" Emulsion. Do you suppose he would have continued ordering it unless it was the best?

The Newcastle Advocate is informed that it is the intention of the I. C. R. to erect in the near future a round house at that town costing approximately \$25,000.

Mrs. John Henderson, widow of the former member of The New York Herald staff, died at Toronto Saturday, just a week having elapsed since her husband's death. She was 69 years old and had been in poor health for some time. A daughter survives her.—New York Herald, March 6. His wife, who was advanced in years, could not survive the shock of his death.)

Many Women Suffer Untold Agony From Kidney Trouble.

Very often they think it is from so-called "female disease." There is less female trouble than they think. Women suffer from backache, sleeplessness, nervousness, irritability, and a dragging-down feeling in the loins. So do men, and they do not have "female trouble." Why, then, blame all your trouble to female disease? With healthy kidneys, few women will ever have "female disorders." The kidneys are so closely connected with all the internal organs, that when the kidneys go wrong, everything goes wrong. Much distress would be saved if women would only take

DOAN'S KIDNEY PILLS

at stated intervals. Miss Nellie Clark, Lambeth, Ont., tells of her cure in the following words:—"I suffered for about two years with kidney trouble. I ached all over, especially in the small of my back; not being able to sleep well, no appetite, menstruation irregular, nervous irritability, and brick-dust deposit in urine, were some of my symptoms. I took Doan's Kidney Pills. The pain in my back gradually left me, my appetite returned, I sleep well, and am effectually cured. I can highly recommend Doan's Kidney Pills to all sufferers from kidney trouble."
