LONGER DAY LABOR.

Richmond, Ind., Aug. 30.—"Little Amie" Rusie, as he once was called in sarcasm, has found a better position than that which he had in the southern part of Indiana handling lumber. Ever since Rusie made a failure of pitching at Cincinnati, after being released by the New York club in exchange for Matheson, he has been a day laborer.

Most of the time he has worked for \$1.50 per day shifting logs and planks. Some of the time he has not had work. It is announced that he has been given a position at Cairo, at \$4 a day, and he is going over to Egypt to accept it.

As pitcher for the Giants, Rusie was once able to command a high salary as \$5,000 for a season's work. His habits were none of the best, and he rapidly deteriorated in efficiency as an athlete. He refused to pitch for one whole season, because he had been fined by the New York management for being intoxicated and abusing his wife. A great deal of foolish sympathy was wasted about that time on Rusie; but he was entitled to nothing except what he received, and some who knew the circumstances thought stricter disciplinary methods would not have been amiss.

There is no possibility that he will ever become prominent in baseball again.

THE TURF.

PROVIDENCE GRAND CIRCUIT.

Providence, R. I., Aug. 29.—The Providence Grand Circuit meeting at Narragansett Park, under the auspices of the Narragansett Park Association opened yesterday under auspicious conditions. The weather was excellent, the track fast after the rain of Sunday, and a crowd of 4,000 people was in attendance. Two favorites were successful. In the 2.08 pace the black gelding "Don Carr" won the money after dropping the second heat to Maud Keswick. All heats in this race were in fast time and Don Carr lowered his record from 2.07½ to 2.06 flat, to capture the first heat. Selling of the first race was brisk with Don Carr favorite while many selected Maud Keswick. In the first heat there was a head and head finish. Don Carr just beating the mare out in 2.06 flat. In the second heat Maud Keswick won easily. In the third Don Carr trailed all the way to the stretch and Maud Keswick fell off badly, the Carr horse going by her handily. The second heat was in 2.05½ and the last heat in 2.07. In the 2.18 pace, Doris B., after losing the first heat to Bolivar won handily. The last race was the 2.19 trot for a purse of \$1,000 and in this Morone, considered to be the best of the field won without difficulty. Summary:

HORSE NOTES.

Daisy Field, 2.08½, who has been down in Ohio has been mailed as a ringer under the name of Ada M. Walter Cox will have to uncover Gracie Kellar this week when she meets Sadie Mac in the Mass., \$10,000 stake.

The Kentucky Association are trying to arrange a 3 in 5 race for their fall races between Tiverton, Sweet Marie and Sadie Mac for \$15,000.

Humphreyville won third money at Dover, N. H., last week with Eola. She was second in 2.12½. John M. had an easy time in the free-for-all in slow time.

Nancy Hanks, 2.04, is the only mare with a record as fast that has one of her foals to trot in. Admiral Dewey, 2.09½, is her first, and Lord Roberts should also put Nancy in the Great Brood mare list.

N. Furbush will take an outing down in the Maritime provinces and will have Red Pepper, 2.19½, with him and as he has been miles faster than 2.15 over a half mile track, he is mighty apt to make things lively in the 2.20 class down east.—Calais Times.

Simassie broke badly and did not come up to the expectations of many of the spectators. The 2.20 and 2.30 classes were hotly contested. MISS SUTTON'S DOINGS.

Leroy is inter-collegiate champion, New York champion and world's champion at indoor tennis. In the first set Miss Sutton was given a handicap, and defeated Leroy 6-1, but in the second, playing without a handicap, she was defeated 6-4.

CRICKET.

A CANADIAN REMINISCENCES.

Duncan S. McIntyre of Detroit, Mich., formerly of Montreal, and noted at the St. George's Club for his artistic rendering of the "Chasing of the Buffalo," having read the postmaster's "Reminiscences of Canadian Cricket," taken from John E. Hall's and R. O. McCulloch's "Sixty Years of Canadian Cricket," in last Sunday's World, writes:

"I thought as an old cricketer, having played on the Upper Canada College first eleven from 1868 to 1872 and afterwards for many years on the first eleven of Montreal and Winnipeg, that the following stories of the humorous side of the game might tend to amuse those who are still playing and also those who have laid the bat away."

"Twenty-five years ago the Montreal Cricket Club with a few from Ottawa, went on a tour and landed in Ogdenburg. Our umpire became suddenly indisposed and the game was delayed, owing to the Ogdenburg team objecting to one of our eleven officiating.

"A cadaverous-looking Yankee ap-

proached me and said, 'What's is the difficulty? Why don't you play ball?' I answered, 'We were waiting to secure an umpire.' 'Umpire,' he said 'Why, I'll umpire the game for you. Do you know the rules of the game?' 'Well, I should blush to murmur!' So we appointed him, and the game began. The Rev. T. D. Phillips went in first, as usual, and in the second over the wicket-keeper called, 'How's that?' 'How is what?' asked the umpire. 'Catch at the wickets.' 'Were they a catch; well we will investigate it,' and, approaching the reverend gentleman, he said, 'Did you hit that ball with your club when it was pitched from the other end?' Mr. Phillips said he thought so. 'And the backstop caught it?' 'I believe so.' Then that ain't no argument. By — you're out!"

"In 1882, in the boom days of Winnipeg, we got up a scratch team to play Emerson and West Lynne Clubs. There was a most humorous Scotchman, Jamie Campbell, who was anxious to be on the team. I, being captain, asked if he knew anything about the game. He said: 'Great Gawd mon, I played for me county.' So I took him along. We had a special car and about twenty ladies with us (60 mile ride). We played on the open prairie, about 500 yards from the dividing line between the United States and Canada. Just as we were about to start, Jamie came over and said: 'I think it would be well to ascertain if I hit the ball into the foreign country whether there will be any duty on its coming back or no.' He got out second ball. I asked him what position he preferred in the field. He answered, 'I think long field, or near a saloon would do very well.' Later, he got an easy chance, and he made a frantic effort to catch it, but stumbled, fell and the ball hit him in the middle of the back. We all roared with laughter, but he called out when the noise had subsided. 'Captain, I am very sorry, but it was nae my fault. I tripped over an Indian's grave.'"

THE WHEEL.

Mr. Louis Rubenstein, of Montreal, has received the official programme of the C. W. A. championship bicycle meet, which is to be held at Driving Park, Iroquois, Ont., September 12, under the auspices of the Canadian Wheelman's Association. Entries close on the 7th September, and entry blanks and other particulars in connection with the meet may be had from Mr. W. J. Armstrong, Iroquois. The Iroquois track is a good half mile track, and a large number of entries is expected. Mr. Louis Rubenstein will, in all probability, officiate as referee. The events include: 1, one mile novice; 2, half mile amateur championship; 3, one mile amateur championship; 4, quarter mile amateur championship; 5, five mile amateur championship; 6, two mile open handicap; 7, one mile open handicap; 8, half mile open.

A MILLION DOLLARS SQUANDERED.

It is estimated this sum was wasted last year by people trying to find a cure for catarrh. Foolish for sufferers to experiment when it's so well known that "Catarrhazone" is the only remedy that cures permanently. Other treatments only relieve, but Catarrhazone cures and prevents the disease from ever returning. "I had catarrh in its worst form," writes G. F. Fadden of Royan, Que. "I was so bad that ordinary medicine didn't even relieve; but Catarrhazone cured perfectly." No chance of disappointment with Catarrhazone—it's certain as death to cure your catarrh—just try it.

That so few women die of heart disease may be attributed to the fact that that organ of her anatomy is kept constantly exercised with thoughts of love.
