THE PUBLIC SCHOOLS.

Trustees Award Contract at Board Meeting for Annex and Appoint a Teacher.

Dr. Atherton was heartily greeted upon his recovery and safe return from Montreal Hospital to his duties, and presided yesterday's adjourned meeting of the school board, surrounded by Trustees Stirling, Weddall, Sharkey, Dr. Vanwart, Mrs. W. G. Clark and Mrs. Lynch.

Three important matters were up for consideration, one of which was the appointment of a temporary successor to Miss Vandine, which fell to Miss Ethel Smith, B. A. out of a list which included Misses Waycott, Bessie H. Taylor, Eva J. Whyte, Henrietta Reid and Agnes M. Alward. The term of absence of Miss Vandine, will be for a year, during which she will make a tour in the old country.

No appointment was made to the proposed new department at Morrison's mill school to which a transfer of Miss Strong from the Deak school is expected. In case of the latter being an accomplished fact there will be at least two candidates for the vacancy Miss Hazel Millican and Miss Jennie H. Reid.

The committee upon the construction of an annex to the Morrison's mill school building reported through the board that six tenders had been received for the work, but these had not been satisfactory, and upon consideration all were rejected and a contract signed with Mr. Moses Mitchell for completion of the work for the sum of \$1290, operations to commence at once.

The report of the high school entrance examiners from Chairman B. C. Foster, showed that there were 91 applicants this year, and a standard of 500 was deemed rather high to embrace many candidates who were ordinarily proficient in the various subjects, so that 10 per cent was added to all averages. This enabled 86 to pass, and six had fallen behind. Last year out of a roll of 83 applicants 13 failed. The report was referred to a special committee consisting of Sheriff Sterling and Mrs. Clark.

Several minor matters, such as reading of a circular from the Dominion Educational Protective Association advising the rejection of overtures from special agents for school maps and supplies, the report of the secretary upon closing the York street school grounds to avoid a right of way by prescription over it to pedestrians generally, the reports of the committees upon repairs to city school buildings etc., consumed the remainder of the time of the board till adjournment, which is to be at the call of the chair and may not take place till late in August.

SUDDENLY STRICKEN.

Well Known Woodstock Citizen Passed Away Unexpectedly.

Woodstock, N. B., July 18.—(Special.)—Richard Cole, a native of Plymouth, who has resided here for a number of years with his relative, Mrs. Ben. Brown, died yesterday afternoon, aged 58 years.

Mr. Cole has been afflicted for years with epileptic fits, which necessitated him selling his farm in Plymouth and removing to Woodstock, where he would be near medical treatment.

Yesterday morning he was about the house in the usual way, when he was suddenly stricken and never rallied from the attack.

The funeral will take place tomorrow, with burial in the Methodist cemetery.

SUMMER SCHOOL FOR MISSIONS

The success of last year's summer school for missions encouraged the conference of New Brunswick and Prince Edward Island to make arrangements for a second school to be held during this month in Centenary Church, St. John. First session will have particular interest, as the Rev. Dr. Carman, general superintendent of the Methodist Church, who has just returned from Japan, will be present. Besides Dr. Carman, among those forming the faculty will be Professor McLaughlin, Mrs. (Dr.) F. C. Stephenson, Rev. Egerton Brecken, and Mr. Arthur Osawa, a native Japanese. Rev. William Dobson, president of the conference, is expected to be present at the opening sessions. Arrangements have been made in regard to reduced railway fares, and as this is a particularly pleasant season of the year to visit St. John, it is hoped that very many will take advantage of this opportunity for instruction and pleasure. Any further information can be obtained from the pastors of the several Methodist Churches throughout conference.
