LET HIM GO.

The Sun communicates the startling news that Fighting Joe Martin is tired of the Liberal party, and the feeling is mutual. It is a fine thing for the Liberal party to get rid of people like Joe Martin, erstwhile politician in Manitoba and British Columbia. Joseph is of the breed that makes trouble and reflects no credit on the party to which he may happen to belong. He has been the stormy petrel of western politics for some years, but had he known how to take advantage of his opportunities, he might have been occupying a fine position in the public life of the country. Of talent and nerve and fighting force Joseph has abundance, but he lacks balance, and respect for the rights of others.

Just now Joseph is trying to organize a third party and he has a task before him that has downed many a better man.

PLACED AT LAST.

Mr. Haultain, who has been posing in the west in favor of coalition government in the new provinces, has at last been forced to throw off the mask, and appears as a full fledged Tory candidate in Qu'Appelle. He was compelled to take this course through the Liberals in Saskatchewan on straight party lines, and perhaps too through the goading of such aggressive Tories as Senator Perley, who does not believe in the coalition business.

The Liberals have got Mr. Haultain where they want him, and he can no longer bid for power by playing off Grits against Tories and vice versa. Mr. Haultain showed the cloven Tory hoof during the autonomy bill debate, and in the Ontario bye-elections, and discovered when he went back to the west that his former Liberal supporters were on to his game.

The Grand Trunk Pacific Railway Company do not receive an acre of land for building the road. The Tory government gave the C. P. R. many millions of acres, the company have been selling it off for over twenty years, and yet they have 11,000,000 acres left for which they have refused \$70,000,000.

The Russo-Japanese war with its jawbreaking words is just nicely over, when along comes the U. N. B. senate with a new professor from Ireland who spells his name G-o-o-g-h-e-a-n. It's not in the dictionary, nor any of the almanacs, and we give it up.

There was something doing for Fredericton at the Halifax horse races Saturday, when Sheriff Sterling with his gamy little mare, Louise M., walked off with the first place in the 2.25 trot.

A fourth consolidated school will shortly be added to the number in this province, the ratepayers of Hampton Village and Hampton Station having voted in favor of consolidation.

The lawyers seem to have struck a nice juicy bit to the Cushing Sulphite mill litigation, and will be able to camp around it for some time yet.

The rain is very welcome but we trust it will finish up its business and retire before the Fredericton exhibition opens on Thursday.

BITS OF NEWS.

Items of Interest Culled from Our Exchanges and Other Sources.

The Russian losses in ships at Port Arthur, Vladivostok and the Sea of Japan, according to official statistics amount \$113,000,000.

Thos. Fyshe, ex-general manager of the Merchants' Bank, had a narrow escape from death Saturday at Montreal. While crossing St. Lawrence street he was struck by a delivery wagon and knocked down. In falling his head struck the curbstone, causing a slight concussion of the brain. He is expected to be out again in a few days.

Donald Fraser & Sons are now engaged in cutting out and turning a good road from their mills at Plas-

ter Rock direct to Trousters Lake, a distance of more than thirty miles. The road will be on their own property the whole distance. Henceforth they can haul supplies from the station to the lake over an excellent level, well made road.

FREDERICTON MEN

Principals in Glace Bay Champion Base Ball Team--Great Rejoicing Over Final Victory for Cup.

Wednesday was a big day in Glace Bay baseball circles as the play-off series, says the Sydney, N. S., Record, downing Sydney by a score of 10 to 0 in the first shut out ever seen on a Cape Breton diamond.

Malloy outclassed Balser, striking 14 to the latter's 7. Hits off Malloy 5; off Balser 13. Glace Bay was out to win, and win they did in the biggest baseball victory of the season.

The changes made in the lineup were a decided improvement and increased the effectiveness of the team.

13 singles, 3 two base hits and 2 three-baggers shows that the home team did some hitting. Sydney had to be content with singles and only about five of them, and only one double. They were easily and clearly outclassed. Malloy pitched the game of his life and got splendid support.

Sport is on the boom here. Glace Bay always did give it generous support and the prospects are that even more support will be given.

After the game there was lots of excitement about town. A big crowd collected and serenaded the ball players, officials, etc.

President S. McCawley, of the G. B. A. A., delivered a strong speech and donated a box of choice Havanas.

The score was as follows:

REJOICING AT GLACE BAY.

Glace Bay, Sept. 14.—The baseball trophy was brought to Glace Bay from Sydney this morning by Dannie Campbell, the well known centre fielder of the Tartars baseball team. The cup is a handsome one, and is on exhibition in Morris' show window, decorated with the colors of the team, red and black. An excellent photo of the Tartars team is also on exhibition, showing the following well known players: Capt. R. O. Malloy, Kenneth Dunphy, McMinnimin, Campbell, King, Finnimore, Dwyer, D. McLean and McFarlane. The rejoicing over the victory was continued last night until a late hour. The boys are delighted over the result of the game and the excitement and crowds about the streets last night particularly around Senators Corner, was a large one, all discussing the game of the afternoon. No disturbance took place and no arrests were made, though the crowd became somewhat boisterous toward midnight. The police were lenient with the boys for one night, considering that they had good cause for rejoicing.

GIBSON NEWS.

Sept. 18.—The pulpit of the Baptist church was occupied yesterday morning by Rev. Mr. Payson who preached from Romans, I-XVI. For "I am not ashamed of the gospel of Christ for it is the power of God unto salvation to everyone that believeth, to the Jew first, also to the Greek." The singing by the large choir present was excellent and showed the result of careful practice.

In the evening of the Free Baptist church was occupied by the pastor, Rev. J. C. Wilson, who preached a very able and eloquent sermon which was much enjoyed by all.

Next Wednesday evening the Free Baptist Boys intend holding a Sunflower pie social in Temperance Hall. Besides the sale of pies there will be an excellent programme carried out and refreshments will be served.

Next Sunday evening Rev. W. R. Robinson will preach his farewell sermon as he expects to leave about the 27th for Chicago.

DIED AT KINGSTON.

Mr. A. D. Thomas received a telegram from Kingston, Ont., this afternoon announcing the death at that place of his mother-in-law, Mrs. John Harvey, formerly of this city. The deceased lady had for several years made her home with her daughter, Mrs. Harry Wilton, at Kingston. She was formerly Miss Ruthford, and belonged to the old country. She was seventy-seven years of age and leaves three daughters, Mrs. Wilton, of Kingston, Mrs. Thomas and Miss Harvey of this city. The remains will arrive here by the noon train on Wednesday.

GETTING IN SHAPE.

The Big Show Will be Opened on Thursday Afternoon--Exhibits Arriving.

The big exhibition will be opened at three p. m. on Thursday by His Honor the Lieutenant Governor. His Honor will be met at the Queen Hotel by Mayor McNally, members of the city council and officers of the local militia and escorted to the amusement hall, where the opening ceremonies will take place. After formally opening the exhibition, the Lieutenant Governor and party will witness the thrilling performance of Diavola and Leonda, and also a parade of horses in the show ring.

A number of exhibits for the big show have arrived, and a large force of men are at work in the main building putting the booths and stalls in shape. About all the space has been sold, and the industrial display promises to eclipse anything of the kind ever seen in Fredericton. The number of live stock entries is larger than at the last exhibition, and some of the finest herds of pure bred cattle, sheep, and pigs in the maritime provinces are to be shown. There are also an unusually large number of entries in the horse department.

A great deal of the live stock now being shown at the Halifax exhibition is to be rushed through to Fredericton by a fast freight at the close of the show and it is expected to reach here on Thursday night.

Secretary Hooper this morning removed his office and equipment to the exhibition building and will be found there at all hours from now until the close of the show.

The space on the "midway" or "row" is nearly all taken up, and some very unique side attractions are to be shown. The most expert African dodger in America is included in the list.

A largely attended meeting of the executive was held in the secretary's office this morning. The business transacted was chiefly of a routine nature. The chairman of the several committees reported that the work of preparing for the exhibition was well advanced and everything looked favorable for a highly successful show. It was stated that a thorough canvas had been made of the city, and a list of the rooms in private houses available for lodgers could be seen at the information bureau. While a big crowd of people is expected, no trouble is anticipated in finding suitable board and lodgings for them.

Mrs. Harry Williamson is seriously ill at her home on York street and there is not much hope for her recovery. Her daughter, Miss Nellie Williamson, teacher of the Charley street school, has obtained leave of absence on account of her mother's illness, and Miss Wiley is supplying her place.

CONDITION CRITICAL.

Captain Tucker of Staples Settlement, parish of Douglas, who lately made two attempts at suicide, is in a very critical condition at the Victoria Hospital and there is not much chance for his recovery.
