REMOVAL NOTICE.

I expect to remove in the near future from my present place of business to the store lately occupied by Mr. H. D. White, between Gleaner and Western Union Telegraph Offices, where I will be glad to receive the same splendid patronage as in the past.

F. E. BLACKMER, 222 QUEEN ST.

PRAISE FOR CANADA.

King's Speech Proroging Parliament Shows England's Appreciation

OF THE DOMINION UNDERTAKING DEFENCE OF HALIFAX AND ESQUIMALT.

London, Aug. 11.—(Special)—Parliament was prorogued this morning after a chequered session which will long be remembered for the unprecedented number of votes of censure and motions of adjournment with a view of embarrassing the government.

No more than 50 members of the Commons assisted today. They were summoned to the House of Lords, where Lord High Chancellor Earl Halsbury, read King Edward's speech.

The most interesting clauses from an international point of view referred to the peace negotiations and the crisis in Sweden and Norway.

The speech also referred to the continued friendly relations with other powers and "cordially hopes" that the outcome of conference summoned by the King of Italy to consider the establishment of an international institute dealing with agricultural information will be of service to agriculturists at home and abroad.

It praises the "patriotic offer" of Canada to assume responsibility for the defence of Halifax and Esquimalt, which is "cordially accepted."

Otherwise the speech was of no general interest.

Parliament was nominally adjourned to October 30, when it will be further adjourned.

BRAVE FIRE FIGHTERS.

Encountered Awful Perils in Handling Soap Factory Conflagration.

TWENTY MEN BADLY BURNED IN THE CONFLICT.

New York, Aug. 11.—Twenty firemen were carried burned and unconscious from boiling soap, five of them badly parboiled from fire in which the Daigis Soap Factory West 12th street, was destroyed.

Tanks containing seventy thousand gallons of soap exploded after the fire in three storey building had been brought under control.

For five hours the firemen fought the new danger, crawling on their stomachs, on the sidewalks outside the building, unable to stand the

clouds of smoke which poured from the fiery soap grease, and continually exposed to little rivers of scorching fluid which flowed from the building.

The water seemed to have no other effect on the burning soap than to cause it to flow more freely to the great peril of the fire fighters.

Before the fire was under control six of the firemen had been carried to the hospital and many others were barely able to walk. The loss is estimated at \$70,000.

CASEY AT THE BAT.

This Mean Specimen of a Fellow Stole Dance Partner's Money and is Jailed.

Moncton, Aug. 11.—(Special)—Wm. Casey, nineteen years of age, was sentenced to six months at Dorchester by Stipendiary Kay on the charge of stealing a purse from Maggie Leblanc, at Legere's Corner, Fox Creek picnic, Wednesday.

It came out in the evidence that young Casey asked the girl to dance with him.

She accepted, laying her hand

satchel, containing her purse with six dollars and some articles, where she could keep her eye on them.

The dancers sat down several times and when Casey and his partner finished the dance the girl could not find her satchel.

Casey was suspected, and when arrested the money was found on him. He practically admitted the theft.

TARTARS VS. ST. JOHN.

Proposal for Match Games Exciting Much Interest at the Winter Port.

St. John, Aug. 11.—(Special)—The proposed matches between the Tartars and the St. John baseball teams for \$100 a side, are exciting considerable interest here.

If the matches are made, it is believed the St. John team would favor three games instead of five, two of them to be played here.

The St. John team has many bookings already made for the season and it is unknown if they can play the Tartars until after Labor Day, as they would be obliged to cancel other games.

NEW RIFE RANGE.

Ottawa, Aug. 11.—(Special)—The militia department with the object of encouraging rifle practice, is negotiating for the purchase of sites, for new rifle ranges at St. Catharines, Ont., and New Westminster, B. C., and is considering applications from Amherst and Springhill, N. S., for ranges at those points.

KINGSCLEAR BUILDINGS INJURED.

Last Night's Cyclone Shattered Roman Catholic Hall and Damaged the Church.

The storm of last evening seems to have done considerable damage in some sections of the country.

At Central Kingsclear the storm was accompanied by a cyclone which damaged several buildings quite badly.

The new Roman Catholic hall at that place was struck by the wind and very badly wrecked. A barn occupied by an Indian named Noel Sapier, had the roof carried away and is almost a total wreck.

The new Roman Catholic church of St. Anne, lately dedicated by Bishop Casey, was also slightly damaged.

The cyclone struck the building,

damaging the chimney and breaking 3 handsome stained glass windows one of which was a memorial window erected by the Irish Catholic residents of Kingsclear in memory of the late Rev. Father O'Leary.

Later information says that the church is more seriously damaged than at first reported, having been partially removed from its foundation.

Rev. Father LeBlanc, who is in the city this afternoon is receiving the sympathy of his numerous friends on account of the disaster.

He estimates the damage at \$200.

ST. MARY'S PICNIC.

Big Crowd Attended and the Affair Was a Great Success.

The picnic held by St. Anthony's congregation at St. Mary's yesterday afternoon was a very successful affair. Although the heavy rain storm shortly after supper prevented many who could not attend until the evening from being present, still, a large number were congregated on the grounds during the afternoon, and the different sports and games were liberally patronized.

The grounds in the rear of the new church were very prettily decorated and the different booths neatly arranged with miniature flags and bunting making a very pretty appearance.

The Fredericton Brass Band was present during the afternoon and discoursed an excellent program of music from a pretty little summer house on the grounds.

The different amusements were looked after by the following committee of ladies and gentlemen, all of whom did their best to make the affair a success.

Bagatelle.—The Misses Sharkey. Parlor bagatelle.—The Misses Doane. Refreshments.—Gentlemen's table—Messrs. Wm. Grannen, Owen Shortill and Charles Rush.

Ladies.—Mrs. Sterling-Staples, Miss Katie Hayes.

Bowling alley.—Mr. Michael Bow-lain.

Bean toss.—Mr. John Carney.

Rifle.—Mr. Benj. Rush.

Wheel.—Mr. Sterling Staples.

Electric light plant.—Ald. Stockford and McGinn.

Mr. John Barry sr., of Durham, presided at the gate, and Messrs. James Barry, Alex. Brogan and Thos. Dinmore looked after the supper tickets.

Many favorable comments were heard regarding the supper, which without doubt was one of the best picnic suppers served in this locality for some time. It was served in the hall, which was nicely arranged, by a large staff of obliging and energetic ladies, and reflects great credit on both those who prepared it as well as those who attended to the culinary department and those who waited on the tables. The large numbers were waited on without delay and all expressed themselves as more than delighted and satisfied.

The list of those who took part in this department is too numerous to mention individually, but all are entitled to great credit for their work in this connection.

The list of prize winners is as follows:

Bean toss.—Joseph Cain, 1st; York Bomer, 2nd.

Rifle.—Thos. Canadian, 1st; four ties for second.

Large bagatelle.—Dr. Ryan, 1st; Father Hannigan, 2nd.

Small bagatelle.—John McShane 1st; Dr. Ryan 2nd.

The congregation of St. Anthony's church wish through the Herald, to thank all who assisted to make the affair a success.

Owing to some misunderstanding the party who was to provide the engine for the electric light plant failed to show up and Mr. Willis McPherson very kindly placed the engine from his machine shop at the disposal of the picnic, free of charge. This was much appreciated.

North Shore Guides.

Big Party Here en Route Home from the Tobique.

A party of fourteen guides and canoe men from Bathurst, in charge of James Vinneau arrived here by the Gibson train last evening, and registered at the Waverly. They are on their way home from a fishing and canoeing trip on the Nepisiguit and Tobique rivers. The entire party was employed by Mr. Walter Honanwell, a Boston millionaire, a member of the Nepisiguit Fishing Club.

Mr. Honanwell was accompanied on the trip by his two sons, two daughters and niece, making a party of

six. They had eight canoes and were twenty-one days making the trip from Bathurst to Andover. They enjoyed splendid salmon and trout fishing and spent some time taking photographs of big game, which is very plentiful along the route.

Mr. Honanwell and party entrained at Andover for New York, and the guides came on to this city and left for Bathurst by the I. C. R. this afternoon.

In conversation with The Herald, Mr. Vinneau stated that splendid weather was experienced during the trip, and Mr. Honanwell and party were simply delighted with the scenery of the Tobique and Nepisiguit Rivers.

They found the water pretty rough on the Nepisiguit, but they got through without a mishap of any kind. The trip was made in bark canoes measuring twenty-one feet in length and they gave every satisfaction. The canoes had to be pulled from Bathurst to the head of the Nepisiguit, a distance of about ninety miles, and then came a three mile carry to Nictor Lake, at the head of the Tobique. The run down the Tobique to Andover was much easier than the first half of the trip.

Captain Dalton Dead.

Harbor Master of Indiantown, St. John, and Built Racing Boats for Paris Crew.

St. John, Aug. 11.—(Special)—Robert Dalton, who for twenty years has been harbor master at Indiantown, died this morning aged 78 years. He was stricken with paralysis two weeks ago the result of which he died.

He leaves one son Conductor J. R. Dalton, of the C. P. R. at Bagby, three daughters, Mrs. Joseph Rupert of Somerville, Mass.; Mrs. J. A. Gillen, St. John and Miss Annie Dalton, St. John.

Capt. Dalton was of Loyalist descent, and for many years was a builder of racing boats for the four oared Indiantown crew and for the celebrated Paris crew of St. John.

He was a prominent follower and backer of the Paris crew and made many trips with them, including one to the Lachine Regatta in 1868.

DEVINE CAUGHT.

Man Who Broke Jail Here Some Time Ago Again in the Toils.

John Devine, whose escape from the police station several months ago created quite a sensation, is once more in the custody of the local authorities, having been arrested in Whitechapel this morning by Sergt. Phillips and Officer King. He now occupies a cell in the county jail and will be arraigned before Col. Marsh tomorrow morning on the charge of jail breaking.

Devine, after his escape from the police station, made his way to Houlton, and remained there up to a short time ago. He had a longing to see that fascinating brunette Melinda Hector Wright, and thinking his offence had been forgotten, made bold enough to return to Fredericton. The police were on the lookout for him, however, and soon got wind of his arrival in the city. They traced him to Whitechapel, with the result that at an early hour this morning he was placed under arrest.

Every precaution will be taken to see that he does not escape again.

IMPROVED.

Mrs. D. J. Shea, who has been at the private hospital for some days suffering from an attack of appendicitis is very much improved today, and the physicians have decided that an operation will not be necessary.
