Fred Clarke says he will not retire from baseball until Pittsburgh wins another pennant.

Catcher Carich, of the Pirates, won the blue ribbon at the Iowa State Fair for the best set of home-made harness.

"Tommy" Leach is mentioned as a possible adjunct to the Boston Nationals next season. There's half a team, anyhow, Mr. Dunn.

"Barring misfortune, the Pittsburgh team has an excellent chance to win the pennant," says Fred Clarke.

According to the Detroit "Little Black Man," Hughes and Kittredge are anxious to leave Washington and join Detroit.

Relback, one of Chicago's star twirlers, is so unaccustomed to travel that he cannot sleep on the train. So he dozes off about the seventh inning.

"Mike" Donlin has been playing phenomenal baseball since the expiration of his suspension. Especially in Cincinnati, where he had a few scores to settle.

Clarke Griffith, it seems, is now after Holly, the New Orleans shortstop. Holly is the best shortstop in the American League.

The Boston American League Club has purchased pitcher "Joe" Harris and catcher Robert A. Peterson, of the Fall River team. They will report in September.

Overall, Pitcher, is the only Cincinnati player known to possess a dress suit. The whole team, as it is playing at present, ought to wear Kate Greenaway costumes.

Pittsburgh papers are now booming P. T. Powers, president of the Eastern League, for the National League presidency. "Pat" has trouble enough just now, and it is not likely he wants the berth.

Here's the latest from Pullman. The National League president has notified McGraw that he must not use the word "thief" in talking to umpires. "You stole the game," applied to an umpire, is hereafter banned.

"Tommy" Leach is one of the most popular and one of the nerviest players in the business. He keeps right on playing a star game while his fractured rib is slowly mending. Which means that he takes a daily chance of having a hole punched in a lung.

"Jack" Harper wants to take a mid-summer vacation. He believes the rest will put his arm in good condition. He has been told that he will have to struggle along with what is left of his salary wing, however, for the management cannot spare him just now.

AUTOMOBILING.

FAST TIME IN MOTOR.

Yesterday's Moncton Times says Mr. A. H. Learmont, the well known proprietor of the Learmont Hotel at Truro, and Mrs. Learmont, are registered at the Brunswick.

Mr. and Mrs. Learmont made the trip from Truro to Moncton in the automobile of Mr. R. Haviland, an American millionaire of Norwalk, Conn., who has been touring in Nova Scotia with his wife and a party of lady friends.

Mr. Haviland and party left the car at Truro and went to Sydney by rail to visit the steel works, intending to join the car at Amherst.

Mr. and Mrs. Learmont accepted an invitation to take a run as far as Amherst in the car, but upon arrival the driver, Mr. E. E. Hess, received a telegram from Haviland that he would meet him in Moncton.

Accordingly the party came on to Moncton, arriving here yesterday afternoon. The run from Amherst to Moncton was made in the fast time of two hours and ten minutes.

Mr. James Curry, of Amherst, also came to Moncton in the car.

Mr. and Mrs. Learmont enjoyed the trip greatly and will return home by the Maritime express.

THE RING.

NELSON AND BRITT AGAIN.

Battling Nelson and Jimmy Britt are to come together after all. The pair will be in an attraction at the Colma, A. C., on Admission Day, September 9, a big California holiday, and they are to have it out for 25 rounds. During the last six months Nelson has been doing all in his power to bring about a struggle. The Dane went as far as to offer Britt a bonus if he would sign articles, but the native son refused. Nelson, however, has many friends on the Pacific coast, and they influenced all Britt's friends, with the result that Britt became unpopular.

Britt will meet Nelson under the same conditions that characterized their last mill, in which Nelson was defeated on points.

Nelson is training every day so as to be in the best of condition in case Britt really agrees to fight him.

Should Britt refuse a match it is reported that Jimmy Gardner, who knocked out Rifle Turner the other night, will be substituted. Gardner is well liked in San Francisco and there are many who think he can defeat either Britt or Nelson.

FITZ AFTER A FIGHT.

Bob Fitzsimmons was on Broadway Tuesday afternoon looking robust and strong, says the New York Sun. He said that he never felt better in his whole career than he does at present. He says that if any of the California blubs will make it worth while he will quit his show long enough to get into shape and fight the winner of the Ruhlman-McCormick battle, which is to be decided at Calma, Cal., Friday night.

"This is no idle bluff and I am not talking to get my name in the papers, either," said the Cornishman to The Sun reporter. "I will prove this by posting a forfeit as soon as any of the clubs come forward and offer me a purse. Just now I am booked for a long season on the road. But I would rather fight than act any time. If the Colma club sees fit to offer me a purse for a 25-round bout with the winner of the Ruhlman-McCormick match all that is necessary will be to give me two weeks notice, a purse worth while fighting for and a month's time in which to train. Otherwise the clubs will have to wait until next May, when I quit the road. If it isn't with either Ruhlman or McCormick, Hart or any one else will do as long as it is a fight."

NELSON TO MEET TENNY AGAIN

Harry Tenny, the former amateur, who met Frankie Neill recently at San Francisco, is to meet his conqueror again. The pair fought 25 rounds and Neill received the decision. It was Tenny's first long fight and his showing was remarkable. The fact that he did so well has brought him into favor with number of California sports who have induced the Colma A. C. to give a purse for another mill. The contest is to take place some time next month, probably on Labor Day unless the club matches the winner of the Ruhlman-McCormick mill on that day. Tenny is training so as to be ready in case the club selects him for an early date. A well known California admirer is willing to wager \$500 that Tenny will decisively whip Neill the next time they come together.

GOLF.

OLYMPIAN GOLF CHAMPIONSHIP

Chicago, Aug. 7.—Under cloudless skies and over a fast course began today in the Olympian Team Cup contest, preliminary to the United States Championship, at the links of the Chicago Golf Club. Teams of four from a dozen recognized golf associations entered for this competition, thirty-six hole medal play on a team total basis. It was settled that Captain H. Egan of the Western Golf Association four, would play on the Chicago links with Walter J. Travis the leader of the Metropolitan Association team, and when this pair started today there was a good gallery. Yesterday Egan made a brilliant 72 on the course, coming within one stroke of trying the record of Norman Hunter, the Scotchman. The cup played for today was first put up at the Olympian Championship in St. Louis, and was won by the Western Golf Association team, score of 1,729. In the list of other teams that are competing are the Canadian four, paired with the Western Pennsylvania team; the Stafford Association, and the Southern Trans-Mississippi, Pacific coast, Ohio, Philadelphia, St. Louis, Wisconsin and Vermont teams.

W. C. Fownes Jr.'s team of Western Pennsylvania Golf Association players won the Olympian team cup event after an all day play at the Chicago Golf Club links Monday by the total score of 565, defeating the Western Golf Association quartette by five strokes. W. J. Travis' four representing the Metropolitan Association was third with a total score of 664. The others teams finished with the following total—Philadelphia 680, Canada 693, Stafford 703, Ohio 735, Southern 741.

The Canadian scores were as follows:—Canada—W. A. H. Kerr, 84, F. R. Martin 90, M. S. Lyons 79, Douglas Laird, 82. Total 335.

YACHTING.

THE CANADIAN CUP.

Rochester, N. Y., Aug. 7.—The Erie de signed thirty foot yacht Temeraire, on which the Royal Canadian Yacht Club of Toronto, pins its faith to carry the Canada's cup back to its old place across the lake, arrived at Charlotte last evening about eight thirty o'clock, under way of Commodore Nichols' steam yacht Tranquillo. The Tranquillo and Temeraire left Toronto on Saturday afternoon, going across the lake to Fort Niagara, where they tied up for the night Sunday morning the boats resumed the cruise, and after a stop at several hours at Olcott Beach, reached Charlotte after nightfall. It was difficult to get a true line on the Canadian racer, but her sharp lines aspired to the crowd with enthusiasm and not a little dread.

PUTS A BAN ON OATHS.

Employees of Nebraska State Government Who Swear Can Go.

Lincoln, Neb., Aug. 10.—John H. Mickey, farmer, banker, Methodist deacon and governor of Nebraska, has raised a new issue concerning the qualifications of applicants for state appointments.

He has decreed that a man who indulges in intoxicating drinks or uses profane language is not a fit person to enter the employ of the state. The governor's stand has created quite a stir within the circles of state employees, many of whom, if the executive decides to enforce this new rule and make it apply to those now in office, would find themselves deprived of their employment.

In fact the governor has been chided because he has already appointed to office men who drink and swear, and the offenders are quaking for fear that the Nebraska executive may conclude suddenly to oust them, in case the charges against them are sustained.

A wholesale pledge signing has been suggested by some of the penitents.

The governor's pronouncement came when the state board of health, of which the executive is chairman, assembled to nominate one of the secretaries of the board.

"It is not a bad idea," he said, "although I will confess that it may seem out of the ordinary."

"But I am sincere in the belief that it is the right thing to do. As governor I am doing what I can to run the affairs of the state the same as if they were my own private business."

"Personally, I have never knowingly employed a man, either on my farm or in my bank whom I knew to drink and swear."

"I am trying to give Nebraska a clean state administration, and it seems to me that I can come never accomplishing my intentions in that direction if only men of clean personal habits are employed by the state."

"That is the way that I would run my own business, and that is the way that I think the state's business should be run. I don't think that I could make any pretence of good citizenship if I held contrary views."

HOW TO GET CONSUMPTION.

Ninety per cent. of the "lungers" contract consumption by allowing the power of resistance to fall so low that a favorable condition for the development of bacilli is provided. In a healthy system consumption can't take root. But where there is weakness and debility, there you find tuberculosis. For developing strength and building up the weak, nothing equals Ferrozone. It makes the blood nutritious and the nerves enduring. The way that it converts food into nutriment, the appetite that it gives, is surprising. Just what the man diverging on consumption needs—that's Ferrozone. If tired and weak don't put it off. Fifty cents buys a box of fifty tablets—at all dealers.

AGED WEALTHY TURTLE.

Carried Huge Pearl on Its Back a Hundred Years.

New York, Aug. 10.—Of all the persons in Coney Island last night, no two were quite so happy as Mr. and Mrs. Morrison of Jamaica Bay, for on Sunday Mrs. Morrison caught a 575 pound loggerhead turtle at Rockaway Inlet, and yesterday she found that the big lump on the creature's back was a "pearl binnacle," a hundred years old and worth \$500. When Mrs. Morrison and her husband heard this they started at once for Coney Island to celebrate.

Mrs. Morrison, who is afraid to look at the turtle again for fear it may have a diamond necklace or a sunburst concealed somewhere, is rearranging a list of her friends to give them a turtle supper. The turtle will attend the feast in a big wooden cage, and the pearl, mounted, will adorn the centre of the table.

Mr. and Mrs. Morrison were out for a walk at Rockaway Inlet, when there came a bite that almost pulled the hardy fisherman out of the boat. She held on and her husband began to row for the shore. An immense turtle crawled out on the beach and tried to get away with the line, but little Master Morrison ran up and jumped on his back. The three soon had the creature fastened in a rope cradle, and towed it to Canarsie.

Crowds went to J. R. Casey's landing in Canarsie yesterday to get a glimpse of the big loggerhead. According to all the old fishermen of the place, the turtle was an infant about four hundred years ago, or a short time after Columbus made his first visit to the United States.

GREAT BALL AT QUEBEC.

To Honor Prince Louis of Battenberg and the Visiting Squadron.

Quebec, Aug. 18.—Two thousand invitations have been sent out by the provincial government for the ball scheduled to take place at the parliament buildings on the 14th inst., in honor of His Serene Highness and officers of the second cruiser squadron, due to arrive here on Friday or Saturday next. Among those invited are all the federal and local cabinet members and their ladies, members of the Dominion senate and the House of Commons and their ladies, members of the provincial legislature and their ladies, prominent citizens of Montreal and Quebec, etc. The parliament house will be especially decorated for the occasion, and the function promises to be the grandest social event that has ever taken place in Quebec.

FAITHFUL DOG GUARDS HOME.

Food Offered to Mrs. Kernick's Dog Has Not Been Touched.

Montreal, Aug. 10.—A peculiarly pathetic feature of the Mitchell murder case is furnished by a little dog which belongs to Mrs. Kernick. It is of no particular breed, but was devotedly attached to its mistress and accompanied her on the fatal picnic to Ile Ronde. In the confusion subsequent to Mitchell's death, however, the Kernicks returned, leaving the dog on the island. On Friday the poor brute swam down to Beaconsfield, almost three miles, laming itself in the journey. It immediately made its way to the Kernick home, only to find it empty and locked up.

Ever since then the faithful animal has guarded the doorstep, refusing to accept food or take any notice when sympathetic passers-by attempt to pet it. The poor dog is still on guard and its lonely vigil is attracting much attention amongst the villagers, who fear that in spite of the food offered it, the dog will starve itself to death where it lies.

In accordance with the finding of the coroner's jury, at Pointe Claire, Mrs. Girard was placed under arrest in connection with the death of Joseph Dorion Mitchell. As she is practically the only witness the crown has in the murder case, Crown Prosecutor Ed. Guerin will not continue the proceedings against her, and she will probably be released soon.

RUSSIAN GUNS BELCHED.

Bombard and Destroy Village of Castelli.

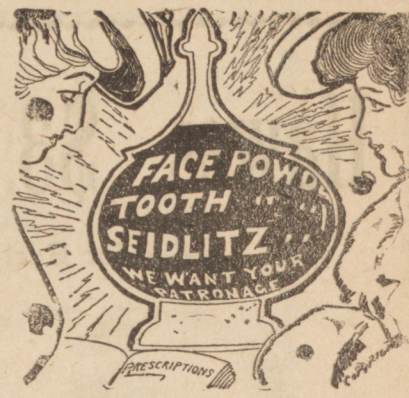

Canca, Crete, Aug. 10.—The Russian gunboat Khabry has bombarded and destroyed Castelli (on the north coast of the island of Crete, about eighteen miles east of Retimo), because the insurgents there opposed the landing of a Russian force to take over the customs house. A boat party which was sent ashore from the Khabry was repulsed, whereupon the Russian commander, after warning the insurgents to remove the women and children, opened fire. The insurgents returned the fire with small arms, wounding two Russians. The bombardment continued until the village hoisted the white flag.

The thrust of a lance does not hurt more than the abdominal pains following the eating of improper food. Quick relief comes with the use of Perry Davis' Painkiller. Always keep it in the house.
