DOING GOOD WORK.

A gentleman from Queensbury, who was in the city today, says that the road work in that parish is well advanced and is giving general satisfaction. The superintendent, Mr. Jesse Clark, has visited every section of the parish and has been most indefatigable in looking after his duties. He added in conclusion that if the parish of Queensbury doesn't have better roads this year than ever before in its history, it will not be Supt. Clark's fault.

The many Fredericton friends of Dr. Atherton will be pleased to learn that he is rapidly recovering from his recent illness and is expected home some time next week.

THE BAND CONCERT.

The Fredericton Brass Band gave a very enjoyable concert on Parliament Square last evening. There was a big crowd in attendance and the programme rendered by the band called forth many complimentary remarks. The members of the band, however, were considerably annoyed at the presence of numerous small boys and talked of discontinuing the concerts unless some effort is made by the authorities to keep better order. Many citizens consider it rather strange that members of the police force always find time to attend a performance at the opera house or a hockey match at the rink, but when it comes to a band concert, they seem to get away as far as possible.

AN ATTRACTIVE RESORT.

Mr. John W. Murray, the proprietor of a summer resort at Davidson Lake, in the Parish of Dumfries, is in the city today. Mr. Murray says that several of the camps are vacant at the present time, and he is willing to let them at a reasonable figure. Davidson Lake is one of the most attractive resorts in the province and any parties wishing to enjoy an outing away from the heat and with a splendid opportunity for boating and bathing, would do well to communicate with him.

EARTHQUAKE AND FIRE.

The genuine and original moving pictures, showing the devastation of San Francisco, will be shown at the Arctic Rink next Monday and Tuesday evenings with Tuesday night, by Miles Bros. of San Francisco and New York, under the direction of Meyer Cohen. These pictures have met with great success all over the states and accurately describe the awful calamity as it occurred and was caught by the unerring eye of the camera. A lecture by Leonard J. Mack, a survivor of the disaster, accompanies the pictures and makes them easy to understand. Mr. Mack is a brilliant talker and points out the buildings, streets, homes, etc., as they were before and after the cataclysm. In addition an excellent programme of late comedy and sensational pictures will be shown. Seats at sale at Wilkes' confectionary store—d.

CHURCH DEDICATION.

The dedication of the new Roman Catholic church at St. Mary's, will take place on Wednesday morning next. Father Gannon of St. Patrick's church, Montreal, a leading Redemptorist priest and one of the best preachers in Canada, will preach the dedicatory sermon.

The clergy of the diocese will form the choir with Rev. Father Robichaud presiding at the organ.

CROP THAT NEXER FAILS.

City Marshall Roberts is making good progress with the work of delivering the tax notices. Nearly every ratepayer has had his taxes boosted a few points since last year, and there is a good deal of kicking in consequence. Principal Assessor Healey is at present enjoying a well earned vacation at Magaguadavic Lake, but is expected home next week. A discount of five per cent. is allowed all ratepayers who pay up by August 18th.

TOO MUCH CARRION.

Residents of Maryland Hill are complaining of the action of certain city trucks who haul carcasses of deceased horses and cows to that section of the city and leave them exposed in a field. They think that the Board of Health should look into this matter and see that a stop is put to this practice. One Maryland Hill resident informs the Herald that recently he counted the carcasses of ten horses and two cows, all more or less putrid in a field near his home.
