A HUMAN FIEND.

**Tough Arrested at Strathroy, Ont., for At-
tempted Outrage on Little Girl—Close
Shave for His Neck.**

Strathroy, Ont., July 14.—(Special.)—Yesterday, little Williston Iver, about nine years of age was coming down town, and when crossing the Fourth Line bridge she was stopped by a man sitting on the railway. After talking to her a few minutes, he produced a small bottle from his pocket and forced her to take part of its contents, telling her if she made an outcry he would kill her. He then carried her beneath the bridge, but fortunately a grocer's rig appeared, driving over the bridge, which frightened the man who ran away. The little girl jumped up and ran towards town to her grandfather's, where she fell exhausted. An alarm was given to the police, and they arrested the man in Moore's barber shop, as he was about to have a month's growth of beard removed. He was placed in the lockup, and when searched a bottle labelled "Paregoric" was found on him. He admitted his guilt, and was sent to London, at one o'clock. The news spread around town, and there was much excitement for a time. It was expected that the prisoner would have a hearing before Police Magistrate Noble before going to London, and the crowd had a rope ready to lynch him, but did not get the opportunity.

DREYFUS IN PARIS.

**Receiving Congratulations From Far and
Near Over His Great Triumph—Under
Secretary's Condition.**

Paris, July 14.—(Special.)—The celebration of the French National holiday, is assuming special significance in connection with Dreyfus resuming his place in the army. The Official Journal today published a decree announcing his reinstatement and promotion, and the inscription of his name on the list of chevaliers of the legion of honor. Dreyfus, who remains in his apartment, is besieged by many friends, who are congratulating him on his final success. Hundreds of felicitations have reached him by mail, telegraph and cable. The date of his receiving his sword and putting on his uniform awaits his assignment to a regiment. The condition of Under Secretary of State Sarraute, who was dangerously wounded in the breast yesterday in a duel fought with M. Puginet, following the passage of the law restoring Dreyfus to the army, is stationary. The doctors are not prepared at present, to pronounce a definite opinion regarding his chances of recovery.

KOLAPORE CUP.

**Canadian Team at Bisley Won the Much
Coveted Trophy.**

Bisley, England, July 14.—The Kolapore Cup, open to the colonies in competition with a combined team from the motherland, was won yesterday by the team representing Canada with a score of 729. The mother country came second, with 720 and India third with 705. With the Imperial Challenge Cup, presented by the Rajah of Kolapore in 1871, goes the colonial prize of \$400. This prize is presented to the team, exclusive of the mother country, making the highest score in the competition. The cup was previously won by Canada in 1896 and in 1905, Canada thus having the honor of two suc-

cessive wins. The score which won last year was 758. Canada's victory over the mother country is attributable to the lead obtained at the 300 range. The weather was fine but there was a strong wind. The scores:

RECEIVED CANADIANS.

**Prominent Representatives of this
Country Presented to the King
Who Spoke Most Grac-
iously to Them.**

Montreal, July 14.—The Star's London cable has the following:
The King gave the most cordial reception to the Canadian delegates at Buckingham Palace at noon yesterday. It was especially gratifying to know that the visit was due to the king's initiative. He wished to give special evidence of his keen, warm-hearted interest in the colonies. Lord Brassey, as lord in waiting, himself an ex-colonial governor, presented in turn Sir Daniel MacMillan, Sir Sandford Fleming, Messrs. Geo. E. Drummond, F. H. Mathewson, R. Wilson Smith, F. Ellis, W. F. Cockshutt, M. P. The King expressed the sincere hope that the deliberations of the congress would result in good for the empire. The delegates say the King was most cordial and tactful, and showed how closely he watched Canadian affairs, and how gratified he felt at Canada's abundant prosperity. He hoped they were thoroughly enjoying their visit to London and would come soon again. He made no reference to his Canadian visit. It is understood that the delegates were also privately advised not to refer to it, the matter being still under deliberation.

SERIOUS CHARGE.

**W. H. Todd Wanted for Murder of
Miss Bryan at Winnipeg.**

Winnipeg, July 14.—(Special.)—It is reported on reliable authority that the post mortem on the remains of Georgia Bryan, whose body was found in W. H. Todd's room in the Imperial Hotel, revealed the fact that her death was due to carbolic acid. There is a suspicion that Todd had attempted a criminal operation and a warrant is out for his arrest for murder. The girl's home was originally at Three Rivers, Quebec, and a sister and stepmother now reside at Maple Creek, Assiniboia.

SERVED HIM RIGHT.

St. John, July 14.—(Special.)—In the police court this morning, Magistrate Ritchie fined John Rhea \$50 or one month jail for allowing disorderly conduct in his barroom. The evidence showed that there was a fight in the bar, and Rhea ordered the door to be closed and allowed the fight to proceed, instead of making efforts to stop it.
