GOVERNMENT BUSINESS.

The local government got through with the business of the session here last evening and the members went to St. John by this morning's train. The report of Mr. Gilmor Brown, C. E., on the Central Railway, was taken up, and discussed but no action was taken. The matter is being further considered at a meeting in St. John today.

DEATH AT SCOTCH LAKE.

The death occurred at Scotch Lake yesterday of Miss Mary Barr, aged seventy-seven years. She had been ailing for some time, and her death was not a matter of surprise. The deceased made her home at the residence of Mr. Adam Jackson. The funeral will take place tomorrow at three o'clock, with Undertaker Geo. W. Adams in charge of the arrangements.

HOME FROM THE WEST.

Dr. J. W. MacNeill of Keswick Ridge and Mr. John Moore of Scotch Lake, returned today from a three weeks' trip to Western Canada. They visited Winnipeg, Calgary, Edmonton and other points. They report the crops doing well in all directions and the chances are that the present season will be a record breaker. Dr. MacNeill has about decided to remove to the west next spring and practice his profession.

CHASED BY BRUIN.

Squire Connolly of Allendale, and his wife, had a rather exciting experience with a bear a few days ago. They went out in the woods together to look after some bear traps, which the Squire had set, and found one of them holding a large bear by the paw. The animal, infuriated at their approach, turned upon them and they were compelled to run for their lives. The Squire dodged nimbly behind a tree, but his better half kept right on running with the bear close upon her heels. Upon recovering his wind, however, the Squire put an end to the chase by despatching their bear with two bullets from his rifle.

HUDLIN AT DORCHESTER.

Mr. Samuel Stewart, messenger at the Dorchester penitentiary, is in the city attending the High Court meeting, and is a guest at the Queen. Mr. Stewart's duties bring him into contact with several former Frederictonians, including Charles Hudlin, the famous sprinter, now doing time for assault. Mr. Stewart reports Hudlin as getting along fairly well at Dorchester, although he has not reformed, by any means. His time expires in a short time, and Mr. Stewart will have the job of ticketing him back to Fredericton. Of late, Hudlin has been suffering from rheumatism, brought on by overwork and close confinement.

BOARD OF EDUCATION.

A Scheme for Financially Assisting the Consolidated Schools.

At the meeting of the Board of Education last evening considerable routine business was transacted. The matter in dispute between the town council of Woodstock and the school trustees of that place, regarding the money for the teachers was discussed but in the absence of Solicitor General Jones, the matter was stood over to await his report.

The authority to borrow money for school purposes was given to Riverside Consolidated School, Sackville Superior School and the Chipman School.

A great drawback to school districts consolidating was the fear of the trustees in some districts regarding the financial end of the matter. The Board of Education, at the suggestion of Dr. Inch, have made an arrangement which should cover the difficulty and greatly encourage consolidation where otherwise practical. The idea is to give a grant of \$100 to each district uniting, and in addition a grant of \$2 per head for each pupil attending the consolidated school. The whole is not to exceed \$1000, this grant to be each year for a period of three years. Chief Superintendent Inch, who made the suggestion, is entitled to much credit for overcoming a difficulty which seemingly was a great drawback to the consolidated scheme.

After other minor routine business had been talked over the meeting adjourned.

BARGAINS

THAT COUNT

If we did no better than the average store we would be apt to say less about it, but the quickest way to get a crowd is to make it worth your while. We want people keen as eagles after the money's worth. who know good value the minute they see it. Quite a difference here from other stores in a number of ways. For one thing we don't intend to allow any more goods to get old. We are weeding out the stocks now just for that very reason. The new rule here is to sell all goods in their season.
