

Good Sweaters

It's always been a hard matter for a man to get a real good sweater in Fredericton, he generally has to some of the bigger places to get what he wants, and then take chances on getting the right kind. We have seen this and have determined that in future we will supply any man, with any quality, style or color of sweater that he requires. We have now in stock the finest range of

First Class High Grade Sweaters

Ever seen in the city. Well made. Goods in the very heaviest and best quality, finely finished, strongly made, perfect in fit, in any color you want, at prices \$5, \$6 and \$7 each, and if you want better ones we'll get them for you. These are great sweaters for shooting trips, and you should see them if you want something first class. We can procure any kind of sweater you want if you give us your order. Color Cards are here to choose from. Club sweaters a specialty.

DRAFTING THE TREATY.

Satisfactory Progress Being Made at Portsmouth—
Russian Discontent Over Terms of Peace.

Portsmouth, N. H., Aug. 31.—Rapid progress has been made today in the drafting of the treaty of peace. Baron Komura, at M. Witte's request, will probably tomorrow fix a day for its signature.

Russia's consent to a suspension of hostilities reached M. Witte tonight in a cablegram from Count Lamsdorff whom Emperor Nicholas has empowered to deal with the important phase of the negotiations. Although General Linvitch has been informed of the practical conclusion of peace and directed to hold himself in readiness to open with Field Marshal Oyama the negotiations for an armistice, the order for the suspension of hostilities and the signing of the truce will not go forward from St. Petersburg until M. Witte has been informed by Baron Komura that the emperor of Japan has also given his consent and has empowered Marshal

Oyama to conduct the negotiations with the Russian commander in the field.

So rapidly and well is Mr. De Martens with Mr. Denison performing his delicate and important task of drafting the treaty that he was able to return from the navy yard tonight to report to M. Witte the practical completion of ten articles of the treaty which will in its entirety consist of fifteen articles.

M. Witte is exceedingly anxious to sail for home on Sept. 12. In the meantime he wishes to take leave of President Roosevelt and personally present the thanks of his emperor for the president's assistance. He is, therefore, doing what he can to hasten the drafting of the treaty, which he would probably be prepared to sign by Tuesday or Wednesday of next week at the latest.

St. Petersburg, Aug. 31, 5.15 p.

m.—Judging from the press comment ment today on peace it would appear that while pleased with the prospect of the removal of further bloodshed from the far east, a large portion of the public is unable to reconcile itself to the loss of territory however insignificant. The national pride seems to be offended by the cession of part of the island of Sakhalin. Yesterday the people spoke of "today's shame," meaning peace. Many of the utterances show evidence of regret that the army had not been given another chance to try the fortunes of war, though no one questions or underrates the humanity of the course followed by President Roosevelt, the plenipotentiaries and Emperor Nicholas. The tone of many of the utterances concerning peace induces one to believe that a further sacrifice of human lives would not be unacceptable if the national self-respect could be regained thereby. One word of disapproval of the terms from Tokio suggesting that Japan did not desire to be bound by the terms, might result in a flare up here in defense of war and the national honor.

Embittered by what they declared to be a dishonorable peace the extreme patriots do not always refrain from criticising President Roosevelt and the American people, who, they declare, have offended Russian sentiment by underrating the Russian preparations, strength and ability to cope with the Japanese. The people, almost without exception, welcome peace.

Oyster Bay, L. I., Aug. 31.—Emperor Nicholas of Russia has recognized the part which President Roosevelt played in the successful negotiations for peace. A cablegram received by the president today from the Emperor reads:

"Peterhof, Alexandria, Aug. 31.

"President Roosevelt:

"Accept my congratulations and earnest thanks for having brought the peace negotiations to a successful conclusion owing to your personal energetic efforts. My country will gratefully recognize the great part you have played in the Portsmouth peace conference.

"(Signed) NICHOLAS."

THE ROYAL ARCANUM.

Supreme Council Heard Protests
Against the New Rates.

Put-in-bay, O., Sept. 1.—The first meeting of the supreme council of the Royal Arcanum was held yesterday afternoon. After the preliminary business a large number of petitions and remonstrances regarding the new insurance rates adopted at Atlantic City in May were presented, some favoring the rates, but the majority protesting against them.

The sentiment of the meeting was to give a public hearing to the opposing delegates, and the time for this was fixed at 8 o'clock last evening.

When the public meeting opened S. W. Reynolds of Boston, on behalf of the protesting delegates, presented their views. He claimed these delegates represent eleven states. He argued that the change in rates was not a necessity and that it alters the contractual relations entered into at the initiation of members, which the supreme council had no legal or moral right to do. He asked that the present rates of assessment be adhered to.

He seriously questioned the legal right of the supreme council in the action it had taken, but urged steps which would obviate the necessity of testing this point.

John F. Walsh of New York in a lengthy address appealed to the supreme council to see that the life of the order depends on rescinding the new rates, to think of the 300,000 families depending on it and to give back the conditions existing before the meeting at Atlantic City.

Frank H. Culver of Chicago, believed he represented none-tenths of the members in Illinois and unofficially said Illinois was overwhelmingly opposed to the new rates.

Howard C. Wiggins, supreme regent, in his address set forth that the changes in rates had been demanded to maintain the integrity of the order, and he said that the new rates were based on deep research. He urged, however, that the opinions of others be respected and considered.

He said that careful consideration from every side should be given the speakers, as the mission of the order extended far into the future.

MURCHIE—MAXWELL.

A Border Wedding in Which a Fredericton Man Supported the Bridegroom.

St. Stephen, Sept. 1.—A brilliant wedding took place yesterday afternoon at the little church on the Old Ridge road, about three miles from town, when Walter Kempt Murchie of Calais took his bride, Miss Margaret Murray Maxwell, daughter of Archibald Maxwell of Old Ridge. The ceremony was performed by Rev. J. W. Millidge at four o'clock, after which a reception was held at the home of the bride, Miss Alice Maxwell, sister of the bride, and Miss Roberta T. Murchie, daughter of ex-Mayor Murchie of St. Stephen, were the bridesmaids, and the groom was attended by W. A. B. McLellan of the Bank of B. N. A., Fredericton. Some two hundred invitations were issued. The church and house were beautifully decorated and the wedding gifts are many and valuable. After the reception the bride and groom left on a wedding tour, which is to include Toronto and the New England States.

Some women are just devoted slaves to bargain hunting that they always look cheap.

EARTHQUAKE SHOCK

Alarmed Citizens of Portsmouth, N. H., and Vicinity.

Portsmouth, N. H., Sept. 1.—A series of earthquakes, the most severe ever experienced in this section, which, at about 5.35 to 5.40 o'clock this afternoon were felt from the vicinity of Exeter to beyond Biddeford, Me., had their centre of disturbance in this city, and were so severe that people, fearing the shaking houses and stores would collapse, ran in terror out of doors. The scene in the shopping district was exciting for a number of minutes. For several seconds a tremor ran through the city, and windows, dishes, pictures and other articles rattled. The experience of other places on the coast line and for a few miles inland was only in a less degree. The shock seemed to travel from west to east. No damage is reported.

The first impression here in this city was that there had been a heavy explosion of gas, of dynamite or the powder magazine at the navy yard. The shock here came at 5.35 and it was accompanied by a loud report as of thunder, followed by a rumbling. There were really three distinct shocks, each with its own rumble.

The police station was besieged with questions as to where the explosion was and most of the queries were from towns nearby. At Hampton the shock was very plain, but it was greater toward this city, for Greenland was more affected. On the other side of the river in Kittery and down to York it was plainly heard, but at the Wentworth at Newcastle the shock was not heard at all.

Kittery, Me., felt the shock about as much as did Portsmouth.

Somersworth felt the shock for about ten seconds, at about 5.45. The rumble resembled thunder.

At Biddeford, Me., the seismic disturbance was slight, at about 5.40 o'clock, but in the surrounding country it was distinctly felt. A sound as of distant thunder was heard.
