

MISCHIEVOUS COLLEGE STUDENTS

Induced a Cow to Take its Place in Dalhousie University Classroom--Grotesque Decorations.

Halifax Chronicle.—The irrepressible Dalhousians have the University Senate again on the guessing seat. Numerous have been the pranks played by the student boys, but the latest is unique in the college history. The Dalhousians have often shown a fondness for the lower animals as means to torment the professors. Roosters, duck and others of the farmyard family have frequently been requisitioned for a daring coup. But as Dalhousie has grown the undergrads have become more ambitious, and the bovine family has contributed to the gaiety of college life.

Early Monday morning the faithful custodian of the college heard strange sounds in one of the class rooms. Breathlessly he listened to noises never before heard within the classic walls. What he immediately did is not recorded, but as soon as possible the professor most concerned was informed, and soon the mystery of the class room was laid bare. There in the middle of the class

room stood a gentle but dejected cow of uncertain lineage, arrayed as not even the Sacred Cow of India was not arrayed. On its horns was a plug hat of a bye-gone day, on its feet overshoes and on its legs gaudy stockings, while around its body were other trappings more or less grotesque.

"It is Josh Hiltz's cow!" gasped the janitor. And so it was. In the small hours of the morning the patient animal had been led to the halls of learning lugged up the stairway and landed in the room, but for what purpose is not known. It may have been the intention of the promoters to furnish a living subject to the Zoology class, but it did not take the professor long to decide that the bovine was out of place in the atmosphere of the integral calculus and the classics, and the milk was hustled out. How she came there nobody seems to know, or at least, nobody will tell, and there the matter stands for the present.

NASHWAAK AND VICINITY.

(Special Correspondence to Herald.)

The Rev. C. Sables has been holding special services in the Baptist church at this place with good success. Nearly twenty have expressed a desire to lead a different life, and twelve have come forward for baptism and church membership.

Since the last thaw the roads have become impassable to teams, and it is not an uncommon thing to hear of someone getting stuck in a snow drift.

Three cars of potatoes have been shipped from near by points in the last week to St. John and Toronto; two from Durham Bridge by Clarence Goodspeed and one by Bethand Goodspeed from Penniac. The price paid is seventy cents a barrel.

Some of the neighbors are greatly exercised over a fortune which they understand has been left to the heirs of one Mordecai Price. It consists of \$60,000,000 worth of property in the city of Baltimore, which they believe has fallen to them through the keeping of a 99 year lease. There are some six hundred heirs and we wish them every success.

Frank Brown, who has been laid up with rheumatism for some time, is improving.

The Misses McConaghy of Marysville, have been spending a few days with their friends in Nashwaak, preparatory to taking their departure for the Northwest. We wish them every success in their new home, but we know they will leave some sad hearts at Nashwaak.

Mr. Alexander Dunphy is on a visit to Marysville, and we expect he is fulfilling the old saying of making hay while the sun shines.

The Rev. C. W. Sables has accepted an invitation to hold some services at Stanley, and will be at that place this week.

Mr. Fred Dunphy has been appointed section hand on the I. C. R.

David Richards had some of his horses badly hurt while breaking out the back road to Fredericton.

Fred Goodspeed, assistant engineer on the Georgian Bay Canal survey, is expected home for a short visit in the near future.

Could Not Walk Ten Yards Without Resting.

Mrs. D. Herkimer, Hall's Bridge, Ont., was Troubled with Weak Heart and Sleeplessness.

How many women are troubled with a weak heart? How many lie, night after night, trying to sleep, and can't? Perhaps you are one of them? If so, read what Mrs. Herkimer says. It may save you years of suffering if you take her advice:—

"I am now enjoying the best of health, after having used Milburn's Heart and Nerve Pills. I was troubled with a weak heart, and was afraid to draw a long breath, for the pain it would cause me. I could not sleep at night, and it was impossible for me to walk ten yards without resting myself. I cannot speak too highly of your Heart and Nerve Pills; they are the greatest pill I have ever used, and can recommend them to all sufferers."

The price of Milburn's Heart and Nerve Pills is 50 cents per box, or 3 boxes for \$1.25. For sale by all dealers, or mailed direct on receipt of price.

March 31.—We are having the most beautiful weather. Such weather makes us almost forget the long, cold, cold winter.

F. C. Brown has just received a large consignment of dry goods for the spring trade. Anyone looking for bargains should give Mr. Brown a call.

We are pleased to see the smiling countenance of Mr. Ed. Harten among us again after his short vacation at his home in Woodstock.

We, on the east side of the river, are not satisfied with our mail service. Only two mails a week for this thickly settled country. We grumble and find fault, and have frequently petitioned for something better, but as yet neither party seem disposed to do anything for us in that line.

Miss Eunice Schiør is visiting her friends at St. Stephen.

Miss Ada Munroe is visiting at Mrs. J. F. Freeman's.

G. A. Gunter and F. C. Brown have returned from a fishing trip to Fox Lake. They report good success.

Our blacksmith, A. A. Wright, is doing a rushing business.

Mrs. G. A. Grant has returned from a pleasant trip to St. Stephen. Mr. D. L. Parker gave a grand stereopticon and gramophone entertainment in the Orange Hall on the 16th inst.

Mr. Milbone Patterson has returned from the lumber woods at Green Creek.

LOWER PRINCE WILLIAM.

(Special Correspondence to Herald.)

March 24.—The fine weather during this month has been quite a treat, coming after the cold and stormy winter.

The roads are in a poor state for travelling at present.

There will be a basket social on Tuesday evening at the Prince William Home.

Mr. and Mrs. Frank Smith of Wisely, visited friends here last week.

Mr. William Vanwart, who was taken ill a few days ago at the residence of his daughter, is under the treatment of Dr. McKenzie.

Mrs. C. Kitchen is visiting friends at Harvey Station.

Miss Ella Courser has returned from visiting friends at Hawkshaw.

HAY FEVER UNKNOWN.

Certain it is, and many years of careful experience are back of the statement, that hay fever, and kindred annoying and troublesome summer affections, distressing to so many thousands all over the country recurring regularly as July and August, are absolutely unknown in the "Highlands of Ontario." Thousands of people go to Muskoka, Georgian Bay or the Lake of the Bays every year for nothing else but to avoid any fever, and find perfect immunity from the ailment, and many by going there regularly for a period of a few years are said to be permanently cured.

Hay fever booklet can be had free for the asking by applying to J. Quinlan, D. P. A., Bonaventure Station, Wontrent.

A NOTED HORSEMAN'S EXPERIENCE.

Mr. Antoine Wendling, owner of Deveras 2114, and proprietor of the Clifton House, Brockville, says no liniment compares with Nerviline for general use around the stable. For strains, sprains, swellings, internal pains and especially for affections of the whirl bone Nerviline is unequalled. Mr. Wendling believes Nerviline is indispensable as a horse liniment; it has strength, penetrating power and works thoroughly. Every horse and stock owner should use Nerviline. Sold in large 25c. bottles.

ENGLISH CRIMINAL LAW.

The Difference Between Hard Labor and Penal Servitude.

The difference in Great Britain between hard labor and penal servitude is one of period and treatment. Hard labor varies as to period from a few days to two years, and however well a prisoner behaves himself the sentence is never shortened. There are two classes of hard labor.

In the first class the punishment administered consists of six to ten hours' work at the treadmill, the crank or the capstan, or at stonebreaking or shot drill. In the second class the hard labor really consists of such punishments as may be decided by the justices in session.

Penal servitude is the modern substitute for transportation beyond the seas.

A term of penal servitude begins with nine months' hard labor in a probationary prison, and after that the convict is employed on public works in a penal settlement. The work is comparatively light, and in most prisons a well behaved man gets off pretty easily. In addition to this, by virtue of a system of marks for good behavior, he has always before him the possibility of reducing his sentence by at most about one year in five.

Some Men Learn

the Value of ADVERTISING

by not trying it. There are hundreds of men in the business world who have seen their competitors commence to advertise and promptly and loudly prophesied their failure.

These have learned their mistake and paid a high price for their experience. To see your competitor prosper at your expense is far from pleasant. Others have thought that there might be something in

ADVERTISING.

but have preferred to wait and see how those who tried it came out. These must now be content to occupy a position as "also rans" as the advertisers have forged so far ahead and gained such a foothold that it is a hard matter to dislodge them.

ADVERTISE YOUR GOODS.

The purchasing public expect to hear from you, if you have bargains to offer.

If you don't tell your story the man across the way WILL.

The public want bargains. If your prices are right, if your goods are reasonable, if your advertising is truthful and goes to the home, you will without a doubt be the owner of a busy store. Every business evening people read

THE DAILY HERALD IN MOST CASES IN THEIR HOMES.

A home-read paper assures business for its advertisers next day.

Successful people usually find that shade trees and easy chairs are few and far between on the road to success.

Brace up---Vitalize Nerves and Blood With

FERROZONE

The Effect is Instant—Makes You Soap and Dance With Vitality.

Your appetite is gone. What little you eat brings no satisfaction.

You're getting blue and melancholy—you can't rest or sleep.

Nervous prostration is staring you in the face.

Your unstrung nerves can only be nourished back to health by a nerve tonic like Ferrozone. It cures weakness of the inner nerves, gives vitality and strength to the blood and nervous system, makes all the organs work in harmony.

The following experience of Mrs. D. P. Courtland, of Myrtle, proves the prompt action of Ferrozone.

"I had no nerve strength. ...

"My appetite was poor and my system was out of order.

"I felt weak and dispirited, was tired out the whole day long.

"Ferrozone accomplished wonders.

"It gave me a strong nervous system, a good appetite, and abundance of health."

Ferrozone contains concentrated nourishment you can't get in any other way. No other medicine benefits so quickly. 50c per box or six boxes for \$2.50, at all dealers in Medicine, or Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

One Came Out After The Other.

Suffered with Boils for Six Months.

Mr. Elie Braizeau, Meadowside Station, Ont., tells of his experience with Boils and Burdock Blood Bitters.

He says:—"In the Spring of 1889 I was continually troubled with boils—one coming after another for about six months. I suffered terribly, and was in a very bad condition. In August I got a bottle of Burdock Blood Bitters, and began to feel better after taking it. I kept on until I had used five bottles, and can truthfully say that I was cured, and have remained so ever since. I have not had the least sign of a boil."

There is nothing like Burdock Blood Bitters for bad blood, boils, pimples, dyspepsia, indigestion, or any trouble arising from the Stomach, Liver, Bowels or Blood.
