BANK BUSTERS WANTED.

One Brother Already Under Arrest for Embezzlement and Another Has Disappeared.

THEY OWNED AND WRECKED A COLORADO BANK.

Alamosa, Colo., Oct. 6.—(Special)—W. Schiffer, one of the owners of the Alamosa Bank, which recently went into the hands of a receiver, was arrested last night on a charge of embezzling a sum in excess of \$50,000, belonging to the San Luis Building Loan Association, of which he was treasurer.

Warrants were sworn out against Schiffer, charging him with receiving deposits when he knew the Alamosa Bank was insolvent, and failing to supply bonds. Schiffer is in jail.

A warrant has also been sworn out against Abraham Schiffer, another part owner of the suspended bank, but he has not yet been located. It is believed he is in New York.

The report of the depositors' committee shows the bank to have assets of an indefinite commercial value amounting to \$373,744.

The liabilities include \$198,964 due depositors, and \$95,000 due to other banks.

New York, Oct. 6.—At police headquarters an alarm has been sent out for Abraham Schiffer, controlling owner in the firm of Polgram & Meyer and part owner of the Alamosa Bank at Alamosa, Colo., which closed its door a few weeks ago after two hundred and fifty thousand dollars of its funds were reported missing.

Schiffer left New York last Thursday, ostensibly for Alamosa and has not been here since. His brother fears he met violence.

Isaac Schiffer, another brother and partner in the western bank is in Alamosa. About a year ago Abraham took charge of the bank at Alamosa and his brother thinks he may have been killed.

GREAT BRITAIN AND RUSSIA.

Possibility of an Understanding Between the Two Powers to Preserve Peace in the East.

London, Oct. 6.—(Special)—Following closely upon the publication of the text of the Anglo-Japanese treaty, comes considerable talk of the possibility of an understanding between Great Britain and Russia.

All the newspapers are pointing columns to a discussion of the question, pointing out that if Russia is sincere in her expressions of a desire

for peace in central Asia, there is no reason why the two incidental enemies, should not come to an agreement that will not only assure peace, but clear all suspicions leading to friction that has existed for

Negotiations with this object in view are pending, although definite official confirmation is lacking.

MATCH RACE LIKELY.

Phoebe W. and Island Horse May be Matched for St. John Carnival Week.

St. John, Oct. 6.—(Special)—There is a possibility that Phoebe W. driven by S. A. Fowler and Ada Mac, owned by William Bonus of Summerside, P. E. I., will come together in this city some time during carnival week, in a match race for five hundred dollars a side.

Phoebe W.'s owner said this morning that he was willing to race his horse against the speedy one from the Island.

Five Story Building Collapsed, Burying 100 Men in the Ruins.

Up to the time of this despatch was filed only seven men had been extricated and they were horribly injured.

BITS OF NEWS.

Items of Interest Culled from Our Exchanges and Other Sources.

At Hillsboro Thursday a sailor on the plaster wharf was making a moose call when he was surprised to see a monarch of the forest emerge from the woods near by. Dogs chased him and he jumped into the water of the Pettedodiac and was carried by the tide down to Edgett's landing before he was able to make shore again.

Miss Catherine F. Mair, B. A., of Campbellton, N. B., who is now under appointment to Foreign Mission work in Korea, and who is being supported by St. James' church of New Glasgow, was designated to that work on Monday, Oct. second, at a public meeting in that church.

The contract for the construction of a new roadbed on the section of the Grand Trunk Pacific from Fort William to Lake Superior junction, a distance of about 210 miles, was let Thursday to Foley Bros., Larsen & Co. of Winnipeg. It is stipulated that the work shall be completed so that the line may be utilized in handling the wheat crop of 1907. This makes about 500 miles of new road under contract, and it is expected that 500 miles more will be let before the end of November.

It was brought out by testimony before the legislative insurance committee Thursday at New York that Robert H. McCurdy, president of the Mutual Life Insurance company, has received as commissions on foreign business \$541,852, and that Lewis A. Thebaud, son-in-law of Richard A. McCurdy, had received an aggregate of \$920,113 in commissions from the company. It was also brought out that Robert H. McCurdy expected his income this year would be about \$110,000.

IS KNOWN HERE.

Louis A. Thebaud, whose name figured quite prominently on New York despatches today, in connection with the Life Assurance inquiry recently spent two weeks hunting the game at Little River in this province and passed through Fredericton only last week. He is a cousin of Count Thebaud of St. Andrews.

The simple life is a fancy that those people have adopted who are worn out by the other kind.

Y. M. C. A. BEGINS SEASON'S WORK.

The Annual Meeting Held Last Evening—The Financial Statement.

The annual meeting of the Fredericton Y. M. C. A. was held in the association parlors last evening. The president, Dr. Scott of the U. N. B., occupied the chair and there was a very fair attendance. The gathering took the form of a welcome, to Mr. A. Ballantyne of Portland, Me., the new general secretary. Interesting and helpful addresses were delivered by President Scott, Rev. Dr. Rogers, Rev. J. H. MacDonald and Secretary Ballantyne.

The following directors whose term of office had expired, were unanimously re-elected: Dr. Scott, E. J. Payson, J. A. McKinnon, H. G. Perry and Ald. Barbour. The vacancies on the board caused by the death of Mr. Martin Lemont and the resignation of Mr. H. R. Boyer, were filled by the appointment of Prof. T. B. Kidner and John E. Page.

After the business of the meeting had been concluded light refreshments consisting of coffee and cake, were served by the Women's Auxiliary.

BIG LUMBER DEALS.

Richards Property Goes to American Syndicate in December—John E. Moore's Purchase.

Within the last few days two lumber properties in this province comprising more than three hundred thousand acres have changed hands. The extensive property owned by the Wm. Richards Lumber Company on the North Shore has been sold to Hugh J. Chisholm and associates of New York and the lands at Salmon River hitherto in the possession of J. A. Patterson, of Grand Falls, have been transferred to John E. Moore of St. John.

Premier Tweedie, who has been negotiating the sale of the Richards Lumber Company's property, went to Portland (Me.) last Saturday to meet Mr. Chisholm, and on Monday the deal was closed. The price is believed to be in the vicinity of six hundred thousand dollars.

Speaking to a representative of the The Telegraph last evening the premier said the actual transfer would not take place until December thirty-first as a number of details, such as investigation of titles, had to be carried out. The property included large tracts of freehold and crown timber lands in Carleton, York and Northumberland counties, with mills at Chatham and Boiestown.

In reply to a request for some particulars as to the purchasers, Hon. Mr. Tweedie said Mr. Chisholm, who was associated with a number of others in the transaction, was president of the International Paper Company of New York, and was also president of the Portland and Rumford railway. Rumford, he added, was a rising town in Maine of some seven thousand inhabitants, and Mr. Chisholm held large interests there, including several pulp mills. A few years ago the place was practically unknown but through Mr. Chisholm's enterprise it had been built up and

BIG SALMON RIVER SALE.

J. A. Patterson, the well known lumberman of Grand Falls, who is at the Victoria yesterday closed a deal with John E. Moore for the sale to Mr. Moore of all his property on Salmon river, including one hundred and fifty thousand acres of timber lands, a saw mill, store, about five thousand dollars' worth of stock, horses and everything in connection with the lumber business. Some of the property was taken over by Mr. Moore a few weeks ago. The amount of the entire deal is between fifty thousand and sixty thousand dollars.

Mr. Patterson is undecided as to his future operations. He may spend the winter or part of it in St. John looking after his milk business there. Not long ago Mr. Patterson made a trip through the west and there is a likelihood of his beginning operations there in the near future.

SOCIAL MEETING.

Ministering Circle of King's Daughters had a social gathering this afternoon at the residence of Mrs. O. H. Sharp to meet the Dominion secretary, Miss Brown of Toronto.

Maybe it is better to have loved and lost than never to have loved at all, but it depends largely on who you lose.

Truth is straight, but lawyers know how to cut it bias.
