A CHICAGO TRAGEDY.

Prominent Contractor Believed to Have Been Sabotaged by Union Men.

Chicago, Aug. 18.—(Special)—R. H. Davidson, building contractor, is missing from Chicago and his relatives think he met death at the hands of a Union labor slugging gang.

Davidson was in the employ of Frank W. Adams, as superintendent of construction on a new building at Rockwell and 37th streets.

The construction of the building has been marked by continuous labor troubles.

After he discharged a number of men, Davidson received a call from a

man who is supposed to have been a Union business agent. That was several days ago.

The interview between the contractor and the stranger ended in a violent quarrel, in which Davidson knocked his caller down.

Two days later Davidson left work as usual at five o'clock in the afternoon, but did not reach his residence. Next day some unknown person called Frank W. Adams on the telephone and said: "You will find your man, Davidson, in the river."

Since the telephone message no word has been heard from Davidson or about him.

YARMOUTH'S HOSPITALITY.

Being Lavishly Extended to Maritime Board of Trade Delegates.

Yarmouth, N. S., Aug. 18.—(Special)—Ideal weather prevails here today for the entertainment of the visiting delegates to the maritime board of trade by the local board, and the outing will no doubt be very enjoyable.

A special train conveying over one hundred members and ladies left for Barrington this morning. They will embark on the steamer Lady

Laurier there, and return through Tusket Islands to Yarmouth Cape, where dinner will be served at Hotel Markland.

A few of the delegates left for home today, but the majority, including the St. John members, are enjoying hospitality of the Yarmouth board and will return Saturday.

The greatest harmony and good feeling prevailed at the meeting of the board here, and nearly all were in favor of the maritime union.

TWELVE MEN KILLED.

Crushed Beneath Huge Mass of Limestone—Six Others Injured.

Allentown, Pa., Aug. 18.—(Special)—A mass of limestone, weighing thousands of tons, slid from a side of the quarry of mill A., of the Lehigh Portland Cement Company at Ormerod at noon Thursday, just five minutes before time to quit work.

Twenty-seven men were at work in the quarry, which is a thousand feet long, 150 feet across and 100 feet deep. The heavy rains of the past two days had softened the earth and caused the slide of rock. Where the

fallen mass slipped away a smooth nearly perpendicular wall was left rising sheer 100 feet above the bottom of the quarry, while the entire quarry floor was covered with broken ragged rock.

Only nine of the men got away safely, four escaping by running up on a mass of rock at the opposite side of the quarry. The remaining eighteen were huddled in a space ten feet square, twelve being killed and six injured. Two of the latter may die.

All of the men are Slavonians.

A FOUL MURDER.

Man Answering Call to Come Home to His Mother Dealt Fatal Blows by Unknown Parties.

Bonneyville, Ore., Aug. 18.—(Special)—While answering his aged mother's call to come home, J. L. Anderson, Kansas City, was murdered near here this morning.

Investigation showed that Anderson had been dealt repeated blows on the head with a heavy iron bar, but failed to elicit any motive for the crime.

nor any clue to the murderer.

A letter in his pocket contained an appeal from his mother at Kansas City to come home.

Anderson was about twenty-two years of age, and, though bearing signs of tramping, had been neatly dressed.

READY FOR HARVEST.

Western Wheat is Ripening Very Fast

Winnipeg, Aug. 18.—(Special)—The C. N. R. crop report, issued today, continues optimistic regarding the condition of the grain. All along the system wheat is ripening very fast, and in many places is almost ready for the binders.

Cutting will begin evidently within two or three days. No damage by rust is observable, but there has been much destruction by hail, many localities being more or less affected. Neepawa section estimates the yield at 40 bushels per acre, while along the Morris Brandon line estimates run from 25 to 30. Heads are filling splendidly all over the province.

MONTREAL STOCK MARKET.

Montreal, Aug. 18.—(Special)—The stock market quotations today were as follows:

Montreal Power, 91½, 91, 91½.
Rich. & Ontario Navigation, 72.

PRINCE WILL VISIT SYDNEY.

Sydney, Aug. 18.—(Special)—A telegram was received here last night from the secretary of H. S. H. Prince Louis of Battenberg, now at Quebec, stating that a portion of the British cruiser squadron will visit Sydney some time between Sept. 4th and 14th. The visitors will be tendered a reception.

BAPTIST MISSIONARY UNION.

Proceedings of the Closing Session—Address by Rev. F. H. LaFlamme.

The closing session of the convention of the Women's Baptist Union was one of deep interest. Mrs. Emma Estey was the first speaker and discussed the educational feature—the opportunity and advantage of winter missionary study.

Rev. H. F. LaFlamme, a returned missionary, gave a strong address on the subject of missionary women, discussing their (1) industry, (2) courage, (3) spirituality. He also spoke of our Telugu Christian women where the gospel has developed such noble types of womanhood. He urged upon his hearers to evangelize the women of the east and to support the missionary teachers in their campaign of educational work. He paid a glowing tribute to Ramabai's mission and to her noble womanhood. He had studied her personality and achievements at close range and placed her upon a pedestal equally high with that of Queen Victoria.

On behalf of the maritime union Mrs. J. H. MacDonald spoke a few appropriate words of farewell to Miss Peck the missionary elect, to which Miss Peck made a suitable reply.

The corresponding secretary, Mrs. Chubbuck, read the report of the committee on resolutions in which grateful mention was made of the entertaining church choir, returned missionaries, railways, and the press for the satisfactory reports of their work.

The president asked the delegates and all members of mission organizations of all denominations to form a circle round the church, which they did with clasped hands singing "Blest be the Tie That Binds." A

most satisfactory convention was brought to a close with prayer and benediction by Rev. J. H. MacDonald.

NOTES.

Mrs. Hartley's collection of rare curios was much enjoyed. Mrs. Hartley devotes several rooms in her house to her missionary museum. From the proceeds which she receives from visitors she supports a native preacher in India and has built two schools in the field where Rev. H. Y. Corey labors in the east.

The delightful garden party at the residence of Mrs. J. G. McNally, yesterday afternoon, gave ample opportunity for social intercourse among the delegates. The hostess received the hearty thanks of the convention for her hospitality.

Among the delegates was Mrs. Rand, who will be remembered as wife of Dr. T. H. Rand, who for a number of years was chief superintendent of education. Mrs. Rand is the guest of Mrs. A. F. Randolph at Rose Hall.

Miss Archibald and Mr. Laflamme, returned missionaries, left today to attend the sessions of the Baptist convention at Charlottetown.

The convention appreciated the courtesies it received from the press of the city.

A large number of the delegates left for home this morning by the steamer Pokanoket. As the boat pulled out from the wharf, they assembled on the main deck, and sang with splendid effect the hymn "God Be With You Till We Meet Again."

THE PEACE CONFERENCE.

Envoys Have Reached the Critical Stage of Their Business—Not Much Prospect of Agreement.

Portsmouth, N. H., Aug. 18.—(Special)—When the peace plenipotentiaries met today it was practically with the tacit understanding that at today's session they would adjourn until Monday.

The "Prophets of evil" as those who persist in believing all hope of treaty gone, are called, predicted that today would witness the final rupture, and that, at most, there would be only one more meeting, not for final effort to reach accord, but to exchange diplomatic amenities and bid each other farewell.

This does not correctly represent the situation. Unless something unforeseen occurs today the final struggle will be postponed until Monday to give both sides time to hear the last word from their governments.

Both sets of plenipotentiaries are in continuous communication with their governments. Accounts of each day proceedings are cabled nightly to Tokyo and St. Petersburg and messages are constantly arriving from both capitals.

The reports of the Japanese are much longer and more complete than those of Russians and the secretaries of both work day and night deciphering messages.

Portsmouth, N. H., Aug. 18.—The condition of business at the peace conference may be summarized as follows:

Points decided.—Russia concedes Japan's preponderating influence in Korea.

Russia agrees to evacuate Manchuria.

Russia gives up main line of Chinese Eastern Railway.

Mutual agreement to observe integrity of China and "open door."

Russia surrenders lease of Port Arthur and Dalny and Blonde and Elliott Islands.

Points stood over.—Cession of Sakhalin.

Question of indemnity.

Surrender of interned Russian warships.

Adjustable after Modification.—Limitation of sea power.

To be Debated.—Vladivostok's future.

Kamchatka fisheries.

The crisis in the peace conference has been reached, and pessimism is again the note. But the darkest hour is just before the day, and there is still hope. Predictions of a final rupture today certainly will not be justified unless Baron Komura figuratively picks up his hat and announces that it is useless to proceed further.

M. Witte, at least, will not be precipitate. At today's session, after article 11 (the limitation of Russia's sea power in the far east) and article 12 (fishing rights on the Russian littoral) are disposed of he will favor an adjournment until Monday to hear the last word from St. Petersburg.

The pessimism last night was based yesterday. The exchange

ed upon the fact that no progress of views at the morning session upon article 4 (renunciation for the "cost of the war") showed at once the plenipotentiaries were as far apart as the poles, and it was passed over.

Article 10 (the surrender of the interned Russian warships) was also passed, not in the opinion of one of the plenipotentiaries when the Associated Press correspondent saw him last night, because it could not have been arranged, but because, with the shadow of the two main points in dispute hanging over the conference, both sides were cautious and preferred to postpone it to the end. Article 11 (limitation of sea power) is also adjustable after modification, and article 12 will present no difficulties. So that last night the situation was practically what it was when M. Witte last Saturday presented the Russian reply with its non possumus to articles five and nine (indemnity and Sakhalin).

The only chance now is compromise—Russia to yield Sakhalin and Japan indemnity. Neither will yield both, and perhaps Japan, at the final show of hands, will yield neither. M. Witte under the imperial indications contained in the instructions given him before he left St. Petersburg can agree neither to pay war tribute nor cede a foot of Russian soil. St. Petersburg therefore, in the last resort, remains to be heard from. Doubtless this is the reason he favors a postponement tomorrow over Sunday. Baron Komura probably will welcome an adjournment of two days in order that he also may lay the situation before his government for its final decision.

The sudden revival of deep pessimism last night was incited by the report given out when the plenipotentiaries returned to the hotel that no progress had been made yesterday. But to those on the inside that was not surprising. Things had gone smoothly enough, only the impasse had been reached—there had been the glint of cold steel in the conference chamber.

GOING ON DRY DOCK.

Sydney, N. S., Aug. 18.—(Special)—The Steamer Pro Patria, which stranded at Fovea May last, sailed for Halifax last night to dry dock for permanent repairs.

Pro Patria was taken to Louisburg a few weeks ago where temporary repairs were effected.

BROWN WILL GET IT.

St. John, Aug. 18.—(Special)—The Central Railway contract has not yet been awarded, but Gilmour Brown of Fredericton, will get it.

Mrs. Gilmour Brown is spending this week at Rothesay.
