At 103½ Prince Wm. street, St. John, N. B., are the offices of

Albert J. Machum,

MANAGER of the

Union Mutual Life Ins. Co.

of Portland, Me.
Established 1848

It is a strictly Annual Dividend Company, the surplus or profits being apportioned every year upon all plans of Insurance and a statement of same given to each individual policy holder at the expiration of the first and each subsequent year. The result is that every holder of one of these contracts knows exactly what profits have accumulated every year on his own particular policy. He can make use of such profits any time he so wishes, and in event of his death, such additions are paid, besides the full amount for which the policy is written.

If "A Bird in the Hand is Worth Two in the Bush," how much is a policy worth which guarantees annual dividends as above, compared with a policy under which no profits are apportioned until the end of twenty (20) years?

"Union Mutual" policy contracts are the most liberal issued. The guaranteed reserve value is equal to that of any company in the world. If you require Insurance of any kind consult a "Union Mutual" agent, or write direct to

"IT SAVED MY LIFE"

PRAISE FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

Dear Mrs. Pinkham:—

"I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

"Before I wrote to you, telling you how I felt, I had doctored for over two years steady and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain, with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, I became regular and in perfect health. Had it not been for you I would be in my grave to-day

"I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful periods, weakness, displacement or ulceration of an organ, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

For twenty-five years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has under her direction, and since her decease, been advising sick women free of charge. Address, Lynn, Mass.

CALLED TO HAMILTON.

Rev. W. Harry Sedgewick, Well Known in Fredericton, Given a Tempting Offer.

The Central Presbyterian church, Hamilton, Ont., has decided to extend a call to Rev. W. H. Sedgewick Charlottetown, P. E. I., as assistant to Dr. Lyle, with the prospect of succeeding to the pastorate. The salary is $2,000.

Mr. Sedgewick, who is a native of Upper Musquodoboit, N. S., and a nephew of Judge Sedgewick, of the Supreme Court of Canada, is well known in Fredericton Presbyterian circles, having served a few years ago as catechist at New Maryland, Hanwell and Morrison's Mills. He is a graduate of Dalhousie University and Pine Hill Theological College, and a clever preacher. His first settled charge was at Shubenacadie, whence he was called to Charlottetown, his present pastorate.

A NEW BUILDING.

Mr. R. W. George, the well known St. Mary's druggist, has begun the erection of a handsome store and residence combined on the lot at St. Mary's, adjoining that owned by Mr. H. Bowlan. Mr. J. C. Machum has the contract and Mr. George expects to be able to move into the building this fall. The house will contain the latest modern improvements. In the meantime Mr. George is occupying the Manzer house directly opposite his new site, where he has his up-to-date drug store and residence.

Your money back if Gin Pills do not cure.

Rheumatism

When the Kidneys fail to do their work of discharging the uric acid from the system, the result is rheumatism. Until the Kidneys resume this work in a natural healthy way no cure is possible.

Gin Pills

cure rheumatism quickly and for all time because they are the most perfect Kidney Corrective ever discovered.

Geo, E. Fisher, Secretary, Hon. L. J. Tweedie, President.

WOULD BE A NATION IN ALLIANCE.

Resolution at the Chambers of Commerce Congress—Record Attendance.

London, July 11.—With a record attendance, the Congress of the Chambers of Commerce of the Empire was opened this morning by the Earl of Elgin. The Secretary of State for the Colonies said he had learned at the Colonial Office to look on both sides of questions, which he wished to commend to discussion on every side. He would not venture to advise Congress as to their course. He hoped they would attain the ambition of all, a united empire.

Mr. Blackwell was elected chairman and Mr. Chas. Charlton deputy. The chairman spoke highly of the hospitality received at Montreal by the last Congress. A motion congratulating Mr. Chamberlain was passed amid cheers.

THE CANADIAN RESOLUTIONS.

Mr. George E. Drummond of Montreal presented the first resolution which combined the Canadian resolution, which combined the Canadian lution, urging preferential trade between the United Kingdon and the colonies. He spoke for all the leading Canadian Boards of Trade and the Manufacturers' Association in maintaining that "we present the practical importance of calling the colonial conference of 1907 to give effect to the desire to make Canada an independent nation permanently allied with Great Brirain." To this ideal the encroachments of the United States trade and the growth of the reciprocity party across the line constituted a grave danger. Within two generations Canada would have a population as great as the British Isles. This market is worth capturing. In Canada they did not accept the verdict of the last British elections as against the proposition. He asked that a commission go into the question. Canadians would not ask for it if it was to make bread dearer in the United Kingdom.

Mr. W. F. Cockshutt, M. P., seconded the resolutions and urged it on behalf of the empire, not any particular part of it. He said Canada had sacrificed five million dollars of duty because of preference.

Mr. Francis Ashworth, Manchester, opposing the resolution, said that after two years of education tariff reform had been overwhelmingly defeated at the last British election. (Cries of "No Chinese labor" from the Canadian section.) The loyalty of the colonies was not dependent on sordid bonds.

Mr. Chas. J. Wilson, S. Scotland, supported the resolution and said he had been converted from free trade.

INDIA WANTS NO TARIFFS.

Sir Ernest Cable of Bengal and Mr C. H. Armstrong of Bombay opposed the resolution on behalf of India, which desired to avoid tariff walls. They claimed that India, and not Canada, was the most important part of the empire.

Lord Avebury, in opening, said it was difficult to get a reciprocal basis. He thought the prosperity of Canada would have been greater if free trade had been adopted. The only thing to benefit the empire would be entire free trade within the empire.

Mr. Octavius Beale, Australia, supported the resolution on the same lines as Canada.

Lieut.-Col. Denison made a vigorous and patriotic appeal. Answering quotations by a previous speaker rom Sir Wilfrid Laurier's speech at the Cobden Club, he said Sir Wilfrid had changed his mind and had made distinct offers. Loud dissent greeted the remark that England was going backward.

The resolution was supported by Messrs. H. Beauchamp, New Zealand; G. Hirst Birstall, Sir S. B. Samuel, London; G. Parkes, M. P., Birmingham, and opposed by Messrs. A. J. Hobson, Sheffield, and Geo. Wight, Sunderland.

Sir Charles Tupper pointed to the possibilities of the west in answer to a question whether the empire could support the empire. In Canada Liberal and Conservative were united on the question. The progress of the policy since its inception made its success a certainty. The Congress adjoined without a vote.

SOME USEFUL RECIPES.

CHICKEN POT PIE.

Have a bowl cut up as for fricassee. Pare ten medium sized potatoes and cut them in halves. Put a saucer in a kettle and lay half of the fowl round and over it. Lay half of the potato over the fowl and season with salt and pepper, then make another layer of fowl and potato and seasoning. Cook until the fowl is tender. For the crust sift two cups of flour with two level teaspoons of baking powder, rub in one-quarter cup of butter and mix with ice cold water until it can be rolled out. When the fowl is tender lay the crust cut in strips two by four inches over the top. Cover tightly and cook rapidly for fifteen minutes without lifting the cover.

SOUR CREAM DOUGHNUTS.

Sift together three-quarters cup of sugar, four cups of flour and one level teaspoon of cream tartar. Dissolve one level teaspoon of soda in one tablespoon of water and add to one cup of sour cream; add to the dry ingredients and one half cup of sweet milk. Roll out, cut in shape fry in deep hot fat, and roll in powder sugar.

MINT JELLY.

Mint jelly looks good and it tastes better. It is a vivid green and gives a grateful touch of color to the dinner table. Its fragrance is delightful and it improves the flavor of either lamb or mutton. It is a simple thing to prepare: First, the mint is boiled and strained, and afterwards enough heated sugar is added to make it form a jelly. Sometimes, however, when the mint juice is not sufficiently glutinous, a little gelatine is mixed in to bring it to the right consistency. It should never be very stiff, as is reslized by its melting almost immediately it is taken on a hot plate.

CUCUMBER SANDWICH.

A novel delicacy is a cucumber and nut sandwich. Allow the cucumbers to remain in ice water for an hour or two before serving; then peel and slice, cutting them into minute cubes add half the quantity of finely chopped nut meats, and blend with a sour cream salad dressing, made by beating hard for five minutes a cupful of rich sour cream, gradually stirring in half a teaspoonful of powdered sugar. Spread upon thin slices of buttered whole wheat bread nd stamp with a cutter into neat circles.

There are various recipes for serving fruits in various forms that will materially aid the perplexed housekeeper in making her summer menus delectable and wholesome:

STRAWBERRY LOAF.

Line a mould with strips of light sponge cake; then spread very carefully over the latter a cornstarch pudding flavored with strawberry juice; fill with firm, fresh fruit; cover with the cornstarch pudding; and when thoroughly chilled unmould carefully and garnish with sweetened whipped cream and strawberries, the hulls of which have been left on.

APPLE SCUFFLE.

This dish is pleasant and wholesome for the children's lunches. Stew the apples as if for sauce, adding a little lemon and peel and juice. Spread the stewed apples high round a baking dish of milk, a pinch of cinnamon and a tablespoonful. Make a custard of the yolks of 2 eggs and a pint of sugar. Let the custard cool and then pour it into the dish with the apples. Beat the whites of the eggs and spread over the top, sprinkling with sugar, and set it in the oven to brown. The apples should be about an inch thick at the bottom and sides of the dish.

PINEAPPLE SALAD.

Stir together carefully one part of pineapple cut into small cubes with four parts of sweet salad dressing. Serve in lettuce cups. To make the sweet dressing, thicken one cup of boiling water with one tablespoon of cornstarch, add the juice of half a large lemon, and sugar to make quite sweet. Serve very cold. Half strawberries and a half pineapple will also make a delicious salad.

ARE YOU COSTIVE?

If you knew how bad for health constipation is you would be more careful. Irregular bowels cause appendicitis, jaundice, anaemia and a thousand other diseases too. Sooner or later it will bring you to a sick bed. The use of Dr. Hamilton's Pills changes all this quickly. They are made to cure constipation in one night, and always do so. By taking Dr. Hamilton's Pills you are sure of a keen appetite, splendid color, jovial spirits and sound restful sleep. Gentle in action; good for men, women or children. 25c. per box, or five for $1.00. At all dealers in medicine.

SUSSEX RACES.

Simassie Got Back at Terrace Queen Winning Free for all in Straight Heats and Reducing Track Record.

Sussex, July 13.—The races here yesterday drew a large crowd, who were rewarded by seeing a great day's racing.

There were three events, and everyone of them was a horse race. In the free for all there were three starters, and Terrace Queen was a decided favorite over Simmassie, Boutilier, the driver of the Halifax mare however, felt that with a fast track his horse would give a good account of herself and she did. The race resulted in three of the fastest heats yet seen in the provinces. There is only one faster record, and that was at Moncton, when Simmassie and Pheobon W. fought it out. Incidentally the Sussex track record was reduced from 2.15½, made by Ituna, to 2.13. This was in the first heat. Sphinx B. started but acted badly and was distanced. Simmassie and Terrace Queen had it all the way, but the former won out by a length. The second heat was won by a scant half length, and the third by a length. In every heat the horses passed the stand at the half nose and nose, but Simmassie was always good enough to recover her lost ground on the turns. The summary is:

FREE FOR ALL.

Simmassie, 2.08½, Frank Boutilier, Halifax, ... 1 1 1
Terrace Queen, 2.06, C. F. De-Witte, Bridgetown, ... 2 2 2
Sphinx B., Valley Stables, Sussex, ... d
Time, 2.13, 2.15, 2.14½.

In the 2.20 class Peacherina again showed her superiority over the other starters. In the second heat, however, she had to be driven to win as Kremella was right at her wheel and was coming fast. In this heat Dell Estelle and Happy Union were distanced and the third heat, with Kremella acting badly, resulted in a drive to save distance.. The result was:

2.20 CLASS.

Peacherina, S. A. Rockford, St. John, 2.19½ 1 1 1
Kremella, 2.21½, Frank Boutilier, Halifax 2 2 2
Doll Estelle, 2.21½, J. T. Prescott, Sussex ..... 3 d.
Happy Union, 2.20½, Dr. McAllister, Sussex ..... 3 d.
Time, 2.20½, 2.20½, 2.33.

The 2.30 class was a great contest between Belfty Chimes, Kingsboro, and Little Egypt. In every heat the were bunched at the wire, but Belfry Chimes had too much speed for the others and managed to get there. Belfry Chimes is a half brother to The Abbott, and Kingsboro is a half brother to Bingen, who was never beaten in a race. Both horses are fast and will be seen in fast company before the season is over.

The summary:

Belfry Chimes, 2.21¼, Thos. Hayes, St. John, ... 1 1 1
Kingsboro, S. A. Rockford, St. John, ... 2 2 2
Little Egypt, David Brickley, St. John, ... 3 3 3
Meadow Vale, J. R. DeWitte, Bridgetown, ... 4 4 5
Little Tom, 2.39½, Dr. McAllister, Sussex, ... 5 5 4
Time, 2.21¼, 2.22, 2.21½.

House-Clean Your System.

Keep it Pure and Clean if You Desire Good Health.

The inside of your body requires attention just the same as the outside.

A great accumulation of effete matter is clinging to the various organs, and must be moved off.

Some gentle laxative and tonic should be used.

The system must be relieved of its burden if you are to enjoy a happy, healthy summer.

Physicians who have examined the formula of Dr. Hamilton's Mandrake and Butternut Pills say no medicine could be better.

Whether ill or not, thousands rely on Dr. Hamilton's Pills, which are truly marvelous in preventing debility and sickness.

Begin Dr. Hamilton's Pills without delay. You'll feel stronger, eat heartier, digest better, sleep sounder and gain more in weight.

Mr. Ed Maynard, an old resident, of New Westminster, B. C., writes: "I don't say Dr. Hamilton's Pills will cure everything, but they made a quick job of building up my run-down system. I had kidney disease and constipation, and was wholly unfitted for work. Pains shot through my limbs and lodged in my back. Headaches often made me desperate. I had no appetite, an awful color, and felt despondent. Sometimes I was a little rheumatic. After a few days I began to mend, and kept up Dr. Hamilton's Pills till I was restored to my present tip-top condition."

Can you afford to miss the benefit of this marvel-working medicine? Think of it. All dealers sell Dr. Hamilton's Pills at 25 cents a box or five boxes for $1.00. By mail from N. C. Polson and Co., Hartford Conn., U. S. A., and Kingston, Ont.

BE DONE WITH CATARRH!

Why allow this filthy disease to poison your system? It drains your strength, ruins digestion, pollutes the breath, makes you repulsive. The one certain cure is "Catarrhozone," it cures because it destroys the cause of the desease, cures thoroughly because it goes wherever the catarrh is, cures every case because its vapor destroys the catarrh germ instantly. To get well and stay free from catarrh get Catarrhozone and use it; satisfaction guaranteed.

"JUNGLED" JAM.

Revolting Conditions Revealed in London.

London, July 12.—The annual report of the inspector of factories and workshops today shows that the conditions here are quite as revolting as anything alleged of the Chicago meat packing revelations. Dirty factories and disgusting methods seem to be the rule, instead of the exception. Jam factories, bakeries and sausage makers are all censured as being equally filthy and the description of one fits most of the others. The report on a typical jam factory is as follows: "The boiling room lay between the yard and the stable and the horses reached the latter through the boiling room. The sanitary accommodations was hardly separated from the rooms where the fresh fruit and uncovered jam were kept and the floors were dirty and undrained."

Another factory inspector found jam pots being washed in "liquid like dark soup, which smelled abominably." The manager informed the inspector that water was changed "about once a week," When fished out of these evil smelling tanks the pots were allowed to stand until dry, when they were considered to be ready to receive fresh installments of preserves.

Inspectors of bakeries found that it was a frequent custom to bathe children in them after the close of work on Saturdays. "The sausage factories," says the report, "are small, dilipated, badly lit and often infested by rats."

NERVOUSNESS, A CALAMITY.

Many who don't realize what lies beyond, treat an attack of the "nerves" with indifference. Others consider it will soon pass away. But in every case nervousness is a calamity. Only one remedy will cure—Ferrozone—a nerve strengthener that acts through the blood. First it gives you appetite—you eat plenty. This fills the blood with nourishment for the inner nerve cells. Energy and strength is instilled into every part of the system. You get well—keep well—nervousness forever departs, because you've used Ferrozone. Price 50c. per box of fifty tablets at all dealers.

GANG OF PICKPOCKETS.

Many Robberies Reported In The West.

Edmonton, July 12.—A gang of clever pickpockets are operating in Calgary and Edmonton and along the C. & E. Line. A special C. P. R. force has been unable so far to round them up, although several arrests have been made. A long series of thefts are placed to their credit, the victims losing anywhere from $5 to $450. The gang has evidently turned attention to other avenues of crime alsa, for a package containing $310 has been mysteriously stolen from the office of the Dominion Express Company. Among those who have reported loses to the police are:

B. A. Miller, relieved of $60 in cash and $385 in postal notes.

A Calgary business man, who lost $1,000 in notes and checks and $7 in cash.

George Cowan, Winnipeg, traveller, $450.

P. Wasenberg, Okotoka, farmer, and R. McKernan of Strathcona, $200.

The last named gentleman has been robbed twice, the first time losing $170, and the second time $50.

KING WILL SEND HORSES TO TORONTO FAIR.

His Exhibits Will Include Horses From the Famous Snire Stables at Sandringham.

The Yorkshire Post, Leeds, says that the king will send representatives of his famous Shire stables at Sandringham to Toronto, Ottawa, London and other horse show places. Lord Rothschild, at the request, it is said, of the king, is sending exhibits also.

When in England, Dr. J. O. Orr, manager of the Toronto exhibition, tried to arrange with the Shire Horse Society of which His Majesty is hononary president, to send exhibits from its stables to the exhibition here. He has not yet received any reply from the authorities of the society, but from the above despatch is led to believe that the king has taken the matter himself and will send some of his own horses.

NEW IODINE CURE WILL SOON BE TRIED.

Was Discovered by a Montreal Physician, and Will be Tested by British Medical Association.

Montreal, July 12.—The first public demonstration of the results to be obtained by the new iodine cure for lung tuberculosis will be made at the British Medical Congress, to be held in Toronto at the end of the next month. A number of patients who have been successfully cured by the new cure will be brought to Toronto, and the doctors attending the congress from all parts of the world will be invited to make complete examinations.

The new iodine cure is the result of researches made by Dr. Geo. M. Brown of Montreal, and his work has attracted the attention of not only Montreal doctors, but of all who are interested in the fight against tuberculosis.

The cure is administered in the form of an injection and in the solution there is 97 per cent. iodine. Some of the patients who will be brought to Toronto have been under treatment since February last, but Dr. Brown has been at work on his cure for upwards of twelve years.

She—What a pity! The apartment papa has found us is on the north side.

He—When you are there with me, dear, it will be on the sunny side.
