CANADIAN RAILWAYS.

Total Mileage Nearly Twenty Thousand Miles.

Ottawa, Jan. 28.—During the year ended June 30, 1904, there was 534 miles of steam railway built in Canada, bringing the total mileage on the date mentioned up to 19,611 miles. The capital paid amounted to $1,186,546,918, an increase of $39,996,149. This amount includes Dominion and Provincial subsidies, and loans and municipal aid. The miles of railway in operation numbered 19,431, an increase of 443 miles, compared with the previous year. The gross earnings of all the steam railways aggregated $100,219,436, a gain of $4,154,909. The working expenses amounted to $74,563,162, an increase of $7,081.63, but the net earnings show a falling off of $2,927-729, the total for the year being $25,656,274. The steam railroads carried 23,640,765 passengers, an increase of 1,492,023, and 48,097,519 tons of freight, a gain of 724,102 tons. Only 25 passengers were killed being 28 less than in the year previous.

The returns of electric railways show that there are 767 miles of line, as against 759 in 1903. The capital, including Dominion and Provincial subsidies and municipal aid, was $80,453,609, an increase of $1,-219,932. Working expenses were represented by the sum of $5,326,517, an increase of $853,659, when contrasted with the year previous. Net earnings totalled $3,125,092, or an increase of $366,273. There were 181,689,998 passengers carried, as against 155,662,812 for the preceding year. Of freight 400,161 tons were carried, 28,876 more than in 1902-3. Ten passengers were killed and a like number in the previous year.

Millville.

(Special Correspondence to the Herald.)

Jan. 26.—The people of this village are at present experiencing a surprise in the shape of an old fashioned snow storms. Today it has been snowing and blowing all day. Although the train made very good time this morning on its up trip, it has been cancelled for tonight and will remain at Woodstock.

Mr. Harley Merrithew of Keswick, and Miss Pearl Long of Kirgsclear, registered at the Millville House on Tuesday.

Mr. Elwood Foster of Rockland, returned home on Monday. He spent Sunday in this place with his sister, who is the popular clerk at E. H. Estey's store.

School has re-opened under the management of our new teachers. H. J. Fraser of Lower Prince William, is the principal, and Miss Janette Hallett of this place, is his assistant.

E. H. Estey is at present engaged in lumbering.

Among the late arrivals at the Millville House are: Mr. Furton of Montreal, who represents the Dominion Tobacco Co.; R. F. Sinclair, representing Sinclair & Linten of St. John; Mr. Akerley of St. John, who represents Ames & Holden Boot & Shoe Co.; Mr. Hill, who is inspector of railroad ties on the Atlantic Division of the C. P. R.

The young people of this village, spent a very enjoyable time Saturday evening when a crowd of them drove to the residence of Mr. Josiah Hallett. Just after they had started the side-boards of their sled fell off, but no one was hurt and when everybody had seated themselves on the bottom of the sled they went on their way rejoicing and arrived safely at their destination. A very enjoyable time was reported by all, as the evening was whiled away in music, duetts and solos and by the playing of charades. About 11 30 the party was summoned to the dining room where they were refreshed with oyster stew, cake and and temperance drinks.

Mr. Annett, the station agent, has invested in a colt. Who will be the young lady to get the first drive?

(Special Correspondence to the Herald.)

Jan 23.—Our community was shocked on hearing of the death of Mr. Ashley Nevers on Thursday morning last. He has been suffering for a year or more with consumption, and in spite of all earthly care he was called home. He leaves a sorrowing wife, three daughters Viva, Blanche and Stella, and one sister Mrs. George True, all of whom have our sincere sympathy.

Mrs Bradford Palmer of Waterville, is visiting friends and relatives of this place the guest of Mrs. H. B. Mitchell.

Mrs. Manly Duplissa of Blissville is visiting her mother who is quite ill, but is slowly recovering.

Mrs. Charlie Clarke and daughter, Mrs. A. L. Nutter of Fredericton Junction, are here to attend the funeral of Mr. Nevers.

Mr. Clarke True of Fredericton, has been spending a week with relatives here, prior to his departure to the west.

Mrs. George Hayward left on Friday for Newcastle to visit her son Chester, who is in business at that place.

We Offer $1,000

For a Disease Germ That Liquozone Can't Kill.

On every bottle of Liquozone we offer $1,000 for a disease germ that it cannot kill. We do this to assure you that Liquozone does kill germs.

And it is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact which gives Liquozone its worth to humanity; a worth so great that, after testing the product for two years, through physicians and hospitals, we paid $100,000 for the American rights. And we have spent over one million dollars, in one year, to buy the first bottle and give it free to each sick one who would try it.

Acts Like Oxygen.

Liquozone is not made by compounding drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is an absolutely certain germicide. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

Liquozone goes into the stomach, into the bowels and into the blood, to go wherever the blood goes. No germ can escape it and none can resist it. The results are inevitable, for a germ disease must end when the germs are killed. Then Liquozone, acting as a wonderful tonic, quickly restores a condition of perfect health. Diseases which have resisted medicine for years yield at once to Liquozone, and it cures diseases which medicine never cures. Half the people you meet—wherever you are—can tell you of cures that were made by it.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

The African Hyena.

"One of the great pests of Africa," said a traveler, "is the hyena. Lions and leopards do a lot of damage, but their skins, if they are shot or trapped, are some compensation for the loss they cause. The average settler, be he farmer, trader or official, rather welcomes their presence near his camp for the sake of the excitement which they afford, and very few men would hesitate to sacrifice a bullock or several head of goats or sheep for the sake of bagging a lion. But the skin of the hyena is worthless, and there is no credit whatever in shooting him, as he is an arrant coward. He makes the night hideous with his howls, and in the dark he is very daring and will enter compounds and huts and carry off almost anything. Nothing is too old or tough for him. Horns, skins, old boots—anything is grist to his mill.

Palpitation of the Heart—Nervous Prostration—Cured by

Milburn's Heart and Nerve Pills.

They make weak hearts strong.
They make shaky nerves firm.

Mr. Ray V. Cormier had a very trying experience while at College; but, thanks to Milburn's Heart and Nerve Pills, he has been restored to health. He tells his experience in the following letter to us:—

"Wellington Station, P.E.I., Dec. 3rd, 1903.
"Messrs. The T. Milburn Co., Limited,
"Toronto, Ontario.

"Gentlemen,—Having been cured of a very troublesome disease, I find it my duty to write you a few lines. I was troubled with a very great palpitation of the heart and nervous prostration. I was attacked with it at College, and could not follow up the games of the University without being overcome with fatigue. I could not descend the stairs without resting half-way. I have left College, and am working in a general store, where I found your famous pills, I used three boxes, and am now completely cured; I cannot thank you enough. You may use this letter for the purpose of benefiting anyone who is suffering as I did. My home is in Sackville, N.B., but at present I am on Prince Edward Island.

"I remain, dear sirs, RAY V. CORMIER."
