HONORS ARE EASY.

Diplomatic Victory for Russia and Moral Victory for Japan.

SO THINKS PRINCE OUKHTONSKY, A GREAT RUSSIAN EDITOR.

Portsmouth, N. H., Aug. 30.—(Special)—There will be no meeting of the peace conference today.

When the adjournment was taken yesterday no time was fixed for the next meeting.

St. Petersburg, Aug. 30.—(Special)—“A great diplomatic victory for M. Witte, but a great moral victory for Japan,” is the verdict of Prince Oukhtonsky, in his editorial in Vidomosti today.

He says “notwithstanding the difficult circumstances under which the negotiations commenced, M. Witte carried out his task with the greatest skill, and obtained from Japan the utmost she was prepared to give. More we would have to give, but though M. Witte wrested out of defeat these advantageous terms the moral advantage rests with Japan. She will be recognized in the eyes of the East and Europe as the victor, and she has acquired a predominant

position in Asia, while Russian prestige has suffered a correspondingly heavy blow.

However, Russia is only reaping the fruits of a war started unjustly, and resting on a policy of aggression toward a nation against which others warned her.

“I was for peace before, and have been ever since the commencement of the war, and I rejoice that peace has been concluded.” I have no fear of the results to the army. Some of the men will object to the peace, but the majority will be glad of the termination of the war on so honorable a basis, and will be content to return to their homes.

It is impossible to tell what will be the result of peace on the internal situation. The revolutionary movement has roots a generation deep, and its causes are entirely independent of the war, which it preceded, though its growth has been fostered by the misfortunes of the conflict.

In conclusion, Prince Oukhtonsky pays a high tribute to President Roosevelt. “Whose name should be blessed throughout Russia.”

CANON BROCK'S ILLNESS.

Father of the Royal Bank Manager Here Sustains Two Shocks of Paralysis and is Unconscious.

Kentville, N. S., Aug. 30.—(Special)—Rev. Canon Brock is unconscious and seriously ill at the home of his daughter, Mrs. Clifford Tufts.

He was apparently in good health yesterday morning. The first stroke of paralysis occurred at ten o'clock, and the second stroke an hour after.

His daughters, Mrs. B. Raymond of Woodstock, Miss Katharine Brock, spending the summer in the White Mountains, and his sons Arthur E. Brock, of Fredericton, and Cecil Brock, of Chicago, have been notified of his illness by telegraph, and will arrive at Kentville as soon as possible.

(Mr. Arthur E. Brock, manager of the Fredericton branch of the Royal Bank of Canada, heard of his father's illness by telegram last night, and had further advices this morning that the patient's condition was unchanged.)

The many Fredericton friends of the venerable clergyman will be very much pained to hear of his critical condition, and will hope for his speedy recovery. Canon Brock has been a frequent visitor to Fredericton since his son settled here, and has occasionally assisted at the Cathedral services. Only a few weeks ago he was here on vacation.)

Brock, Rev. Isaac (Ch. of Eng.), is the son of the late Rev. Wm. Brock, M. A., Rector of Bishop Waltham, Hants, Eng., a relative of Major-

Genl. Sir Isaac Brock, the hero of Queenston, and was born near Winchester, Hants, 1829. Educated at Clifton school, York, and at Queen's College, Oxford. A. with 1st class honors in Mathematics, 1851; he was ordained to the priesthood, 1853, and for several years labored in the Irish Church missions in Connemara and Galway. He was secretary Islington Protestant Institute, London, 1858-61; incumbent of the Jewish Episcopal Chapel, Bethnal Green, 1861-76; and Rector of Chapel of Ease, Lower Holloway, London, N., 1866-68. Coming to Canada, he was Principal of Huron College, London, 1865-75; rector of Galt, 1872-73; assistant Rector of Sherbrooke, P. Q., 1873-82; Rector of Bishop's College School, Lennoxville, 1882-83; President of King's College, Windsor, and Professor of Divinity therein, 1885-88; since when he has been rector of Horton and Kentville. He was strongly in favor of the consolidation of King's College with Dalhousie College, Halifax, and when president of the former College opposed the wishes of its governors by urging that step before the Anglican Synod of N. S. He is the author of “Sermons on the Creed,” “Modern Science and Religion,” “The Continuous Organic Life of the Church of England,” and various other publications of a similar class. He was appointed a canon of St. Luke's Cathedral, Halifax, 1886, and received the honorary degree of D. D. from King's College, 1887. Dr. Brock married in 1855, Ruby Roberta, eldest daughter of Thos. C. Butler, Carlow, Ireland.

FRANCE DEMANDS SATISFACTION.

A Little War Cloud Springing Up Over the Arrest of a French Citizen in Morocco.

PARIS GOVERNMENT HAS SENT SULTAN AN ULTIMATUM.

Tangier, Morocco, Aug. 30.—(Special)—The Sultan has replied by letter to the French Minister of foreign affairs, that he continues to regard the recently arrested French Algerian Bouzian, as a Moroccan subject, and will refuse to comply with the demands of the French for his liberation.

Paris, Aug. 30.—The foreign office has issued an announcement to the effect that today or tomorrow, the French minister at Fez, Strené Tallandier, will be able to address a final summons to the Moroccan Foreign Office, relative to the release of

the French Algerian merchant Bouzian.

The minister at the same time will advise the Moroccan government of his intention to leave Fez, if his demand for the release of Bouzian, and redress for his arrest is not complied with.

M. Tallandier, will be instructed to reach Tangier by the surest route, and to take such steps as may be deemed necessary after his arrival there, if in the meantime his demands remain unsatisfied.

Despatches from Toulon to French newspapers announce that in view of the trouble with Morocco the cruiser Chacrier, Bruix, Pothuau, Chansey, Latouche, Treville and Requin are being held in readiness.

GROWING VERY SERIOUS.

Forest Fires Wiped Out Village of Belmont, N. S., Destruction in New Brunswick.

Truro, N. S., Aug. 30.—Forest fires spread at Onslow yesterday afternoon from a bush fire that had been smouldering for some days and Cummings' large barn with the season's hay and wagons and much more was destroyed. The loss is about \$6,000. No insurance.

Belmont, situated on the I. C. R., eight miles west of Truro, was nearly swept out of existence yesterday afternoon by forest fires. Six families are left homeless and the town is without a railway station. The flames entirely consumed seventeen buildings all told, including small outbuildings. The losses are:

Intercolonial railway station and freight shed, estimated \$5,000.

T. D. Crowe's store and stock, \$9,000.

Thomas Lindsay's hotel, barn and outbuildings, \$3,000.

Baptist church, \$3,000.

Alvin Crowe's house, barn and blacksmith shop, \$2,500.

Fred Wilson's house, barn and outbuildings, \$2,500.

C. B. Lindsay's house, barn and outbuildings, \$3,000.

Adam Darling's house and barn, \$1,800.

J. W. Gunn's barn, \$500.

The personal property of all these was entirely lost and most of the victims are homeless and penniless. It is said that there was \$2,100 insurance on C. B. Lindsay's property and that Thos. Lindsay's hotel was insured, but it is thought that little other of the property was covered. The fire is supposed to have started in the woods from a spark from the train.

Truro was notified and Supt. Jarvis of the I. C. R., sent out a train load of men with buckets, who fought the fire all the afternoon.

The total loss will exceed \$30,000, and insurance men say there is not more than \$5,000 insurance.

Supt. Jarvis this evening, after the wind had subsided somewhat and the fire cleared away a little, installed a first class car and fitted it with telegraph instruments as a station and a box car for a freight shed. Trains were held back for a few hours, but are running tonight under orders to slow up while passing the scene.

PRETTY BAD IN MONCTON VICINITY.

Moncton, N. B., Aug. 19.—Forest fires raging in the vicinity of Moncton presented a serious aspect today. This morning a high wind blew from northwest and the city has been overcast with a heavy pall of smoke. A fierce fire has been raging all day in the woods about six miles west of Moncton and farmers in that section are fighting the flames. A fire has been burning the last two weeks between Moncton and Berry's Mills, but had pretty well burned out when the wind today from a new quarter fanned the embers into flame again, driving them in the direction of the city.

Pieces of half burned leaves and twigs were carried into the city and caused some alarm. The fire department was kept ready for a call but the burning leaves scattered about the streets were quite harmless.

Tonight the town is full of smoke and presents a gloomy appearance.

Word comes from Buctouche that a fierce forest fire is raging between Little River and Buctouche. The Moncton & Buctouche Railway track was damaged slightly today but traffic has not yet been interrupted. Men have been sent out from Buctouche to protect the track as much as possible.

Three buildings belonging to John Sheridan on the old Beav. Smith farm at Little River, were destroyed by fire this afternoon and the fire in the woods at that place continues to rage fiercely.

Sackville, N. B., Aug. 29.—Forest fires are raging to the northwest of the town. Considerable tracts of land have been swept, but so far no valuable timber lands have been burned. A large number of men are fighting the flames. It is very smoky and dry in Sackville and rain would be a great blessing.

Fredericton, Aug. 29.—Forest fires are raging in many parts of the county, and unless rain comes great damage will result. The woods are on fire at several points along the Gibson branch above Keswick, and fires are also reported near Canterbury and Debec.

LIGHTNING KILLED HIM.

Lad Who Was Swimming Took Refuge Under Trees, and Met His Death.

Dresden, Ont., Aug. 29.—(Special)—Willie Thatcher, son of William Thatcher, of North Dresden, was killed by lightning here yesterday afternoon.

With two other boys he was swimming, and when the storm came on

sought shelter under trees.

While the other lads sang, he warned them of the danger, and soon they saw a ball of lightning strike near Willie and throw him in the air. He never regained consciousness.

CANADA A WINNER.

In the International Cricket Match at Toronto.

Toronto, Aug. 30.—(Special)—The International cricket match was finished yesterday afternoon, Canada defeating Philadelphia by an innings and twenty-nine runs.

Canada scored 207 in the first inning to 127 for the visitors.

In the second the Americans were retired for 87.

The Canadian eleven was composed of Toronto players exclusively. Ottawa and Quebec players declining to join the eleven on account of internal dissension.

Mr. A. P. Coleman of St. John, is among the guests at Windsor Hall.

Mr. John A. Campbell, M. P. P., of Kingsclear, was in the city today.

Mr. Alfred Seeley of St. John, is among the guests at Windsor Hall.

Mr. C. F. Rogers of Woodstock, is today a guest at Windsor Hall.

Monday night at McAdam Junction the express due at 11.10 was at McAdam station ready to pull out when the Boston train, running side or six miles an hour, backed in and a rear end collision occurred. Sheriff Tibbitts, of Andover, and A. Henderson of Woodstock, were shaken up, the former receiving injuries to his head and arm, but he was able to continue his journey home. Some of the Woodstock train hands were also injured.

In Russia there is only one village school for every 12,000 persons.

Peter Becker, the late German landscape painter, was so completely absorbed with the Middle Ages that he even wore mediaeval clothes and lived in a mediaeval house.

Despite the fact that Germans, Syrians, Greeks, Roumanians and other nationalities have been pouring into South Africa, British workmen cannot be induced to go there because beer is too dear.
