These Tuesday sales serve a double purpose—that of keeping a clean stock and of introducing new goods. Splendid new Fall lines. Ask to see anything you are interested in. No trouble to show goods.

TERRIFIC CLOUDBURST.

Carried Death and Destruction to Colorado Towns.

NINE LIVES KNOWN TO HAVE BEEN LOST.

And Property Valued at Hundreds of Thousands of Dollars Consumed.

DIFFICULTY IN GETTING HELP TO THE SUFFERERS.

Trinidad, Colo., Aug. 25.—(Special)—A cloud burst in the vicinity of Rhode Canyon, through which an ordinarily small stream of water runs, last night was converted into a raging torrent which swept through the towns of Berwind and Tibasco, wrecking everything, and drowning at least nine persons.

The property loss estimated at hundreds of thousands of dollars, was suffered mostly by the Colorado Fuel and Iron Co., and the Colorado & Southern Railway Company.

It is impossible to get accurate news of the loss of life and property,

for the reason that communication with the stricken towns is constantly interrupted by the storm which still continues.

Relief parties have gone from Trinidad and neighboring towns, but cannot reach the canyon for several hours, as the road for sixteen miles of the distance between is deluged.

From all directions are coming reports of disastrous effects of the storm, which enveloped Trinidad and the territory adjoining for miles, but no further loss of life than at Berwind and Tibasco has been reported.

TUNNELING UNDER RIVER.

Work on the Passage Beneath the Detroit Has Commenced—Tunnell Will be Three Miles Long.

Detroit, Aug. 25.—(Special)—Work on the railroad tunnel to be constructed under the Detroit River, between Windsor and Detroit, was begun today, when a force of workmen were set to work sinking the initial shaft on the American side. A similar shaft will shortly be started on the Canadian side.

The actual length of the underground portion of the tunnel will be two and six-tenths miles, and the distance from surface to surface almost three miles.

It is estimated that between two and three years will be occupied in its construction.

TUBERCULOSIS CURE.

Great Discovery Said to Have Been Made by New York Physician.

New York, Aug. 25.—(Special)—It is claimed that great results have been attained from treating tuberculosis patients with combination foods, which produce juice and destroy bacilli.

Dr. John F. Russel, of the post graduate hospital discovered the combination, which makes it possible to give successful home treatment for the disease. There has been a great increase in the number of cures at the hospital.

The vegetable juices are got from a combination of potatoes, onions, turnips, cabbage, celery, sweet potatoes, apples, pineapples, carrots, parsnips, rhubarb, tomatoes, spinach, radishes, string beans, and peas, and are used in combination with bread, butter, eggs, and milk.

ALBERT LADY DEAD.

Widow of Clergyman and Mother of Well Known Postal Clerk.

Moncton, Aug. 25.—(Special)—Mrs. Gross, relict of the Rev. Michael Gross, passed away this morning at Hillsboro, Albert county, after a short illness from heart trouble.

Mrs. Gross was a native of Albert, and was seventy years old. Her surviving sons are Albert J. Gross, the well known postal clerk of St. John, whose wife was formerly Mrs. Archie Randolph of Fredericton; Charles, of Chatham; H. E. and Clarence of this city. One daughter, Mrs. Edward Jones, lives at Hillsboro; another, Mrs. Tait Taylor at Dillon, Mont.

COLPITTS REUNION.

Well Known Family in Annual Picnic Hears Interesting Report.

Moncton, Aug. 25.—(Special)—The Colpitts family picnic held at Point River, yesterday was the most largely attended gathering held yet by this numerous family.

The feature of the day was a report from Robert J. Colpitts, containing information respecting the Colpitts family connections in England. He had just returned from the north of England where he gathered information respecting the family.

MONTREAL STOCK MARKET.

Montreal, Aug. 25.—(Special)—Stock market quotations this morning were as follows:

Dominion Coal, 78, 78, 78 1/2. Dominika Iron and Steel, 22, 22, 22. Dominion Iron and Steel pfd, 71 1/2, 71 1/2. Nova Scotia Steel, 67 1/2, 66 1/2, 66. C. P. R., 161, 160, 160. Twin City, 117 1/2, 117 1/2, 117 1/2. Montreal Power, 90, —, —. Rich. & Ont. Navigation, 74, —, 74.

COAL AT SYDNEY.

Sydney, N. S., Aug. 25.—(Special)—Workmen employed in excavating for the foundation of the new Masonic Temple, discovered today an outcrop seam of coal six inches thick. The place where the find was made is in the very heart of the city.

"BOBS" MAY COME.

Ottawa, Aug. 25.—(Special)—At the Government House it is expected that Lord Roberts may possibly pay a visit to Canada this year as he had contemplated.

SUCCESSFUL PICNIC.

St. Mary's Parishioners of Rev. Dr. Duffy and Other Friends Had Good Time at Durham.

Yesterday the annual church picnic under the auspices of the combined congregations of the Church of England of Gibson, St. Mary's, Marysville and Durham, was a grand success, and a very enjoyable affair. Notwithstanding the disagreeable weather of the morning, a large crowd was present, the country in the near vicinity of the picnic grounds being especially well represented, as over fifty teams were in the grounds at one time. The Marysville Brass Band furnished excellent music throughout the day. The usual picnic games were provided, for which valuable prizes were given. Mr. Fred Gamble of Marysville winning the lion's share, taking home four first prizes, including the ring toss, the Indian ball game and two prizes for the bean toss, while Miss Annie Miles and Miss Staples won the ladies' bean toss. Mr. Duncan Robinson of Marysville won a handsome clock for making the highest score with the rifle, while Mr. H. Ards and Wm. Taylor shot off for second, the former winning, making 46 points out of a possible 50. Mr. Duncan Robinson guessed the nearest to the number of candies in a bottle, being only one from the correct number. Mr. William Gamble of St. Mary's got the oak rocker for the most popular man from his parish, and Mrs. Boone won the ladies' prize.

The usual picnic races were under the able management of Mr. A. D. Macpherson, and he certainly filled his position well, as this part of the outing was a grand success, and caused lots of amusement and pleasure, and everybody who ran got a prize.

The refreshments were in charge of the Marysville people, and they were kept busy throughout the day, and everything was sold early in the afternoon, and their part of the picnic was certainly a splendid success.

The last but not the least was the dinner and tea, which the Durham people served on the grounds, and which has never been equalled at a picnic before. They had everything a person could wish for, including lamb, beef and all the vegetables in season, pies, cake, cheese-cakes, biscuit, tea, coffee and pickles galore.

The return train left shortly after seven, and the trip homeward was delightful, and everybody expressed themselves as having spent a very enjoyable day.

The committee in charge of the picnic wish, through the columns of the Herald, to thank all who so kindly helped to make the affair a success, and to thank all who donated prizes for the different events.

BEAT THEM ALL.

Rev. Mr. Dibblee's Picnic an Unprecedented Success.

The ninth annual Church of England picnic at Fredericton Junction on Wednesday, Aug. 23, proved the most successful from every point of view of any of the series. The attendance was the largest on record and the receipts were in excess of any previous year, amounting to \$446.00.

Between 700 and 800 people were in attendance during the day coming from all the outlying districts. The Oromocto excursion boat arrived shortly before noon with upwards of seventy and the trains from all quarters brought many more.

The sports were hotly contested and the prizes were of high order. The various committees applied themselves as never before and everything went on merrily, the best of order prevailing. About 700 meals were served on the grounds, 500 taking tea. The 71st Reg. Band excelled themselves and received many compliments.

The sports consisted of rifle, merry-go-round, bean toss, ring toss, archery, putting shot, babies on the block etc.

Rev. Mr. Dibblee is particularly gratified at the growing popularity of this annual event which owes its creation to his efforts and he has asked the Herald to express his thanks to the merchants of Fredericton for their generous contributions of prizes and to the general public for its very liberal patronage.

Digby, Aug. 24.—Elmer E. Young is tonight on the broad Atlantic with his passport safely in his pocket. He registered a most emphatic kick against the action of the authorities, and shaking the dust of Nova Scotia from off his feet, he left for Boston via Yarmouth this afternoon.

His request to be allowed the custody of baby Elma was refused. The child is still at the almshouse, and as many persons are anxious to adopt it, a good home and proper upbringing will be assured for its future.

Mr. Young announced that he would begin proceedings from Boston with an end to secure its custody, but beyond stating that the child was born in Boston and is therefore an American subject, he was rather vague or to the line of action which would be adopted. He took back with him garments which he had bought for the child.

CIVIC MATTERS.

Sewerage and Tax Commission Matters to Come up This Evening.

The city council will hold a special meeting this evening to receive reports from the sewerage and finance committees and take action thereon. It is understood that the finance committee will recommend the appointment of a tax commission, and that in all probability Messrs. T. C. Allen, L. W. Johnston and Dr. Scott will be selected, as they seem to be in favor with a majority of the council.

The special committee on sewerage will submit a report in which they will likely recommend the employment of an engineer to prepare plans and specifications for a complete system of sewerage.

The sewerage committee held a meeting this morning and made an examination of the profiles prepared by City Engineer Brown, with a view of drafting a report for submission to the council at tonight's meeting. The profile map having been completed it will now be possible to determine the grades, and that done the plans and specifications can be prepared. The committee will probably recommend that the city engineer consult with Engineer Barbour on sewerage matters.

SERIOUS FIRE.

Jacob Lawrence's Property at Long's Creek Swept Away.

The dwelling house and outbuilding of Mr. Jacob Lawrence at Long's Creek, Parish of Kingsclear, were totally destroyed by fire yesterday afternoon. The flames made a clean sweep of the house, two barns, wagon house, and piggery, entailing a loss of between \$4,000 and \$5,000.

The fire originated in the ell and was evidently caused by a spark from the chimney. A stiff westerly wind prevailed at the time and the flames spread with great rapidity. The neighbors responded promptly to the call for help but the best they could do was save a few small pieces of furniture. The fire spread to the wagon house and barn and in a very short space of time they were levelled to the ground with all their contents, including farm machinery and one hundred tons of new hay.

Mr. Lawrence is known as a hard-working thrifty farmer, and the loss will be seriously felt by him. He is a brother-in-law of Mr. A. H. Vanwart of this city.

The dwelling house and barn were insured in the Norwich Union, represented by B. H. Babbitt, for \$2,000.

Mr. Lawrence's property is located on the western side of the road, a short distance below Long's Creek Bridge. It was at one time owned by the late Mr. John Long, and subsequently by Mr. Edgar Slipp.

A BRILLIANT SCHOLAR.

Who Will on Sunday Next be Ordained to the Anglican Ministry.

Mr. W. O. Raymond, son of Rev. W. O. Raymond of this city, will be ordained to the Anglican ministry next Sunday at the Cathedral, Fredericton, and will immediately take up pastoral duties at McAdam.

Mr. Raymond has many friends throughout the province, who will wish him success in his chosen work. He has had a distinguished college career and as a scholar has attained a very high standard. He took his A. B. degree from the University of New Brunswick in 1902, winning the Douglas gold medal and graduating with honors in Natural Science and distinctions in English. The Diocesan College, Montreal, and same years he entered the Montreal while there carried off many leading prizes. In his second year he captured every prize in the nine subjects, while in his final year he succeeded in winning the Gault gold medal, the Gault prize, and the Ellegood prize, and was appointed valedictorian of his class.

WANTED MISS ROOSEVELT.

Sultan of Moro in the Philippines Proposed to President's Daughter.

Manila, Aug. 25.—As a ludicrous climax to the festivities given by the Sultan of Sulu and other Moro dignitaries in honor of Secretary of War Taft and Miss Roosevelt and their party, the Sultan has offered his hand in marriage to Miss Roosevelt and begged her to become Sultana of the Sulu archipelago. The Sultan said that it was the earnest desire of his people that Miss Roosevelt remain among them.

The despatches from Jolo fail to say how Miss Roosevelt replied to the Sultan's proposal. For the benefit of Representative Nicholas Longworth of Cincinnati, who was standing by with Secretary Taft, she probably agreed to take the offer into consideration. As the Sultan has already six wives, it may be taken that his proffer of marriage to Miss Roosevelt was only a form of Oriental politeness.

Vacation Days are KODAK Days

Picture taking will add immensely to the pleasure of your vacation.

KODAKS \$5 to \$108
BROWNIE CAMERAS \$1 to \$9

C. Fred. Chestnut,
Apothecary,

Queen st., - Fredericton, N. B.

REMOVAL NOTICE.

I expect to remove in the near future from my present place of business to the store lately occupied by Mr. H. D. White, between Gleaner and Western Union Telegraph Offices, where I will be glad to receive the same splendid patronage as in the past.

F. E. BLACKMER, 222 QUEEN ST.
