

OLD HOME WEEK.

Official Programme for Fredericton's Monster Celebration.

An official programme for the firemen's tournament has been issued for free distribution and copies may be obtained from the secretary.

Following is a complete list of the events for the three days:

Firemen's Day.

8 a. m.—The demonstration will open with Noise! Nothing but Noise, every bell and whistle in the city participating. Our friend, the "Small Boy," is respectfully and humbly asked to take part in this feature of the programme. It is a well established fact that this is not in his line but it is felt that his loyalty to the city will allow him to get out a horn or some "musical" instrument of similar nature and help out. If he is not in possession of a horn, use his lungs.

10.30 a. m.—Grand Firemen's Parade by Firemen and Apparatus from Departments in Maine, Nova Scotia, Prince Edward Island and New Brunswick. To be followed by an Automobile parade.

2 p. m.—Firemen's Tournament and sports at the Trotting Park.

8 p. m.—Firemen's Reception and Festival "Under the Pines," Regent street. The general public other than visiting Firemen will be charged a small admittance fee, Darning.

PREPARING FOR THE ST. JOHN EXHIBITION.

Dining Hall to be Enlarged—Amusement Hall Improvements—Manual Training School Exhibit.

An important meeting of the executive of the St. John Exhibition Association was held on Tuesday and considerable business was transacted that will make for the success of this fall's show and will add to the comfort of exhibitors. The executive arranged with J. A. Adams to build an addition to the restaurant costing \$245. The addition will be 32x40 and will be on the east side, filling out a jog and enlarging the dining room by that much. It will have an exit on the grounds. The enlargement of the restaurant room is a much needed improvement. Another important improvement to be made is the construction of two stairways in connection with the big amusement hall. One will give an entrance from the outside through a window at the box office and the other will be an exit to the grounds. Now there is an exit to the Agricultural Hall and a landing from this will be built leading to the grounds in the rear. By this the safety of patrons will be much better guarded than at present, as in the event of a panic of any kind it will be possible to empty the building in a few moments.

The city besides making repairs to the roof of the Industrial Hall and the foundations, has generally fixed up the woodwork and will fill in and repair the machinery hall floor, making it even and safe.

Considerable attention was paid to manual training, and arrangements were completed under which there will be an exhibit managed and superintended by Mr. T. B. Kidner, director of the work in New Brunswick. This exhibit should prove one of the most instructive features, and in securing it the management is doing a wise thing. Mr. Kidner will send here from the Kingston Consolidated School an instructor and a class of boys or girls with benches and all working materials. They will have an attractive department, nearly decorated with examples of the work. It will be a miniature manual training school in actual operation, and the instructor besides directing his pupils will be able to give any desired information to the public. In addition to this it was agreed to offer special prizes for manual training exhibits from the different schools in the province. Most if not all, will send exhibits that are sure to prove both interesting and instructive.

Manager Miligan was directed to arrange with the provincial and Federal governments for judges, and it was announced that Hon. Mr. Ferris, minister of agriculture, would send here to act as judges the institute for the fall institute meetings to be held under the direction of the government.

It was decided to again sell season tickets at the rate of thirteen for \$1, and Manager Miligan was authorized to make arrangements for a big St. John day on Labor Day, Sept. 3, when there will not be any possibility of outside excursions. This is an idea that merchants and citizens generally are expected to take hold of with vigor so as to make the day the best of the whole exhibition.

WAS PASTOR OF ONE CHURCH 59 YEARS.

Lancaster, Pa., June 22—Rev. George M. Baryl died this noon, aged 86 years. He was one of the best known Unitarian ministers in this part of the state, having been pastor of one church for nearly 59 years.

He married Elizabeth Washburn of Lancaster, June 5, 1856. He leaves besides his widow, five children, Geo. of Cleveland, O., Elizabeth, wife of Harold Parker of the state highway commission; Dr. John W. Bartol of the state board of health; Dr. Edward F. W. of Milton, and Mary W., living at home.

SELL YOUR COLD FOR \$1?

You surely won't stop at a dollar bill to cure that horrid, sniffeling cold? Go to any druggist and get "Catarrhoxone" and your cold will be a thing of the past. There is almost withery in the swift way Catarrhoxone kills colds. But when you consider the penetrating healing and antiseptic qualities of Catarrhoxone, perhaps it's not so wonderful. Certainly there is no remedy half so prompt for colds and catarrh as Catarrhoxone. Refuse a substitute and insist on having only "Catarrhoxone."

A SHIRT WAIST DRESS IN PONGEE.

Pongee in one of the many soft colors is excellent for travelling and street wear. It is light of weight and hence cool, sheds dust and does not easily show the dirt. The one pictured is an excellent model for the boss dressmaker to undertake, depending entirely upon the trimmed straps and general cut for its smart individuality. The fanciful stole yoke is a feature becoming to almost anyone as it adds breadth of shoulder and height to the wearer. The skirt is circular with inverted box pleats in front and back. A deep fold of the material finishes the bottom of the skirt. For the medium size 7 1/2 yards of 46 inch goods are needed for the dress. The pattern sizes 32 to 42 inches bust measure. 6499—size, 20 to 30 inches waist. The price of these patterns is 20 cents but either will be sent upon receipt of 10 cents.

COLCHESTER'S SONS.

Showed up Well in Nova Scotia Provincial Elections.

Truro Daily News.—Colchester had a number of her sons elected in the hot fight on the 20th in different constituencies in the province.

In Colchester two "Sons" were elected Messrs. W. Davidson Hill, a native of Exeter, and B.F. Pearson born in London.

In Halifax County George F. Faulkner, a native of Folly Village, Liberal, was elected by over 1000 majority.

Dr. Campbell of Salmon River, was one of the Liberal Conservative candidates in the same metropolitan constituency.

From the hottest of hot fights in Pictou County with Mr. Tanner the Opposition leader, at the head of the poll, comes the word that another son of Colchester, Mr. John Baillie, born at Balmoral Mills, Earltown, has been elected, defeating a member of the Murray Ministry—the Hon. George Patterson.

In Guysboro County Dr. J. F. Ellis, Liberal, a native of Lower Stewiack, leads the poll.

Howe's Drysdale, Attorney General in the Murray Cabinet, is also one of those "Sons" of Colchester born in New Annapolis, and he has been again elected in Hants County.

So, taking this cursory review of the battle, Colchester was well in the front line and came off the field with great honors.

THE GLASIER CASE.

Referee Campbell finished taking evidence in the case of Glasier vs. Glasier Thursday afternoon and adjourned until July 17th when he will hear argument of counsel. Bustin appeared for plaintiff; J. D. Hazen K. C., and F. St. John Bliss for defendant.

KEEP CHILDREN WELL.

In thousands of homes throughout Canada there are bright, thriving children who have been made well and are kept well by the use of Baby's Own Tablets. In many homes parents say this medicine saved a precious little life. Dr. A. Danais, L. D. S., Riviere du Loup, Que., says: "At the age of five months we thought our little girl was dying. Nothing we did for her helped her until we gave her Baby's Own Tablets, and only those who have seen her can realize what a change this medicine has wrought in our child. She is now about eighteen months old, eats well, sleeps well, and is a lively, laughing child, and weighs 37 pounds. We always keep the Tablets in the house now for we know their great value." If mothers wish to feel absolutely safe they should keep a box of Baby's Own Tablets in the house always. They cure all the minor ailments of children and are absolutely safe. Sold by medicine dealers or sent by mail at 25 cents a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.
