DR. BOND IS DEAD

Venerable Archbishop of Montreal Metropolitan of Canada Passed Away this Morning at Great Age of 91 Years and One Month-Sketch of His Career

Montreal, Oct. 9.—(Special).—The Right Reverend Dr. Bond, Anglican Archbishop of Montreal, and Metropolitan of Canada, died at his residence here this morning from the disabilities of old age. He was 91 years old on Sept. 10th last, and had been failing for some time.

His successor as metropolitan will be Bishop Sweetman of Toronto, next in seniority among the bishops of Canada.

The Right Rev. William Bennett Bond, Bishop of Montreal (Ch. of Eng.) belongs to a Cornish family, and was born in Truro, England, on Sept. 10, 1815. He received his primary education in his native place and in London. Leaving England at an early age, he went to Newfoundland, where he followed secular pursuits. His inclination, however, led him to an ecclesiastical life, and he was prepared for holy orders by the late Archdeacon Bridge. In 1840, under the advice of the late Rev. Mark Willoughby, he proceeded to Quebec, where, upon the completion of his studies, he was admitted to the diaconate, and, in 1841, was raised to the priesthood by the late Bishop Mountain. For two years subsequent to his ordination, he was a travelling missionary, his headquarters being, first, Russellville, and then Naperville. Under instructions from Bishop Mountain, he organized several missions in the eastern townships, and he also founded schools in connection with the Newfoundland School Society, establishing eleven in the township of Hemmingford alone. In 1842 he became incumbent of Lachine, where he remained for six years. Leaving there, he was called to St. Georges, Montreal, as assistant to the late Dr. Leach. His connection with this important parish he continued, without interruption for thirty years, first as assistant, and afterwards, from 1860 until his elevation to the episcopate, as rector. It is said that he had no superior among the clergy of the diocese as an administrator. While rector of St. George's the new church

edifice was built in Dominion Square, together with the school house, and rectory. Appointed rural dean of Hochelaga, 1870, and Dean of Montreal in 1873. The resignation of Dr. Oxenden, 1878, making it necessary to elect a successor to him, the choice of the synod fell upon Dean Bond, and he was duly consecrated Bishop of Montreal in that city January 25, 1879, by late Bishop (Medley) of Fredericton, assisted by the Bishops of Nova Scotia, Quebec, Algoma, Ontario and Niagara. After his election he withdrew his claim to the primacy of Canada, which had previously gone with the Bishopric of Montreal, and the late Dr. Medley Bishop of Fredericton, as the earliest occupant of the Episcopal bench, became ipso facto Metropolitan. It should be added that His Lordship was for some years chaplain of the 1st, or Prince of Wales Regiment, and served as such with his corps on the eastern frontier, during the Fenian raids, 1866 and 1870. He received the honorary degree of M. A. from Bishop's College, Lennoxville, 1854, and that of L. L. D. from McGill University in 1870. His Lordship was a governor of the Protestant Hospital for the Insane, vice president of the Montreal Auxiliary of the British and Foreign Bible Society, president of the Corporation of Bishops' College, University, Lennoxville, and visitor of the college, president of the Montreal Diocesan Theological College, president of the Church Home, Montreal, president of the Robert Jones Convalescent Hospital and president of the Andrews Home. He has always been an ardent supporter of the temperance cause, and likewise earnest in the cause of good government, both politically and in municipal matters. He was one of the originators of the Citizen's League, Montreal, 1888. As an evidence of the good will entertained towards him by other religious denominations, it is related that when prostrated by illness in 1893, prayers were offered for his spiritual and temporal welfare in the Roman Catholic churches in Montreal. His Lordship married in 1841, Miss Eliza Longley of St. John's, Newfoundland. She died June 20, 1870.

WALL TUMBLED.

Street Car and its Inmates Badly Injured by Gilmor Hotel Ruins Falling. Two Persons May Die.

Ottawa, Oct. 9.—(Special).—The front wall of the Gilmor Hotel, which was recently destroyed by fire, fell on a passing street car this morning, and completely demolished it.

There were only three passengers on the car, and they are badly injured. How they escaped with their lives cannot be explained, because the car was smashed to pieces.

The motorman had his legs broken, and the conductor was also injured. The street was blocked for about three hours.

LATER.—Ottawa, Oct. 9.—Those who were injured in the car demolished by the falling of the Gilmor Hotel

el wall were: Alex. Potvin, foreman hook and ladder company No. 8, who lives at 758 Gladstone Avenue, two bones in the neck being broken, and internal injuries.

The last rites of the church have been administered and he is not expected to live. William Campbell, contractor, Hintonburg, badly injured, supposed to have fractured skull. Miss Nellie Thompson, 55 Munro Street, supposed to have arms broken.

The injuries to the motorman are not as serious as at first anticipated.

NOT YET READY

Ottawa, Oct. 9.—(Special).—The Interprovincial conference met at 10 o'clock this morning and at eleven o'clock Sir Wilfrid, Hon. A. B. Aylesworth, Hon. W. S. Piddington and Hon. Rodolphe Lemieux entered the committee room, but as the provincial representatives had not adopted the resolution framed by the sub-committee yesterday evening, the Dominion ministers retired.

The conference saw no prospect of being ready to meet the Dominion ministers earlier than this afternoon and probably not until tomorrow. It is supposed that British Columbia

is holding forth today, and that all other provinces are fairly well satisfied. Premier McBride is insisting on special terms for his province because of the increased cost of administration on account of the size of the province and other difficulties connected with the government.

There is talk from that province of the necessity of a commission being appointed to look into its position so that better terms may be secured. R. L. Borden, M. P., gave a luncheon to the delegates at 1 o'clock in the senate restaurant.

BOLTON-McHAFFEE.

Well Known Commercial Man Secures Charming Bride at Moncton

Moncton, Oct. 9.—(Special).—The home of Mrs. William McHaffee, Euston street, was the scene of a pretty wedding at 12.30 today when her only daughter Miss Isabel Roberts, was married to G. P. Bolton of St. John a well known traveller for the Sussex Mercantile Co.

The house was beautifully decorated with flowers, autumn leaves and ferns for the occasion, and the ceremony was performed by Rev D. MacOdrum, pastor of St. John's Presbyterian church in the presence of immediate family connections. The bride who was attired in grey eoline over grey taffeta with pale blue hat and mink trimmings, and carrying a bridal bouquet, was given away by her uncle, A. B. McHaffee, master mechanic of the I. C. R.

Among the outside guests present were Mrs. Meyers of Norton; Mr. and Mrs. C. R. Patriquin of St. John, and Miss Bolton, and Miss Richardson of Woodstock.

Luncheon was served after the ceremony and Mr. and Mrs. Bolton left on the C. P. R. for McAdam, to join a hunting party who go on a three weeks' stay in N. B. woods.

The bride was the recipient of a handsome array of presents in gold, sterling silver, china, etc. She is one of Moncton's popular and well known young ladies and is followed to her new home in St. John by the best wishes of hosts of friends.

GETTING MORE WAGES.

C. P. R. Hold Out Convincing Inducements to I. C. R. Mechanics.

Moncton, Oct. 9.—(Special).—Quite a number of machinists and boiler makers are leaving the I. C. R. and emigrating to the west.

Some seven or eight have severed their connection with the Intercolonial within the last few days, and four young men left on the C. P. R. today for Winnipeg, while another young machinist leaves for Boston. The cause of the exodus from the I. C. R. is dissatisfaction over wages.

The machinists leaving are young men and first class workmen and it is stated they are leaving \$1.80 per day for \$3.80 per day at the C. P. R. at Winnipeg.

HALIFAX ARREST.

Toronto Commercial Man Charged with Embezzlement—Resisted Officer.

Halifax, Oct. 9.—(Special).—Chas. Darlington, director of the Maritime Gasoline Engines and Supplies Company, a Toronto concern, was arrested here early this morning, on board a launch by a deputy sheriff, after putting up a stiff fight in which the officer was cut some.

The prisoner is charged with the embezzlement of about \$2,100. Darlington was arraigned in the police court today and remanded.

SCOTT ACT INSPECTOR.

North Sydney Appoints Baptist Clergyman to the Position.

Sidney, N. S., Oct. 9.—(Special).—Rev. G. W. Schurman, a Baptist clergyman, has been appointed Scott Inspector for the town of North Sydney.

Mr. Schurman has been severely criticizing the Scott Act Inspector and council for their lethargy in prosecuting liquor dealers, and the council has now placed the matter wholly in his hands.

THE STOCK MARKET.

Montreal, Oct. 1.—(Special).—Montreal Power was the chief feature on the stock market today, advancing from 98 at close yesterday, to 99.

The balance of the market was strong in sympathy. North Star sold at 25, Dominion Iron at 29 1/2 to 29 3/4, Toledo, 32.

Toronto Railway, 118, Detroit, 97 1/2 to 97, Canadian Pacific, 180 1/2 to 180, Nova Scotia Steel, 69 1/2.

PROVINCES UNANIMOUS

Statesmen at Ottawa Conference Representing Every Provincial Government are Solidly for Increased Federal Subsidies.

Ottawa, Oct. 9.—At the first session of the conference of the provincial and federal representatives yesterday, over the question of provincial indemnity, Premier Gouin of Quebec presented the demand for the provinces in substantially the terms of the Quebec resolutions of four years ago, urging that increasing population and administration expenses entitled the provincial governments to larger capitalization allowances.

There was some doubt as to the position of Premier Whitney of Ontario and it was even suggested that he might oppose the demand for an increase on the ground that Ontario would have to bear the major part in finding the money. It is understood, however, that Mr. Whitney's position is that if there is any increase going, Ontario will accept its share.

The provincial conference spent the afternoon in discussing the Quebec financial resolutions. The morning session was adjourned to permit the representatives of the two new provinces of Alberta and Saskatchewan to look into the resolutions, as they had the conference resumed at 2.15 the premiers of Alberta and Saskatchewan did not offer any objections to their adoption. As one of them said to your correspondent, there was nothing adverse in the resolutions, and there were some things which would be to their advantage if they were adopted.

No time was lost in this regard, but there were some of the other provinces that wanted some slight changes. For instance, Premier Whitney, of Ontario, was in a rather awkward position. He was in favor of the principle of the resolutions, which had been agreed to by his predecessor, Hon. G. W. Ross, but had taken the position then that the position of Ontario was not sufficiently pressed forward by the late government. In other words, he moved a resolution in the resolutions on these lines and therefore wanted some slight changes to permit him to support them, and at the same time not to be accused of inconsistency.

The province of Prince Edward Island wants their subsidy upon the population as shown at the time they entered confederation. All the other provinces want the subsidies to be calculated upon the basis of the last preceding census. In addition to the grant of 80 cents a head of population, to be calculated as already mentioned, the Quebec resolutions proposed also a special

grant of 20 cents a head toward the administration of criminal justice together with largely increased allowances for legislation in the several provincial parliaments.

Premier Roblin did not see the necessity of so much talk about the resolutions. He said that they had been previously adopted and presented to the government and what he understood that they came to Ottawa for was to get an answer to these resolutions. But all the provinces were not of this view as already seen.

Premiers Tweedie and Murray are strongly of opinion that the dominion should contribute larger subsidies to the provinces.

Mr. Murray voiced the opinions of both when he said that the conditions resulting from the extraordinary development of Canada since the old provinces entered confederation had become so different that the fathers of confederation could not have foreseen how the rigid restriction of the subvention to a specified amount would operate. The conditions today were entirely different.

After discussing the whole matter a committee was appointed to frame resolutions so that all could support.

This committee met after the conference adjourned. The committee comprised Premiers Gouin, McBride, Murray and Attorney-General Foy, Pugsley, Campbell and Mr. Weir. It is understood that the changes are not material and that it may be said that the resolutions now framed are practically those of the conference of 1902.

Lady Laurier gave a reception last night in honor of the provincial delegates. It was from 9 to 12 and notwithstanding the open air, there was a very large attendance. R. L. Borden gives a luncheon today in the senate restaurant.

The committee of the provincial conference had drawn up a resolution which will be presented to the federal representatives to-day and will consist of half a dozen lines. It will declare that the increase of Canada's population allowance to the provinces should be increased in proportion to the increase in population and that there should be an increase in allowance for legislation and new allowances for administration of justice; that the Quebec resolutions of 1902 are reaffirmed but without prejudice to any province which may be entitled to special consideration.

This last clause is inserted for the benefit of Prince Edward and Ontario.

DELIGHTED SPORTSMEN.

Dayton, Ohio, Party Had Enjoyable Trip to the Miramichi Woods.

A jolly party of ladies and gentlemen from Dayton, Ohio, who have been camping and hunting at the St. Lawrence and the Southwest Miramichi Lakes, arrived in the city by the I. C. R. express yesterday and registered at Windsor Hall. The party was made up of Dr. and Mrs. D. W. Greene, Mr. and Mrs. E. C. Harley, Dr. G. E. A. Brown, Mr. and Mrs. R. T. Johnson, Judge McCann and Mr. F. L. Canby. They have been in the woods a little over three weeks, and their total bag of game consisted of four moose and two deer. The largest moose, which fell before the rifle of Dr. Brown, had an antler spread of fifty-four inches. Mr. Beniah Norrad of Bloomfield Ridge, was head guide for the party, and his two daughters acted as cooks. The lady members of the party did no hunting, but they saw Dr. Greene shoot a moose in a lake a few hundred yards from the camp. They were all concealed behind a clump of bushes at the time, and the moose came out on the opposite shore of the lake, about one hundred and fifty yards away. A single shot from the doctor's rifle gave the animal its quietus. There were three other moose in sight in other parts of the lake at the same time.

Dr. Greene, who is one of the best known physicians in the middle west, and a most enthusiastic sportsman, has been an annual visitor to the New Brunswick woods since the autumn of 1901. He always brings a party of friends with him and they never fail to have good sport and a pleasant outing. Last winter the doctor delivered a lecture on moose hunting in New Brunswick before the Ohio Fish and Game Commission at Dayton. Three of those who were fortunate enough to be present, including the editor of The Dayton Daily News, are now on a hunting trip to the Miramichi woods, the doctor's interesting lecture having aroused their sporting fever. Three other Dayton sportsmen are at present

on a trip to Newfoundland after caribou, but will spend a couple of weeks at Uncle Ben Norrad's camps before returning home.

Talking to a representative of The Herald, Dr. Greene said that his party travelled from Montreal to Boiestown by way of the I. C. R., "and I want to say here that I never had a more delightful trip. The scenery along the route was something grand and we enjoyed every moment of the journey. As for the railway officials, they seemed to vie with one another to see who could do the most for us. When I get home I will make it my business to write to the general passenger agent of the road and thank him for what was done for us." "You can say for me," continued the doctor, "that I regard the Miramichi as the greatest game district on the continent, arriving none. Our party spent three enjoyable weeks in the woods and in that time we saw over one hundred moose."

Three members of Dr. Greene's party left for home last evening, and the others took their departure by the early train this morning. Mr. Charles Cremin, the well known guide of Scotch Lake, who has been at his camps on the Tobique and Upsalquitch since early in August, is home for a few days. He has had out quite a number of prominent American sportsmen and all have been fairly successful in getting game. Mr. Cremin will leave here on Thursday with a New York party who are going out with him for two weeks.

Mr. Cremin says that the number of American sportsmen in the Tobique woods this season is greater than ever before. Mr. George E. Armstrong of Perth had no less than nineteen parties at his camps during the month of September, a total of thirty-five sportsmen.

The Woodstock Press which seems to have been adopted as Mr. Hazen's personal organ, in the absence of any newspaper support in St. John, is quite sure that the local opposition has brains enough to form a government, but the difficulty seems to be in convincing the people on that point. Mr. Hazen, the Tory organizer is busy however, and he has been such a success in his numerous other undertakings that he hopes for success in this. Other people interested however, are not so sanguine.
