

Events of a Day

KIRK CONCERT.

Don't forget the ten cent concert at the old kirk this evening. A very attractive program of music and tableaux will be presented.

MILLS CLOSED DOWN.

The lumber mills at Marysville closed down today. The season was a very successful one, all the logs having been sawn, including what was held over from last season.

APPRECIATED THE GIFT.

A number of the friends and admirers of Mr. James Tennant waited upon him at his residence on Tuesday afternoon and presented him with a beautiful steel engraving of Robert Burns. The veteran Scot, who is a devoted admirer of the immortal bard, returned his thanks in a few well chosen words.

NEW RAILWAY SCHEME.

James Burgess, M. P. P., of Grand Falls, J. F. Tweeddale, M. P. P., of Arthurville, and J. E. Stewart of Andover, give notice in The Royal Gazette that they will make application at the next session of the legis-

lature for incorporation of the St. John and Grand Falls Electric Railway Company. They propose constructing a road from St. John to Fredericton, thence to Woodstock, then to Grand Falls and the boundary line of the state of Maine.

BEAT THIS.

Mr. H. L. Huestis, a prominent Bear Island farmer, brought to the city yesterday a very large hog, which he claimed to be a record breaker. The animal, which was only eighteen months old, when killed and dressed, weighed 548 pounds. Mr. Huestis sold the carcass to Messrs. Dykeman & Vanwart.

OUT FOR MOOSE.

The only member of the Herald staff who is not afraid of a gun, and can fire one, is leaving this afternoon on a moose hunt.

A GOOD SHOWING.

The proceeds of the high tea and fancy sale at the Church hall last evening, will amount to the respectable sum of \$330.

Mr. Henry C. Smalley, of Boston, is in the city today, on business, and is a guest at the Queen.

HIGH TEA AND SALE.

Very Successful Function Carried Out by Cathedral Organ Fund Sewing Circle.

The high tea and fancy sale held in the church hall last evening under the auspices of the Organ Fund Sewing Circle, was a grand success. In every particular. The interior of the hall was prettily decorated with flags and the many attractive booths, presided over by comely young women, lent to the attractiveness of the scene. It is estimated, between three and four hundred people, representing every denomination in the city, were present and it goes without saying that all enjoyed themselves. Prominent among those present was Rev. Canon Richardson, the ecclesiastical shop clerk. He moved freely among the people and was given a most cordial greeting.

Prof. Cadwallader's orchestra provided excellent music. An excellent repast was served in the spacious supper room up stairs to a large number of people. Mrs. T. B. Winslow and Mrs. F. St. John Bliss were in charge of the culinary department and did their work in a manner which left no room for complaint.

The ladies in charge of the tables were Mesdames G. N. Babbitt, L. W. Bailey, W. E. Smith, W. W. Long, John W. Smith, Thomas Allen, W. H. Norton-Taylor, R. F. Randolph, O. H. Sharp, A. R. Webster, W. H. Stevens and Misses Taboe, Sarah Allen and Sterling.

The staff of efficient waitresses was composed of Miss Grace Winslow, Mrs. R. H. Cropley and Misses Hilda Johnson, Harriet Hazen, Constance Cooper, Edna Golding, Addie Brannen, Taylor, May Wandless, Gertrude Pinder, Merrill, Carman, Mrs. M. S. L. Richey and Miss T. W. Street attended to the serving of creams.

The many pretty booths downstairs were liberally patronized, and gave good value for the money. Probably the most interesting feature was the "peep show" conducted by Misses Lillian Nicholson and Frankie Tibbits. Scores of people gladly paid a dime to see this wonderful exhibition.

The several booths were in charge of the following ladies:

Ice cream—Mrs. E. J. Payson, Mrs. F. P. Colter and Beatrice Payson. Apron table—Miss Jounett, Mrs. Carman, Mrs. Turner. Fancy work—Mrs. W. T. Whitehead, Miss Block, Mrs. T. C. Allen, Mrs. Morris, Miss Taboe. Artificial flowers—Miss Prudie Babbitt, Miss Pinder. Home Made Candy—Miss Stella Sherman, Mrs. Weaver, Miss Campbell, Miss Marsh. Dolls—Miss Florrie Whitehead, Miss Lindsay.

The officers of the Cathedral Organ Fund Sewing Circle are: President—Mrs. W. T. Whitehead. Vice President—Mrs. Taboe. Second vice-president—Mrs. Morris. Secretary-treasurer—Mrs. W. P. Flewelling.

ST. ANDREW'S CONCERT.

Arrangements for the completion of the programme for the Grand Scottish Concert to be given under the auspices of the Fredericton Society of St. Andrew on Saint Andrew's Day, are about completed. The programme is made up of a number of the most interesting and high class numbers that have ever been given for the approval of a Fredericton audience. For some time past, several of St. John's best known entertainers will be among the members to appear, and one of the leading features will be the appearance of a double brass quartette from the Fredericton Brass Band. The numerous soloists include Mr. Cecil Holder, the well known local banjo artist, and Lieut. duBois, the accomplished violinist, who has lately returned from his trip to Europe. The reserve seat sale is in progress at McMurray's store and from the way that seats are being marked off it would seem that a crowded house will greet the Scots on St. Andrew's night.

LAST NIGHT'S LECTURE.

A large audience turned out last night to hear the lecture in the Y. M. C. A. hall by Dr. Irvine. The speaker's subject was the "Prevention of Disease," and he handled it in an able and interesting manner. He gave much valuable information regarding health and touched upon sanitation, ventilation, proper food, clothing, exercise, etc., as preventives of disease. He explained some of the ways disease was contracted and the ways germs did their work.

At the conclusion of the lecture Mr. James Lenout proposed a hearty vote of thanks to Dr. Irvine for his lecture. This was seconded by Mr. John Kilburn and unanimously carried. Mr. R. B. Wallace acted as chairman of the meeting. Dr. Irvine's address is published in the Herald today.

MARYSVILLE DIPHTHERIA.

Two new diphtheria cases have broken out in Marysville, and it has been found necessary to quarantine four additional houses. None of the patients, however, are considered dangerously ill, as the disease is of rather a mild type. All precautions have been taken to prevent further spreading. Owing to the outbreak of diphtheria at Marysville the board of health make the request that all social and religious gatherings at this place be suspended until such time as danger of contagion is past. There are now eleven cases in the town and nine houses are quarantined.

DEATH OF ARTHUR SMITH.

The death occurred yesterday afternoon of Arthur Smith, the nineteen year old son of Mr. G. W. Allen, M. P. P., blacksmith at Miller's carriage factory. He was a victim of lung trouble and had been in failing health for about a year. He was about the house yesterday morning, and along towards noon took a serious turn, dying about two hours later. Deceased was in the employ of the Hart Boot & Shoe company, and was a bright and popular young man. The funeral will take place at two o'clock tomorrow afternoon, with Undertaker George W. Adams in charge.

SHOT A MOOSE.

Mr. W. A. B. McLellan, secretary treasurer of the John Palmer Company, returned last night from a hunting trip to Little River. He wounded a large moose on Monday, breaking its leg, but it managed to get away. The guide followed the trail for about ten miles, but darkness coming on, he was obliged to abandon it. Mr. McLellan, before coming home, arranged with the guide to continue the chase, and he is quite confident that the wounded moose will be found. Mr. C. K. Palmer, who accompanied Mr. McLellan on his trip, is still in the woods.

The chairs are on exhibition in the uptown show windows of Colwell & Jennings' furniture establishment and are much admired. HORSE STOLEN.

On Tuesday evening last, while Mr. Lorne Ryan was attending a social gathering at Bowlan's Hall, at St. Mary's, he left a horse with a wagon attached, standing in a yard nearby. On his return later in the evening he was surprised to find that the rig had disappeared. He has since received information which leads him to suspect where the rig went to. Mr. Ryan says if the horse and carriage are returned a good order immediately the matter may drop. Otherwise it is his intention to set the law in motion.

DIPHTHERIA CASE.

Exaggerated Reports in Circulation Here—Pupils from Marysville Should Be Looked After.

Quite a scare was created about the city this morning by a report that four cases of diphtheria had broken out among the pupils in attendance at the Charlotte street school. A Herald representative made enquiries on the subject from Secretary Sampson, Principal Perry, Health Inspector Phillips and others but they were unable to give any confirmation to the report. Secretary Sampson gave the scribe to understand that it was news to him, and he promised to visit the Charlotte street school and make an investigation.

As the result of inquiries made the Herald learned that several pupils from the quarantined district at Marysville are regularly attending the city schools. This is certainly not as it should be. If the Marysville authorities consider the outbreak of diphtheria in that town serious enough to close their own school there is no reason why children living in the vicinity of the quarantined houses should be permitted to attend city schools, and thus increase the danger of infection. It is to be hoped that the school board will give this matter their attention.

Enquiry from Principal Perry elicited the information that one of his pupils, supposed to be down with diphtheria, was in reality suffering from an attack of measles.

Mr. Sampson, who investigated the report this afternoon, informs The Herald that there is no cause for alarm. He says four of the pupils are down with measles, but there are no cases of diphtheria. Health Inspector Phillips says that no cases of diphtheria have been reported to him.
