BAPTIST CONVENTION.

A Variety of Subjects Discussed at Monday's Sessions of Maritime Meeting—Minimum Salary of Clergy to be \$600.

Liverpool, N. S., Aug. 27.—The fact that they were attending meetings from early morning until late in the evening did not prevent a large gathering Monday morning. The first business was the report of the home mission treasurer for Nova Scotia and Prince Edward Island. The total receipts were \$8,582.13, \$2,248.64 in excess of expenses, a state of finances more favorable than indicated in any previous report.

The entire forenoon was taken up by committee reports. Rev. G. W. Brown presented the report on the historical society. The report was especially interesting and went back to the earliest record.

A resolution was presented by Rev. G. R. White and seconded by Rev. F. W. Parker that home missionaries receive at least \$600 and a parsonage as soon as possible. The resolution provoked a very lively discussion but was finally passed.

E. D. King presented the report of the committee on correspondence. An important recommendation in this report was that all amonies be united and controlled by one board.

The report on foreign missions was presented by the treasurer, Rev. J. W. Manning, D. D. The report indicates that the receipts for the year were \$25,465.43 and expenditures \$28,922.39, leaving a balance of \$1,543.10.

Eight missionaries will go to India this autumn. Three of these go out for the first time—Rev. W. S. Tedford with Miss Goss and Miss Patton. Dr. Zella Clark goes out as medical missionary.

A motion to appoint a field secretary for foreign missions brought out a great variety of views. Some of the brethren thought that there are already enough agents in the field and until enterprises now being pushed are completed it is unwise to assume new burdens. Others earnestly advocated the appointing of a missionary board to adopt larger methods to secure the necessary fund in view of present plans.

Rev. J. W. Brown said if all the work could not be done by the present force.

Rev. W. Camp, president of this board, believed that the work which the secretary is now doing requires all of his time and if we have a field secretary to go about among the churches another man must be appointed. He felt that the second man must be appointed.

A. G. Archibald moved and Rev. W. S. Tedford seconded an amendment that the hands of the field secretary be freed so that he could go out and visit the churches and spend less time in the office work.

T. S. Simms, of St. John, thought that we should have a man out among the churches at once.

Rev. G. R. White believed that the hour had come for forward movement in foreign mission work. We must have the field secretary and he thought the present secretary was just the man for the work.

Rev. S. Cummings could not see the necessity of two salaried men to collect and administer the amount raised for foreign missions.

Rev. L. D. Morse believed that the two secretaries were absolutely needed.

Rev. A. J. Prosser favored separating the offices of secretary and treasurer. He believed that the work of treasurer could be well done by some business man, and leave the secretary free to do field work.

Rev. A. J. Archibald favored the idea of two men, but the office work should be done more cheaply than at present, and the high-priced man should go to the churches to educate the people on the question of foreign missions.

The measure that finally passed practically endorsed the idea of a field secretary, but it did not provide for two men at the present salaries. This action means that practically all Baptist interests in these provinces will have special financial agents who will separately canvass the churches.

The final report of the twentieth century fund indicates that \$38,939.97 has been collected. This fine result is chiefly due to the financial agent, Rev. H. F. Adams.

A communication was received from the Dominion committee in charge of the union movement between the Presbyterians, Methodists and Congregational bodies, suggesting that the Baptist and the church of England might be included in this movement with the object of a fully United Protestant church throughout Canada. The communication was very kindly received and the hope was earnestly expressed that full union in the purpose of Divine Providence might soon be brought to pass.

Rev. David Hutchinson presented the report on the proposed union of Baptist interests in all sections of Canada. This matter will be referred to a special committee.

A communication was received from the Disciples of Christ, now meeting in congress, that the United Baptists send delegates to their next congress, with a view to organization of a union between the two bodies. The invitation was accepted with hearty expressions of approval.

At the foreign mission meeting there were nine speakers, all of whom expect to go to foreign work this autumn. The first speaker was Rev. John Hardy, who spoke of Hindoo theology as compared with Christianity, of course very much to the disparagement of Hindooism. The next speaker was Miss M. Harrison, who gave a vivid and touching account of the way in which she heard the missionary call, and also how she responded. The lady also spoke of the success that had attended her work in India. She predicted that sending out so many missionaries would invoke the blessing of a great revival in the home land.

The third speaker was Miss Ida Newcombe. She is an especially attractive describer of scenes and life in India. The audience in a few minutes got many new and startling ideas about heathenism.

Miss Elizabeth Gaudin spoke of her labors in another part of India with all of the speakers of the evening. Miss Gaudin was vigorous and interesting in this respect, differing from many returned missionaries.

Miss Mabel Archibald spoke of the kindness with which she had everywhere been received during her vacation. Although she had enjoyed these expressions of good will, still if she had 1,000 lives she would gladly give them all for Teluguland, with all its hardships. She loved her work better than all else in life.

Rev. W. S. Tedford felt great joy at the prospect of going to India. If he could live so long he would like to spend fifty years in India, giving all his time and ability to evangelize that country.

Miss Carrie Chambers, who will also go out for the first time, spoke of the influence that decided her to become a foreign missionary. The address of this beautiful young lady thrilled the audience and awakened great enthusiasm.

Miss Alberta Patton spoke of her conversion and decision to labor in the foreign field, as in the other cases, the leading of Providence.

Mrs. John Hardy was the last speaker. Mrs. Hardy will go to India as the bride of the Rev. John Hardy. She will be associated with that gentleman in his missionary work.

The president of the foreign mission board, Rev. W. Camp, gave a very sympathetic address to the outgoing missionaries. The meeting closed with a fervent prayer for the missionaries by Rev. Dr. Manning.

CLEVER COUNTERFEITS.

Two Parties Working in Toronto One Raising United States Bills and Another Issuing Counterfeit Bank of Toronto \$10 Notes.

Toronto, Ont., Aug. 28.—Counterfeit bills were being passed this morning in Toronto and several merchants on Yonge street were victimized. The detective department were informed last night of the presence in the city of the bogus money, and today a warning is being issued.

It would appear that two parties are at work, one on ten dollar Bank of Toronto notes and the other in passing American bills formed by raising ones to fives and tens. It is feared that several thousands of the Bank of Toronto bills have been made.

The face of the Bank of Toronto bill is well executed, though the scroll work is slightly defective. There is an omission, but one which would pass unnoticed by ninety-nine out of every hundred persons who might receive the bill—the small house appearing in the distance behind the train in the lower left-hand corner is missing.

The reverse side is more clumsily executed. Of the words in the circle "Bank of Toronto," the last one is blurred, while the imprint on the bottom of the good bill, "American Bank Note Company, Ottawa," has been left out of the counterfeit. The bad bill is slightly smaller, too, than the one issued by the bank.

What is alarming the police officials as well as those of the bank, is the fear that several thousands of these counterfeit bills have been issued and

are being passed. This suspicion is caused not by the number of the complaints, for very few have been sent in yet, but the numbers in the units and as high as five thousand. This may indicate that there has been a complete issue up to five thousand, or that only a portion of the numbers between 1 and 5,000 have been issued.

Several of the bills have come into the possession of the police and it is believed that they are being sent over here from the United States.

"One of the counterfeit bills came into our possession yesterday," said an official of the Bank of Toronto to The News this morning. "We do not consider it as good work in that line. We have no clue to those who are passing them. It is the first time in many years that a counterfeit bill of our bank has been made."

Chemicals seem to have been used to erase the figure "1" from the upper corners of the face of the one dollar bill and the figure "5" has been substituted. This is done in the case of all the figures and numbers.

With this all pretence of following the real five dollar bill ends. The big eagle in the centre of the one dollar bill is left instead of the Indian's head of the "five." Similar work has been done in making the "one" into "ten."

DEAFNESS "CANNOT" BE CURED.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (Caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
