

association and the province of the geographical features of the province, and the Premier, who did not get the vote he wanted, Green's resignation is a bombshell especially in view of the relations existing between him and the Premier. He was regarded as a wicked partner of the government, and his cunning craft came very much into play when election

WILLIAMSBURG.

Dec. 26.—We are having quite a rain here today and yesterday, which has made the roads very soft and almost impassable, the snow is deep all the boys are out of the woods at Christmas, and times will no doubt be quite lively.

The Orangemen of this place are making preparations for a basket social in their new hall Christmas for the purpose of raising funds to pay for the new furniture which they have bought for the public part of their hall.

Your correspondent has just received letters from the west giving an account of the conditions that prevail in that country. Fuel of all kinds is very scarce and what there is to be had the price is beyond the pockets of the poor people who are waiting for to see what steps the government is going to take in the matter. The cold is often so intense that the people who are light and scarce of fuel close up their doors and seek shelter from their neighbors. In different places

as many as ten and twelve bachelors huddled together in a small shack to be as economical as fuel as possible, thermometers has registered as low as 40 below zero this fall, and it is quite common to see it drop to 60 in January.

Mr. Samuel I. of this place has just returned home from the west, he has been all over the Pacific coast, Port Simpson, the terminus of the G. T. P. is just a small fishing town on the coast, the place Mr. Plant took his home, and he will settle there in the future.

James McMillan, Sr., who was once the chief of the village, is well again. The youngest child of Mr. and Mrs. Samuel Peacock, died suddenly on the 17th inst., from a serious internal ailment, which developed inflammation of the bowels.

James Humble, who got his arm broke by a kick from a horse, is able to be around again. Orange basket social on the evening of the 26th and 27th, and not on Christmas.

On the 25th of the religious institution of the Christmas day as a religious day as do all the churches and other religious orders. There is 30 inches of snow here and thermometer has never dropped below 18 degrees on the self-register thermometer owned by D. S. Peacock, Miramichi observatory government instruments, in charge of Geo. Parker, record the weather same date 18 below. Some people wrote the Herald from Napuldi reporting it as low as 40 below, it is about 12 miles from here it could not possibly vary more than a degree.

GAINED NERVE AND VITAL ENERGY.

From Walton, P. Q., Que., comes following from Mr. Nazaire Beaudet, who told me of a system he had built up, I would not have believed it. Before using Ferrozone he was run down in nerve and vitality, and in very weak health. I got enough sleep at night, felt lively in the day time. Ferrozone filled me with energy and vim, increased my weight and made a new man of me.

Hundreds tell the same story—Weak and dispirited, everything going wrong, unable to catch up. They took Ferrozone and all was changed to health and serenity. Price 50c. per box at all dealers.

THE GALLOWES DID IT.

Caused Wreck of Steamer Monarch on Isle Royale.

Dec. 27.—George Olmstead who was a passenger on the Canadian steamer Monarch, which was wrecked near Isle Royale told the following story in Duluth on Saturday. When we reached Port Arthur on the fatal trip Capt. Robertson confided to me that he feared the gallowes being put on the vessel at Sarnia, on which Mike Elton was to be hanged at Fort William. The gallowes was placed on board without my knowledge, he having refused to carry it. Someone smuggled it on board and after the captain discovered the deception he was quite worried. He called a sailor's superstition and nothing could shake his belief that some catastrophe was about to befall his vessel. He was somewhat relieved when Port Arthur was reached and the gallowes put off, but old feeling did not entirely leave. The wreck occurred the night after Port Arthur.

HEALTH.

All is proper. Avoid con-killer of to- medicine 25 results like Many

YOU FEEL TIRED ALL THE TIME.

Night comes and it's hard to sleep. Morning dawns and the anxious tired feeling is still there. Unwilling to get up, a strong desire to rest just a little longer.

Unwise to neglect this gradual decline. It can't cure itself—but Ferrozone, by forming rich pure blood, at once supplies nutriment for building up the system. This extra nutriment is distributed throughout the entire body, gives force to the nerves, strength to the muscles, and power to the digestive organs.

As soon as you feel braced, toned, strengthened. You know a powerful force is building up depleted energies. You realize what it means to have the vim and spirit of robust health. Search the world over and you won't find a tonic to nourish, build up, and fortify a weak body like Ferrozone. Physicians claim it is the best all round strengthening medicine ever discovered.

To take Ferrozone regularly is to insure policy of health, a guarantee that you will be free from vexatious spells of tiredness and debility, sickness of every kind. Surely it's worth while trying a medicine that Mrs. H. S. Gold, of Bosman, Man., speaks of as follows:

"I want to state my case, because I think it may be the means of assisting other suffering women to close, health. A year ago I was almost a wreck. I was pale and emaciated, suffered from nervousness and hysterics. The doctor advised different treatments, but they didn't help. He said I was in low condition of health, due to weakness that might never be cured. Ferrozone had a peculiar effect on me, and built me up quickly. I am now strong, and vigorous, and was made so by Ferrozone." (Signed) Mrs. H. S. Gold, Bosman, Man. Ferrozone builds up the chronic or malignant form build up with Ferrozone. Everywhere, 50c. per box or six boxes for \$2.50 at all dealers.

WORLD'S PEACE MAY GAIN.

Bryce's Presence at Washington Expects Further Arrangements Between Britain and United States May Act Along Parallel Lines at Next Hague Conference

London, Dec. 27.—Right Hon. Jas. Bryce, the retiring chief secretary for Ireland, who is to accompany Mortimer Durand, as British Ambassador at Washington, is arranging to leave for the United States in about three weeks.

In the meantime he has started on a tour for the purpose of closing up his business affairs, going first to Dublin, where he is now conferring with the Lord-Lieutenant, the Earl of Aberdeen, concerning the transfer of Irish affairs.

There is an increasing tendency in Dublin to regard Right Hon. Augustus Birrell, the President of the Board of Education, as the most probable successor of Mr. Bryce as chief secretary for Ireland. He would be personally acceptable to the Irish leaders.

The opinion is growing stronger in official and diplomatic circles here that Mr. Bryce will be named head of the British delegation to the next Hague peace conference, and it is pointed out that this is an evidence of Great Britain's desire to co-operate with the United States. It is expected that France will join in this movement.

OROMOTO NOTES.

Dec. 26.—There was service in the R. C. Church on Christmas eve and Christmas day. The church was prettily greened for the service. The pastor, Rev. Father Carleton, is still in the village.

Rev. H. D. and Mrs. Dibblee and family are spending Christmas in Fredericton. Owing to Mr. Dibblee's illness, there was no service in St. John's church on Christmas Day.

Mr. Charles White of Fairfield, Me., accompanied by his wife and daughter spent Christmas with Mr. and Mrs. James S. White.

Mr. and Mrs. Burnett and Mrs. McCaffrey spent Christmas in Marysville.

A great event was given Mr. and Mrs. Richard Grass, who were married on Dec. 20th by Rev. Mr. Cope-

land. School examination was held on Friday last. Much credit was given to our pupils. Mr. J. West Smith. Miss C. who is attending her vacation. A party given by Sewell. Tucker. Many

Stanley cup, which has been brought to bear on him to do so. He would be a tower of strength to the Liberal party and the call of the party for his magnetic personality in the campaign may become too persistent to be ignored.

The first match for the trophy was played in 1895. Montreal defeated Queen's University in that year and handed the cup to the Victoria club, which had won the championship of the old amateur hockey association of Canada.

On February 11, 1896, the Winnipeg Wanderers defeated the Montreal Victorias by 2 to 0, and carried the cup out west. The Montreal Victorias regained the mung in a close game played at Winnipeg in the following December. The Capitals of Ottawa challenged in 1907, but was defeated by the cup holders in the Victoria rink by 15 to 2.

Winnipeg Victorias came back in 1899, and it was arranged that the series should be two games in three. The first match went to the home team, a mix up and the visitors claimed that Macdougall should be sent off the ice. The referee refused to penalize him, and the 'Pegs quit. The match and series were awarded to the Montreal Vics.

In a close and fast match the Shamrocks won the cup from the Vics at the end of that season. Queen's challenged Shamrocks the same season, but were defeated.

The Halifax Crescents came after the cup in 1899, but were badly defeated by the Irishmen.

The Winnipeg Vics came again in 1903. The three matches were very close, and Shamrocks the other two by 3 to 2 and 5 to 4.

Again the following year the Winnipeg Vics met the Shamrocks and the latter were successful. The matches were fast and the scores close.

The Wellingtons of Toronto, went to Winnipeg after the cup, but were unsuccessful. In 1902, Montreal, having won the championship played for the cup in Winnipeg and landed it.

At the end of the season, the Winnipeg Vics sent a strong team east, but were defeated. Ottawa won the cup in 1903, and defended it successfully in seven series. Last winter the Wanderers secured the cup, defeating Ottawa in an extra series at home and home matches, and winning the championship of the R. C. A. H. L., then in its first year of existence. The Wanderers tomorrow night will defend the cup for the first time.

THE RING.

GANS STILL RETAINS PUNCH.

Tonah, Nev., Dec. 25.—Joe Gans celebrated his Christmas day by going through several hard training stunts. Notwithstanding reports to the contrary, the champion is in excellent condition. Gans is practically down to the weight at which he will be required to fight. Herman and his conditioning processes have been so gradual that he has lost none of his strength in making the weight.

Although the dusky lightweight put in some hard licks, he had the greatest part of the day to himself, and he enjoyed it after his own fashion. While he was working, however, he made up for the time that he had rested. In his bag punching, he showed that his wonderful punch is still unimpaired, seriously keeping his weight a trap from which he could not escape.

The champion is profiting by his

MISCELLANEOUS.

LAPIERRE'S GOOD RECORD.

Gene Lapierre, Montreal's fast roller skater, who recently won the mile amateur championship of the province of Quebec, is one of the new generation of roller skaters. Less than six months ago he first put the skates on, and it was not until the second week of November last that he entered a race. Practically unknown he started against a large field and won handsily. The following week at Duluth Rink he again started and won a mile event in the wonderfully short time of 3.09. On the track he measured it was found to be just about a lap. However, a short time later, McCaw, who had challenged from St. John, N. B., was unable to come, and Alward from the same place, was substituted. The race took place at the Duluth rink, where the local boy won in the fast time of 3.10-15.

In a close and fast match the Shamrocks won the cup from the Vics at the end of that season. Queen's challenged Shamrocks the same season, but were defeated.

The Halifax Crescents came after the cup in 1899, but were badly defeated by the Irishmen.

The Winnipeg Vics came again in 1903. The three matches were very close, and Shamrocks the other two by 3 to 2 and 5 to 4.

PETRO LOST TO LUNDIN. Boston, Mass., Dec. 26.—H. Lundin, the Swedish champion wrestler, again defeated Pietro, the Freemason

in a fast bout under mixed styles. Lundin won in straight falls, the first coming from a crotch and neck hold in 19 minutes and 30 seconds, and the second with chancery and bar hold in 31 minutes and 20 seconds.

The first bout was under catch-as-catch-can rules, while the second was at Gracero-Roman. The bout was remarkably speedy at both styles and the audience was kept cheering from the start to the finish. Lundin's magnificent defence at Gracero-Roman, coupled with his extreme cleverness, enabled him to out-trick his opponent at a style at which Pietro was regarded as the better man. Several times Pietro slammed Lundin to the canvas, but the latter was able to get away from a number of dangerous places and finally led Pietro into a trap from which he could not escape.

OVERSEEN REGULATIONS.

ANY even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 4, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of 160 acres, more or less.

Every man must be made personally at the local land office for the districts in which the land is situated.

The homesteader is required to perform the conditions connected therewith under one of the following laws:

(1) At least six months' residence upon cultivation of the land in each year for three years.

(2) If the father (or mother if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa of intention to apply to apply for patent.
