RUSSIAN TOWN CAPTURED.

Japanese Army Occupies Alexandrovsk Without Loss.

RUSSIANS TO MAKE A BOLD STAND IN NORTH KOREA.

Big Japanese Force Concentrated at Keuchen.

Tokio, July 27.—(Special.)—Vice-Admiral Kataoka reports a successful landing of the Japanese in the vicinity of Alexandrovsk, Sakhalin Island, says that Mukak, Alexandrovsk, Niyoma, Mukak were found intact, but that the enemy had set fire to Mumika and Aikova was still burning. The town of Alexandrovsk was not burned.

The Admiral's report which was received at 7.30 p. m., on July 24th, says that the Japanese flag was hoisted over the government building of Alexandrovsk without any loss on the part of the Japanese force.

It is announced from army headquarters that the Japanese army landed on Sakhalin Island on July 24th, without meeting heavy resistance from the Russians. The commenced landing in the night eight miles north of Alexandrovsk and that Alexandrovsk surrendered on Tuesday.

Tokio, July 27.—The local military authorities discussing the situation in North Korea predict that the Russians will vigorously defend Kyong-Chung, to the south of the Tumen river. The town is regarded as most important from a strategic standpoint, as it controls Poissiet Bay. Kyong-Chung is also regarded as the outer line of the defence of Vladivostok.

Kuang-Chang-Tsu, Manchuria, July 27.—According to reports from Korea the Japanese continue advancing along the forty mile front.

The vanguard is now about eighty miles from the mouth of the Tumen river.

The Koreans estimate the strength of the Japanese at about 40,000 men. The main force is concentrated at Keuchen.

ATTORNEY GENERAL HOPEFUL.

Thinks the Route of the G. T. P. Will Be Via the St. John Valley.

St. John, July 27.—(Special.)—Attorney General Pugsley returned from Ottawa this morning, where he has been arguing the Mayes-Connolly case before a sub-committee of the privy council. He says the committee will take time to consider the matter.

Respecting the recent visit to Ottawa of the New Brunswick delegation in connection with route of the National Transcontinental Railway through the province, the Attorney General thinks the route will likely be via the St. John Valley, on account of the engineer's report as to grades etc., as well as the likelihood of it being most profitable after construction.

FIRE AT FERNIE.

British Columbia Town Gets a Bad Scorching.

Fernie, B. C., July 27.—(Special.)—A disastrous fire visited Fernie during last night and wiped out a large part of the business section of the community.

Those probably burned out are: Fernie Free Press office, Carruther's tailor shop, Shephard & Elliott, hardware store, British Columbia Furniture Company, the Great Northern Railroad office, the Northern Hotel, Kenny & McLeod's tailor shop and C. C. Wright, jewelry store.

The Waldorf Hotel, on the opposite side of the street, is very badly damaged and other stores are more or less damaged by heat.

The loss is about \$50,000; insurance about one third.

MR. PRICE'S CONDITION.

Leading Doctors in Consultation This Morning.

Moncton, July 27.—(Special.)—A consultation was held here this morning by Dr. Stewart of Halifax; Dr. Clarence Webster of Chicago, who is spending the summer at Shediac, and Drs. White, Ferguson and Price, in regard to the case of Mr. J. E. Price, I. C. R. superintendent, who is critically ill.

The conclusion arrived at was that all possible is being done for the patient. Mr. Price's condition this morning is very little changed. He is resting easy, but there is no improvement.

The modern wife does not see the necessity for wasting good cooking on a dyspeptic husband.

CENTRAL RAILWAY.

Premier Tweedie in Conference with Commissioners at St. John.

St. John, July 27.—(Special.)—The Central Railway Commissioners met Premier Tweedie at the Royal Hotel this morning to consider the terms of the tenders for work on the New Brunswick Coal and Railway line from Norton to Chipman.

The meeting did not decide on anything definite. It was learned that there are two tenderers for the work, whose names Premier Tweedie refused to divulge as they have not complied with all requisites of the advertisement.

The meeting resumes this evening, when it is expected something definite will be reached.

THE HARTLEY ASSAULT CASE.

Harry McCatherine Under Arrest Charged With the Crime.

CAPTURED AT HARVEY LAST NIGHT AT THE POINT OF A REVOLVER.

James McSorley, Another Suspect, Escaped to the Woods.

POLICE CONFIDENT THAT THEY HAVE SOLVED THE MYSTERY.

There is reason to believe that the outrage committed on Maryland Hill on Friday night last by which Rev. F. C. Hartley of Houlton, formerly of this city, was brutally assaulted was the work of Harry McCatherine, Dougald McCatherine, Jr., and James McSorley, three well known young men belonging to respectable families of this city. Harry McCatherine was arrested at Harvey last evening on a warrant, and is now in jail charged with the crime. McSorley is hiding in the woods near Harvey, dodging pursuit and Dougald McCatherine is supposed to have gone to St. John and from there taken the boat for Boston, and is now in the land of the free.

The story of the assault is still fresh in the minds of the citizens. On Friday evening last Rev. F. C. Hartley was coming down Maryland Hill about nine o'clock when he was set upon by three men who assaulted him in a most vicious manner and left him in a semi-unconscious state by the roadside.

It was thought at once that the case was one of mistaken identity and it was later discovered that the assault was intended for a colored man named Skinner, who is employed at Wiley's drug store. The police learned at the same time that there was bad feeling between the young men named and Skinner. It appears the colored man had gone up the hill early on Friday evening and his would-be assailants in some manner missed him on his return, and vented their wrath on Rev. Mr. Hartley instead.

It appears that McCatherine and McSorley were discovered in a box car, and recognized by some person. A number of men in the village started to capture them but McSorley in the darkness managed to evade the crowd and escaped into the woods. McCatherine was held until the police arrived from this city and handed over to them.

Messrs. Hawthorne and Phillips left Harvey at 4 o'clock this morning and arrived home with the prisoner at 12.30. Pliceman Rideout remained at Harvey and with a posse of men is scouring the woods in search of McSorley. As the latter has no knowledge of the country surrounding Harvey and is being hunted by a number of men familiar with every inch of ground there is every likelihood of his being captured. Descriptions have been sent to different points so that there is hardly any likelihood of McSorley escaping by any of the border routes.

A GRAND SUCCESS.

Free Baptist Picnic at Gibson Well Attended.

The beautifully situated grounds of Mr. Melbourne Bailey, at Gibson, presented a very picturesque scene last evening, the occasion being the annual Sabbath school picnic of the Free Baptist denomination, and it was a very large and jolly crowd present, who thoroughly enjoyed the several games and amusements that were provided.

During the afternoon and evening the Marysville Brass Band furnished excellent music.

A large tent had been erected in which small tables had been arranged where tea was served. The refreshment booth contained everything in the line of eatables and was in charge of Mr. George Bailey and "Jerry" Flemming, while Mrs. Bailey and Miss Belle Blair were in charge of the ice cream tables and James Blair made an ideal door-keeper.

The grounds were beautifully decorated and well lighted and a large hay rack trimmed with flags was provided for the Marysville band.

Following are the prize winners: Gate prize—fancy urn, Miss Matthews. Ladies' bean toss—Miss Lillian Grass. Gents' bean toss—Charles Logan 1st; Edward Watson, 2nd. Indian ball game—Charles Blair, 1st; Fred Pond, 2nd. Ring toss—Wm. Blair.

A very interesting feature of the picnic was the voting contest for the most popular young lady. The first prize, a bottle of perfume, was won by Miss Belle Blair, with 257 votes; Miss Allie Robinson second, with 157 votes; and Miss Julia Bailey third, with 151 votes. The second prize was a glass set.

The picnic broke up about ten o'clock and was a very successful affair, there being a large crowd present throughout the afternoon and evening.

As usual a few things were left over from the supper table, but these were disposed of by auction, Mr. Hallett acting as auctioneer. Much of the credit for the success of the outing is due to Rev. J. C. Wilson, Mr. and Mrs. George Bailey, Mrs. and Mrs. Freeman Rideout and the Messrs. and Miss Blair and other members of the congregation, who

worked hard to make it the grand success it was.

There was a meeting of the St. Mary's Parish church last evening to discuss the proposed Sunday school picnic, which is to take place on August 15th, at Durham Bridge. The committee were appointed to look after the affair, which promises to be a grand outing.

THE CENTRAL RAILWAY.

Steel Bridges May be Substituted for Wooden Structures.

On account of the absence of Commissioner George McAvity from the city yesterday afternoon, the tenders for the work on the New Brunswick Coal & Railway line from Norton to Chipman have not yet been opened.

At least three or four tenders have been received, probably more.

There is a probability that a decision may not immediately be reached, as the advisability of making some alterations in the plans has been considered. It is quite possible that two or three steel bridges may be put in instead of the wooden bridges contemplated in the specifications, provided satisfactory arrangements can be made for the purpose of some steel bridges on the Intercolonial railway. The bridge at Sussex is of suitable length for the new one at Norton and if it can be bought at a reasonable price the proposition will likely be considered. This bridge is known to be too light for the heavier intercolonial traffic, but is of sufficient strength for a branch line. There are other bridges on the line which it is thought might be profitably purchased and placed on the road to Chipman. For these reasons it is quite probable that the award of the tender may be deferred till the contractors and I. B. R. management

"Do you regard my suit in favor?" asked the young man in the ready-made garments.

"Well," replied the critical young woman, as she glanced at his apparel, "it isn't a suit that I would select myself."

While the men are indulging in frenzied finance the women are plunging into frenzied matrimony.

The women who thoroughly understand men are wise enough to pretend that she doesn't.
