

HAD TRAGIC TRIP.

Log of Steamer Barenfields, Which Arrived Yesterday at South Brooklyn, Reads like Jungle Book.

New York, May 4.—The richly laden tramp steamer Barenfields, from Calcutta, arrived at South Brooklyn yesterday with a tale of valorous and tragic deeds of the sea. Her log read like a jungle book.

When Capt. Strang, Hodah bin Hallal and his 58 orthodox lascars left Calcutta, the cargo consisted of two big sacred white elephants, one ordinary elephant and 500 assorted serpents for a New York animal dealer. The white elephants were objects of great reverence to the lascars, who painted them with half moons and rising suns.

In a slant of icy weather in the Indian ocean, the sacred elephants died and were thrown overboard. Three nights later a big python climbed into the rigging and embraced a lascar, Capt. Bin Hallal laid on with a belaying pin, while his crew backed at the python with knives, until they freed the victim. The man lay unconscious until Port Said was reached, he was sent ashore with his ribs crushed.

POOR, WATERY BLOOD.

The Cause of Pimples and all Disfiguring Eruptions—Dr. Williams' Pink Pills the Cure.

Poor, watery blood—pale blood—is the cause of every pale complexion. Bad blood—blood filled with poisonous impurities—is the cause of every bad complexion. Bad blood is responsible for eruptions, and pimples, and torturing, burning, itching eczema. These troubles can only be cured through the blood, and the only medicine that actually makes new blood—rich, pure health-giving blood—is Dr. Williams' Pink Pills for Pale People. The new blood which these pills makes reaches every organ and part of the body. It clears the complexion, banishes pimples and eruptions, and brings health, strength and happiness. Miss Lizzie Lobsinger, Carlsruhe, On., says: "Dr. Williams' Pink Pills are the best medicine I know of for cleaning the blood of impurities. My blood was in a bad condition, and as a result I was not only weak and run down, but was troubled with pimples and eruptions. I tried several medicines, but they did not help me. Then I was advised to take Dr. Williams' Pink Pills, and these soon relieved me of all my troubles. I can recommend these pills to anyone suffering from bad blood."

Bad blood is the cause of nearly every disease that afflicts humanity. It is because Dr. Williams' Pink Pills make new, rich red blood that they cure such troubles as anaemia, heart palpitation, headaches, indigestion, rheumatism, neuralgia, indigestion, kidney and liver troubles, and ailments of girlhood and womanhood. But you must get the genuine pills with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Sold by medicine dealers everywhere or sent post paid at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

Canadian Athlete Receives Two Offers of Marriage.

London, May 2.—The correspondent of The Post at Athens says he has interviewed the Marathon runners, including the winner. The British competitors passed the night before the race lying on mattresses on the floor of the house at Marathon, and spent the morning quietly.

Blake, the Australian, led for sixteen miles, then the Canadian winner passed him. Many Greeks dropped out early in the race. The Greek favorite, Kououlakis, fell out, spitting blood, and was taken to the hospital. The Greeks attribute their defeat to lack of training and to the unsuitable food which they ate at

Marathon. The winner had trained for two months and ate only eggs before starting.

The King presented the prizes to-day. Sherrington, amidst great applause, received the marble statue of Athena. Finally the King briefly declared the games closed. Marathon Town Council conferred an honorary citizenship on Sherrington, who has received 173 bouquets, and, it is said, two offers of marriage. His time was four minutes ahead of the Greek record of 1896.

DINED WITH KING GEORGE.

Athens, May 2.—The Olympic games came to an end to-night. All the afternoon King George, Queen Olga, Crown Prince Constantine and other members of the Royal family distributed the prizes to the successful competitors. Sherrington, the Canadian, who won the Marathon road race on Tuesday, receiving a beautiful statue of Minerva.

King George tonight gave a gala dinner of 400 covers in honor of the foreign delegates, the athletes' committee, the judges, the winners, etc.

In another interview Sherrington said: "The reception I received en route will never fade from my memory. There was a living wall on both sides of the road for every rod of the twenty-six miles. The Greek spectators, seeing their champions' hopeless plight, cheered me at every step of the way. They seemed to be glad the Greek victory being impossible, to see an Anglo-Saxon win. I did not forget to wave the old flag in response to every cheer. Nothing passed my lips throughout the run except occasional sips of water and a couple of oranges."

HONORED AT OTTAWA.

Ottawa, May 2.—At the dinner given tonight by the Governor-General to Senators and members, Mr. Zimmerman being one of the guests, the Governor-General invited the company to drink the health of Sherrington and paid a handsome tribute to him. The toast was drunk with much enthusiasm.

A SENSATIONAL SCENE.

The Chronicle says: A sensational incident occurred in St. Mary's Cathedral on Sunday, during the celebration of six o'clock Mass. Just before the close of the service a strapping big man, barcheaded and wearing only trousers, shirt and boots, walked smartly up the aisle and knelt at the chancel rail. He remained kneeling a moment and then vaulted over and proceeded toward the altar. Up to this time the priest did not notice the man, and it was not until he turned around to deliver the blessing that he observed the stranger. Then the priest advanced toward the man and spoke to him. The latter then arose to his feet, walked back to the rail, vaulted over it again, and left the church. Some persons in the congregation, believing that the man was of unsound mind, informed the police, and later he was arrested by Sergeant Kuhn and taken to the police station. Then he gave his name as James Brast. He had been drinking.

A FOSTERIAN DEAL.

Politicians who Live in Glass Houses Should Not Throw Stones.

Ottawa Free Press.—The little fel-

lows of the Opposition have been busy indeed the last few days defending Hon. George E. Foster from the counter attack delivered upon him from the government side. George E. Foster is a hard man for any party to carry. His political record will not stand close analysis, yet throwing mud has become such a habit with him that he does not stop to consider how much of it is likely to come back at himself. The exposure of Mr. Foster's own western land deals by Mr. Duncan Ross, for instance, has given the Conservative members a lot of trouble. Here is the way Mr. Ross related the story of the connection of Mr. Foster and his friends with one little scheme that was expensive to the country:

"I shall deal very briefly with some of the colonization-immigration schemes of the Conservative government of which Mr. Foster was member. Let us take first the Temperance Colonization Society, Limited, which comprised some very near and dear political friends of the hon. gentleman. That society entered into a contract with the Conservative government for something like \$17,000 acres of land on condition that they would colonize the land within five years from the date of the contract by placing two settlers on homesteads on each even numbered section and two settlers on each odd numbered section.

"This contract was made in the days when the hon. gentleman (Mr. Foster) had a prejudice in favor of cold water, and he was particularly anxious that the Temperance Colonization Society should receive every encouragement in getting this 217,000 acres in the Northwest. They got the land. What happened in 1891, when the hon. gentleman from North Toronto was a member of the government? Here the sad story of the Temperance Colonization Society as set forth in this Order in Council passed on the 21st of April, 1891.

"During these five years, according to the report of Mr. Rufus Stephenson, inspector of colonization companies, there was in 1887, one year after the contract went into effect, 90 bona-fide settlers on the land granted to this colonization company; and four years after that, Mr. Stephenson states with a flourish of trumpets that this company succeeded in getting 11 additional settlers upon the land, making 101 settlers all told. And the government was so grateful to this company at having in five years' time put 101 settlers upon 217,000 acres of land that by Order in Council they gave the company a bonus of \$100,000 for having done so.

"The hon. member for North Toronto shies at a bonus of \$4.09 a head for immigrants from continental Europe, but he never blinked an eye when he gave the temperance colony a bonus of \$1,000 a head for putting settlers on those lands.

"But that was not all. The company asked for payment of an expense bill—here it is in the Order in Council—amounting to \$222,737.18 in connection with putting the 101 settlers on those lands. Even the hon. member for North Toronto could not stand for that, so they made an even number of it, and gave them an allowance of \$100,000 and 100,000 acres of land. And what be-

came of the land? It remained unsettled until the present government came into power. They could not sell it; they could not do anything with it; but as soon as this government adopted an aggressive and systematic policy of settling the northwest, as soon as they entered into a contract with the North Atlantic Trading Company, as soon as they entered into a contract with the Saskatchewan Valley Land Company, as soon as they got immigration pouring in there, the friends of the hon. member for North Toronto sold their lands.

"Go into the office of the hon. member for West Toronto (Mr. Osler) today, and what do you find? You find them selling the land of the temperance colony in the northwest under the names of these trustees: Mr. E. B. Osler, Mr. Charles Baillie, Powell, Mr. J. C. White, Mr. A. M. Nanton; and at what price are they selling the lands? At \$7 or \$8 an acre that horrified the hon. member for North Toronto the other day? Not much. They are selling the land which was given by the Conservative government to the Temperance Colonization at from \$75 to \$100 per foot front in the town of Saskatoon.

The hon. member for North Toronto and at \$1,500 and \$2,000 an acre. The hon. member for North Toronto howls because the Saskatchewan Valley Land Company sells its land at \$7 and \$8 an acre, but he has not a word to say when his dear Conservative friends sell the lands they secured in violation of an agreement with the Conservative government at \$1,500 and \$2,000 an acre. The gentlemen who are today manipulating this temperance society of hon. gentlemen opposite are E. B. Osler, Charles Baillie, Powell, J. C. White and A. M. Nanton."

Often a man has quite a time choosing between two evils because both of them look so alluring.

MRS. HUNTER'S STORY.

Says she and her husband Agree Perfectly Both Quite Well Again.

Mrs. I. Hunter, of 111 Raglan Road, Kingston, Ont., has written for publication a statement of her case as follows:

"I have suffered with kidney and liver trouble and chronic constipation for some time. I was subject to dizziness, bilious headache, and a tired, weary feeling all the time.

"I tried almost every remedy, was treated by doctors and druggists with little or no benefit.

"Finally, a friend advised me to try Dr. Leonhardt's Anti-Pill, and the results have been truly wonderful.

"My husband has used Anti-Pill for rheumatism and was benefited greatly. We agree that Anti-Pill is the most wonderful medicine and heartily recommend it."

This is a very strong recommendation. Anti-Pill is undoubtedly the greatest of family remedies. All druggists, or the Wilson-Fyle Co., Limited, Niagara Falls, Ont.
