They went north from Bathurst by the I. C. R. train. Mr. Wright says that the visitors are greatly delighted with New Brunswick as a vacation land.

WHERE WAS O. S.?

To the Editor of the Herald.
Dear Sir,—Where was York's representative in the late delegation to Ottawa. It is a pity that our electors did not at the last election elect a man with some influence, who could assist us when questions came before the government in which we are directly interested.

One thing we ought to be thankful for and that is Mr. Crockett remained at home. Had he accompanied the delegation our chances for the valley

route would certainly here been blasted.

An Elected for York.

MYSTERY SOLVED.

Woman Found Drowned at Kingsclear Belonged to Woodstock.

The coroner's inquest to inquire into the death of the woman whose body was found at Kingsclear some weeks ago, will be continued on Saturday next, at the office of H. B. Rainford, clerk of the peace.

Since the inquest was commenced at Kingsclear three weeks ago Deputy Sheriff Foster, of Carleton county, has been working on the case, and at last the identity of the woman has been discovered. She was a Mrs. Hussey, who for some time had made her home with a man named Wells, at the upper end of Woodstock.

She left home on the night of Easter Sunday with the intention, as Wells stated, of going to Houlton to visit her sister, and has not been seen since. Wells did not worry over the absence of the woman, as he says she was in the habit of leaving home and going to Houlton. During the several weeks that the woman has been absent no effort was made by Wells to find her whereabouts.

The first clew of her identity was furnished by Dr. Cumber, a Woodstock dentist, who recognized the teeth found in the woman's mouth as a set he had made.

There is no suspicion of foul play in connection with the woman's death.

Coroner McNally and Clerk of the Peace Rainford worked hard from the first to clear up the mystery and it would seem that they have been successful in their efforts.

HOME FROM ABROAD.

S. Dow Simmons and J. A. Winslow Return from the Old Country.

Messrs. S. Dow Simmons and Jasper A. Winslow, returned today from a trip to the old country, and are being warmly welcomed back by their numerous friends. They arrived in Quebec on Tuesday by the Donaldson line steamer Tritonia, and reached here by the western train today.

Messrs. Simmons and Winslow during their absence, visited many points in England, Ireland and Scotland, and afterwards went for a jaunt upon the continent. They enjoyed a voyage on the Rhine, and visited Paris, Monte Carlo, Rome, Naples, and also continental resorts and saw many wonderful and interesting sights. They also made a short visit to Switzerland and enjoyed a climb on the Alps. Both gentlemen are looking exceedingly well after their extended cruise on the other side of the Atlantic.

HAS FAST RECORD.

Winner of 2.30 Class at Moncton Said to be a Ringer.

At the recent Moncton meeting, the 8.30 trot and pace was won in straight heats by Storm King, from Bathurst, N. B., in the fast time of 2.24, 2.21, 2.23. He was a new comer to the Province, and as he seemed able to go even faster the owner was asked by the judges for identification. All he knew was that the horse had come from Manitoba, that he had no knowledge of the horse other than as Storm King, and under the circumstances the winnings were withheld until he was identified. From the description of the horse, it became rumored about that he bore a resemblance to the pacer Ben D. with a record of 1.06, and the Recorder hears that he has been identified as the horse named. The National Trotting Association, of which the Moncton track is a member, will deal with the matter, and if the evidence is conclusive the first money will be awarded to Parker L. who was seconded in the race.

A NOVEL FAD.

Rev. T. J. Allen, of Pittsburg, who is to supply the pulpit of the Presbyterian church at Barnesville, N. B., for the summer, is the originator of a somewhat novel fad. His plan is to collect canes from all parts of the world and loan them to centenarians on condition that they be returned at death. The rev. gentleman was in St. John yesterday and stated that it was his intention to forward a cane to Senator Wark, of Fredericton. Mr. John Brown, of this city, who celebrated his 100th birthday early in the present month, is also entitled to one of Rev. Mr. Allen's canes, and no doubt his claim will be recognized.

A WONDERFUL COLT.

A mare belonging to Thomas McGrath, of Oromocto, dropped a colt a short time ago, which was a genuine curiosity in the matter of color. It had a red mane, a tail of pure white, the forelegs were white right up to the shoulder, the face was white, with white rings around the eyes and there was a white belt extending clear around the body, the remainder of the animal being of a bright bay color. This strange freak of nature was sired by Keasage Jr., owned by J. D. Reid, and was out of a black mare, at one time the property of the late Principal Mullin, of this city. Unfortunately it lived only three days.
