INSURANCE ENQUIRY.

New York Committee Submits Partial
Report--Officials Must Disgorge.

New York, Feb. 9.—The special
committee appointed by the trustees
of the New York Life Insurance Co.
to investigate the affairs of the com-
pany yesterday, made a partial re-
port of its labors to the director.

This report deals only with the re-
lations of Andrew Hamilton, the leg-
islative agent, with the company,
and is a severe arraignment of his
methods. John A. McCall, late pres-
ident of the New York Life, also
comes in for a share of the commit-
tee's criticism. He is blamed for
his methods in connection with the
"Bureau of taxation and legisla-
tion" during the last ten years and
for allowing Hamilton to pay out
vast sums without a proper account-
ing.

Special attention is called to re-
mittances of \$10,000 to Mr. McCall
in London, and \$134,500 to Hamil-
ton in Paris in 1900. The purpose
of these remittances the committee
has been unable to ascertain and re-
commends that proceedings be insti-
tuted against Hamilton and McCall
for an accounting or repayment. The
committee adds on this point, that
application has been made to Mr.
McCall for information regarding the
transactions, but it is informed by
Mr. McCall's family that his physical
and nervous condition is such that
the subject cannot be taken up at
present.

As to Mr. Hamilton's health, which
has been reported as being bad, the
committee has been informed that he
was physically able to travel and has
exhausted every effort to induce him
to return to make a full disclosure
of his payments, but without success.

The committee also holds both
Mr. McCall and Mr. Hamilton re-
sponsible for \$75,000 advanced to
Hamilton to pay the state tax, and
which the committee declares was
used by Hamilton for his own pur-
poses. The committee is advised
that both are liable for this sum.

The committee maintains also that
it is a matter of legal adjudication
as to whether George W. Perkins,
of the firm of J. P. Morgan & Co., is
not liable for the payment of Hamil-
ton's notes for \$59,110. Mr. Per-
kins paid the account, the committee
holds, out of the New York Life In-
surance Company's shares of profits
in its participation in a United States
Corporation syndicate. The com-
mittee holds also that the payment
of these notes by the company was
also unwarranted. It is only just to
Mr. Perkins to say, the report adds,
that he acted in the matter in entire
good faith, that he derived no benefit
from the transaction and that his
liability, if any, is a technical one.

The committee recommends that the
law department of the company in-
stitute appropriate legal proceedings
to carry into effect the findings and
conclusions of this report.

The report is signed by T. W. Fow-
ler, Norman B. Ream, Hiram Steele,
Augustus G. Paine, Clarence H. Mac-
Kay and was unanimously adopted.

A NEW INDUSTRY.

Whelpley Concern May Establish
Skate Factory Here.

There is a good prospect of the
Whelpley State Manufacturing Com-
pany removing their plant to Fred-
erickton from Greenwich, Kings Co.
The concern is one of the oldest in
Canada and turns out a high grade
skate which is used all over the
country.

Mr. F. W. Whelpley, a leading mem-
ber of the company, has been in the
city since yesterday, and this after-
noon will submit a proposition to
the council of the Board of Trade.
The company are willing to locate
in Frederickton providing the city will
grant exemption from taxation and
free water for a term of years, a site
for the factory and a loan of \$5,000
to be paid back in ten annual instal-
ments without interest. This proposi-
tion is about in line with recommenda-
tions made at a joint meeting of
committees of the city council and
Board of Trade a few days ago.

The company propose to increase
their capital stock to \$20,000, and
promise to employ at the start about
twenty-five hands all skilled workmen
and the amount to be paid in wages
will be about \$10,000 per annum.

Mr. Whelpley has already been able
to interest a number of citizens in his
proposal and anticipates no difficulty
in getting all the stock subscriptions
that are needed.

The skate industry will not inter-
fere with any existing industries, and
no doubt Mr. Whelpley's proposal
will commend itself to the city coun-
cil.

In conversation with a representa-
tive of the Herald, Mr. Whelpley
stated that the chief reason for re-
moving from Greenwich was the lack
of shipping facilities during the win-
ter season.

Mr. J. S. Neill, the well known
hardware man, who is already inter-
ested in several local manufacturing
concerns, has expressed a willingness
to take stock in the new company
if it locates here.
