PRISONER RECAPTURED.

Noted Convict Who Jumped From Train Again in the Toils.

Kingston, Ont., Sept. 7.—(Special)—Jacob Gebreli, the Chatham fur robber, who made a sensational escape from Sheriff Hemmell and two guards from a moving train Tuesday night, was captured at midnight last night, near Odessa, twelve miles west of here and removed to the penitentiary this morning.

He claims he was on his way to Kingston to give himself up as he was nearly starved. He was somewhat seriously injured in the head by his long jump from the train, his left breast and right leg also being badly bruised. He says he was shackled on his wrist and legs were sufficiently large to allow him and his son slip them off.

SENTENCED TO PRISON.

Justice Gregory Disposed of Two Criminals in Westmorland Circuit Court.

Dorchester, N. B., Sept. 7.—(Special)—Before closing the circuit court this morning, Justice Gregory sentenced the two prisoners, Ross Budd and Cook Wallace, the former an ex-convict, to six months in the county jail, and the latter to one month's imprisonment in the county jail.

His Honor directed that Percy Myers, the prisoner now awaiting trial for assault on W. P. Jones at Moosetown, be kept in close confinement, without bail, until the day of trial. The court adjourned until September 25th. Dominion Parole Officer W. P. Archibald, of Ottawa, was in court.

EVERYBODY HAPPY.

A Military Appointment That Will Remove Liberal Dissatisfaction at Kingston.

Ottawa, Sept. 7.—(Special)—A report comes from Kingston, that Major Conger of Belleville, a graduate of the Royal Military College, Kingston, and a South African veteran, is to be appointed paymaster for Eastern Ontario.

Major Shannon, of Kingston, was to have been appointed, but Kingston Liberals opposed it because of Shannon's politics. The difficulty is going to be bridged over by making Major Shannon district staff adjutant and this it is said, will be satisfactory to all parties.

A CLOSE CALL.

Vilas Received Nomination for Quebec Legislature by Small Majority.

Montreal, Sept. 7.—(Special)—William E. Vilas, manufacturer of Cowansville, was yesterday chosen as the Liberal candidate for the local legislature for Bromie County, to replace Hon. J. C. McCordell, who has been raised to the bench.

E. W. Westover was up as a candidate, and Vilas received a majority of only four votes from the fifty-two delegates. Nomination day will be Monday next, and the election will probably be by acclamation.

LOOTED OF \$5,000,000.

Story of How Segal and Dead President Robbed Philadelphia Institution

Philadelphia, Sept. 7.—To determine the responsibility of the directors of the wrecked Real Estate Trust Company, state Banking Commissioner Berkeley came here yesterday and appointed as special bank examiners Charles M. Vollum and Meyer Goldsmith, expert register accountants, who with the consent of Receiver Earle will tomorrow begin a thorough examination of the assets and liabilities of the concern.

Receiver Earle last night, after a conference with the company directors, issued a statement announcing that he hopes soon to re-open the bank and that all depositors will be protected. Mr. Earle says the directors will help reorganize the company, but he did not say how much money they have guaranteed.

The preliminary hearing of Adolph Segal, the promoter, William F. North, treasurer, and Marshall S. Collingwood, assistant treasurer, of the Real Estate Trust Company, took place yesterday and the three were held in heavy bail for trial. The evidence presented through witnesses by District Attorney Bell at the hearing of Segal, North and Collingwood disclosed the methods by which Segal and Hipple wrecked the company. The most damaging testimony was that to the effect that both Hipple and Segal had repeatedly overdrawn their accounts with the knowledge of the treasurer and assistant treasurer.

On the day Hipple died there was an overdraft of \$64,000 against the president which was converted by Collingwood into a loan showing Hipple's account to be apparently straight. These overdrafts of Hipple and Segal at times amounted to more than \$800,000. There was on deposit in the bank approximately \$7,000,000, and the loans made to Segal amounted to \$5,300,000. Segal's equity in the Segal Sugar Refinery is 49 per cent of the stock. This has been handed to Mr. Earle, who is desirous of securing control of the remaining 51 per cent.

ST. MARY'S SENSATION.

Mystery Surrounding the Disappearance of Edward Dayton Still Unsolved.

The mystery surrounding the strange disappearance on Tuesday of Edward Dayton, son of Mr. W. Bruce Dayton, of St. Mary's, still remains unsolved. Mr. Dayton went to St. John yesterday to continue the search, but his efforts were unrewarded. A young man from St. Mary's thinks he saw the missing youth in St. John on Wednesday, but is not sure of it.

In conversation with the Herald this morning Mr. Dayton said he entertained very little doubt but that his son would ultimately turn up safe and sound. The boy, he said, found his studies at the High School rather irksome and was very anxious for a change. A friend of his had been writing for him to come to Bucoche to go to work and Mr. Dayton thinks it not improbable that he may be on his way there. A telegram sent to Bucoche this morning brought back the reply that the missing youth had not arrived there.

MOOSEPATH RACES.

Kitchen's Burline Captured 2.30 Race in Straight Heats—Daisy Wilkes' Gamey Struggle.

The first day's racing in the exhibition races at Moosepath, St. John yesterday was attended by a very large crowd in spite of the threatening weather and some showers. About 1000 people watched some of the best racing that has taken place there for some time.

The feature of the day, says the Telegraph, was the great struggle in the third heat of the 2.15 when Belfrey Chimes, the fast five year old stallion belonging to Thomas Hayes, of St. John, which had captured the two previous heats, went under the wire almost neck and neck with the chestnut mare, Daisy Wilkes, owned by Hugh O'Neill of Fredericton.

The result was the cause of some little dispute. Cox, driver of the Fredericton horse, protesting that the black stallion broke as he came under the wire.

The feeling among the followers of both was keen for a time. Starter Power, however, announced that the judges had decided that Belfrey Chimes had won and declined to consider Driver Cox's protest, giving as a reason that Daisy Wilkes had broken some fifteen feet from the wire, and that her driver had made no attempt to control her as had he done so, Belfrey would have won decisively.

In the other heats, however, "Chimes" seemed to have no difficulty in pulling away from the others, and the opinion was expressed by many horsemen present that the fine black stallion was not let out. In the third heat, on turning down the home stretch, he had considerable to spare on Daisy Wilkes. Mr. Hayes, however, seemed to take things too much for granted, and this seemed to be where he nearly lost the heat, as the Fredericton mare came down like a house afire. Then, how the crowd did shout. People jumped up in the grand stand and many were heard to say, "give it to her Cox," and "she's got him beaten."

The horsemen in the judges' stand craned their necks as the pair came to the wire almost nose and nose, but with a slight advantage with Belfrey. As they came nearer, however, they were still closer together, and as one horseman expressed it "went under neck and shoulder."

In this class Daisy Wilkes was the only trotter among those starting.

2.15 CLASS.

The fastest time of the day was made in the 2.15 class. Dr. Band, one of the Furbush string, stepping the third heat in 2.19, closely pushed to the wire by Lady Bingen. It took five heats to get a winner for this class. Will Be Sure and Dr. Band having two firsts to their credit while Mr. McNair's fast bay gave the Furbush "Doctor" a run for his 2.22.

money, though the betting favored the former to win.

2.30 CLASS.

In the 2.30 Burline, the Fredericton horse, captured three firsts in a seemingly easy manner, though Little Egypt gave the bay gelding a good fight, taking two seconds. Burline moves very smoothly and was greatly admired by horsemen yesterday.

The first heat was taken very easily. Many were at first inclined to be disappointed at the showing by Little Egypt as it looked as if the bay gelding from the capital was far and away her superior. In the second heat, however, she worked much better and though Burline again had the best of the start, made the horse from Fredericton fight every inch of the way.

The third heat was somewhat of a surprise. Frank Khrown, which had not to this time been doing much, now took second from Little Egypt. The officials were: Timers, W. S. Jewett, J. E. Wilson, and W. S. McKie, Charlottetown; Judges, A. A. Sterling, of Fredericton, E. LeRoy Willis, of Sydney, and E. L. Jewett, clerk of the course. James S. McGivern, starter, Frank J. Power, of Halifax.

RUN ON A BANK.

Matter Started in a Joke but Assumed Quite Serious Proportions.

St. Catharines, Ont., Sept. 7.—A carter passing the Sovereign Bank building, James street, and noticing that ground had been broken for the vaults of the bank's new premises jokingly called out that "The Sovereign Bank is busted."

Some one heard it, didn't see the point and passed the thing on. The report rapidly spread and the man to whom it was told stated that he had heard the Sovereign Bank had suffered a serious financial loss as a result of the sale of the Penman industries to Montreal capitalists, which was just the opposite of what happened, as the bank made a handsome profit out of the transaction.

Nothing exciting happened until about noon yesterday, when the rumors having by this time received considerable circulation, small depositors began to drop in and withdraw

their balances. This seemed to cause general uneasiness and very soon the bank was filled with people demanding their money. They were paid as fast as the clerks could hand it out. The panic was among women and young men who work in the factories exclusively. Some of these are foreigners and their ignorance of English enhanced their fright.

Men fought each other for places at the teller's window and women were ruthlessly elbowed aside. Business men, who do business with the Sovereign Bank, to inspire confidence kept depositing money all the afternoon. One manufacturer, it is stated, walked into the bank and laid down \$6,000 for deposit. The other banks of the city offered financial aid but it was not required and was declined with thanks. The bank kept open till midnight to give people a chance to withdraw.
