On Tuesday at 9 a. m., the business will be the consideration of the finances of the missions, the appointment of the various funds and the forming of plans for holding missionary and other meetings. The same is to be continued until concluded in the afternoon session meeting at 2 o'clock.

At 7.30 p. m. there will be an evangelistic service at which the Rev. W. J. Kirby will deliver the address and others will take part.

Wednesday at 9 a. m. after devotional exercises, the Rev. John W. King will discuss the disciplinary question, "What can be done to promote the work of God in our midst?" followed by discussion.

At 2.30 p. m. the members of the Temperance Alliance will be received after which there will be a further discussion of the topic of the morning with special reference to the S. S. work and that of the Young People's Society.

At 7.30 the Rev. W. B. Thomas is to give an address on "The Work of the Holy Spirit." It will be followed by an evangelistic service, in which the Rev. A. Lucas will take a leading part.

The Rev. John C. Berrie, chairman of the district, will preside at all the sessions.

A collection for the church fund is to be taken up at each evening service.

DELIGHTED VISITORS.

Mr. Schofield, a well known and popular New York newspaper man, and three ladies visited Marysville Thursday afternoon and were shown through the cotton mill and lath and shingle mills, in operation. They also visited the stores and took in the sights in general. Mr. Schofield said that they were delighted with everything they saw and said the Gibson concern was a wonderful one. The cotton mill plant, he considered first class in every detail and intimated that New Brunswick should be proud of such a manufacturing concern.

SERVICES AT MARYSVILLE.

Tomorrow there will be several changes in the different churches at Marysville. In the morning Rev. Mr. Thomas will preach in the Methodist Church as usual, and in the afternoon the pulpit of the Main street Baptist Church will be occupied by Rev. A. A. Rideout of Fredericton. Rev. Mr. Carson, curate of the Cathedral, will preach in All Saints Church at three o'clock, and Rev. Geo. Bolster will hold forth at the Baptist Church at the same hour.

DROWNED AT ST. JOHN.

Mr. M. Driscoll Sweeney, a well known young insurance broker of St. John, was drowned yesterday afternoon while bathing at Broad View Beach. Mr. Sweeney, who frequently visited this city and vicinity, had many friends who will regret to hear of his death. Rev. Father Ryan of St. Mary's, who is a personal friend of the deceased, was called to St. John last evening owing to the tragic affair.

ST. MARY'S PARISH CHURCH.

A special service for the Woman's Auxiliary will be held in this church on Sunday morning, 11 a. m. when there will be a corporate communion of the members. The sermon will be preached by the Rev. J. R. deWolfe Cowie, M. A. rector of Fredericton and late rector of St. Mary's. An earnest invitation is extended to all members of the W. A. to be punctually in attendance.

GONE TO WOODSTOCK.

Miss Grosvenor Purdy, B. A., and Miss Bessie Sherman left this morning to take charge of schools at Woodstock. Miss Purdy will teach in the Broadway school and Miss Sherman will have charge of a department in the college building. Both young ladies are well qualified for their position and should make a success of their work.

ANOTHER PICNIC.

The greatest picnic of the season will be the outing next Thursday afternoon and evening on the grounds of Anthony Currie under the auspices of the United Baptist Church of Kingsley. The esteemed pastor, Rev. G. Bolster, and, in fact, the members of the congregation are working hard to make this picnic a success.

PHAIR PROPERTY SOLD.

The freehold property belonging to Mr. W. B. Phair, on St. John street was sold at public auction in front of the county court house at noon today. It was bid in by Mr. R. A. McFadden of Maudgerville for \$1700. This includes the \$400 mortgage.

FROST LAST NIGHT.

Reports from different sections of the country state that there was a fairly heavy frost last night. This was especially true along the valleys of Nashua and Keswick, and in some sections much damage was done to crops.

A TRUE STORY.

Southampton Men Rescue a Moose from a Strange Predicament.

An occasional correspondent of the Herald in Southampton tells the following moose story, the correctness of which he vouches for:

"Yesterday Mr. John Brooks, a prosperous bachelor with a very fine farm in Middle Southampton accompanied by a ten year old boy, Sandy McKay, made a trip out to Brooks' Lake, about three miles back from the eastern side of the river St. John. Arriving at the lake they happened to turn up the shore a few rods in search of blueberries, when they suddenly came upon a large cow moose mired at the bottom of a large hole which had been made years ago by old Mr. Hillman hauling the fertile 'muck' to his intervals at the river.

"Here the poor brute, all mud and in an exhausted condition, vainly struggled to extricate herself. John has the reputation of being kind to dumb brutes, so, finding that he and the boy could do nothing in getting those 'mighty long hind legs' out of the mire, he sent Sandy to the nearest house, Mr. Akerley's for help. Mr. Burns W. Akerley returned with an axe. They cut long pries and their curious task they went with a will. By an hour's time they freed the captive, and without even waiting long enough to thank her friends, she bounded lightly away. These two men and this boy certainly deserve a shot at the first moose in this vicinity this fall.

But of still greater interest, not fifteen feet away, in the bottom of another 'muck hole,' lies the skeleton of another vertebrate. John thinks of a very large buck deer or a caribou. It is thought that these animals going to the lake for water get caught in the tender green herbage on the edge of these 'holes' and tumbling in the bottom is too soft to allow them to jump out again.

TENNIS CLUB DANCE.

A Pleasant Function at College Gymnasium Last Evening.

The shirt waist dance given by the tennis club in honor of the visitors to the tournament at the college gymnasium last evening was a very pleasant function. The attendance was in the vicinity of eighty and all had a good time. Dancing was kept up until 1.30 o'clock to excellent music by Hanlon's orchestra. Mr. J. J. McCaffrey of the Queen Hotel looked after the catering and everything was up to his usual standard in that line. The chaperones were Mesdames A. R. Wetmore, M. S. L. Richey, G. H. Ferguson, W. H. Steeves and C. F. Randolph.

Much of the credit for the success of the function is due to the efforts put forth by M. J. S. Campbell, the efficient secretary to the committee.

WILL BE HIGHER.

Citizens Likely to Pay More for Hard Coal This Season.

It is said that coal stands to be much higher than usual this year and that the supply so far laid in by the different merchants is a good deal smaller than is ordinary, even at this season of the year. Anthracite coal from Pennsylvania will be especially high. The advance over last year will be in the vicinity of seventy-five cents per ton. This advance is caused by the high freight rates. The larger coal vessels do not care to come up the St. John river, they prefer to unload their cargo at St. John and it is brought by smaller crafts to Fredericton. This calls for a double freight rate and has much to do with the advance in the price of coal. The Nova Scotia coal will suffer a slight advance though not as much as the anthracite.

A GOOD MARKET.

A large quantity of seasonable country produce was disposed of in the market this morning at prices which were evidently satisfactory from the vendor's standpoint. Quotations were as follows:

Apples, per bushel, 75 cents.
Potatoes, per half barrel, 80 cents.
Chickens, per pair, 50 to 60 cents.
Lamb, per pound, 9 and 10 cents.
Butter, per pound, 20 cents.
Eggs, per dozen, 20 cents.
Blueberries, per pail, \$1.00.
High bush cranberries, per -il, 25 cents.
Corn, per dozen, 12 cents.
Green tomatoes, per peck, 20 cents.
Carrots, per bunch, 5 cents.

DID NOT MATERIALIZE.

A meeting of the citizens committee on the Old Home celebration called for last evening failed to materialize. It is very creditable to the finance committee, that after paying all bills they have a snug balance of \$300 on hand. It is not improbable that this amount may be handed over to the Victoria Hospital. An effort will be made to hold a meeting of the committee some time next week.
