THE AFFAIRS IN RUSSIA.

Another Slaughter of Jews Said to be Planned for Saturday.

SITUATION AT CRONSTADT CONTINUES CRITICAL—DANGER THREATENS NEW REGIME.

St. Petersburg, Nov. 10.—(Special)—The czar's invitation to join a peace conference has been accepted by practically all the powers and a programme is now being prepared. The conference meeting has been tentatively fixed for May.

The town council of St. Petersburg is taking the lead in political education for the masses by inaugurating a series of public lectures at which the new order of things will be explained to the people. The object of the meetings to allay hostility between various classes by showing the benefits accruing to all from the granting of liberties. This example is to be followed by Moscow and other cities.

Stories are being industriously circulated that the "Black Hundred" has planned a general massacre of Jews for Saturday night, and that Jews' houses are being marked. It is undoubtedly true that some clash will take place, but no general massacre is anticipated.

During the rioting of Cronstadt the government treasury there which is

surrounded by deep moat filled with water was saved from a mob by the removal of the bridges.

The United States consul-general has received the following despatch from the Consul at Cronstadt: "Sailors aided by a mob, commenced rioting here, several houses set on fire and shops robbed. The situation remains critical."

Word has reached Count Witte that in some regions the reactionaries, seeking to make the new regime a failure, are spreading reports among the peasants in the country and the lower classes of citizens that the Imperial manifesto is a forgery issued by revolutionists with Count Witte at their head, who holds the Emperor a prisoner in the palace.

Such stories, circulated among the poor peasantry, are apt to prove almost as dangerous now as when the peasantry rose in support of Count choff, who, claiming to be Peter III, called on the people to overthrow Catherine II.

The clergy throughout the country under instructions from the Holy Synod, will do all in their power to counteract the effects of the rumors.

A VERY CLOSE VOTE.

Friends of Henry M. Whitney Are Asking a Recount in Massachusetts.

Boston Nov. 10.—(Special)—There is to be a recount of the vote cast for Lieutenant-Governor in Massachusetts in all of the cities and in two hundred of the larger towns, if the instructions sent out yesterday by the Hon. Arthur Lyman, chairman of the executive committee of the Democratic state committee, are complied with. According to the corrected returns of yesterday forenoon, the plurality for Eben S. Draper, the Republican candidate for Lieutenant-Governor, was still lower than had appeared in the press returns of the morning papers. The revised figures for Governor and Lieutenant-Governor showed the following result for the entire state:

Governor.	Whitney, Dem.	Draper, Rep.
197,512	174,396	

Guild's plurality, 23,116.

LIEUTENANT-GOVERNOR.

Draper, Rep., 182,197
Whitney, Dem., 180,201
Draper's plurality, 196.
The Democratic managers, as soon as they could get together to discuss the situation in the light of the completed returns, almost immediately decided that they were justified in asking for a recount of the vote for the second place on the ticket, it being apparent that nothing could be lost and something might be gained by this procedure. Mr. Lyman consulted with Henry M. Whitney, candidate for Lieutenant-Governor, and with some astute experts in election matters, and then began sending out telegrams to the Chairmen of Democratic city and town committees throughout the state, asking that they prepare and have filed petitions for the recounts.

EMPEROR A PRISONER.

Empress Dowager of China Locks Him Up.

Victoria, B. C., Nov. 10.—(Special)—Telegrams from Peking to Japanese papers say that movements to overthrow the present Chinese dynasty are developing with increased rapidity. Advice from Peking published by Japanese vernacular papers received by the Steamer Empress of China, state that when the Empress Dowager of China returned hastily from her summer palace, because of the bomb

outrage at Peking, she summoned the Emperor and asked if he knew of the outrage, whereupon the Emperor showed much confusion. At a signal from the Empress a party of guards appeared and led the Emperor to a hall, where he has since been confined, no one having access to him and food being thrust in through a window. The Hoshin Seibun says the Emperor occasionally raises shrieks like those of a lunatic.

WINTER NAVIGATION.

and will lift the buoys in the straits prior to starting in the winter service. Mr. Hayden, second officer of the Petrel, has been appointed first officer of the Stanley, vice the late Capt. George McLeod.

EXPLORERS SAFE.

Word Received from Dillon Wallace and Mrs. Hubbard.

This information was received yesterday by Casper Whitney in this despatch from St. Johns, N. L., Lake Michikamau, Sept. 4. Proceeding with Easton to Ungava. Return in winter. Richards homeward bound, hearing letters. All well, Dillon Wallace.

Mr. Whitney states that the party must have reached Ungava and are probably now making the journey on snowshoes.

The following telegram signed by her and dated yesterday at Chateau Bay, was received today by Herbert L. Bridgman, of Brooklyn: "Successful. Will return home by the steamer King Edward."

Mrs. Robert Donaldson died at her home at Woodstock Thursday at the advanced age of upwards of eighty. She was the widow of the late Robert Donaldson, who for many years was the proprietor of the Exchange Hotel, and who will be well remembered by the older people of the province who used to visit Woodstock.
